the Link-In Benefits Defined Contribution Plan
Milford, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Link-In Benefits Defined Contribution Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Link-In Benefits Defined Contribution Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Link-In Benefits Defined Contribution Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Link-In Benefits Defined Contribution Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Link-In Benefits Defined Contribution Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets Held at End of Year as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2020 Financial Statement

Plan management is responsible for the accompanying financial statement of Link-In Benefits Defined Contribution Plan, which comprises the statement of net assets available for benefits as of December 31, 2020. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statement.

LINK-IN BENEFITS DEFINED CONTRIBUTION PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 (Audited) and 2020 (Compiled)

NOTE #1 - DESCRIPTION OF PLAN

The following description of the Link-In Benefits Defined Contribution Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Link-In Benefits, LLC and SSC Disability, LLC. The Plan, which is participant-directed, was adopted and effective on January 1, 2016, and has since been amended to remain in compliance with laws and regulations. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees who have at least attained the age of twenty-one and have completed four consecutive months of employment are eligible to make elective deferrals and receive employer safe harbor matching and profit-sharing contributions.

Contributions

Contributions to the Plan include salary deferral contributions authorized by participating employees, employer safe harbor matching contributions as defined by the Plan and discretionary profit-sharing contributions. Participants may contribute to the Plan at their discretion a portion of their annual pre-tax or post-tax wages not to exceed IRS regulations. Participants maximum contributions are limited by IRS regulations to \$19,500 and \$19,000 for the years ended December 31, 2021 and 2020, respectively, of annual compensation as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions of \$6,500 and \$6,000 for the years ended December 31, 2021 and 2020, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The employer safe harbor matching contributions are defined as 100% of elective deferrals less than or equal to 3% of participants eligible compensation and 50% of elective deferrals greater than 3%, but less than or equal to 5% of eligible compensation. Additional discretionary amounts may be contributed at the option of the Company as profit sharing contributions. All employer contributions are invested in the exact percentage allocation as the employee's deferral allocation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE #1 - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in any employer safe harbor matching contributions. Vesting in the employer's discretionary matching and profit-sharing contributions portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service, one year can be an equivalent of 1,000 hours of service for a year.

Years of Service	Vested Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants account. The interest rates varied from 3.25-4.25% as of December 31, 2021 and were 3.25-4.75% as of December 31, 2020. Principal and interest is paid ratably through payroll deductions. Participant loans as of December 31, 2021 and 2020 were \$47,954 and \$3,299, respectively.

Payment of Benefits

Payments of any vested benefits are made from a participant's account in the event of termination of employment, disability, retirement, attainment of age 59 ½ or death. The participants are also eligible for a withdrawal in the case of severe financial hardship as defined by the Plan.

Forfeited Accounts

Forfeitures may be used to reduce any employer contributions to the plan, for payment of Plan administrative expenses, or the restoration of participant's individual account. As of December 31, 2021 and 2020 there were \$0 and \$24 of forfeited non-vested accounts, respectively. During 2021, the Company used \$368 of forfeitures to offset plan administrative expenses. These forfeitures were the result of uncashed checks of participant distributions.

Termination of Plan

In the event of Plan termination, the Plan administrator will continue to function during such period as is necessary to make remaining normal distributions and to administer and distribute the residual interests of the participants. Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to provisions of ERISA.

NOTE #1 - DESCRIPTION OF PLAN (Continued)

Risks and Uncertainties

The plan provides for various investment options that, along with the underlying securities, are exposed to various risks such as market, interest rate, and credit risks. Market values of investments could decline for several reasons including changes in prevailing markets and interest rates, increases in defaults, and credit rating downgrades. In addition, the coronavirus disease ("COVID-19") pandemic has negatively impacted, and may continue to negatively impact, the macroeconomic environment in the United States and globally. The magnitude of the impact will depend on numerous evolving factors, including the duration and extent of the pandemic, the impact of federal, state, local, and foreign governmental actions, consumer behavior in response to the pandemic and such governmental actions, and the economic and operating conditions in the aftermath of COVID-19. Due to the evolving uncertain nature of the pandemic, as well as the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of such securities, it is reasonably possible that changes in investment values in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the related Statement of Changes in Net Assets Available for Benefits.

NOTE #2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note #3 for discussion regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded at the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Participants' contributions are recorded as they are withheld from the participant's wages.

NOTE #2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants

The notes are valued at their unpaid principal balances plus any accrued interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the available investment options. Participants may change their investment options at any time.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Costs

The Company absorbs significant costs of the Plans administrative related recordkeeping and general administrative expenses.

Date of Management Evaluation

Management has evaluated subsequent events through October 9, 2022, the date on which the financial statements were available to be issued.

NOTE #3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Assets classified as Level 1 assets are valued using quoted prices in active markets for identical investments. An active market for an investment is a market in which the investment is traded with sufficient frequency and volume to provide pricing information on an ongoing basis. A quoted price in an active market provides the most reliable evidence of fair value.

Level 2 – Assets classified as Level 2 are valued using inputs other than quoted prices. These inputs are observable, either directly or indirectly. Level 2 inputs include the following:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 (Audited) and 2020 (Compiled)

NOTE #3 - FAIR VALUE MEASUREMENTS (Continued)

Level 3 – Assets classified as Level 3 assets are valued based on inputs that are unobservable for the investment. Unobservable inputs are inputs that reflect the reporting entity's own assumptions used in pricing an investment based on the best information available. Unobservable inputs must be used to measure fair value when observable inputs are not available, or when there is little, if any, market activity for the investment at the valuation date.

The Plan maintains a policy to use the most relevant data or markets available.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

All mutual funds are valued using Level 1 inputs.

The Plan recognizes transfers between levels as of the beginning of the reporting period. There were no transfers between the levels for the years ended December 31, 2021 and 2020.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Fair Value Measurements Using:		Investments Valued at NAV
	<u>Total</u>	<u>Level 1</u>	
<u>December 31, 2021</u>			
Mutual Funds	\$ 3,069,154	\$ 3,069,154	\$ -

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient are not required to be presented in a fair value hierarchy table. There fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021, respectively.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective Trust Funds	\$ 1,771	None	Daily	None

NOTE #4 - TAX STATUS

The Internal Revenue Service has determined that the Master Plan utilized by the Company is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes both the 2021 and 2020 tax filings are subject to examination by the Internal Revenue Service.

NOTE #5 - INFORMATION CERTIFIED BY THE TRUSTEE

At December 31, 2021, the Reliance Trust Company as trustee held the Plan's investments. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Trustee as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The fair value of investments reported by the trustee at December 31, 2021 is as follows:

	<u>2021</u>
Mutual funds, collective trust funds	\$ 3,070,925

The investment income reported in the statement of changes in net assets available for plan benefits for the twelve months ended December 31, 2021 was certified by Ascensus Trust Company.

NOTE #6 – RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Section 3(14) of ERISA defined a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. Standard Retirement Services, Inc. is the record-keeper, and Prime Capital Investment Advisors, LLC is the advisor of the Plan.

Administrative expenses of the Plan are paid by the participants except for certain fees which are paid by the Company. Participant fees paid by the Plan to parties-in-interest amounted to \$5,804 for the year ended December 31, 2021.
