Independent Auditor's Report

The Plan Administrator
Avant Healthcare Professionals
401K Profit Sharing Plan
Casselberry, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Avant Healthcare Professionals 401K Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Avant Healthcare Professionals 401K Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Avant Healthcare Professionals 401K Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document and adoption agreement for a more comprehensive description of the Plan's provisions.

General

The Plan, effective January 1, 2006 and most recently amended effective January 1, 2020, is a defined contribution plan covering all eligible employees of Avant Healthcare Professionals, LLC (the Company or Employer). The Plan is intended to satisfy all the requirements for a qualified retirement plan under the provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

All employees of the Company, as defined, are eligible to participate in the Plan upon attaining age 18 and completing one year of service, as defined. Employees may enter the Plan on the first day of the month following the date eligibility requirements are met.

Contributions

Participants may elect to make pre-tax or after-tax Roth contributions from 1% to 100% of their eligible compensation, as defined in the Plan agreement, up to a certain statutory maximum, which is set by law each year. Participants who are 50 years of age or older may contribute catch-up contributions. In addition, participants may roll over amounts from other qualified plans and certain IRAs.

The Company provides a safe harbor matching contribution to each eligible participant in an amount equal to 100% of the first 3% of eligible compensation deferred, and an additional 50% of the next 2% of eligible compensation deferred. The Company may also make a discretionary profit sharing contribution to the Plan. Participants will be eligible for the profit sharing contribution if they worked 1,000 hours during the Plan year and are employed on the last day of the Plan year. The Company did not make a profit sharing contribution for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's and Company contributions and allocations of the Plan's earnings, and charged with benefit payments and an allocation of the Plan's losses and administrative expenses. Plan earnings and losses are allocated based on account balances, while contributions are credited based upon elective deferrals and compensation, as defined. Administrative expenses are charged directly to the accounts of the participants who incur those fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Avant Healthcare Professionals 401K Profit Sharing Plan

Notes to Financial Statements

Vesting

Participants are immediately vested in their elective deferral contributions, rollover contributions, and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contributions accrue at a rate of 20% per year beginning with the second year of vesting service, with full vesting accruing after six years. Participants must work a minimum of 1,000 hours during each Plan year to earn a year of vesting service. Upon Plan termination, participant death or disability, or participant reaching normal retirement age, Company profit sharing contributions vest immediately.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to Plan limitations. The minimum loan is \$1,000 and participants may only have one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1.00%. Loan repayments are made ratably through payroll deductions over a period not to exceed five years, unless the loans were used to purchase a primary residence, in which case the loan terms may not exceed 30 years.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant with a vested balance greater than \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a series of installments over time. If the amount of the participant's vested balance is less than or equal to \$5,000, a single lump-sum payment will be made to the participant. Hardship withdrawals may be requested from participant deferrals and rollover contributions, as well as any vested Company non-elective and profit sharing contributions, and are paid in one lump-sum upon approval. In-service distributions from vested account balances may be made to participants who have attained age 59½.

Forfeitures

Any non-vested amounts remaining after the distribution of a terminated participant's account balance are forfeited. Forfeitures are used to reduce expenses paid by the Company or reduce the Company's contributions. There were no funds in the forfeiture account at December 31, 2021 and 2020.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Avant Healthcare Professionals 401K Profit Sharing Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional discussion of fair value measurements.

The Plan invests in a guaranteed interest account with Talcott Resolution Life Insurance Company (TRLIC), which is composed primarily of high-quality, fixed-income investments including public bonds, private placements, commercial mortgage loans, and short-term investments. Participants are guaranteed preservation of principal and a stated rate of return regardless of economic events while their TRLIC investment agreement (the Agreement) is active. Participants' accounts invested in the fixed interest account are available for participant-initiated transactions at contract value, including transfers to other investment options, loans and distributions in the event of hardship and upon a participant's retirement, death, disability, and certain separations from service. The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TRLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

If the Agreement is fully or partially terminated, participants will receive the liquidation value of the guaranteed interest account instead of the contract value. The liquidation value is determined in accordance with a formula contained in the Agreement, which is designed to reflect the value of the assets in the account. The liquidation value may be more or less than the contract value of the Plan's investment in the account. The Plan administrator has not expressed any intention to fully or partially terminate the Agreement. There are no unfunded commitments on this investment.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received primarily through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as distributions based on terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Certain transaction fees for loan issuances and distributions are charged directly to the

Avant Healthcare Professionals 401K Profit Sharing Plan

Notes to Financial Statements

accounts of the participants who incur those fees. Any costs associated with the investment of a participant's account are charged to that participant.

