Macro Solutions 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Macro Solutions 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of Macro Solutions 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Macro Solutions 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Macro Solutions 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Macro Solutions 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Macro Solutions 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated November 18, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DECEMBER 31, 2021 AND 2020

Note 1. Description of Plan:

The following description of the Macro Solutions 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan covering substantially all employees of Macro Solutions, Inc. (the Company) who are at least 21 years old. The Plan was originally effective on May 1, 2004, and was restated effective August 20, 2019. The Plan was again restated and a new adoption agreement was signed, effective January 1, 2020. The management of the Company controls and manages the operation and administration of the Plan. Management has engaged a third-party administrator to assist with the Plan Administration. Principal Trust Company serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act were effective on January 1, 2020 and required significant changes to plan administration and recordkeeping.

As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act that included numerous employee benefit plan provisions to assist plan sponsors and participants.

Contributions:

Contributions to the Plan are comprised of participant and employer contributions. Participant contributions are determined by the participant. Participants may contribute up to 100% of their compensation, subject to IRS limitations (\$19,500 for both 2021 and 2020), plus catch-up contributions (\$6,500 for both 2021 and 2020) for participants age 50 or older. Under the Plan's Qualified Automatic Contribution Arrangement, participants who have not made an elective deferral election will be deemed to have made an election to defer 6% of their compensation. Participants may elect to have their contributions invested in various investment options offered by the Plan's custodian.

Participants may also contribute amounts representing rollovers from other qualified plans and certain individual retirement accounts. The Company provides a safe harbor contribution equal to 3% of eligible earnings, after one year of service. A profit sharing contribution is discretionary to stockholders and key personnel. Contributions are subject to certain limitations.

Investment Options:

Participants direct the investment of their accounts into various investment options offered by the Plan's custodian. The Plan currently offers registered investment companies, pooled separate accounts, common/collective trusts and a guaranteed investment contract as investment options.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1. Description of Plan: (Concluded)

Vesting:

Participants are immediately 100% vested in their voluntary contributions to the Plan. At December 31, 2021 and 2020, the vesting of the safe harbor contribution is as follows:

<u>Period of Service</u>	<u>Contributions Vested</u>
1 year	0%
2 years	100%

At December 31, 2021 the vesting of the profit sharing contribution is as follows:

<u>Period of Service</u>	<u>Contributions Vested</u>
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Benefits:

The Plan provides for benefit payments upon termination, death, disability, after participants attain age 59-1/2 and after attaining the normal retirement age of 65, based on the vested balance in the participant's account. Coronavirus related distributions and hardship withdrawals are also permitted if certain conditions are met, as outlined in the Plan Document. Benefit payments are recorded when paid. Amounts included in net assets available for plan benefits, which are allocated to accounts of terminated participants who have withdrawn from the Plan, were not significant as of December 31, 2021 or 2020.

Administrative Costs:

In 2021 and 2020, certain administrative costs of the Plan were paid by the Company, while other administrative costs of the Plan were paid from the assets of the Plan and allocated to the Plan participants.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to an amount equal to the lesser of \$50,000 or 50 percent of their vested account balance (except as modified by the CARES Act). The notes are secured by the balance in each participant's account and bear interest at a reasonable amount as determined by the Plan Administrator. Loan terms are generally 5 years or less unless for the purchase of a primary residence.

Participant Accounts:

Each participant's account is credited with the participant's contribution and an allocation of the Company's contributions, and plan earnings, and charged with benefit payments and transaction fees related to distributions, and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 2. Significant Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates:

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investments:

The insurance company general account is presented at contract value, as determined by Principal Trust Company. All other investments are stated at fair value. Interest from investments is recorded as earned. Investment income consists primarily of net realized and unrealized appreciation (depreciation) in fair value of investments and interest and dividend income.

Notes Receivable from Participants:

Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest.

Note 3. Income Taxes:

The Plan is relying on the IRS approval of the volume submitter plan that it has adopted. The IRS has determined and informed the document sponsor by a letter dated March 31, 2014 that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there is no audit in progress for any tax period.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 4. Fair Value Measurements:

FASB Accounting Standards Codification Topic 820, *Fair Value Measurement* (ASC 820), establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of inputs other than quoted prices in an active market that are observable, and Level 3 inputs are unobservable and significant to the fair value measurement, and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and 3 inputs are only used when Level 1 inputs are not available.

