Independent Auditors' Report

To the Participants and Plan Administrator of
Tidel Engineering, LP 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Tidel Engineering, LP 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 14, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Tidel Engineering, LP 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

1. Description of the Plan

General

The Tidel Engineering, LP 401(k) Plan (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on January 1, 1994 and was amended and restated as of March 1, 2021. The Plan covers substantially all employees of and is sponsored by Tidel Engineering LP (the Company or Plan Administrator). An officer of the Company serves as the Plan's trustee (the Trustee). Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC serve as the custodian (collectively, the Custodian), and Empower Retirement Services serves as the record-keeper (Record-keeper). The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility and Participant Accounts

Full-time employees become eligible for participation on the first day of the month subsequent to their hire date, except for members of collective bargaining agreements. Subject to certain limitations on annual additions, each participant's account is credited with the employee elective deferrals, Company matching and discretionary contributions, and an allocation of plan earnings or losses, and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances and obtain information regarding investments on a daily basis.

Contributions

The Plan is funded through employee elective deferrals and Company matching and discretionary contributions. A participant may elect to contribute a portion of his or her pretax compensation from 1% to 100%, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC) (\$19,500 for 2021). Eligible participants are automatically enrolled into the Plan at a pre-tax deferral percentage of 3%, unless otherwise elected. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC (\$6,500 for 2021). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted by the Plan.

The Plan allows for Company nonelective, matching, and additional discretionary contributions in amounts to be determined by the Company. The Company elected to contribute matching contributions in the amount of 50% of participant elective deferrals up to 6% of a participant's eligible wages for the year ending December 31, 2021.

Benefit Paid to Participants

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount equal to 100% of the participant's vested account balance. Employees may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. Participants with vested account balances greater than \$5,000 may defer their distributions to a later date. Participant account balances of \$5,000 or less, upon termination, will be cashed out as an involuntary lump sum payment.

Tidel Engineering, LP 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Investment Options

The Plan provides for participants to direct both employee contributions and Company contributions into a variety of mutual funds of registered investment companies, self-directed brokerage accounts, and a guaranteed investment contract in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the plan website for additional fund information.

Vesting

Participants are immediately vested in elective deferrals and qualified nonelective contributions, and any earnings, thereon. Vesting in the Company's matching and discretionary contributions and any earnings, thereon, is based on years of service, as defined by the plan document. Participants vest 20% after one year of service and are fully vested after five years of qualified service. A participant will automatically become fully vested in the event of retirement at age 65, permanent disability, or death, as defined by the plan document.

Forfeitures

Forfeitures of terminated participants' nonvested accounts are available to pay plan expenses or to fund additional discretionary or nonelective Company contributions. These forfeitures are shown as a component of net assets available for benefits. At December 31, 2021 and 2020, there were forfeitures of \$11,488 and \$10,680 available, respectively. For the year ended December 31, 2021, \$13,484 of forfeitures were utilized to pay plan expenses.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Notes Receivable From Participants

Notes receivable from participants are limited to a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service (IRS). A participant may only have two notes outstanding at any given time. A one-time origination fee is charged at inception of the note and an administration fee is paid quarterly and is assessed to the participant's account until the note is paid in full. The notes receivable from participants are secured by the vested balance in the participant's account and bear a reasonable rate of interest. The Plan only allows for general purpose notes, and any note must be repaid within five years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. As of December 31, 2021, notes receivable from participants have interest rates from 4.25% to 6.50% and maturities from January 2022 through November 2026. As of December 31, 2020, notes receivable from participants have interest rates from 4.25% to 6.50% and maturities from January 2021 through November 2025.

Coronavirus Aid Relief and Economic Security Act

On March 27, 2020, the Coronavirus Aid Relief and Economic Security Act (CARES Act) was signed into law. This aid package was designed to help the economy from the effects of the coronavirus pandemic, several of the provisions of CARES Act affected employee benefit plans. The provisions of the CARES Act were optional. During 2020, the Plan opted into the following provisions of the CARES Act:

- Hardship distributions - Qualified plan participants were permitted to take a coronavirus-related distribution of up to \$100,000 from the Plan without a 10% early withdrawal penalty. Eligible distributions were permitted to be taken up until December 30, 2020. Distributions may be repaid within three years or a participant may elect these distributions to be included in taxable income on a pro rata basis over three years.
- Participant loans - Qualified plan participants with loans outstanding were permitted to defer payment on the loans that were due during 2020 to after January 1, 2021.
- Participant loans - Qualified plan participants may have borrowed up to \$100,000 during 2020 (an increase from \$50,000 previously permitted), these repayments may be delayed to 2021.
- Required minimum distributions (RMDs) - A temporary waiver of required minimum distributions rules permitted participants to suspend their RMDs for 2020 for participants that turned 70 ½ in 2019 and 72 in 2020.