3. Information Certified by Qualifying Institutions

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year), which was certified by Great-West Life & Annuity Insurance Company (Great-West) and Massachusetts Mutual Life Insurance Company (MassMutual) as administrative agents and attorneys-in-fact for TRLIC as of December 31, 2021 and 2020, respectively, and by Great-West for the year ended December 31, 2021 as complete and accurate as permitted by 29 CFR 2520.103 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

<i>December 31,</i>	2021	2020
Investments, at fair value	\$ 7,590,698	\$ 6,005,194
Investments, at contract value	234,765	158,139
Notes receivable from participants	69,212	44,677

<i>Year ended December 31, 2021</i>		
Dividends	\$	920,743
Net depreciation in fair value of investments		(37,250)
Interest on guaranteed interest account		4,356
Interest income on notes receivable from participants		2,167

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental Schedule of Assets (Held at End of Year).

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Avant Healthcare Professionals 401K Profit Sharing Plan

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Pooled Separate Accounts - The Plan holds units of participation in the separate accounts, which are valued daily at their accumulation unit value. Accumulation unit value is determined based on the net asset value (NAV) of the underlying investments by taking the accumulation unit value for the prior valuation day and multiplying it by the net investment factor, as defined, for the current valuation day. There are no redemption restrictions or unfunded commitments on these investments.

<i>December 31,</i>	2021	2020
Target Retirement (a)	\$ 5,941,829	\$ 4,532,326
Large Cap Equity (b)	591,117	521,213
Fixed Income (c)	371,393	360,365
International/Global (d)	371,874	335,721
Mid Cap Equity (e)	165,830	134,612
Small Cap Equity (f)	148,655	120,957
Total Pooled Separate Accounts	\$ 7,590,698	\$ 6,005,194

- (a) *Target Retirement* - Invest in a mix of bonds for income and common stocks for growth primarily intended for investors target retirement dates.
- (b) *Large Cap Equity* - Seeks primarily long-term growth of capital and income and invests in common stocks and other equity securities of large-capitalization companies.
- (c) *Fixed Income* - Seeks a high level of current income and invests in high-yield, fixed income securities, and U.S. and foreign debt securities, including those in emerging markets.
- (d) *International/Global* - Seeks capital growth and invests primarily in securities of companies located outside the United States.
- (e) *Mid Cap Equity* - Seeks primarily long-term growth of capital and invests in a diversified portfolio of equity securities of mid-capitalization companies.
- (f) *Small Cap Equity* - Seeks primarily long-term total return and invests in small-capitalization companies.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different

Avant Healthcare Professionals 401K Profit Sharing Plan

Notes to Financial Statements

methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As the Plan's pooled separate accounts are measured at fair value using the unadjusted NAV per share (or its equivalent) practical expedient, they are not categorized within the fair value hierarchy. The Plan does not have any Level 1, 2, or 3 financial instruments.

5. Tax Status

The Plan has adopted the Great-West Trust Company, LLC Volume Submitter Profit-Sharing Plan with CODA. The Internal Revenue Service (IRS) has informed Great-West Trust Company, LLC by a letter dated March 31, 2014, that the prototype plan adopted by the Plan, as then designed, is in accordance with applicable sections of the IRC. Although the Plan has been amended since adoption, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

The IRS has informed Great-West Trust Company, LLC by an opinion letter dated June 30, 2020, that the prototype plan adopted by the Plan, as then-designed, is in accordance with the applicable sections of the IRC. Every six years, the IRS requires employers with qualified, pre-approved plans to restate their plan documents reflecting changes that have occurred since the plan documents were last restated. The Plan was restated on June 1, 2021.

