Independent Auditor's Report

To the Plan Administrator
Los Angeles Truck Centers, LLC 401(k) Plan
Whittier, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Los Angeles Truck Centers, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements, which comprise the statements of net assets available for benefits as of December 31, 2021, and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due, or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the Year Ended December 31, 2021 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that

agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Los Angeles Truck Centers, LLC 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Los Angeles Truck Centers, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering eligible employees of Los Angeles Truck Centers, LLC (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Company is the Plan’s sponsor and an employee of the Company serves as Plan Administrator.

Eligibility

Employees are eligible to make elective deferrals upon reaching the age of 18 and after completing three months of service, except for union employees (unless participation in this Plan covered by a collective bargaining agreement), leased employees and employees of any controlled group employer that does not affirmatively adopt this Plan. Employees may enter the Plan on January 1, April 1, July 1, and October 1, after eligibility requirements are met.

Contributions

Participants can elect to make tax-deferred contributions and/or Roth after-tax contributions to the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the IRC maximum. Participants may also contribute amounts representing distributions from other qualified plans, which are reflected as rollover contributions in the Statement of Changes in Net Assets Available for Benefits. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible participants are automatically enrolled in the Plan, unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in designated balanced funds until changed by the participant. The automatic deferral rate increases 1% up to a maximum of 6% on the first day of each Plan year unless the participant elects a different deferral rate.

The Plan provides for an employer matching contribution, in which the Company will match 35% of a participant’s elective deferral, up to 6% of the participant’s eligible compensation.

Participant Accounts

Each participant’s account is credited with the participant’s contributions as well as allocations of the Company’s matching contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, as applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Los Angeles Truck Centers, LLC 401(k) Plan

Notes to Financial Statements

Vesting

Participant contributions and related net earnings are fully vested at all times. Company contributions and related net earnings vest at a rate of 20% per year of service and are fully vested after five years of service. Upon retirement, disability or death, account balances become 100% vested. If a participant's employment terminates before full vesting of the Company's contributions and related earnings is attained, the remaining non-vested balances are forfeited and will be used to pay Plan administrative expenses and reduce future Company contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance ("Notes"). The Notes are secured by the balance in the participant's account and bear a reasonable rate of interest (prime rate plus 2%). The maximum number of Notes outstanding at any one time is one. Notes must be repaid within five years, unless such loan is for the purchase of a participant's primary residence, in which case the repayment period shall be no more than fifteen years. As of December 31, 2021, the Notes outstanding had interest rates ranging from 4.25% to 9.67%, maturing on various dates through January 2035. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in their account. The Plan permits in-service withdrawals if the participant has attained the age of 59½, and hardship distributions are permitted if a participant meets certain criteria, as defined in the Plan document.

If, upon termination of employment, the value of the vested portion of a participant's account is \$5,000 or less, it will automatically be distributed as soon as administratively feasible. For participants with account balances in excess of \$5,000, no distribution will occur until participant consent is obtained.

Transfers of Assets

In conjunction with the Company's acquisition of the Triad Freightliner, Triad Freightliner of Kingsport, Tenn., West Carolina Freightliner, Carolina Freightliner and H&H Freightliner (Triad/H&H), the Triad Freightliner of Tennessee 401(k) Profit Sharing Plan and Trust, the Triad Freightliner of 410(k) Profit Sharing Plan and Trust, the Carolina Freightliner of Raleigh, LLC 401(k) Plan, and the H&H Auto Service of Fayetteville, Inc. 401(k) Plan (collectively referred to as the "Merging Plans") were merged into the Plan effective July 26, 2021 ("Merger Effective Date"). As per the merger amendment and agreement dated July 23, 2021, all participants under the Merging Plans as of the end of business day prior to the Merger Effective Date became participants under the Plan as of the Merger Effective Date. Plan assets amounting to \$10,883,226 (including notes receivable from participants of \$254,609) were recorded as transfers of assets to the Plan on the Statement of Changes in Net Assets Available for Plan Benefits.

Los Angeles Truck Centers, LLC 401(k) Plan

Notes to Financial Statements

In conjunction with the Company's acquisition of the Neely Coble Company, Inc., the Neely Coble Company, Inc. 401(k) Profit Sharing Plan and Trust was merged into the Plan effective as of November 1, 2021. As per the merger amendment and agreement dated October 31, 2021, all participants under the Neely Coble Company, Inc. 401(k) Profit Sharing Plan and Trust as of the end of business day prior to November 1, 2021 became participants under the Plan effective as of November 1, 2021. Plan assets amounting to \$17,251,623 were recorded as transfers of assets to the Plan on the Statement of Changes in Net Assets Available for Plan Benefits.