Plan Termination

Although the Company expects to continue the Plan, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, each of the participants become 100% vested in the Company contributions portion of their account, subject to liquidation costs and expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive guaranteed investment contracts, which are valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (See Note 3 - Fair Value Measurements). Contract value is the relevant measure attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan (See Note 5 - Fully Benefit-Responsive Investment Contract). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) includes the Plan's gains and losses on the investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recognized on the accrual basis. Delinquent notes receivable from participants are reclassified as "deemed" distributions based upon terms of the plan document or note policy of the Plan. Notes receivable are valued at amortized cost, which approximates fair value. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Tidel Engineering, LP 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Self-directed brokerage accounts are valued at the net asset value (NAV) or quoted market prices of mutual funds or shares of stock held by the brokerage account at year-end.

Mutual funds of registered investment companies are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming mutual funds at NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	\$ 6,036,549	\$ -	\$ -	\$ 6,036,549
Mutual funds of registered investment companies	8,795,612	-	-	8,795,612
Total investments at fair value	<u>\$ 14,832,161</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,832,161</u>
Assets at Fair Value as of December 31, 2020

Mutual funds of registered investment companies	6,948,809	-	-	6,948,809
Total investments at fair value	<u>\$ 11,910,273</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,910,273</u>

4. Information Certified by Custodian

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian of the Plan has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2021, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

Tidel Engineering, LP 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

5. Fully Benefit-Responsive Investment Contract

The Key Guarantee Portfolio Fund is a fully benefit-responsive group annuity contract issued by Great-West Life & Annuity Insurance Company (Fully Benefit-Responsive Investment Contract). There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than zero. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. There is a surrender charge that may be charged based on cumulative transfer percentages and advance notice of intent to terminate if a plan terminates its interest in the contract unless a 12 month irrevocable advance notice is given. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market data (ex: swap curve rate).

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
2. Employer-initiated events such as early retirement incentives, plan termination, spin-offs, or mergers
3. Premature termination of the contract
4. Changes to the Plan's prohibition or competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor event (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers or that also limited the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. A plan change that materially alters the amount of contributions or withdrawals to be directed in or out of the contract;
2. A change in the Plan's investment options; or
3. A change in the investment philosophy for the Plan's stable value option (or comparable investment option).

6. Related-Party and Party In Interest Transactions

Certain of the Plan's investments are managed by the Custodian or an affiliate of the Custodian; therefore, these transactions qualify as party in interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receive compensation from the Plan.

Tidel Engineering, LP 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

7. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, concentration, market, and credit risks. Market risks include global events, such as pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

8. Tax Status

Through February 28, 2021, the Plan was based on a prototype plan developed by Great-West Trust Company, LLC and received a favorable advisory letter dated March 31, 2014. Effective March 1, 2021, the Plan was based on a non-standardized pre-approved profit sharing plan with CODA developed by Great-West Trust Company, LLC and received a favorable advisory letter dated June 30, 2020. The Plan Administrator believes the Plan, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Excess Contributions Payable

The Plan failed the discrimination testing for the years ended December 31, 2021 and 2020. As a result, excess contributions payable amounting to \$8,960 and \$44,841 are recorded as liabilities in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020, respectively, and as a reduction of \$8,960 to contributions in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2021	2020
Net assets available for benefits per the financial statements	\$ 15,486,426	\$ 12,416,286
Add excess contributions payable	8,960	44,841
Net assets available for benefits per the Form 5500	<u>\$ 15,495,386</u>	<u>\$ 12,461,127</u>

Tidel Engineering, LP 401(k) Plan

Notes to Financial Statements

December 31, 2021 and 2020

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2021:

Net increase in net assets available for benefits per the financial statements	\$ 3,070,140
Add current year excess contributions payable	8,960
Less prior year excess contributions payable	<u>(44,841)</u>
Net increase in net assets available for benefits per form 5500	<u>\$ 3,034,259</u>

11. Subsequent Events

In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*, the Plan has evaluated events or transactions occurring after December 31, 2021, the Statements of Net Assets Available for Benefits date, through October 12, 2022, the date the financial statements were issued, and determined no such events or transactions that would impact our financial statements as of and for the year ended December 31, 2021.
