Report of Independent Auditors

The Advisory Committee
Travis Industries, Inc. 401(k) Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Travis Industries, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Travis Industries, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Travis Industries, Inc. 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Travis Industries, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Travis Industries, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4(i) – schedule of assets (held at end of year as of December 31, 2021), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Travis Industries, Inc. 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 12, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Travis Industries, Inc. 401(k) Plan Notes to Financial Statements

Note 1 – Description of Plan

The following description of the Travis Industries, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering all employees of Travis Industries, Inc., except those covered under a collective bargaining plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Travis Industries, Inc. (the Company), is the Plan's sponsor and serves as Plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan and receive Company matching and profit-sharing contributions on the first day of the first month and seventh month of the Plan year coincident with or following the date the participant completes one year of service in which at least 1,000 hours are worked. Only hourly employees who are non-highly-compensated employees are eligible for the profit-sharing contribution.

Contributions

Participant contributions – Each year, participants may contribute up to 80% of pretax annual compensation, or the maximum amount allowed by law, whichever is less. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Employer match and profit-sharing contributions – The Company makes annual matching contributions equal to 100% of the participant's elective deferrals up to 4% of the participant's compensation. The Company may elect to make additional profit-sharing contributions at the discretion of the board of directors. A profit-sharing contribution in the amount of \$411,000 was made for the year ended December 31, 2021. Profit-sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Travis Industries, Inc. 401(k) Plan

Notes to Financial Statements

Note 1 – Description of Plan (continued)

Vesting – Participants are vested immediately in their contributions and employer matching contributions plus actual earnings thereon. Vesting in the Company's profit-sharing contribution portion of their accounts is based on years of continuous service or upon attainment of normal retirement age. A participant is 100% vested after six years of credited service. To qualify for this vesting schedule, the participant must have worked at least 1,000 hours during the calendar year. Participants vest in the Company's profit-sharing contributions based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes receivable from participants – Participants may borrow from their account a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within five years, unless for a principal residence, in which case the loan must be repaid within a reasonable period of time not to exceed 15 years. Plan loans will bear interest at the prime rate plus 1%. Principal and interest is paid ratably through payroll deductions. As of December 31, 2021, the rates of interest on outstanding loans ranged from 4.25% to 6.50% with maturities through August 2036.

Payment of benefits – On termination of service due to disability, retirement, or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's account balance. Upon termination due to death, the participant's beneficiary may elect to receive a lump sum distribution or installments provided the entire account balance is distributed within five years. Any participant who terminates employment with the Company whose vested account balance does not exceed \$5,000 (including rollover contributions) will receive a mandatory cash-out distribution. In-service distributions are allowed on certain vested funds for hardship withdrawals, as defined by the Plan document, or attainment of age 58.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. These balances will be used to reduce the Company's matching or profit-sharing contribution, or to pay for Plan expenses. As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$12,418 and \$10,846, respectively. During the year ended December 31, 2021, \$9,436 from forfeited nonvested accounts were used to reduce Company profit-sharing contributions.

Travis Industries, Inc. 401(k) Plan Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in accordance with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates..

Investment valuation – The investments are reported at fair value. The Plan's custodian, John Hancock Life Insurance Company, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date (Note 3).

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan agreement. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Payment of benefits – Benefits are recorded when paid.

Expenses – Participants are assessed fees for the administration of loans and repayments thereof, as well as other administrative expenses and investment advisory services. Such fees are separately disclosed in the financial statements.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 17, 2022, which is the date the financial statements were available to be issued.

Travis Industries, Inc. 401(k) Plan

Notes to Financial Statements

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2021 and 2020.

Group annuity contract – The Plan has a group annuity contract with John Hancock Life Insurance Company, USA (John Hancock) that invests in guaranteed interest accounts and pooled separate accounts.

Guaranteed interest accounts – Contributions into guaranteed interest accounts are held in the John Hancock general account. Guaranteed accounts guarantee the return of principal plus compound interest earned over a defined three-, five-, or ten-year term, less any applicable charges, provided all contributions remain in the account until the end of the guarantee period. Interest rates are established on the first day of each calendar month and apply to any regular ongoing contributions made to the guaranteed account during that month. The guaranteed interest accounts are presented at fair value at December 31, 2021 and 2020, which are presented within Level 3 of the valuation hierarchy.

Pooled separate accounts – Invest mainly in registered investment companies. In general, the funds seek long-term capital appreciation without undue risk to principal. Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. There are no redemption restrictions on PSAs.

Note 3 – Fair Value Measurements (continued)

The Plan invests in the following material pooled investment funds:

JH Multimanager Growth LS – The fund seeks long-term growth of capital. Current income is also a consideration. To pursue this goal, the portfolio, which is a fund of funds, normally invests approximately 80% of its assets in underlying funds that invest primarily in equity securities and approximately 20% in underlying funds that invest primarily in fixed-income securities.

