REPORT OF
WESTMINSTER COLLEGE
403(b) RETIREMENT ACCOUNT
December 31, 2021 and 2020

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Westminster College 403(b) Retirement Account
Fulton, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of the Westminster College 403(b) Retirement Account (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2008. As further discussed in Note 3, because of inadequacies in the Plan's records prior to 2008, we were unable to perform sufficient auditing procedures with respect to participants' individual account balances totaling approximately \$27,338,000 accumulated from the inception of the Plan through December 31, 2007, or to satisfy ourselves as to the basis on which participants' equity was stated as of December 31, 2007, or the propriety of the distributions to participants who terminated during the years then ended. Accordingly, we were unable to determine the extent to which the accompanying financial statements may have been affected by these conditions. The estimated remaining unaudited balance of participants' individual accounts prior to 2008 was approximately \$6,900,000 as of December 31, 2021.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with U.S. generally accepted auditing standards and to issue an auditor's report. However, because of the matters described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end as of December 31, 2021, and the supplemental schedule of delinquent participants contributions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, it is inappropriate to and we do not express an opinion on these supplemental schedules.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institutions. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2008. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

In our report dated October 11, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

403(b) RETIREMENT ACCOUNT**

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Westminster College 403(b) Retirement Account (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General: The Plan is a 403(b) defined contribution plan covering employees of Westminster College (the College). The Plan was established January 1, 1977, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: All employees are immediately eligible to participate in the Plan except for independent contractors, students, and employees who normally work fewer than 20 hours per week. Employees must complete twelve months of service to be eligible to receive the College's employer contributions.

Contributions: Participants may contribute a portion of pretax compensation, as defined in the Plan, not to exceed 100% of compensation or maximum amounts specified by the Internal Revenue Service (IRS), in accordance with a participant salary deferral agreement. Participants who are at least 50 years of age may make an additional contribution to the Plan not to exceed \$6,500 in 2021 and 2020, under certain conditions. Participants may also contribute amounts representing rollover distributions from other qualified plans. The College may elect to make a discretionary contribution. The College made \$305,355 and \$334,763 in discretionary contributions in 2021 and 2020, respectively. Participants direct the investment of contributions into the various investment options offered by the Plan. The Plan currently offers mutual funds, insurance company general accounts, and pooled separate accounts as investment options for participants.

Under a previous contract with The Standard Insurance Company (the Standard), participants were eligible to elect an annuity benefit upon disability. Contributions are made by The Standard to TIAA-CREF. Contributions made by The Standard on behalf of these participants were \$5,174 and \$5,124 in 2021 and 2020, respectively.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the College's contributions, if any, and (b) Plan earnings, and charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are automatically 100% vested in the portion of their accounts resulting from participant salary deferrals. Participants are also automatically 100% vested in the portion of their accounts resulting from College contributions made through September 30, 2012. Participants vest in College contributions made after September 30, 2012, at a rate of 20% after one year of service and in 20% increments each subsequent year with full vesting in College contributions after five years of service.

Forfeitures: If a participant's employment is terminated prior to normal retirement, the unvested portion of their account balance is forfeited. Forfeitures can be used to pay the Plan's administrative expenses or used to reduce the College's contributions to the Plan. During the years ended December 31, 2021 and 2020, no forfeitures were used to pay administrative expenses or reduce the College's contributions. Remaining forfeitures to be used to pay future plan expenses or reduce the College's contributions totaled \$68,947 and \$36,699 at December 31, 2021 and 2020, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are only granted in the event of a participant's hardship or for certain specified financial situations. The loans are secured by the balance in the participant's account and bear interest at a rate that is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are payable ratably through payroll deductions.

Distributions of benefits: Distributions to plan participants are generally made to a participant after the participant's termination of employment. A participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, a partial payment, an annuity, or installment payments.

