INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants,
Catchpoint Systems, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Catchpoint Systems, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution, Voya Retirement Insurance and Annuity Company, as of and for the years ended December 31, 2021 and 2020, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Part IV, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 2021 and Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 and 2020, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Catchpoint Systems, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

1. DESCRIPTION OF PLAN

The following description of Catchpoint Systems, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a 401(k) defined contribution plan covering eligible employees of Catchpoint Systems, Inc. (the “Company” or “Plan Sponsor”) and certain affiliates. The Company is the Plan administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Plan Transfers

Prior to the establishment of this Plan, the Company participated in a PEO Plan with ADP Retirement Systems. Assets from the PEO Plan were transferred to Voya Financial Company (“Voya”) on July 17, 2020, and are identified as transfers into Plan on the statement of changes in net assets available for benefits.

Eligibility

Employees of the Company, other than leased employees, nonresident aliens, or union employees, are eligible to make deferral contributions to the Plan starting immediately if they have attained the age of 21 and have completed one month of service. Employees are eligible for safe harbor contributions if they have attained the age of 21 and have completed three months of service. Employees are then entered into the Plan on the first day they meet the eligibility criteria specified above.

Contributions

Participants

Participants can make pretax and post-tax (Roth) contributions of up to 100% of eligible compensation, up to the limitation contained in the Internal Revenue Code (“IRC”) in effect for each taxable year. In 2021 and 2020, participants were permitted to contribute up to a maximum of \$19,500 with an additional \$6,500 catch-up contribution for employees over 50 years old. Participants direct the investment of their contributions among various investment options offered by the Plan.

Employer

The Company will contribute a matching contribution to each employee’s safe harbor account in an amount equal to 100% of the matched employee contributions that are not in excess of 4% of each employee’s Plan compensation. Matching contributions will be allocated to the safe harbor accounts of participants as soon as administratively feasible after each pay period.

Rollover Contributions

Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, an allocation of the Company’s contribution (if any), and the Plan’s earnings or losses and is charged with the participant’s distributions, if any, and an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in all contributions plus actual earnings thereon.

Catchpoint Systems, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Notes Receivable from Participants

Participants are allowed to borrow up to one loan at a time from their accounts in an amount equal to no less than \$1,000 and no greater than the lesser of \$50,000 or 50% of the participant's vested balance. The loans bear interest, and principal and interest are repaid ratably through payroll deductions. The loans generally bear interest at the prime rate at the time of the loan plus one percentage point. General purpose loans must be repaid within five years, and loans used to purchase a primary residence may be paid over a longer period of time subject to the provisions of the IRC.

Payment of Benefits

In the event of retirement, disability, or termination of employment, participants may elect a lump-sum or partial distribution equal to the value of the participant's vested balance, or transfer their vested benefits to another qualified plan or to an individual retirement account. Participants may also request in-service distributions upon attaining age 59½ or in the event of certain hardships. Vested balances under \$5,000 may be automatically distributed upon a participant's severance of employment.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income from notes receivable is recorded when earned. No allowance for losses is deemed necessary by Plan management as principal and interest are repaid through payroll deductions. A note receivable is considered to be in default on the last day of the calendar quarter following the calendar quarter during which the scheduled payment was due but not paid, at which point the defaulted note receivable is considered to be a distribution to the participant, and the note is removed from the Plan's assets.

Investment Valuation and Income Recognition

The Plan's investments are recorded at fair value, except for the benefit-responsive investment contract, which is recorded at contract value, as required (see Notes 3 and 5).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis and dividends are recorded on the ex-dividend date. Net appreciation(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the Plan year. There were no significant amounts of investment income due to the Plan at either December 31, 2021 or 2020.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Professional fees and certain administrative expenses relating to the operation of the Plan are paid by the Company, and the remainder of the expenses are paid by the Plan. Administrative expenses were \$13,715 and \$16,427 for the years ended December 31, 2021 and 2020, respectively.

Catchpoint Systems, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein during the reporting period and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. FAIR VALUE MEASUREMENTS

The Plan's investments in mutual funds are recorded at fair value in accordance with the accounting pronouncement on fair value measurements, which established a framework for measuring fair value and clarifies that fair value is an estimate of the exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (i.e., the exit price at the measurement date).

The accounting pronouncement on fair value measurements establishes a three-tier fair value hierarchy, which classifies the inputs used in measuring fair value. These tiers include:

Level 1 – Quoted prices in active markets for identical assets or liabilities

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities (interest rates, prepayment speeds, credit risk, etc.)

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose value is determined using pricing models, discounted cash flows, or similar methodologies, as well as instruments for which the determination of fair value requires significant judgment or estimation

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. There were no changes in the methodologies used at December 31, 2021 and 2020, and there were no transfers between any of the fair value measurement levels for the years ended December 31, 2021 and 2020. The following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds: Investments are valued using the net asset value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within Level 1 of the fair value hierarchy.

Notes to Financial Statements
December 31, 2021 and 2020

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value, on a recurring basis as of December 31, 2021 and 2020:

As of December 31, 2021				
Fair Value Measurement				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,009,589	\$ -	\$ -	\$ 9,009,589

Fair Value Measurement				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 6,171,674	\$ -	\$ -	\$ 6,171,674

4. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the custodian of the Plan has certified the completeness and accuracy of all investments, notes receivable, and the related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020, the statements of changes in net assets available for benefits for the years ended December 31, 2021 and 2020, and the accompanying schedules of assets (held at end of year) as of December 31, 2021 and 2020. No auditing procedures were performed by the independent auditor as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the custodian, except for comparing such information with the related information included in the financial statements and supplemental schedules. Based on information provided and certified by the custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the years ended December 31, 2021, and 2020.

5. GUARANTEED INVESTMENT CONTRACT

The Plan invests in a fully benefit-responsive investment contract whereby the custodian maintains the contributions in a general account. The investment contract is included in the statements of net assets available for benefits at contract value as reported to the Plan by the custodian. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The minimum interest rate guaranteed to the Plan is 1%.

Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

Catchpoint Systems, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2021 and 2020

Certain events limit the Plan's ability to transact at contract value. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

6. PLAN TERMINATION

Although it has not expressed an intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their remaining employer contribution balances, as applicable.

7. TAX STATUS

The Plan adopted a non-standardized profit-sharing 401(k) plan which obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. Furthermore, there is no tax-related interest or penalties for periods presented in these financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include a pooled separate account and a guaranteed investment contract issued by the custodian of the Plan's investments. All such investment transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Certain fees and expenses of the Plan are paid by the Company. Additionally, certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Additionally, notes receivable from participants are considered party-in-interest transactions.

Notes to Financial Statements
December 31, 2021 and 2020

9. DELINQUENT PARTICIPANT CONTRIBUTIONS

DOL regulations require that salary deferrals to a 401(k) plan that are withheld from employees' paychecks must be deposited into the Plan as soon as they can be reasonably segregated from the employer's general assets, but in no event later than the fifteenth business day of the month following the month in which the participant contributions are withheld. The Plan inadvertently delayed making certain deposits for employee withholdings as soon as they could be reasonably segregated. For the year ended December 31, 2020, such delayed deposits totaled \$45,624. Management calculated the related lost earnings to be approximately \$500. The Plan took corrective actions by funding the principle of the employee contributions during 2020, and the lost earnings are anticipated to be funded by December 31, 2022.

10. SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events occurring after December 31, 2021 through October 17, 2022, the date the financial statements were available to be issued. Based upon this evaluation, the Plan has determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.