The Plan's investments reported at fair value in the accompanying statements of net assets available for benefits include:

	Total Fair Value	Quoted Prices In Active Markets for Identical Assets (Level 1)
December 31, 2021:		
<u>Registered Investment Companies:</u>		
Mutual Funds	\$ 1,455,497	\$ <u>1,455,497</u>
<u>Common/Collective Trusts (1):</u>		
Stable Value Fund	8,983,465	
<u>Pooled Separate Accounts (1):</u>		
Stable Value Fund	<u>1,219,061</u>	
Total Investments at fair value	\$ <u>11,658,023</u>	
December 31, 2020:		
<u>Registered Investment Companies:</u>		
Mutual Funds	\$ 1,522,149	\$ <u>1,522,149</u>
<u>Common/Collective Trusts (1):</u>		
Stable Value Fund	7,114,717	
<u>Pooled Separate Accounts (1):</u>		
Stable Value Fund	<u>999,367</u>	
Total Investments at fair value	\$ <u>9,636,233</u>	

- (1) The common/collective trust (CCT) and pooled separate accounts (PSA) assets are valued by the custodian or the CCT's or PSA's vendor/pricing agent at net asset value, and in accordance with ASU 2015-07, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The fair value of pooled separate accounts and common collective trusts are based on unit values of investments in separate investment accounts held by the Plan at year-end. In accordance with ASU 2015-07, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

MACRO SOLUTIONS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 5. Unaudited Information Certified by Custodian:

The plan administrator has elected the method of compliance permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as required under such election, the plan administrator has obtained a certification from Principal Trust Company that the following information is complete and accurate.

	2021	2020
Pooled separate accounts	\$ 1,219,061	\$ 999,367
Common/collective trusts	8,983,465	7,114,717
Registered investment companies	1,455,497	1,522,149
Insurance company general account	234,771	126,999
Notes receivable from participants	191,892	111,449
Dividend and interest income	33,669	34,282
Interest on notes receivable from participants	9,020	5,177
Net appreciation in fair value of investments	1,067,210	1,164,759

Note 6. Investment Contract with Insurance Company:

The Plan has entered into a benefit-responsive investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account (Principal Fixed Income Guaranteed Option). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract.

Contract value, as reported to the Plan by Principal, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Principal believes that contract value is an appropriate determination of fair value for the general account. The general account has no liquid market value because it is not tradable or assignable, and there are no defined maturities of the cash flows.

There is no reserve against contract value for credit risk of the contract issuer or otherwise. The interest crediting rates are based on a formula agreed upon with the issuer.

MACRO SOLUTIONS 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 6. Investment Contract with Insurance Company: (Concluded)

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the plan, or (c) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

The average interest crediting rate for the Principal Fixed Income Guaranteed Option Account was approximately 1.1% for years ended December 31, 2021 and 2020.

The differences are due to contributions receivable of \$612,798 at December 31, 2020.

Note 8. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

Note 9. Risks and Uncertainties:

Investments:

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Coronavirus Pandemic:

In March 2020, a pandemic of the Coronavirus (COVID-19) was declared by the World Health Organization. As a result, economic uncertainties have arisen that could negatively impact the operations of many businesses. COVID-19 has also resulted in volatility in financial markets. If the financial markets continue to be impacted over an extended period, the Plan's investment performance may be materially adversely affected. The ultimate impact of the COVID-19 pandemic on the amount and likelihood of loss is unknown and depends on future developments.

DECEMBER 31, 2021 AND 2020

Note 10. Exempt Party-In-Interest Transactions:

Certain transactions that are considered exempt party-in-interest transactions relate to normal management and administrative services, and the payment of expenses related thereto. Certain Plan investments are managed by Principal Life Insurance Company, an affiliate of Principal Trust Company, the custodian of the Plan and a party-in-interest to the Plan. Fees paid by the Plan for investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Note 11. Subsequent Events:

The Plan has evaluated events through October 17, 2022, the date that the financial statements were available to be issued and is not aware of any subsequent event which would require recognition or disclosure in the financial statements.
