Independent Auditor's Report

To the Plan Administrator and Participants
Atria Senior Living, Inc. 401(k) Plan

We have performed an audit of the financial statements of the Atria Senior Living, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the 2021 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note C to the 2021 financial statements, is complete and accurate.

Opinion for the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion for the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Independent Auditor's Report (Continued)

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the 2021 financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the 2021 financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2021 financial statements.

In preparing the 2021 financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the 2021 financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the 2021 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the 2021 financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2021 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2021 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2021 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP

Independent Auditor's Report (Continued)

Auditor's Responsibilities for the Audit of the 2021 Financial Statements (Continued)

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The 2021 supplemental Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the 2021 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and to certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and to other additional procedures in accordance with GAAS. For information included in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2021 supplemental schedule, we evaluated whether the 2021 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 11, 2021, indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and, accordingly, we did not express an opinion on the 2020 financial statements; and (b) the form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the qualified institution, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note A - Description of Plan

The following description of the Atria Senior Living, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General: The Plan is a defined contribution plan covering all eligible employees of Atria Senior Living, Inc., Atria Management Company, LLC, and Atria Home Care, LLC, collectively, (the "Company" and the "Plan Sponsor") who are age 21 or older and have completed 90 days of service. The Plan was amended in 2014 to credit all service for eligible employees of various predecessor employers now acquired by Atria Senior Living Inc. Transamerica Retirement Solutions, LLC ("Transamerica") is the recordkeeper of the Plan. State Street Bank and Trust Company ("State Street") acts as both the custodian and the trustee of the Plan. Massachusetts Fidelity Trust Company ("MFTC") serves as trustee of the Stable Pooled Fund, in which the Plan invests. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

   On February 16, 2021, Glennis Solutions, LLC ("Glennis") was formed and added to the plan as a related employer on that date. Glennis employs approximately 75 employees.

   On July 30, 2021, the Company acquired Holiday AL Management Sub, LLC ("Holiday"). Holiday employs approximately 7,000 employees. Beginning January 1, 2022, the Holiday Retirement 401(k) Plan will be merged into the Plan.

2. Contributions: Each year, participants may contribute up to the maximum amount allowable under the Internal Revenue Code ("IRC") of pre-tax or Roth after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

   The Company provides a matching contribution equal to 50% of the first 4% of eligible compensation contributed by a participant to the Plan. Eligibility for the matching contribution requires completion of one year of service, and commences on the month of the employees' anniversary date.

   Participants may direct the investment of all contributions into any investment option offered by the Plan.

3. Participant Accounts: Each participant's account is credited with the participant's contributions and Company matching contributions and an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant compensation, specific participant transactions or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after four years of credited service accrued in 25% increments after the first year.

   A participant also becomes fully vested in the Company's contributions upon death, permanent disability while an employee of the Company, attaining normal retirement age, or termination of the Plan.

5. Investment Options: Upon enrollment in the Plan, participants may direct the investment of their accounts into various investment options offered by the Plan. They may change their investment options among those investments provided at any time during the Plan year.

Note A - Description of Plan (Continued)

6. Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Generally, the term of the loan may not exceed five years. However, if the loan is for the purchase of a participant's principal residence, the Plan administrator may permit a longer term. No more than one loan may be outstanding at any one time. Participant loans are secured by the balance in the participant's account and bear interest at rates based on the Prime rate, plus one percentage point. Principal and interest is paid ratably through payroll deductions.

7. Administrative Expenses: Trustee and other professional fees associated with administering the Plan are paid from Plan assets. During the year ended December 31, 2021, total administrative expenses were $393,375.

8. Payment of Benefits: On termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary will receive benefit payments in a lump sum or installment payments and payment will occur as soon as administratively feasible, following the date on which a distribution is requested or is otherwise payable. Plan participants may withdraw their vested account balances from their elective deferral accounts in the case of undue financial hardship. In addition, upon attainment of age 59 ½, participants may receive in-service distributions from all vested accounts.

9. Forfeited Accounts: At December 31, 2021 and 2020, forfeited non-vested accounts totaled $9,736 and $45,094, respectively. These accounts will be used to reduce future employer contributions or Plan expenses. During 2021, forfeitures totaling $199,567 were used to reduce Company matching contributions.