Administration: Previously, the Plan contracted with Hartford Life Insurance Company (Hartford) to provide professional and administrative services to the Plan. During 2013, Massachusetts Mutual Life Insurance Company (MassMutual) acquired Hartford's retirement plans business and was appointed by Hartford to provide all administrative services necessary to support the insurance contracts issued by Hartford. Hartford was subsequently renamed Talcott Resolution Life Insurance Company (TRLIC). Empower Retirement, LLC (Empower), subsequently acquired MassMutual's retirement services business on December 31, 2020. TRLIC and TIAA-CREF, as Plan custodians, hold the Plan's assets, administer investment activity, and invest contributions into funds designated by each participant. MassMutual (Empower) and TIAA-CREF maintain the individual participant accounts, including cash transactions, and provide records of balances and transactions to the Plan administrator and participants. Certain administrative and record-keeping costs are being absorbed by the College. The College's Board of Trustees is responsible for the oversight of the Plan. The Plan's Retirement Oversight Committee determines the appropriateness of the Plan's investment offerings, monitors the investment performance, and reports to the Company's Board of Trustees as needed.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Valuation of investments: Investments are reported at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the declaration date. Interest is recorded when earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities of the Plan are exposed to various risks, such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the College. Expenses that are paid by the College are excluded from these financial statements. Certain administrative functions are performed by officers and employees of the College. No officer or employee receives compensation from the Plan for these services. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events: Events that have occurred subsequent to December 31, 2021, have been evaluated through October 13, 2022, which represents the date the Plan's financial statements were approved by management and, therefore, available to be issued.

3. TAX STATUS

Effective January 1, 2019, the Plan adopted a volume submitter 403(b) plan sponsored by MassMutual. The IRS has determined and informed MassMutual by a letter dated March 31, 2017 that the volume submitter 403(b) plan sponsored by MassMutual as amended through April 2, 2015, is in a form acceptable under section 403(b) of the Internal Revenue Code (IRC). An adopting sponsor may rely on the opinion letter issued by the IRS as evidence that the Plan is qualified under the applicable sections of the IRC. The Plan is relying on the opinion letter. Effective January 1, 2020, the Plan was amended to allow discretionary employer contributions. Effective January 1, 2022, the Plan was amended to require participants to be employed on the last day of the plan year to receive an allocation of employer contributions. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified as of the financial statement date.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

In 2007, the DOL, the IRS and the Pension Benefit Guaranty Corporation published final regulations significantly changing rules and regulations governing 403(b) plans. One of the key changes eliminated the limited reporting previously allowed. Prior to 2009, plan level records were not required to be maintained. Effective in 2009, 403(b) plans are required to submit plan level financial information and are subject to audit. As a result of the regulations in effect prior to 2009, the Plan did not maintain sufficient records to provide evidence to support its balances as of December 31, 2007.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. TERMINATED PARTICIPANTS

Net assets available for benefits at December 31, 2021 and 2020 include \$23,641,878 and \$21,614,724, respectively, allocated to the accounts of individuals who, as of or prior to that date, had withdrawn from actively participating in the operations of the Plan, generally as a result of terminating employment. These amounts may be paid within the next year, at the request of the participant. These participants receive no further contributions but do receive allocations of investment income and Plan expenses.

6. CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF and MassMutual on behalf of TRLIC, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments at fair value as shown in the statements of net assets available for benefits.
- Investments at contract value as shown in the statements of net assets available for benefits.
- Investment income as shown in the statements of changes in net assets available for benefits.
- Schedule of assets held at year end.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. FAIR VALUE OF INVESTMENTS

Plan investments are held in custodial accounts managed by TIAA-CREF and MassMutual on behalf of TRLIC and are unsecured. Therefore, these transactions qualify as party-in-interest transactions.

A fair value hierarchy is used that prioritizes the inputs to valuation techniques used to measure fair value of balances that are required or permitted to be measured at fair value for reporting in financial statements. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to the unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Valuation is based upon quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access.
Level 2	Valuation is based upon quoted prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Observable inputs may include interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.
Level 3	Valuation is based on methodologies that are unobservable and significant to the fair value measure. These may be generated from model-based techniques that use at least one significant assumption based on unobservable inputs for the asset or

liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for assets recorded at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund on an active market which is based on the underlying net asset value (NAV) of shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts - mutual funds: Valued at the NAV of shares held by the Plan at year-end. The Plan's shares are held in a pooled separate account maintained by TRLIC, and the Plan owns units in this pooled separate account. However, TRLIC does not file the account directly with the Department of Labor. Therefore, the Plan reports its allocable ownership interest in the underlying mutual funds in the table below. The account owns shares of mutual funds which are valued at the daily closing price as reported by the fund on an active market adjusted by the daily equivalent of any fee charged pursuant to the contract. As a result, these are reported as level 2 investments.

Pooled separate accounts – other: The unit value of TIAA Real Estate pooled separate account is calculated daily and is derived from the market value of the underlying real estate holdings or other real estate-related investments. The TIAA Real Estate pooled separate account is registered with the SEC.

