Independent Auditor's Report

Savings Plan Committee
DeWitt LLP Savings Plan & Trust
Madison, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of DeWitt LLP Savings Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements

themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DeWitt LLP Savings Plan & Trust

Notes to Financial Statement

1. Description of the Plan

The following description of the DeWitt LLP Savings Plan & Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan available to qualifying employees of DeWitt Ross & Stevens S.C. and DeWitt Mackall Crounse & Moore, S.C. (collectively referred to as the “Employer”). The Plan is designed to comply with Section 401(k) and the regulations thereunder of the Internal Revenue Code (“IRC”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

All employees of the Employer, except leased employees, are eligible to participate upon beginning employment.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Effective January 1, 2016 participants are automatically enrolled with their deferral rate set at 5% of their eligible compensation, and their contributions invested in a designated balanced fund until changed by the participant. The deferral rate increases annually at a rate of 1% up to 10%.

Contributions

Each year, participants may contribute a portion of their pretax annual compensation, as defined in the Plan and as limited to the maximum allowed by current Internal Revenue Service (“IRS”) guidelines for approved plans. Participants may also elect to make designated Roth contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). In addition, participants age 50 or over can make catch-up contributions.

For each Plan year, the Employer may make discretionary profit-sharing contributions on behalf of each eligible participant who is credited with an hour of service during the Plan year. The Company makes profit sharing contributions to participants’ accounts based on annual salary. The contribution for 2021 was 5.7% of gross compensation up to \$100,000, 7% of gross compensation from \$100,000 to \$180,000, and \$38,500 for gross compensation above \$180,000.

Participant Accounts

Each participant’s account is credited with the participant’s salary reduction contributions, rollover contributions, the Employer’s profit sharing contribution, and an allocation of investment earnings. Each account is charged with distributions and an allocation of investment losses and administrative expenses. Allocations are based on the participant’s eligible compensation, account balances, or specific participant transactions, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

DeWitt LLP Savings Plan & Trust

Notes to Financial Statement

Notes Receivable from Participants

Participants may, subject to certain conditions and limitations, borrow from the Plan a minimum of \$1,000 up to an amount not exceeding 50% of the vested portion of the participant's account. The aggregate outstanding balance of all loans from the Plan is limited to the lesser of \$50,000 or 50% of the vested portion of the participant's account under the Plan. The term of loan repayment shall not exceed five years. Principal and interest are paid ratably through payroll deductions. These loans are secured by the balance in the participant's account and bear interest rates which are commensurate with local prevailing rates as determined quarterly by the Plan Administrator. A participant may not have more than five loans outstanding at any given time, except that a participant hired or rehired on or after January 1, 2018, may not have more than two loans outstanding at any given time. A participant may not obtain more than two loans during any plan year. Interest rates ranged between 4.25% and 6.50% at December 31, 2021. Maturity dates range from January 2022 to January 2027.

Vesting

Participants are immediately 100% vested in their salary reduction contributions, rollover contributions, and Employer profit sharing contributions, plus earnings thereon.

Investment Options

Participants are allowed to direct their account balances, their contributions, and the Employer's profit-sharing contributions into several investment options made available by the Plan Administrator or into other segregated (self-directed) investments, as described in the Plan Document.

Payments of Benefits

On termination of service due to retirement or disability, a participant may elect to receive: (a) a lump-sum amount based on the value of his or her account; (b) installments over a specified period which cannot exceed the normal life expectancy of the participant; (c) equal installments over a period of time which cannot exceed the joint and last survivor life expectancy of the participant and his or her designated beneficiary; or (d) transfer of a lump-sum to another qualified plan or IRA account. A participant may also elect to receive a hardship distribution, as defined by the terms of the Plan.

Upon the death of a participant prior to the commencement of distribution of any benefit under the Plan, or prior to the complete distribution of his or her accounts, his or her surviving beneficiary shall be entitled to a death benefit equal to the sum of such participant's accounts as of the date of his or her death.

On termination of service for reasons other than retirement, death, or disability, the following shall apply:

- 1) If the value of the participant's account is less than \$5,000, then the Plan Administrator may distribute the participant's account balance without the participant's consent.

DeWitt LLP Savings Plan & Trust

Notes to Financial Statement

- 2) If the value of the participant's account is less than \$1,000, the account balance will be distributed to the participant as soon as administratively feasible.
- 3) If the value of the participant's account is greater than \$1,000, but less than \$5,000, and the participant does not elect to have the distribution paid directly to an eligible retirement plan specified by the participant, then the Plan Administrator will distribute the participant's account balance in a direct rollover to an individual retirement plan designated by the Plan Administrator.