10. ERISA Account: The Plan Sponsor has an agreement with Transamerica for an Expense Reimbursement Credit ("ERISA Account") to hold revenue sharing funds the Plan receives to be used by the Plan to offset the cost of reasonable and necessary expenses of the Plan. Excess amounts may be reallocated to Plan participants. These revenue sharing funds are recorded in net appreciation in fair value of investments on the Statement of Changes in Net Assets Available for Benefits and totaled $320,554 for the Plan year ended December 31, 2021. During 2021, the amount used to pay Plan expenses in accordance with this agreement was $315,277. At December 31, 2021 and 2020, the ERISA account balance was $18,610 and $13,333, respectively.

Note B - Summary of Significant Accounting Policies

1. Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The Accounting Standards Codification ("ASC") as produced by the Financial Accounting Standards Board ("FASB") is the sole source of authoritative GAAP.

2. Use of Estimates: The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note B - Summary of Significant Accounting Policies (Continued)

3. Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year.

4. Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

5. Corrective Distributions Payable: Corrective distributions payable represent amounts withheld from participants in excess of IRC limitations, and related earnings thereon, that are required to be refunded prior to December 31 of the subsequent year.

6. Payment of Benefits: Benefits are recorded when paid.

7. Administrative Expenses: The Plan Sponsor is not obligated to pay administrative expenses of the Plan but has elected to pay for a portion of these expenses. The Plan also has an ERISA account which is described in Note A to fund certain administrative expenses. Administrative expenses are exclusive of investment expenses which are charged to each Plan investment and netted against the investment's net appreciation (depreciation).

8. Investment Management Fees and Operating Expenses: Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation (depreciation) in fair values of investments.

9. Subsequent Events: Subsequent events for the Plan have been considered through the date of the Independent Auditor's Report, which represents the date that the financial statements were available to be issued.

Note C - Certification of Financial Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street and MFTC, qualified institutions, have certified to the completeness and accuracy of all investments and notes receivable from participants information reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, the Schedule of Assets (Held at End of Year) at December 31, 2021, and the related investment income and interest income on notes receivable from participants information reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements.

Note D - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the investments measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Cash reserve account: This investment is a short-term investment valued at cost plus accrued interest, which approximates fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units held by the Plan at year end provided by the issuer of the fund. The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying investment assets owned by the fund, minus its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. There are currently no redemption restrictions or unfunded commitments on these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note D - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Cash reserve account	$ 31,153	$ -	$ -	$ 31,153
Mutual funds	90,689,678	-	-	90,689,678
Total assets in fair value hierarchy	$ 90,720,831	$ -	$ -	90,720,831
Investments measured at NAV (a)				32,790,684
Investments, at fair value				$ 123,511,515

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Cash reserve account	$ 62,385	$ -	$ -	$ 62,385
Mutual funds	65,697,421	-	-	65,697,421
Total assets in fair value hierarchy	$ 65,759,806	$ -	$ -	65,759,806
Investments measured at NAV (a)				45,765,580
Investments, at fair value				$ 111,525,386

(a) In accordance with FASB guidance, investments measured at fair value using NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to investments at fair value presented in the Statements of Net Assets Available for Benefits.

Note E - Related Party and Party in Interest Transactions

Certain administrative services are provided by the Company at no cost to the Plan and certain administrative costs incurred by the Plan are paid by the Company. The Plan has entered into various service agreements with parties in interest.

The Plan invests in a cash reserve account managed by State Street. State Street is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest. Certain Plan investments are invested in a collective trust fund managed by MFTC, the trustee of the Stable Pooled Fund, and mutual funds managed by an affiliated company, Transamerica Partners Funds Group. The Plan paid fees to Transamerica totaling $368,300 during the Plan year ended December 31, 2021. These transactions qualify as party in interest transactions. Notes receivable from participants also qualify as party in interest transactions.

Note F - Income Tax Status

Effective April 1, 2021, and as required under IRC regulations related to Cycle 3, the Plan was restated on a pre-approved plan document sponsored by Transamerica Retirement Solutions, LLC. The Internal Revenue Service ruled on June 30, 2020 that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the IRC. Prior to April 1, 2021, the Plan was based on a volume submitter plan with an opinion letter dated March 31, 2014. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note G - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Note I - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2021 and 2020:

	2021	2020
Net assets available for benefits per the financial statements	$ 125,783,325	$ 113,971,914
Corrective distributions payable	247,704	112,490
Net assets available for benefits per the Form 5500	$ 126,031,029	$ 114,084,404

Note I - Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of net increase per the financial statements to net income per the Form 5500 for the Plan year ended December 31, 2021:

Net increase per the financial statements	$ 11,811,411
Change in corrective distributions payable	135,214
Net income per the Form 5500	$ 11,946,625