The TIAA Real Estate pooled separate account invests in real estate and real estate related investments. Its investments are valued at NAV. Although the underlying investments of the pooled separate account cannot be quickly sold and converted to liquid asset, the TIAA general account provides a liquidity guarantee to meet participant redemption, transfer or cash withdrawal requests varying from one to three days. Redemptions out of the investment are limited to once per quarter.

Insurance company general accounts: The TIAA Traditional Non-Benefit Responsive Annuity is valued at contract value, which approximates fair value based on analysis performed by the insurance company. Contract value equals the amounts contributed or transferred, less any withdrawals or transfers out, plus accrued interest. Liquidity restrictions apply to the TIAA Traditional Non-Benefit Responsive Annuity account such that transfers and distributions must be made over a period of up to 10 annual installments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below present the Plan's assets measured at fair value on a recurring basis as of December 31, aggregated by the level in the fair value hierarchy within which those measurements fall:

	Level 1	Level 2	Level 3	Total
2021				
Mutual funds	\$ 11,656,982	\$ -	\$ -	\$ 11,656,982

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2021 and 2020:

	Insurance Company General Accounts	
	2021	2020
Balance, January 1	\$ 5,650,404	\$ 5,637,988
Interest income	195,684	224,341
Purchases	343,079	96,273
Sales	(576,192)	(308,198)
Balance, December 31	<u>\$ 5,612,975</u>	<u>\$ 5,650,404</u>

Level 3 Quantitative Information – The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
December 31, 2021				
TIAA Traditional Annuity	<u>\$ 5,612,975</u>	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.00% - 3.80%
December 31, 2020				
TIAA Traditional Annuity	<u>\$ 5,650,404</u>	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.00% - 4.45%

Level 3 Qualitative Information – The Plan has processes and controls in place to ensure that fair value is reasonably estimated. TIAA-CREF provides a fair value estimate for these investments as described above. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price.

8. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan holds traditional investment contracts with TIAA-CREF through the TIAA Traditional – Benefit Responsive Account and Talcott Resolution Life Insurance Company General Account. These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code; premature termination of the contracts; Plan termination or merger; changes to the Plan's prohibition on competing investment options; and bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following: an uncured violation of the Plan's investment guidelines; a breach of material obligation under the contract; a material misrepresentation; and a material amendment to the agreement without the consent of the issuer.

9. PROHIBITED TRANSACTIONS

The DOL considers late deposits to be nonexempt prohibited transactions. During the year ended December 31, 2021, the College inadvertently failed to remit certain November 2021 employee deferrals totaling \$35,186 within the time frame required by the DOL under plan asset rules. The College remitted the late employee deferrals to the Plan in December 2021. The College expects to remit the related missed earnings to the Plan in 2022. No determination of any amounts due to participants for missed earnings has yet been made.

10. CARES ACT

In response to the COVID-19 outbreak during 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act made certain provisions available to qualified plans. During 2020, the College elected to allow qualified individuals to take COVID-19 related distributions during 2020 under the provisions of the CARES Act.

Fee and Compensation Disclosure Report

This document is intended to assist a plan administrator (“you”) in completing the Form 5500 Schedule C¹ by identifying different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan’s service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

EIN #: 43-0652617

Important Note: On December 31, 2020, Empower Retirement acquired the retirement business of Massachusetts Mutual Life Insurance Company ("MassMutual"). Following an initial transition period, Empower Retirement will become the sole administrator of this business. If the Plan utilizes an insurance product and the contract was issued by MassMutual, this material is being provided to you by Great-West Life & Annuity Insurance Company, affiliated with Empower Retirement, with respect to Empower Retirement's role as the administrator of this business, on MassMutual's behalf and pursuant to a Power of Attorney granted to Great-West Life & Annuity Insurance Company by MassMutual. If the Plan utilizes an insurance product and the contract was issued by Talcott Resolution Life Insurance Company ("Talcott", formerly named Hartford Life Insurance Company) and formerly administered by MassMutual, this material is being provided to you by Great-West Life & Annuity Insurance Company, affiliated with Empower Retirement, with respect to Empower Retirement's role as the administrator of this business pursuant to a Power of Attorney granted to Great-West Life & Annuity Insurance Company by Talcott. Empower Retirement refers to the products and services offered by Great-West Life & Annuity Insurance Company ("GWLA") and its subsidiaries, including Empower Retirement, LLC. Neither Great-West Life & Annuity Insurance Company nor Empower Retirement is affiliated with MassMutual, Talcott or their respective affiliates.

