To the Plan Administrator
Warren Henry Automobiles, Inc. 401(k) Plan
Miami, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Warren Henry Automobiles, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of the Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Warren Henry Automobiles, Inc. 401(k) Plan (the “Plan”) provides only general information. Reference to the Plan agreement should be made for a more complete description of the Plan’s provisions.

General

Warren Henry Automobiles, Inc. and Subsidiaries (the “Employer” or “Plan Sponsor”) are a group of related companies under common ownership (collectively, the “Group”). The Employer established the Plan effective January 1, 2001. The Plan is a defined contribution plan, which covers substantially all employees of the Group who have attained age 18 and completed one year of service. The Plan was restated effective May 1, 2020 allowing participants to become eligible after 90 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. Effective March 1, 2021, the Plan changed recordkeeper from Mass Mutual Life Insurance Company (“Mass Mutual”) to ADP, Inc. (“ADP”) Retirement Services.

Contributions

Participants may contribute on a pre-tax basis up to 20% of their eligible compensation, as defined by the Plan, subject to the annual limitation deferral amount established by the Internal Revenue Service (“IRS”). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan.

Each year, the Employer may make discretionary profit-sharing contributions to the Plan. The Group profit-sharing contributions, if made, are allocated in the ratio that each participant’s compensation bears to the total compensation of all participants. There were no profit-sharing contributions to the Plan for the year ended December 31, 2021. The Employer may match these participant contributions in a discretionary amount as determined each year by the Employer. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (“rollovers”).

Participant Accounts

Each participant’s account is credited with the participant’s contribution and Group contributions, and allocations of the Plan’s earnings thereon, and charged with benefit payments and an allocation of the Plan’s losses and administrative expenses. Plan earnings and losses are allocated based on participant account balances while contributions are credited based upon elective deferrals and compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Participants are permitted to direct their investments into any of several investment options including mutual funds and a common/collective trust. Participants are permitted to change their investment options and/or allocations at their discretion.

Warren Henry Automobiles, Inc. 401(k) Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their elective deferrals and rollovers plus actual earnings thereon. Participants will also be fully vested upon death or disability or attainment of normal retirement age, as defined. The Employer contribution portion of the participant's account balance becomes 100% vested after 6 years of credited service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
0-1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

On termination of service, retirement, disability or death, a participant or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her accounts. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account or periodic installments over a designated period. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA. A hardship withdrawal may also be taken to satisfy an immediate and heavy financial need that cannot be satisfied from other financial resources. Hardship withdrawals may be taken for reasons as defined in the Plan document.

Notes Receivable from Participants

A participant may borrow a minimum of \$1,000 from their accounts up to maximum equal to the lesser of: (a) \$50,000 or (b) 50% of the participant's vested account balance. Participants can have no more than two loans outstanding at any point in time. Notes receivables from participants may not exceed 5 years unless the loan is for the purchase of a primary residence. The notes are secured by the vested balance in the participant's account and bear interest at an interest rate equal to with the prime rate as published in the Wall Street Journal at the time the loan is taken plus 1%. Principal and interest are paid according to the note agreements through payroll deductions. Upon termination of service or termination of the Plan where benefits are paid in a lump-sum amount, the unpaid balance of the note is deducted from the participants vested balance prior to the issuance of the benefit check. Interest rates ranged from 4.25% to 7.50% as of December 31, 2021 and 2020, which were commensurable with local prevailing rates as determined by the Plan Administrator.

Forfeitures

The portion of the participant's account balance that is not fully vested will be forfeited upon participant termination. In accordance with the Plan document, forfeitures may be used to reduce future Employer contributions, if applicable. The balance in the forfeitures account amounted to \$43,175 and \$62,410 as of December 31, 2021 and 2020, respectively. During the year ended

Warren Henry Automobiles, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021, forfeitures in the amount of \$43,175 were used to reduce the Employer's contributions.

Administrative Expenses

Investment transaction costs are charged to the Plan and allocated among the participants based on their respective account value to total Plan assets. Certain transaction fees for loan issuances and distributions are charged directly to the accounts of the participants who incur those fees. The Plan sponsor absorbs certain costs incurred in the administration of the Plan. Expenses paid by the Plan Sponsor are excluded from these financial statements.

Investment management fees charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net appreciation in fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned and is reflected as interest income on notes receivable from participants on the accompanying statement of changes in net assets available for benefits. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. Delinquent notes receivable from participants are recorded as benefit payments based upon the terms of the Plan document.

Warren Henry Automobiles, Inc. 401(k) Plan

Notes to Financial Statements

Payment of Benefits

Benefits paid to participants are recorded when paid.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, a qualified institution.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Investment Contract with Insurance Company

The Plan entered into a group annuity investment contract with Mass Mutual in October 2015. Mass Mutual received the contributions and deposited them into either a guaranteed interest account or into pooled separate investment accounts according to the participant's election. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. The average annual yield and crediting interest rate was approximately 1.92% for 2020. The crediting rate was reviewed on a quarterly basis for resetting. The guaranteed investment contract did not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The Plan no longer holds this contract as of December 31, 2021. Refer to Note 1 for more details.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Mass Mutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that

Warren Henry Automobiles, Inc. 401(k) Plan

Notes to Financial Statements

might limit the ability of the Plan to transact at contract value with the contract issuers or limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

5. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under the FASB ASC are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: A stable value fund that is composed primarily of fully benefit responsive investment contracts that is valued at net asset value. The net asset value is used as the practical expedient to estimate fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a

Warren Henry Automobiles, Inc. 401(k) Plan

Notes to Financial Statements

full redemption of the common/collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried in an orderly business manner. There were no unfunded commitments as of December 31, 2021 and 2020. The fund is a direct filing entity.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodology or assumption to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

December 31, 2021				
Description	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 10,495,765	\$ 10,495,765	\$ -	\$ -
Common/collective trust, measured at net asset value	487,683	-	-	-
Total investments at fair value	\$ 10,983,448	\$ 10,495,765	\$ -	\$ -

December 31, 2020				
Description	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 8,501,080	\$ 8,501,080	\$ -	\$ -
Total investments at fair value	\$ 8,501,080	\$ 8,501,080	\$ -	\$ -

6. Related Party and Party-In-Interest Transactions

Reliance Trust Company trust serves as the trustee of the Plan, and therefore, fees and expenses paid to the trustee qualify as party-in-interest transactions. Mass Mutual and ADP both served as the record-keepers of the Plan during the year ended December 31, 2021, and as such, fees paid for loan origination and distribution services qualify as party-in-interest transactions. UBS Financial Services, Inc. serves as the investment advisor of the Plan, and charges fees to the plan for these services, and certain investments of the Plan are managed by affiliates of Mass Mutual and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Notes to Financial Statements

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements and participant account balances.

8. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions, if applicable.

9. Tax Status

The Plan adopted a non-standardized pre-approved profit-sharing plan with a cash or deferral arrangement developed by Mass Mutual, which obtained a favorable IRS opinion letter on June 30, 2020. The Plan adopted its latest non-standardized pre-approved profit-sharing plan with a cash or deferral arrangement developed by ADP, which obtained a favorable IRS opinion letter on October 6, 2020. Within each opinion letter, the IRS stated that the form of the underlying prototype plan was acceptable under provisions of the Internal Revenue Code ("Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under the Code. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Subsequent Events

The Plan has evaluated subsequent events through October 17, 2022, which is the date the financial statements were available to be issued. There have been no subsequent events requiring adjustment to the financial statements or disclosures.