6. Party-in-Interest and Related Party Transactions

Certain Plan investments are held and managed by TRLIC. The Plan pays investment management fees and administrative service fees to TRLIC and Great-West. The Plan also pays investment advisory fees to registered investment advisors. Transactions related to these investments qualify as party-in-interest transactions. For the year ended December 31, 2021, \$ 72,401 in fees were paid by the Plan for these services. Notes receivable from participants also qualify as exempt party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

8. Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

Avant Healthcare Professionals 401K Profit Sharing Plan

Notes to Financial Statements

9. Concentrations

Three investments comprised 19%, 13%, and 12% of net assets available for benefits as of December 31, 2021. The same three investments comprised 19%, 12%, and 11% of net assets available for benefits as of December 31, 2020.

10. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2021 as of October 17, 2022, the date the financial statements were issued. No material events have occurred since December 31, 2021 that require recognition or disclosure in the financial statements, except as follows:

Effective October 1, 2022, the Plan was amended to revise the eligibility requirements for employee and employer contributions from one year of service to three months of service.

Please refer to the plan's ERISA Section 408(b)(2) Disclosure materials, including the 408(b)(2) Disclosure Statement(s), Investment Option Disclosure(s), Service Agreement and Contract Amendments and 408(b)(2) Disclosure Statement Change Notices (the "408(b)(2) Disclosure Materials") previously delivered to you. You can also access copies of your 408(b)(2) Disclosure Materials through your MassMutual plan sponsor portal or you can contact your account manager for assistance.

The 408(b)(2) Disclosure Materials and this document, together, can assist a plan administrator ("you") in completing the Form 5500 Schedule C¹ by identifying different types of services and the different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes (based on the information in our records) with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

Important Note: On December 31, 2020, Empower Retirement acquired the retirement business of Massachusetts Mutual Life Insurance Company ("MassMutual"). Following an initial transition period, Empower Retirement will become the sole administrator of this business. If the Plan utilizes an insurance product and the contract was issued by MassMutual, this material is being provided to you by Great-West Life & Annuity Insurance Company, affiliated with Empower Retirement, with respect to Empower Retirement's role as the administrator of this business, on MassMutual's behalf and pursuant to a Power of Attorney granted to Great-West Life & Annuity Insurance Company by MassMutual. If the Plan utilizes an insurance product and the contract was issued by Talcott Resolution Life Insurance Company ("Talcott", formerly named Hartford Life Insurance Company) and formerly administered by MassMutual, this material is being provided to you by Great-West Life & Annuity Insurance Company, affiliated with Empower Retirement, with respect to Empower Retirement's role as the administrator of this business pursuant to a Power of Attorney granted to Great-West Life & Annuity Insurance Company by Talcott. Empower Retirement refers to the products and services offered by Great-West Life & Annuity Insurance Company ("GWLA") and its subsidiaries, including Empower Retirement, LLC. Neither Great-West Life & Annuity Insurance Company nor Empower Retirement is affiliated with MassMutual, Talcott or their respective affiliates.

Important Note: The information in this document is applicable to the plan prior to transitioning recordkeeping platforms.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

For use with lines 2(h), 3(c), 3(d), 3(e)

Total Direct Compensation Paid

\$113,835.50

The total amount identified above reflects all fees deducted from plan assets at the plan administrator's direction for the plan year. Service providers which have received portions of these direct fees are listed below, along with the amount of fees they received. Please note that if there is a discrepancy between the total direct fees reported above and the sum of the direct fees reported below, you should contact your other service providers or your plan records to identify the recipient(s) of the fees and any other information relevant to your Schedule C filing.

