Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

To the Plan Administrator of
Craig Zinn Automotive Group 401(k) Retirement Plan
Hollywood, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Craig Zinn Automotive Group 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of the Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Craig Zinn Automotive Group 401(k) Retirement Plan (the “Plan”) provides only general information. Reference to the Plan agreement should be made for a more complete description of the Plan’s provisions.

General

Craig Zinn Automotive Group (the “Group”) is a group of related companies under common ownership. The Group established the Plan effective January 1, 1994. The Plan’s sponsor is Triangle Auto Center, Inc. (the “Sponsor”), one of the entities in the Group. The Plan is a defined contribution plan, which covers substantially all employees of the Group who have attained age 18 and completed one year of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended. The Plan was restated on January 1, 2021 to comply with legislative and regulatory changes.

Contributions

Contributions to the Plan are made by the participants and the Group. Participants may elect to contribute to the plan up to 100% of their annual compensation, as defined by the Plan, on a pre-tax or after-tax basis, subject to Internal Revenue Service (“IRS”) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Additionally, participants may roll over or transfer to the Plan any portion or all of the property received from another defined benefit or defined contribution plan (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Each year, the Group may make discretionary matching and/or profit-sharing contributions to the Plan. The matching contribution is calculated as the first 25% of participant deferrals up to 4% of employee compensation with a maximum of \$800. There were no profit-sharing contributions to the Plan for the year ended December 31, 2021.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and Group contributions, and allocations of the Plan’s earnings thereon, and charged with benefit payments and an allocation of the Plan’s losses and administrative expenses. Plan earnings and losses are allocated based on participant account balances while contributions are credited based upon elective deferrals and compensation, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Craig Zinn Automotive Group 401(k) Retirement Plan

Notes to Financial Statements

Investment Options

Participants are permitted to direct their investments into any of several investment options including pooled separate investment accounts, that range from conservative to aggressive. Participants are permitted to change their investment options and/or allocations at their discretion.

Vesting

Participants are immediately vested in their elective deferrals plus actual earnings thereon. Participants will also be fully vested upon death or disability or attainment of normal retirement age, as defined. Vesting in the Group's contribution portion of their accounts is based on years of continuous service in accordance with the following:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of: (a) \$50,000 or (b) 50% of their vested account balance. Participants can only have 1 loan outstanding at any point in time. Generally, the maximum loan term is 5 years unless the loan is for the purchase of a principal residence. The loans are secured by the vested balance in the participant's account and bear interest at an interest rate equal to the prime rate at the time the loan is taken plus 1 percent. Interest rates ranged from 4.25% to 7.25% as of December 31, 2021 and 2020, which is commensurate with local prevailing rates as determined periodically by the custodian. Principal and interest is paid ratably through payroll deductions. Upon termination of service or termination of the Plan where benefits are paid in a lump-sum amount, the unpaid balance of the note is deducted from the participants vested balance prior to the issuance of the benefit check.

Payment of Benefits

On termination of service, retirement, disability or death, a participant or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her accounts. A participant may elect to receive a lump-sum amount equal to the vested portion of the participant's account or periodic installments over a designated period. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA. A hardship withdrawal may also be taken to satisfy an immediate and heavy financial need that cannot be satisfied from

Craig Zinn Automotive Group 401(k) Retirement Plan

Notes to Financial Statements

other financial resources. Hardship withdrawals may be taken for reasons as defined in the Plan document.

Forfeitures

Forfeited unallocated accounts are the portion of the participant's account balance not fully vested at the participant's termination date. Forfeitures are used to reduce future Group contributions, if applicable. At December 31, 2021 and 2020, forfeiture nonvested amounts totaled \$12,646 and \$8,568, respectively. During the year ended December 31, 2021, the prior year forfeiture account balance was used to reduce the Group's contributions.

Administrative Expenses

Investment transaction costs are charged to the Plan and allocated among the participants based on their respective account value to total Plan assets. Certain transaction fees for loan issuances and distributions are charged directly to the accounts of the participants who incur those fees. The Sponsor absorbs certain costs incurred in the administration of the Plan. Expenses paid by the Sponsor are excluded from these financial statements.

Investment management fees charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net appreciation in fair value of investments.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in the fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Craig Zinn Automotive Group 401(k) Retirement Plan

Notes to Financial Statements

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded directly to the borrowing participant's account and are included in administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded based on the terms of the Plan document.

Payment of Benefits

Benefits paid to participants are recorded when paid.

3. Certified Investment Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest income, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company ("John Hancock"), a qualified institution.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides for a fair value hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

Craig Zinn Automotive Group 401(k) Retirement Plan

Notes to Financial Statements

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020:

Guaranteed interest account: The guaranteed interest account ("GIA") is a fixed return product with annual interest rate guarantees and is credited at annual effective rates. Fair value is determined based on a discounted cash flow model by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer or the theoretical exit price. John Hancock values the GIA based on the amount paid when funds are withdrawn prior to their maturity for an event other than death, disability, termination, or retirement. The fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. The GIA guarantees the return of principal, plus compound interest over a defined 3-, 5-, or 10-year term, less any applicable contract or participant-level recordkeeping charges, provided all contributions remain in the account until the end of the guarantee period.