Termination of Plan

Although it has not expressed any intent to do so, the employer has the right to terminate the Plan at any time subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements* (ASC 820). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and trustee. See Note 3 for further discussion of fair value measurements.

Net appreciation in fair value of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the period.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Other income represents the dividends, interest, and net appreciation (depreciation) earned within the Self-Directed Brokerage Accounts.

DeWitt LLP Savings Plan & Trust

Notes to Financial Statement

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, net of any allowance for uncollectible amounts. No allowance for credit losses has been recorded as of December 31, 2021 or 2020. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred.

Payment of Benefits

Benefits are recorded upon distribution to participants.

Administrative Expenses

Investment related expenses are included in the net appreciation in fair value of investments. Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements.

3. Fair Value Measurements

ASC 820 provides a framework for measuring fair value utilizing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Notes to Financial Statement

Registered Investment Companies

Shares of registered investment companies (“RICs”) are valued at the daily closing price as reported by the fund. Shares of RICs held by the Plan are open-ended mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. Shares of RICs held by the Plan are deemed to be actively traded.

Common/Collective Trust Fund

Investment in the common/collective trust fund is valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Self-Directed Brokerage Accounts

Investments held in self-directed brokerage accounts are valued using the following valuation methodologies:

- Money market trust accounts are valued daily at the NAV of the shares held.
- Investments in common stocks are valued at the closing price reported on the active market on which the individual securities are traded.
- Investments in corporate bonds are valued using pricing models based on yields currently available on comparable securities of issuers with similar credit ratings.
- Investments in limited partnership/hedge fund are valued at the NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.
- Shares of RICs are valued at the daily closing price as reported by the fund. Shares of RICs held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. Shares of RICs held by the Plan are deemed to be actively traded.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DeWitt LLP Savings Plan & Trust

Notes to Financial Statement

The following tables set forth by level within the fair value hierarchy the Plan's investment assets at fair value as of December 31, 2021 and 2020. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

* The investment in the common collective trust fund is measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in the tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following tables provide an overview of the nature and risks associated with investments for which fair value is measured using NAV per share practical expedient as of December 31, 2021 and 2020, as well as whether it is probable those investments will be sold at amounts different from their reported NAV per share based on redemption restrictions, if any:

Notes to Financial Statement

4. Information Prepared and Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee, Matrix Trust Company, has certified that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Non-interest-bearing cash, investments, and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020.
- Investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent accountants did not perform auditing procedures with respect to the above information, except for comparing such information as certified by the trustee to the related amounts included in the accompanying financial statements and ERISA-required supplemental schedule.

5. Related Party and Party In-Interest Transactions

The Matrix Trust Company, the trustee, and Milliman, the recordkeeper, perform administrative and record keeping services for the Plan; therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to the third-party administrators amounted to \$241,595 for the year ended December 31, 2021.

The Plan allows for notes receivable from participants, which are considered exempt party-in-interest transactions.

Certain employees of the employer provide administrative services to the Plan. These employees are not paid by the Plan for their services.

6. Tax Status

The Plan obtained a determination letter dated March 14, 2017, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving its determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements by the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there currently are no audits for any tax periods in progress.

DeWitt LLP Savings Plan & Trust

Notes to Financial Statement

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and participant account balances.

Included in investments at December 31, 2021 and 2020, are shares of Fidelity Total Market Index Institutional Fund amounting to \$19,240,390 and \$15,707,559, respectively. This investment represents 14.4% and 13.3% of total investments at December 31, 2021 and 2020, respectively.

Included in investments at December 31, 2021 and 2020, are shares of Fidelity Large Cap Growth Index Institutional Fund amounting to \$14,888,165 and \$11,991,857, respectively. This investment represents 11.1% and 10.2% of total investments at December 31, 2021 and 2020, respectively.

8. Subsequent Events

The Plan has evaluated subsequent events through October 20, 2022, the date the Plan's financial statements were available to be issued. No events, other than those noted below, have occurred that would influence the readers opinion or require recognition in the financial statements for the year ended December 31, 2021.

Effective January 1, 2022, the Plan was amended to increase the annual auto-escalation cap from 10% to 15%.