Recipient: Great-West Life & Annuity Insurance Company ("GWLA") EIN: 84-0467907

Service Codes: 15, 23, 37, 38, 54, 55, 59, 60, 62, 63, 64, 65, 66, 99, 50 (if direct compensation amount reflected below)

Direct Compensation

\$35,775.29

The total amount identified above reflects fees deducted from plan assets at the plan administrator's direction for the 2021 plan year for the above named recipient. Please review other service providers, below, to determine whether direct fees were also paid to them. Also, please review your records to determine whether other service providers may have received any compensation not reported below (e.g., a reimbursement paid to any plan fiduciary, your employee benefits counsel, or a plan auditor).

Note: Due to system accounting protocols (including 'cash basis' accounting), amounts reported as Direct Compensation and amounts reported as paid to Massachusetts Mutual Life Insurance Company ("MMLIC") are the net result of aggregating direct compensation after the effects of adjustments processed in 2021, some of which may have pertained to prior years.

Please review the detailed breakdown at the end of the report for further information.

Indirect Compensation

Non Monetary Compensation

Please note that items of nonmonetary compensation need to be reported for Schedule A or C (Form 5500) purposes if they exceed certain *de minimus* amounts. Transactions generating nonmonetary compensation may include gifts, gratuities, or certain types of in-kind benefits. In addition, if applicable to the plan, MassMutual agents may qualify for certain forms of non-monetary compensation as a result of the sale of MassMutual contracts. These forms of non-monetary compensation include health, vision, life and disability coverage; matching contributions to 401(k) plans; cash balance and nonqualified pension plan contributions; participation at MassMutual-sponsored conferences based on recognition; and other non-monetary compensation (meals, entertainment, prizes, awards, gifts). If applicable, each plan in the agent's book of business is allocated compensation based on a pro rata basis using the number of plans representing the agent's book of business as of 12/31/2021. Information concerning reportable transactions undertaken between or among non-MassMutual parties may not be available to MassMutual. Please consult with your legal or tax advisors if you have any questions.

¹ At the time this report was generated this information was not available.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in insurance company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2021 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation Statement

Mutual fund investments of the plan (whether direct or indirect through a separate investment account) may have soft dollar arrangements pursuant to which the investment advisor or sub-advisor to the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services, other than just trade execution. For plans investing directly or indirectly in MassMutual funds, the funds listed below had soft dollar arrangements during the previous fiscal year-end. For details, please refer to the Portfolio Transactions and Brokerage section of the Statement of Additional Information (“SAI”). For all other mutual funds, MassMutual provided the required written disclosure in the Statement of Additional Information (“SAI”).

For additional information on soft dollar compensation, refer to the section of the mutual fund’s SAI that discusses brokerage allocation and other practices.

The Plan Administrator
Avant Healthcare Professionals
401K Profit Sharing Plan
Casselberry, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Avant Healthcare Professionals 401K Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Avant Healthcare Professionals 401K Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Avant Healthcare Professionals 401K Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document and adoption agreement for a more comprehensive description of the Plan's provisions.

General

The Plan, effective January 1, 2006 and most recently amended effective January 1, 2020, is a defined contribution plan covering all eligible employees of Avant Healthcare Professionals, LLC (the Company or Employer). The Plan is intended to satisfy all the requirements for a qualified retirement plan under the provisions of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

All employees of the Company, as defined, are eligible to participate in the Plan upon attaining age 18 and completing one year of service, as defined. Employees may enter the Plan on the first day of the month following the date eligibility requirements are met.

Contributions

Participants may elect to make pre-tax or after-tax Roth contributions from 1% to 100% of their eligible compensation, as defined in the Plan agreement, up to a certain statutory maximum, which is set by law each year. Participants who are 50 years of age or older may contribute catch-up contributions. In addition, participants may roll over amounts from other qualified plans and certain IRAs.

The Company provides a safe harbor matching contribution to each eligible participant in an amount equal to 100% of the first 3% of eligible compensation deferred, and an additional 50% of the next 2% of eligible compensation deferred. The Company may also make a discretionary profit sharing contribution to the Plan. Participants will be eligible for the profit sharing contribution if they worked 1,000 hours during the Plan year and are employed on the last day of the Plan year. The Company did not make a profit sharing contribution for the year ended December 31, 2021.