JH Multimanager Balanced LS – The fund seeks a balance between a high level of current income and growth of capital, with a greater emphasis on growth of capital. To pursue this goal, the portfolio, which is a fund of funds, normally invests approximately 60% of its assets in underlying funds that invest primarily in equity securities and approximately 40% in underlying funds that invest primarily in fixed-income securities.

JH Multimanager Aggressive LS – The fund seeks a long-term growth of capital. Current income is not a consideration. To pursue this goal, the portfolio, which is a fund of funds, normally invests approximately 95% of its assets in underlying funds that invest primarily in equity securities and 5% of its assets in underlying funds that invest primarily in fixed-income securities.

JH Multimanager Moderate LS – The fund seeks a balance between a high level of current income and growth of capital, with a greater emphasis on income. To pursue this goal, the portfolio, which is a fund of funds, normally invests approximately 40% of its assets in underlying funds that invest primarily in equity securities and 60% of its assets in underlying funds that invest primarily in fixed-income securities.

JH Blue Chip Growth Fund – The fund seeks to provide long-term growth of capital. Current income is also a consideration. To pursue this goal, the portfolio, which is a fund of funds, normally invests approximately 80% of its assets in the common stocks of large and medium-sized blue chip growth companies and 20% of its assets in foreign securities, convertible stocks, warrants, bonds, and futures and options.

JH Stable Value Fund – The fund seeks to reserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term. To pursue this goal, the portfolio, which is a fund of funds, normally invests approximately 7% of its assets in underlying funds that invest primarily in money market funds and 93% of its assets in underlying funds that invest primarily in fixed-income securities.

Note 3 – Fair Value Measurements (continued)

The following table discloses the fair value hierarchy of the Plan's assets as of December 31, 2021 and 2020:

	Fair Value Measurement at December 31, 2021			
	Level 1	Level 2	Level 3	Total
Group annuity contract with insurance company

Investments measured at NAV practical expedient				<u>33,088,144</u>
Investments at fair value				<u>\$ 33,564,580</u>

Quantitative information about significant unobservable inputs used in Level 3 fair value measurements for the year ended December 31, 2020, was as follows:

Name	Fair Value	Valuation Technique	Unobservable Inputs	Range of Input Values/ (Weighted Avg)
Guaranteed interest accounts	\$ -	Redemption value at current market rates	Yield rates Durations Payout dates	

Note 4 – Guaranteed Annuity Contract with Insurance Company

The group annuity contract with John Hancock includes investment options for pooled separate accounts and two guaranteed interest accounts.

John Hancock maintains deposits of the guaranteed interest accounts in an unallocated fund, to which it adds interest at the contract rates. Deposits into these contracts are guaranteed at the contract minimum rate of return.

Contributions to the guaranteed interest accounts held by the group annuity contract are held in the John Hancock general account. Guaranteed accounts guarantee the return of principal plus compound interest earned over a defined five and ten-year term, less any applicable contract or participant-level recordkeeping charges provided all contributions remain in the account until the end of the guarantee period.

Interest rates on the guaranteed interest accounts are established on the first day of each calendar month and apply to any regular ongoing contributions made to the guaranteed interest account in that month. At the end of each reporting year, a composite rate of interest is determined for each participant account, depending on the amount contributed and the rate in effect on the day it is allocated under the participant account. The composite rate is the effective annual rate earned by all contributions to that guaranteed interest account during that reporting year for that participant. Contributions continue to earn the calculated composite interest rate for the duration of the guarantee term. Because of the following factors, the group annuity contract is not fully benefit responsive:

Interaccount transfers may be subject to a market value adjustment, depending on the withdrawal amount and the reason for the withdrawal.

Interaccount transfers from certain subaccounts may be subject to a redemption fee, as set by the underlying fund manager and depending on the holding period of the underlying fund.

A contract charge may be applied at contract termination, per the contract specifications.

Distributions and transfers from the guaranteed accounts are subject to certain guidelines. Distributions for reasons of termination, retirement, disability, death, financial hardship, return of excess amounts, or required minimum distributions are conducted at contract value. Preretirement distributions are conducted at fair value. Partial contract transfers from the guaranteed account to other investment accounts (except the money market account) can occur only on the four dates originally selected by the individual participant. Transfers in excess of 20% of the participant's balance in the account on the first day of the reporting year or conducted on a date other than those discussed above, or to the money market subaccount, will be conducted at the lesser of contract or fair value.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

During the year ended December 31, 2021, all funds in the guaranteed interest accounts were transferred to the JH Stable Value Fund, a pooled separate account.

Travis Industries, Inc. 401(k) Plan

Notes to Financial Statements

Note 5 – Tax Status

The Plan document is a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Volume Submitter Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Note 7 – Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, USA, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020.
- Net appreciation in fair value of investments, interest, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021.
- Investments reflected on the schedule of assets (held at end of year).

Note 8 – Party-in-Interest Transactions

The Plan paid expenses related to plan operations and investment management to various service providers. Certain Plan investments are managed by LPL Financial, an affiliate of John Hancock. John Hancock is the custodian of the Plan; therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Note 9 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 10 – Reconciliation to Form 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
