INDEPENDENT AUDITOR'S REPORT

To the Plan Committee
Precision Medical Products, Inc. 401(k) Plan
Rocklin, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Precision Medical Products, Inc. 401(k) Plan (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Accountant's Compilation Report on the 2020 Financial Statement

Plan management is responsible for the accompanying financial statement of Precision Medical Products, Inc. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related notes to the 2020 financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2020 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2020 financial statement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets held at end of year as of and for the year ended December 31, 2021 are presented for purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The forms and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of Precision Medical Products, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2013, to provide benefits to employees and the employees' beneficiaries of Precision Medical Products, Inc. (the "Plan Sponsor"). The Plan is a defined contribution plan covering all employees excluding union employees, non-resident aliens, and leased employees. Employees must be 18 years old to participate in the Plan. Eligible participants may begin salary deferrals on the first day of the month coinciding with, or next following date requirements met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). OneAmerica is the Plan Custodian. An employee of the Plan Sponsor is the Trustee.

Plan Year

The Plan year begins January 1st and ends December 31st.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the Code). Employees are immediately eligible to defer salary. Employees may voluntarily contribute up to 100% of their eligible compensation, subject to various nondiscrimination tests and limitations prescribed by the Code or they may choose to opt out of the participating in the Plan. Roth contributions are also permitted by the Plan.

- *Employer Safe Harbor Matching Contributions*
  The Plan Sponsor makes a safe harbor matching contribution equal to 100% of the first 3% of a participant's compensation and 50% up to the next 2% of the participant's compensation contributed to the Plan. The applicable period for safe harbor matching contributions is each payroll period. The Plan Sponsor made safe harbor matching contributions of $158,816 for the year ending December 31, 2021.

- *Employer Discretionary Matching Contributions*
  The Plan Sponsor may make a discretionary matching contribution at management's discretion. Discretionary matching contributions are equal to a discretionary percentage of a participant's elective deferrals, as determined by the employer. The Plan Sponsor elected not to make a discretionary matching contribution for the year ended December 31, 2021.

- *Employer Non-Elective Profit-Sharing Contributions*
  The Plan Sponsor may make a non-elective profit-sharing contribution at management's discretion. Employer profit sharing contributions are allocated in the same ratio as each participant's compensation bears to the total of such compensation of all participants. In order to be eligible for profit sharing contributions, the employee must have completed a year of service (1,000 hours) and be employed on the last day of the Plan year. The Plan Sponsor elected not to make a profit sharing contribution for the year ended December 31, 2021.

NOTE 1: **DESCRIPTION OF PLAN (continued)**

- *Rollover Contributions*
  Participants may make rollover contributions from another qualified plan. There were $76,897 in rollover contributions for the year ended December 31, 2021.

Vesting
Participants are always 100% vested in their elective salary deferral contributions and employer safe harbor matching contributions. Employer discretionary matching contributions and employer non-elective profit-sharing contributions, and gains/losses credited thereon, vest over a six-year period as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year. Participants are fully vested upon death.

Forfeitures
Forfeitures may be used for payment of plan expenses or reduce the employer contributions. There were $4,800 forfeitures available for the year ended December 31, 2021.

Retirement
Normal retirement under the Plan is age 62 or the 5th anniversary of the first day of the Plan year in which participation in the Plan commenced.

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) termination of employment; 3) death; 4) demonstration of financial hardship; or 5) in-service withdrawal after the age of 59 ½. Benefit payments may be made in a single lump sum, installments for participants subject to required, minimum distributions, or terminated participants may elect to withdraw any portion of their vested account balance at any time.

Notes Receivable from Participants
The Plan allows participants to borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans bear interest at a rate set by the Plan Administrator. Loan repayments are made through payroll withholdings. The repayment term is less than or equal to five years except for the loans made for the purchase of a primary residence, which may permit a longer repayment term. A participant may have no more than two outstanding loans.

Participant Accounts and Allocations
Each participant's account is credited with the participant's contributions, rollover contributions, the Plan Sponsor's contributions, an allocation of plan earnings, and an allocation of certain plan expenses, as defined by the Plan. The yield (interest, dividends, and net realized and unrealized gains and losses) on investments is allocated to each participant's account based on each participant's pro-rata share of the total investment in the particular fund. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

NOTE 1: **DESCRIPTION OF PLAN (continued)**

Administrative Expenses
All administrative expenses of the Plan are paid by the Plan or the Plan Sponsor at the discretion of the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition
Investments are stated at fair market value using quoted market prices when available. The group fixed annuity contract is a benefit responsive investment contract and is stated at contract value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Increases in the unit values of investments are reflected in each participant's self-directed account.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for doubtful accounts had been recorded as of December 31, 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the Plan Sponsor will offset the Participant's vested account balances by the outstanding balance of the loan to the extent permitted by law.

Payment of Benefits
Benefits to participants are recorded when paid.

Income Taxes
The Plan has adopted a prototype non-standardized profit sharing plan and has obtained a favorable opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2021 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however, there are currently no examinations for any tax periods in progress.