Participant Accounts

Each participant's account is credited with the participant's and Company contributions and allocations of the Plan's earnings, and charged with benefit payments and an allocation of the Plan's losses and administrative expenses. Plan earnings and losses are allocated based on account balances, while contributions are credited based upon elective deferrals and compensation, as defined. Administrative expenses are charged directly to the accounts of the participants who incur those fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral contributions, rollover contributions, and the Company's safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's profit sharing contributions accrue at a rate of 20% per year beginning with the second year of vesting service, with full vesting accruing after six years. Participants must work a minimum of 1,000 hours during each Plan year to earn a year of vesting service. Upon Plan termination, participant death or disability, or participant reaching normal retirement age, Company profit sharing contributions vest immediately.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to Plan limitations. The minimum loan is \$1,000 and participants may only have one loan outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1.00%. Loan repayments are made ratably through payroll deductions over a period not to exceed five years, unless the loans were used to purchase a primary residence, in which case the loan terms may not exceed 30 years.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant with a vested balance greater than \$5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a series of installments over time. If the amount of the participant's vested balance is less than or equal to \$5,000, a single lump-sum payment will be made to the participant. Hardship withdrawals may be requested from participant deferrals and rollover contributions, as well as any vested Company non-elective and profit sharing contributions, and are paid in one lump-sum upon approval. In-service distributions from vested account balances may be made to participants who have attained age 59½.

Forfeitures

Any non-vested amounts remaining after the distribution of a terminated participant's account balance are forfeited. Forfeitures are used to reduce expenses paid by the Company or reduce the Company's contributions. There were no funds in the forfeiture account at December 31, 2021 and 2020.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for additional discussion of fair value measurements.

The Plan invests in a guaranteed interest account with Talcott Resolution Life Insurance Company (TRLIC), which is composed primarily of high-quality, fixed-income investments including public bonds, private placements, commercial mortgage loans, and short-term investments. Participants are guaranteed preservation of principal and a stated rate of return regardless of economic events while their TRLIC investment agreement (the Agreement) is active. Participants' accounts invested in the fixed interest account are available for participant-initiated transactions at contract value, including transfers to other investment options, loans and distributions in the event of hardship and upon a participant's retirement, death, disability, and certain separations from service. The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measurement attribute for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by TRLIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

If the Agreement is fully or partially terminated, participants will receive the liquidation value of the guaranteed interest account instead of the contract value. The liquidation value is determined in accordance with a formula contained in the Agreement, which is designed to reflect the value of the assets in the account. The liquidation value may be more or less than the contract value of the Plan's investment in the account. The Plan administrator has not expressed any intention to fully or partially terminate the Agreement. There are no unfunded commitments on this investment.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received primarily through payroll deductions and the notes are collateralized by the participants' account balances. Delinquent notes receivable from participants are recorded as distributions based on terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Certain transaction fees for loan issuances and distributions are charged directly to the

Avant Healthcare Professionals 401K Profit Sharing Plan

Notes to Financial Statements

accounts of the participants who incur those fees. Any costs associated with the investment of a participant's account are charged to that participant.

3. Information Certified by Qualifying Institutions

The following is a summary of the Plan's financial information and data included in the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year), which was certified by Great-West Life & Annuity Insurance Company (Great-West) and Massachusetts Mutual Life Insurance Company (MassMutual) as administrative agents and attorneys-in-fact for TRLIC as of December 31, 2021 and 2020, respectively, and by Great-West for the year ended December 31, 2021 as complete and accurate as permitted by 29 CFR 2520.103 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

<i>December 31,</i>	2021	2020
Investments, at fair value	\$ 7,590,698	\$ 6,005,194
Investments, at contract value	234,765	158,139
Notes receivable from participants	69,212	44,677

Year ended December 31, 2021

Dividends	\$ 920,743
Net depreciation in fair value of investments	(37,250)
Interest on guaranteed interest account	4,356
Interest income on notes receivable from participants	2,167

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental Schedule of Assets (Held at End of Year).