Forfeitures

Forfeitures from non-vested terminated participant accounts are used to reduce employer contributions. During the year ended December 31, 2021, \$12,127 was used to reduce the Company's contributions. As of December 31, 2021 and 2020, the balance of forfeited non-vested accounts were \$136,412 and \$13,725, respectively.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires that management make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could materially differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's valuation policies utilize information provided by State Street Bank and Trust Company ("State Street"), the trustee that holds the assets, and Transamerica Life Insurance Company, Inc. ("Transamerica"), which has been appointed by State Street to execute certain transactions on its behalf. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Los Angeles Truck Centers, LLC 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

Management determines the collectability of notes receivable from participants on a periodic basis. This determination is made based on the terms of the Plan document and the related Plan policies and procedures. If notes receivable from participants are deemed to be uncollectible, they are written off and included as benefits paid to participants in the financial statements and deemed distributions in the Form-5500 for financial reporting purposes in the year the determination is made. Amounts recovered on notes receivable from participants previously deemed uncollectible are reported as a reduction of benefits paid to participants in the financial statements and the Form-5500 for financial reporting purposes in the year the recovery is made.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan such as investment advisory fees are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions, such as distribution and loan processing fees, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Administrative expenses paid by the Plan totaled \$205,555 for the year ended December 31, 2021.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

The Plan invests in various investment options that invest in securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

Los Angeles Truck Centers, LLC 401(k) Plan

Notes to Financial Statements

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used as of December 31, 2021 and 2020. The following is a description of the valuation methodologies used for investments measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund: The Plan invests in a stable value fund held within a common collective trust that is composed of fully benefit-responsive investment contracts and is valued at the NAV. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund, less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Generally, there are no restrictions on a participant's ability to redeem their investment in the stable value fund at the investment's NAV. However, withdrawals prompted by certain events (e.g., termination of the stable value fund, changes in laws or regulations) may restrict a participant's ability to redeem the investment at its NAV. At December 31, 2021 and 2020, the Plan had no unfunded commitments related to this investment. This investment is a direct filing entity.

Los Angeles Truck Centers, LLC 401(k) Plan

Notes to Financial Statements

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021 and 2020:

<i>Investments at Fair Value as of December 31, 2021</i>				
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 178,526	\$ -	\$ -	\$ 178,526
Mutual funds	86,928,950	-	-	86,928,950
Total investments at fair value	87,107,476	-	-	87,107,476
Stable value fund measured at NAV*	-	-	-	12,433,680
Total fair value of investments	\$ 87,107,476	\$ -	\$ -	\$ 99,541,156

<i>Investments at Fair Value as of December 31, 2020</i>				
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 14,875	\$ -	\$ -	\$ 14,875
Mutual funds	52,669,528	-	-	52,669,528
Total investments at fair value	52,684,403	-	-	52,684,403
Stable value fund measured at NAV*	-	-	-	8,074,741
Total fair value of investments	\$ 52,684,403	\$ -	\$ -	\$ 60,759,144

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Notes to Financial Statements

4. Tax Status

Prior to April 1, 2021, the Plan document is based on a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and continues to qualify for tax-exempt status.

Effective April 1, 2021, the Plan was amended and restated to, among other things, incorporate prior Plan amendments and reflect statutory changes to the IRC. The Plan adopted Transamerica Retirement Solutions LLC pre-approved defined contribution plan, which received a favorable opinion letter from the IRS dated June 30, 2020.

GAAP requires the Plan Administrator to evaluate uncertain tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020.
- Investment income, net and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

The Plan's independent auditor did not perform audit procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule, as instructed by the Plan administrator.

6. Related Party and Parties-in-Interest Transactions

State Street and Transamerica are parties-in-interest as defined by ERISA. Plan investments are managed by a division of Transamerica on behalf of State Street, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. These transactions are exempt from prohibited transaction rules.

Los Angeles Truck Centers, LLC 401(k) Plan

Notes to Financial Statements

For the year ended December 31, 2021, administrative expenses of \$163,888 were paid by the Plan to Transamerica Retirement Solutions, LLC, a division of Transamerica Life Insurance Company, for recordkeeping services and \$41,667 was paid to the Plan's investment advisor, OneDigital Investment Advisory, LLC. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan for these services.

7. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue its contributions and terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Reconciliation of Financial Statements to Form 5500

The following are reconciliation of net assets available for benefits between the financial statements and the Form 5500:

<i>December 31,</i>	2021	2020
Net assets available for benefits per the financial statements	\$ 102,416,962	\$ 62,858,133
Less: Employer contributions receivable	(135,238)	-
Net Assets available for benefits per Schedule H of the Form 5500	\$ 102,281,724	\$ 62,858,133