Pooled separate accounts: Stated at fair value using the net asset value ("NAV") practical expedient. The NAV practical expedient is based on the quoted market prices of the underlying investments. The unit value of the pooled separate accounts are calculated by dividing the total value of the assets of the separate account minus its liabilities by the number of units in the separate account. The assets in these accounts may be invested directly or indirectly in one or more mutual funds, equities, debt instruments, or other securities. There are no redemption restrictions or unfunded commitments on these investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Description	December 31, 2021			
	Total	Level 1	Level 2	Level 3
Guaranteed interest account	\$ 1,465	\$ -	\$ -	\$ 1,465
Pooled separate accounts at NAV	29,281,036	-	-	-
Total investments at fair value	\$ 29,282,501	\$ -	\$ -	\$ 1,465

Description	December 31, 2020			
	Total	Level 1	Level 2	Level 3
Guaranteed interest account	\$ 1,127	\$ -	\$ -	\$ 1,127
Pooled separate accounts at NAV	25,858,811	-	-	-
Total investments at fair value	\$ 25,859,938	\$ -	\$ -	\$ 1,127

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs:

Fair Value				
Instrument	December 31, 2021	December 31, 2020	Principal Valuation Technique	Unobservable Inputs
Guaranteed interest account	\$ 1,465	\$ 1,127	Discounted cash flow	Discount rate, credit risk, contract duration, liquidity risk, guaranteed interest rate

Total purchases to the guaranteed interest account were approximately \$326 for the year ended December 31, 2021. There were no sales from the guaranteed interest account during 2021.

Notes to Financial Statements

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020, respectively.

	Fair Value as of 12/31/2021	Fair Value as of 12/31/2020
Pooled separate investment accounts:		
Bond funds (a)	\$ 319,838	\$ 332,604
International funds (b)	359,853	319,695
Sector funds (c)	1,318,195	1,130,262
Large cap stock funds (d)	6,028,810	5,190,615
Mid cap stock funds (e)	1,160,884	1,092,781
Small cap stock funds (f)	1,038,502	1,090,546
Fixed income funds (g)	906,775	1,062,555
Target risk funds (h)	16,990,422	14,741,877
Target retirement funds (i)	1,157,757	897,876
	\$ 29,281,036	\$ 25,858,811

- (a) These funds seek an investment return that offers broadly diversified, low-cost exposure to the overall U.S. bond market.
- (b) These funds seek to offer broad, low-cost exposure to stocks of companies, ranging from small to large cap, in developed and emerging countries outside the United States.
- (c) These funds seek to provide long-term capital growth and current income by investing in assets/businesses that operate in a particular industry or sector of the economy.
- (d) These funds seek to offer broad, low-cost exposure to stocks of large U.S. companies.
- (e) These funds seek to offer broad, low-cost exposure to stocks of medium U.S. companies.
- (f) These funds seek to offer broad, low-cost exposure to stocks of small U.S. companies.
- (g) These funds seek to achieve maximum current income consistent with preservation of principal and liquidity while also maintaining limited price volatility.
- (h) These funds seek growth of capital based on target risk ranging from conservative to aggressive.

Craig Zinn Automotive Group 401(k) Retirement Plan

Notes to Financial Statements

- (i) These funds seek to provide retirement investors with an appropriate balanced fund that matches their time horizon to retirement.

5. Plan Termination

Although it has not expressed any intent to do so, the Group has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Group contributions, if applicable.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements and participant account balances.

7. Related Party and Party-In-Interest Transactions

John Hancock serves as the trustee of the Plan, and therefore, fees and expenses paid to the trustee qualify as party-in-interest transactions. Sentinel Benefits Group, Inc. serves as the record-keeper of the Plan and as such, fees paid for loan origination and distribution services qualify as party-in-interest transactions. Raymond James FSA, Inc. serves as the investment advisor of the Plan, and therefore, fees paid for services qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

8. Tax Status

The Plan adopted its latest non-standardized pre-approved profit-sharing plan with a cash or deferral arrangement developed by Sentinel Benefits Group, Inc., which obtained a favorable IRS opinion letter on November 30, 2020 in which the IRS stated that the form of the underlying prototype plan was acceptable under provisions of the Internal Revenue Code (the "Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under the Code. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Craig Zinn Automotive Group 401(k) Retirement Plan

Notes to Financial Statements

9. Subsequent Events

The Plan has evaluated subsequent events through October 18, 2022, which is the date the financial statements were available to be issued. There have been no subsequent events requiring adjustment to the financial statements or disclosures.