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Avant Healthcare Professionals 401K Profit Sharing Plan

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Pooled Separate Accounts - The Plan holds units of participation in the separate accounts, which are valued daily at their accumulation unit value. Accumulation unit value is determined based on the net asset value (NAV) of the underlying investments by taking the accumulation unit value for the prior valuation day and multiplying it by the net investment factor, as defined, for the current valuation day. There are no redemption restrictions or unfunded commitments on these investments.

<i>December 31,</i>	2021	2020
Target Retirement (a)	\$ 5,941,829	\$ 4,532,326
Large Cap Equity (b)	591,117	521,213
Fixed Income (c)	371,393	360,365
International/Global (d)	371,874	335,721
Mid Cap Equity (e)	165,830	134,612
Small Cap Equity (f)	148,655	120,957
Total Pooled Separate Accounts	\$ 7,590,698	\$ 6,005,194

- (a) *Target Retirement* - Invest in a mix of bonds for income and common stocks for growth primarily intended for investors target retirement dates.
- (b) *Large Cap Equity* - Seeks primarily long-term growth of capital and income and invests in common stocks and other equity securities of large-capitalization companies.
- (c) *Fixed Income* - Seeks a high level of current income and invests in high-yield, fixed income securities, and U.S. and foreign debt securities, including those in emerging markets.
- (d) *International/Global* - Seeks capital growth and invests primarily in securities of companies located outside the United States.
- (e) *Mid Cap Equity* - Seeks primarily long-term growth of capital and invests in a diversified portfolio of equity securities of mid-capitalization companies.
- (f) *Small Cap Equity* - Seeks primarily long-term total return and invests in small-capitalization companies.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different

Avant Healthcare Professionals 401K Profit Sharing Plan

Notes to Financial Statements

methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As the Plan's pooled separate accounts are measured at fair value using the unadjusted NAV per share (or its equivalent) practical expedient, they are not categorized within the fair value hierarchy. The Plan does not have any Level 1, 2, or 3 financial instruments.

5. Tax Status

The Plan has adopted the Great-West Trust Company, LLC Volume Submitter Profit-Sharing Plan with CODA. The Internal Revenue Service (IRS) has informed Great-West Trust Company, LLC by a letter dated March 31, 2014, that the prototype plan adopted by the Plan, as then designed, is in accordance with applicable sections of the IRC. Although the Plan has been amended since adoption, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

The IRS has informed Great-West Trust Company, LLC by an opinion letter dated June 30, 2020, that the prototype plan adopted by the Plan, as then-designed, is in accordance with the applicable sections of the IRC. Every six years, the IRS requires employers with qualified, pre-approved plans to restate their plan documents reflecting changes that have occurred since the plan documents were last restated. The Plan was restated on June 1, 2021.

6. Party-in-Interest and Related Party Transactions

Certain Plan investments are held and managed by TRLIC. The Plan pays investment management fees and administrative service fees to TRLIC and Great-West. The Plan also pays investment advisory fees to registered investment advisors. Transactions related to these investments qualify as party-in-interest transactions. For the year ended December 31, 2021, \$ 72,401 in fees were paid by the Plan for these services. Notes receivable from participants also qualify as exempt party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances.

8. Risks and Uncertainties

The Plan utilizes various investment instruments, which are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The macroeconomic impacts stemming from the conflict in Ukraine, and the potential impact and duration of the COVID-19 pandemic, continuing supply chain issues and rising inflation has continued to cause volatility in the markets. Any future impact on investments or the Plan remains uncertain.

9. Concentrations

Three investments comprised 19%, 13%, and 12% of net assets available for benefits as of December 31, 2021. The same three investments comprised 19%, 12%, and 11% of net assets available for benefits as of December 31, 2020.

10. Subsequent Events

The Plan has evaluated events and transactions occurring subsequent to December 31, 2021 as of October 17, 2022, the date the financial statements were issued. No material events have occurred since December 31, 2021 that require recognition or disclosure in the financial statements, except as follows:

Effective October 1, 2022, the Plan was amended to revise the eligibility requirements for employee and employer contributions from one year of service to three months of service.