Estimates and Assumptions
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **INFORMATION CERTIFIED BY THE CUSTODIAN**

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by American United Life Insurance Company, a company affiliated with the Plan Custodian, as of and for the year ended December 31, 2021:

	2021
	(audited)
Mutual funds	$ 1,235,405
Group fixed annuity contract	$ 6,175
Notes receivable from participants	$ 123,019
Net appreciation in fair value of investments	$ 131,531
Interest income, notes receivable from participants	$ 3,936

NOTE 4: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4: **FAIR VALUE MEASUREMENTS (continued)**

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Assets at fair value as of December 31, 2021 *(audited)*			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,235,405	$ -	$ -	$ 1,235,405
Investments at fair value	$ 1,235,405	$ -	$ -	$ 1,235,405

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Assets at fair value as of December 31, 2020 *(compiled)*			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 708,513	$ -	$ -	$ 708,513
Investments at fair value	$ 708,513	$ -	$ -	$ 708,513

NOTE 5: **GROUP FIXED ANNUITY CONTRACT**

Plan investments include an investment in a fully benefit-responsive investment contract with American United Life Insurance Company, which maintains contributions to the fund in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed investment contract's issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed by the Plan.

Because the fixed annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed annuity contract. Contract value, as reported to the Plan by American United Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As of December 31, 2021 and 2020, the contract value of fully benefit responsive fixed annuity contract was $6,175 and $3,411, respectively. Participants may ordinarily direct the withdrawals or transfer of all, or a portion of, their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest is credited to the fixed account at an annual effective yield that is at least equal to the minimum guaranteed interest rate in the investment contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 6: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7: **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Fees paid by the Plan for the investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to administration of the Plan and investment advisory fees were paid by the Plan. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA.

NOTE 8: **PROHIBITED TRANSACTIONS**

During the Plan year ended December 31, 2020, the Plan Sponsor failed to timely remit $3,024 of contributions to the Plan. Prior to the year ended December 31, 2020, the Plan Sponsor failed to timely remit $47,939 of contributions to the Plan .

NOTE 9: **RISKS AND UNCERTAINTIES**

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10: **SUBSEQUENT EVENTS**

Plan management has evaluated events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Management has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued, and has determined that no subsequent events have occurred except as follows:

The Plan was amended and restated effective January 1, 2022 to comply with tax and regulatory requirements. There were no significant changes to Plan provisions.

INDEPENDENT AUDITOR'S REPORT

To the Plan Committee
Precision Medical Products, Inc. 401(k) Plan
Rocklin, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Precision Medical Products, Inc. 401(k) Plan (the "Plan") an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Accountant's Compilation Report on the 2020 Financial Statement

Plan management is responsible for the accompanying financial statement of Precision Medical Products, Inc. 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2020, and the related notes to the 2020 financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2020 financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the 2020 financial statement.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets held at end of year as of and for the year ended December 31, 2021 are presented for purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The forms and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: DESCRIPTION OF PLAN

The following description of Precision Medical Products, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established effective January 1, 2013, to provide benefits to employees and the employees' beneficiaries of Precision Medical Products, Inc. (the "Plan Sponsor"). The Plan is a defined contribution plan covering all employees excluding union employees, non-resident aliens, and leased employees. Employees must be 18 years old to participate in the Plan. Eligible participants may begin salary deferrals on the first day of the month coinciding with, or next following date requirements met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). OneAmerica is the Plan Custodian. An employee of the Plan Sponsor is the Trustee.

Plan Year

The Plan year begins January 1st and ends December 31st.

Contributions

The Plan allows for the following types of contributions:

- *Employee Salary Deferral 401(k) Contributions*
  The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Internal Revenue Code (the Code). Employees are immediately eligible to defer salary. Employees may voluntarily contribute up to 100% of their eligible compensation, subject to various nondiscrimination tests and limitations prescribed by the Code or they may choose to opt out of the participating in the Plan. Roth contributions are also permitted by the Plan.

- *Employer Safe Harbor Matching Contributions*
  The Plan Sponsor makes a safe harbor matching contribution equal to 100% of the first 3% of a participant's compensation and 50% up to the next 2% of the participant's compensation contributed to the Plan. The applicable period for safe harbor matching contributions is each payroll period. The Plan Sponsor made safe harbor matching contributions of $158,816 for the year ending December 31, 2021.

- *Employer Discretionary Matching Contributions*
  The Plan Sponsor may make a discretionary matching contribution at management's discretion. Discretionary matching contributions are equal to a discretionary percentage of a participant's elective deferrals, as determined by the employer. The Plan Sponsor elected not to make a discretionary matching contribution for the year ended December 31, 2021.

- *Employer Non-Elective Profit-Sharing Contributions*
  The Plan Sponsor may make a non-elective profit-sharing contribution at management's discretion. Employer profit sharing contributions are allocated in the same ratio as each participant's compensation bears to the total of such compensation of all participants. In order to be eligible for profit sharing contributions, the employee must have completed a year of service (1,000 hours) and be employed on the last day of the Plan year. The Plan Sponsor elected not to make a profit sharing contribution for the year ended December 31, 2021.