Important Note: The information in this document is applicable to the plan prior to transitioning recordkeeping platforms.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

Direct Compensation **\$90.00**

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2021 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2021, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2021. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in Massachusetts Mutual Life Insurance Company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2021 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and

number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

REPORT OF
WESTMINSTER COLLEGE
403(b) RETIREMENT ACCOUNT
December 31, 2021 and 2020

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Westminster College 403(b) Retirement Account
Fulton, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of the Westminster College 403(b) Retirement Account (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2008. As further discussed in Note 3, because of inadequacies in the Plan's records prior to 2008, we were unable to perform sufficient auditing procedures with respect to participants' individual account balances totaling approximately \$27,338,000 accumulated from the inception of the Plan through December 31, 2007, or to satisfy ourselves as to the basis on which participants' equity was stated as of December 31, 2007, or the propriety of the distributions to participants who terminated during the years then ended. Accordingly, we were unable to determine the extent to which the accompanying financial statements may have been affected by these conditions. The estimated remaining unaudited balance of participants' individual accounts prior to 2008 was approximately \$6,900,000 as of December 31, 2021.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with U.S. generally accepted auditing standards and to issue an auditor's report. However, because of the matters described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end as of December 31, 2021, and the supplemental schedule of delinquent participants contributions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion on the 2021 Financial Statements* section of our report, it is inappropriate to and we do not express an opinion on these supplemental schedules.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institutions. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2008. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

In our report dated October 11, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF THE PLAN

The following description of the Westminster College 403(b) Retirement Account (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General: The Plan is a 403(b) defined contribution plan covering employees of Westminster College (the College). The Plan was established January 1, 1977, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: All employees are immediately eligible to participate in the Plan except for independent contractors, students, and employees who normally work fewer than 20 hours per week. Employees must complete twelve months of service to be eligible to receive the College's employer contributions.

Contributions: Participants may contribute a portion of pretax compensation, as defined in the Plan, not to exceed 100% of compensation or maximum amounts specified by the Internal Revenue Service (IRS), in accordance with a participant salary deferral agreement. Participants who are at least 50 years of age may make an additional contribution to the Plan not to exceed \$6,500 in 2021 and 2020, under certain conditions. Participants may also contribute amounts representing rollover distributions from other qualified plans. The College may elect to make a discretionary contribution. The College made \$305,355 and \$334,763 in discretionary contributions in 2021 and 2020, respectively. Participants direct the investment of contributions into the various investment options offered by the Plan. The Plan currently offers mutual funds, insurance company general accounts, and pooled separate accounts as investment options for participants.

Under a previous contract with The Standard Insurance Company (the Standard), participants were eligible to elect an annuity benefit upon disability. Contributions are made by The Standard to TIAA-CREF. Contributions made by The Standard on behalf of these participants were \$5,174 and \$5,124 in 2021 and 2020, respectively.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the College's contributions, if any, and (b) Plan earnings, and charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are automatically 100% vested in the portion of their accounts resulting from participant salary deferrals. Participants are also automatically 100% vested in the portion of their accounts resulting from College contributions made through September 30, 2012. Participants vest in College contributions made after September 30, 2012, at a rate of 20% after one year of service and in 20% increments each subsequent year with full vesting in College contributions after five years of service.

Forfeitures: If a participant's employment is terminated prior to normal retirement, the unvested portion of their account balance is forfeited. Forfeitures can be used to pay the Plan's administrative expenses or used to reduce the College's contributions to the Plan. During the years ended December 31, 2021 and 2020, no forfeitures were used to pay administrative expenses or reduce the College's contributions. Remaining forfeitures to be used to pay future plan expenses or reduce the College's contributions totaled \$68,947 and \$36,699 at December 31, 2021 and 2020, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are only granted in the event of a participant's hardship or for certain specified financial situations. The loans are secured by the balance in the participant's account and bear interest at a rate that is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are payable ratably through payroll deductions.

Distributions of benefits: Distributions to plan participants are generally made to a participant after the participant's termination of employment. A participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, a partial payment, an annuity, or installment payments.

