Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Osceola Community Hospital, Inc. Employees' Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of November 9, 2021 (In liquidation), and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended November 9, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Osceola Community Hospital, Inc. Employees' Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Retirement Committee of Osceola Community Hospital, Inc. Employees' Pension Plan approved a plan of liquidation on September 1, 2021, and management determined liquidation is imminent. As a result, Osceola Community Hospital, Inc. Employees' Pension Plan changed its basis of accounting from the going-concern basis of accounting used in presenting the 2020 Financial Statements to the liquidation basis of accounting used in presenting the 2021 Financial Statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Osceola Community Hospital, Inc. Employees' Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Osceola Community Hospital, Inc. Employees' Pension Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021 we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Osceola Community Hospital, Inc. Employees' Pension Plan

Notes to Financial Statements

November 9, 2021 (in liquidation) and December 31, 2020 (ongoing)

Note 1 - Description of the Plan

The following brief description of the Osceola Community Hospital, Inc. Employees' Pension Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering qualified employees of Osceola Community Hospital dba Osceola Regional Health System (the Hospital). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan.

Eligibility

Prior to September 1, 2021, employees were eligible to participate in the Plan if they are age 18 or older.

Entry Date

Prior to September 1, 2021, employees were able to enter the Plan on the first day of the month coinciding with or immediately following the date they satisfy the Plan's eligibility requirements.

Contributions

The Plan was terminated effective September 1, 2021, therefore, the Plan ceased making match contributions as of this date. Prior to September 1, 2021, the employer made a mandatory match contribution up to 3% of eligible compensation based on the participants' salary deferral in the Osceola Community Hospital, Inc. Tax Deferred Annuity Plan. The Plan had met the minimum funding requirements as of November 9, 2021.

Prior to September 1, 2021, participants may have also contributed amounts representing distributions from other qualified benefit or defined contribution plans (rollover).

Participant Accounts

Each participant's account is credited with allocations of the Hospital's contribution and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's compensation, account balances, or specific participant transactions, as defined by their Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Osceola Community Hospital, Inc. Employees' Pension Plan

Notes to Financial Statements

November 9, 2021 (In Liquidation) and December 31, 2020 (Ongoing)

Investment Options

Prior to September 1, 2021, upon enrollment to the Plan, a participant may direct employer contributions in any of the funds offered by the Plan. Participants may change their investment options daily.

Vesting

Upon termination of the Plan effective September 1, 2021, all participants became 100% vested in the Hospital's contribution portion of their accounts. Prior to Plan termination, vesting in the Hospital's contribution portion of participants' accounts is based on years of continuous service as noted in the following table. Upon the resolution to terminate, employees became 100% vested.

<u>Participant's Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeitures

At November 9, 2021 and December 31, 2020, forfeited non-vested accounts totaled \$-0- and \$2,103 respectively. These accounts will be used to reduce future employer contributions. During the period ended November 9, 2021, employer contributions were reduced by \$16,161 from forfeited non-vested accounts.

Notes Receivable from Participants

Effective September 1, 2021, the Plan ceased allowing new loans to be made from the Plan. Prior to September 1, 2021, participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The notes bear interest at a rate commensurate with local prevailing rates as determined by the Plan's administrator. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant's residence, in which case the loan terms can range up to 30 years. A participant may have no more than two outstanding notes at any one time.

Osceola Community Hospital, Inc. Employees' Pension Plan

Notes to Financial Statements

November 9, 2021 (In Liquidation) and December 31, 2020 (Ongoing)

Payment of Benefits

With the termination of the Plan, effective as of September 1, 2021, all existing participants became 100% vesting and eligible to take a lump-sum distribution equal to the value of their vested interest. Prior to September 1, 2021, participants were able to elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination, death or disability. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. If the participant's vested account is over \$5,000, the participant may elect to receive a lump sum distribution, elect any of the annuity options available under the group annuity contract, or leave the balance in the Plan.

Plan Termination

As noted earlier, on September 1, 2021, the Retirement Committee of the Plan adopted a provision to terminate the Plan effective as of that date. As of the effective date, all employees became 100% vested in their accounts as a result of this Plan termination. All plan assets were distributed out of the Plan prior to November 9, 2021.

Note 2 - Significant Accounting Policies

Basis of Accounting

As noted above, effective as of September 1, 2021, the Retirement Committee elected to terminate the Plan. The Plan was terminated as a standard termination and the Plan has changed its basis of accounting from the ongoing plan basis, used in presenting the December 31, 2020, financial statements, to the liquidation basis used in presenting the November 9, 2021, financial statements, in accordance with Generally Accepted Accounting Principles (GAAP). The liquidation basis of accounting is a basis of accounting under GAAP for terminating plans.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Investment income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to difference reporting requirements on Form 5500.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

The Plan's expenses are paid by either the Plan or the Hospital, as provided by the Plan document. Expenses that are paid directly by the Hospital are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events

The Plan Sponsor has evaluated subsequent events through October 18, 2022, the date which the financial statements were available to be issued.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at November 9, 2021 and December 31, 2020.

Pooled separate account – Valued at fair value based on the net asset value (NAV) of units as determined by the insurance company. The NAV is based on the observable market prices of the underlying assets within the account less liabilities. The NAV for the underlying assets of the account is a readily determinable measure of their fair value and is the basis for current transactions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Osceola Community Hospital, Inc. Employees' Pension Plan

Notes to Financial Statements

November 9, 2021 (In Liquidation) and December 31, 2020 (Ongoing)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of November 9, 2021 and December 31, 2020:

	2020		
	Level 1	Level 2	Level 3
Pooled separate account	\$ -	\$ 1,446,730	\$ -
Investments at fair value	\$ -	\$ 1,446,730	\$ -

Note 4 - Certified Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at November 9, 2021 and December 31, 2020, and net appreciation in fair value of investments, interest and dividends, for the period ended November 9, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by American United Life Insurance Company (the custodian of the Plan).

Note 5 - Tax Status

The Plan uses a pre-approved plan document sponsored by Transamerica Retirement Solutions Corporation, which received an advisory letter from the Internal Revenue Service (IRS), dated May 1, 2014, stating that the pre-approved plan document satisfies the applicable provisions of the IRC. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Contracts with Insurance Company

Prior to September 1, 2021, the Plan had two fully benefit-responsive guaranteed investment contracts (GICs) with AUL. AUL maintained the contributions in general accounts, which are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GICs issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3.75% for one contract and 4.00% for the other.

Such interest rates are reviewed on a quarterly basis for resetting. The GICs do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Osceola Community Hospital, Inc. Employees' Pension Plan

Notes to Financial Statements

November 9, 2021 (In Liquidation) and December 31, 2020 (Ongoing)

Because the GICs are fully benefit-responsive, contract value is the relevant measure for the GICs. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contracts at November 9, 2021 and December 31, 2020 was \$- and \$789,668, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) bankruptcy of the Plan Sponsor or other Plan Sponsor events or (3) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts and guaranteed investment contracts managed by AUL, the custodian as defined by the Plan. As described in Note 2, the Plan may pay certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

AUL provides certain administrative services to the Plan pursuant to an agreement between the Hospital and AUL. AUL receives revenue from underlying mutual fund service providers for services AUL provides to the funds. This revenue is used to offset certain amounts owed to AUL for its administrative services to the Plan.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefit.

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