NOTE 1: **DESCRIPTION OF PLAN (continued)**

- *Rollover Contributions*
  Participants may make rollover contributions from another qualified plan. There were $76,897 in rollover contributions for the year ended December 31, 2021.

Vesting
Participants are always 100% vested in their elective salary deferral contributions and employer safe harbor matching contributions. Employer discretionary matching contributions and employer non-elective profit-sharing contributions, and gains/losses credited thereon, vest over a six-year period as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year. Participants are fully vested upon death.

Forfeitures
Forfeitures may be used for payment of plan expenses or reduce the employer contributions. There were $4,800 forfeitures available for the year ended December 31, 2021.

Retirement
Normal retirement under the Plan is age 62 or the 5th anniversary of the first day of the Plan year in which participation in the Plan commenced.

Payment of Benefits
Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) termination of employment; 3) death; 4) demonstration of financial hardship; or 5) in-service withdrawal after the age of 59 ½. Benefit payments may be made in a single lump sum, installments for participants subject to required, minimum distributions, or terminated participants may elect to withdraw any portion of their vested account balance at any time.

Notes Receivable from Participants
The Plan allows participants to borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans bear interest at a rate set by the Plan Administrator. Loan repayments are made through payroll withholdings. The repayment term is less than or equal to five years except for the loans made for the purchase of a primary residence, which may permit a longer repayment term. A participant may have no more than two outstanding loans.

Participant Accounts and Allocations
Each participant's account is credited with the participant's contributions, rollover contributions, the Plan Sponsor's contributions, an allocation of plan earnings, and an allocation of certain plan expenses, as defined by the Plan. The yield (interest, dividends, and net realized and unrealized gains and losses) on investments is allocated to each participant's account based on each participant's pro-rata share of the total investment in the particular fund. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

NOTE 1: **DESCRIPTION OF PLAN (continued)**

Administrative Expenses
All administrative expenses of the Plan are paid by the Plan or the Plan Sponsor at the discretion of the Plan Sponsor. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 2: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting
The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition
Investments are stated at fair market value using quoted market prices when available. The group fixed annuity contract is a benefit responsive investment contract and is stated at contract value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Increases in the unit values of investments are reflected in each participant's self-directed account.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for doubtful accounts had been recorded as of December 31, 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the Plan Sponsor will offset the Participant's vested account balances by the outstanding balance of the loan to the extent permitted by law.

Payment of Benefits
Benefits to participants are recorded when paid.

Income Taxes
The Plan has adopted a prototype non-standardized profit sharing plan and has obtained a favorable opinion letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has determined that as of December 31, 2021 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however, there are currently no examinations for any tax periods in progress.

Estimates and Assumptions
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: **INFORMATION CERTIFIED BY THE CUSTODIAN**

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by American United Life Insurance Company, a company affiliated with the Plan Custodian, as of and for the year ended December 31, 2021:

	2021
	(audited)
Mutual funds	$ 1,235,405
Group fixed annuity contract	$ 6,175
Notes receivable from participants	$ 123,019
Net appreciation in fair value of investments	$ 131,531
Interest income, notes receivable from participants	$ 3,936

NOTE 4: **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4: **FAIR VALUE MEASUREMENTS (continued)**

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

	Assets at fair value as of December 31, 2021 *(audited)*			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,235,405	$ -	$ -	$ 1,235,405
Investments at fair value	$ 1,235,405	$ -	$ -	$ 1,235,405

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2020:

	Assets at fair value as of December 31, 2020 *(compiled)*			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 708,513	$ -	$ -	$ 708,513
Investments at fair value	$ 708,513	$ -	$ -	$ 708,513

NOTE 5: **GROUP FIXED ANNUITY CONTRACT**

Plan investments include an investment in a fully benefit-responsive investment contract with American United Life Insurance Company, which maintains contributions to the fund in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed investment contract's issuer is contractually obligated to repay the principal and a specific interest rate that is guaranteed by the Plan.

Because the fixed annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed annuity contract. Contract value, as reported to the Plan by American United Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As of December 31, 2021 and 2020, the contract value of fully benefit responsive fixed annuity contract was $6,175 and $3,411, respectively. Participants may ordinarily direct the withdrawals or transfer of all, or a portion of, their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest is credited to the fixed account at an annual effective yield that is at least equal to the minimum guaranteed interest rate in the investment contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 6: **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7: **RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS**

Fees paid by the Plan for the investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to administration of the Plan and investment advisory fees were paid by the Plan. Notes receivable from participants are considered party-in-interest transactions. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rules of ERISA.

NOTE 8: **PROHIBITED TRANSACTIONS**

During the Plan year ended December 31, 2020, the Plan Sponsor failed to timely remit $3,024 of contributions to the Plan. Prior to the year ended December 31, 2020, the Plan Sponsor failed to timely remit $47,939 of contributions to the Plan .

NOTE 9: **RISKS AND UNCERTAINTIES**

The Plan invests in various securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10: **SUBSEQUENT EVENTS**

Plan management has evaluated events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Management has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued, and has determined that no subsequent events have occurred except as follows:

The Plan was amended and restated effective January 1, 2022 to comply with tax and regulatory requirements. There were no significant changes to Plan provisions.