Administration: Previously, the Plan contracted with Hartford Life Insurance Company (Hartford) to provide professional and administrative services to the Plan. During 2013, Massachusetts Mutual Life Insurance Company (MassMutual) acquired Hartford's retirement plans business and was appointed by Hartford to provide all administrative services necessary to support the insurance contracts issued by Hartford. Hartford was subsequently renamed Talcott Resolution Life Insurance Company (TRLIC). Empower Retirement, LLC (Empower), subsequently acquired MassMutual's retirement services business on December 31, 2020. TRLIC and TIAA-CREF, as Plan custodians, hold the Plan's assets, administer investment activity, and invest contributions into funds designated by each participant. MassMutual (Empower) and TIAA-CREF maintain the individual participant accounts, including cash transactions, and provide records of balances and transactions to the Plan administrator and participants. Certain administrative and record-keeping costs are being absorbed by the College. The College's Board of Trustees is responsible for the oversight of the Plan. The Plan's Retirement Oversight Committee determines the appropriateness of the Plan's investment offerings, monitors the investment performance, and reports to the Company's Board of Trustees as needed.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Valuation of investments: Investments are reported at fair value, except for fully benefit-responsive contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the declaration date. Interest is recorded when earned. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities of the Plan are exposed to various risks, such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021 and 2020.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the College. Expenses that are paid by the College are excluded from these financial statements. Certain administrative functions are performed by officers and employees of the College. No officer or employee receives compensation from the Plan for these services. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Payment of benefits: Benefits are recorded when paid.

Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Subsequent events: Events that have occurred subsequent to December 31, 2021, have been evaluated through October 13, 2022, which represents the date the Plan's financial statements were approved by management and, therefore, available to be issued.

3. TAX STATUS

Effective January 1, 2019, the Plan adopted a volume submitter 403(b) plan sponsored by MassMutual. The IRS has determined and informed MassMutual by a letter dated March 31, 2017 that the volume submitter 403(b) plan sponsored by MassMutual as amended through April 2, 2015, is in a form acceptable under section 403(b) of the Internal Revenue Code (IRC). An adopting sponsor may rely on the opinion letter issued by the IRS as evidence that the Plan is qualified under the applicable sections of the IRC. The Plan is relying on the opinion letter. Effective January 1, 2020, the Plan was amended to allow discretionary employer contributions. Effective January 1, 2022, the Plan was amended to require participants to be employed on the last day of the plan year to receive an allocation of employer contributions. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan is qualified as of the financial statement date.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

In 2007, the DOL, the IRS and the Pension Benefit Guaranty Corporation published final regulations significantly changing rules and regulations governing 403(b) plans. One of the key changes eliminated the limited reporting previously allowed. Prior to 2009, plan level records were not required to be maintained. Effective in 2009, 403(b) plans are required to submit plan level financial information and are subject to audit. As a result of the regulations in effect prior to 2009, the Plan did not maintain sufficient records to provide evidence to support its balances as of December 31, 2007.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. TERMINATED PARTICIPANTS

Net assets available for benefits at December 31, 2021 and 2020 include \$23,641,878 and \$21,614,724, respectively, allocated to the accounts of individuals who, as of or prior to that date, had withdrawn from actively participating in the operations of the Plan, generally as a result of terminating employment. These amounts may be paid within the next year, at the request of the participant. These participants receive no further contributions but do receive allocations of investment income and Plan expenses.

6. CERTIFICATION OF INVESTMENT INFORMATION

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA-CREF and MassMutual on behalf of TRLIC, the custodians of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

- Investments at fair value as shown in the statements of net assets available for benefits.
- Investments at contract value as shown in the statements of net assets available for benefits.
- Investment income as shown in the statements of changes in net assets available for benefits.
- Schedule of assets held at year end.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

7. FAIR VALUE OF INVESTMENTS

Plan investments are held in custodial accounts managed by TIAA-CREF and MassMutual on behalf of TRLIC and are unsecured. Therefore, these transactions qualify as party-in-interest transactions.

A fair value hierarchy is used that prioritizes the inputs to valuation techniques used to measure fair value of balances that are required or permitted to be measured at fair value for reporting in financial statements. The hierarchy gives the highest priority to the unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to the unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Valuation is based upon quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access.
Level 2	Valuation is based upon quoted prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Observable inputs may include interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.
Level 3	Valuation is based on methodologies that are unobservable and significant to the fair value measure. These may be generated from model-based techniques that use at least one significant assumption based on unobservable inputs for the asset or

liability, which are typically based on an entity's own assumptions, as there is little, if any, related market activity.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of valuation methodologies used for assets recorded at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund on an active market which is based on the underlying net asset value (NAV) of shares held by the Plan at year-end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts - mutual funds: Valued at the NAV of shares held by the Plan at year-end. The Plan's shares are held in a pooled separate account maintained by TRLIC, and the Plan owns units in this pooled separate account. However, TRLIC does not file the account directly with the Department of Labor. Therefore, the Plan reports its allocable ownership interest in the underlying mutual funds in the table below. The account owns shares of mutual funds which are valued at the daily closing price as reported by the fund on an active market adjusted by the daily equivalent of any fee charged pursuant to the contract. As a result, these are reported as level 2 investments.

Pooled separate accounts – other: The unit value of TIAA Real Estate pooled separate account is calculated daily and is derived from the market value of the underlying real estate holdings or other real estate-related investments. The TIAA Real Estate pooled separate account is registered with the SEC.

The TIAA Real Estate pooled separate account invests in real estate and real estate related investments. Its investments are valued at NAV. Although the underlying investments of the pooled separate account cannot be quickly sold and converted to liquid asset, the TIAA general account provides a liquidity guarantee to meet participant redemption, transfer or cash withdrawal requests varying from one to three days. Redemptions out of the investment are limited to once per quarter.

Insurance company general accounts: The TIAA Traditional Non-Benefit Responsive Annuity is valued at contract value, which approximates fair value based on analysis performed by the insurance company. Contract value equals the amounts contributed or transferred, less any withdrawals or transfers out, plus accrued interest. Liquidity restrictions apply to the TIAA Traditional Non-Benefit Responsive Annuity account such that transfers and distributions must be made over a period of up to 10 annual installments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below present the Plan's assets measured at fair value on a recurring basis as of December 31, aggregated by the level in the fair value hierarchy within which those measurements fall:

	Level 1	Level 2	Level 3	Total
2021				
Mutual funds	\$ 11,656,982	\$ -	\$ -	\$ 11,656,982
Pooled separate accounts - mutual funds	-	14,615,270	-	14,615,270

The table below sets forth a summary of changes in the fair value of the Plan's level 3 assets for the years ended December 31, 2021 and 2020:

	Insurance Company General Accounts	
	2021	2020
Balance, January 1	\$ 5,650,404	\$ 5,637,988
Interest income	195,684	224,341
Purchases	343,079	96,273
Sales	(576,192)	(308,198)
Balance, December 31	<u>\$ 5,612,975</u>	<u>\$ 5,650,404</u>

Level 3 Quantitative Information – The following table represents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value	Valuation Technique	Significant Unobservable Inputs	Range
December 31, 2021				
TIAA Traditional Annuity	<u>\$ 5,612,975</u>	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.00% - 3.80%
December 31, 2020				
TIAA Traditional Annuity	<u>\$ 5,650,404</u>	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	3.00% - 4.45%

Level 3 Qualitative Information – The Plan has processes and controls in place to ensure that fair value is reasonably estimated. TIAA-CREF provides a fair value estimate for these investments as described above. Valuation approaches are reviewed on an ongoing basis and revised as necessary based on changing market conditions to ensure values represent a reasonable exit price.

8. INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The Plan holds traditional investment contracts with TIAA-CREF through the TIAA Traditional – Benefit Responsive Account and Talcott Resolution Life Insurance Company General Account. These contracts meet the fully benefit-responsive investment contract criteria and, therefore, are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code; premature termination of the contracts; Plan termination or merger; changes to the Plan's prohibition on competing investment options; and bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following: an uncured violation of the Plan's investment guidelines; a breach of material obligation under the contract; a material misrepresentation; and a material amendment to the agreement without the consent of the issuer.

9. PROHIBITED TRANSACTIONS

The DOL considers late deposits to be nonexempt prohibited transactions. During the year ended December 31, 2021, the College inadvertently failed to remit certain November 2021 employee deferrals totaling \$35,186 within the time frame required by the DOL under plan asset rules. The College remitted the late employee deferrals to the Plan in December 2021. The College expects to remit the related missed earnings to the Plan in 2022. No determination of any amounts due to participants for missed earnings has yet been made.

10. CARES ACT

In response to the COVID-19 outbreak during 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act made certain provisions available to qualified plans. During 2020, the College elected to allow qualified individuals to take COVID-19 related distributions during 2020 under the provisions of the CARES Act.
