REPORT OF INDEPENDENT AUDITORS

To Plan Management of the
DFW Plastics, Inc. / DFW Rotec, Inc. Profit Sharing Plan

Opinion

We have audited the financial statements of the DFW Plastics, Inc. / DFW Rotec, Inc. Profit Sharing Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and 2020, and the changes in net assets available for benefits for the year ended December 31, 2021, in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

December 31, 2021 and 2020

A. Description of the Plan

General

The following brief description of the DFW Plastics, Inc. / DFW Rotec, Inc. Profit Sharing Plan (the “Plan”) is provided for general information purposes only. The Plan is sponsored by DFW Plastics, Inc. (the “Company” or “Plan Sponsor”). Participants should refer to the Plan document for more complete information. The Company’s corporate offices are in Fort Worth, Texas. Sentry Life Insurance Company (“SLIC”) serves as recordkeeper and custodian of the Plan.

The Plan was effective January 1, 2004, restated most recently effective January 1, 2015, and is a defined contribution plan available to substantially all employees of either the Plan Sponsor or DFW Rotec, Inc. who have reached 1,000 service hours from the end of the twelve-month period beginning with their date of hire. If an employee does not attain such service hours by the end of the twelve-month period beginning with their date of hire, then they are eligible to participate in the Plan at the end of any Plan year during which they attained 1,000 service hours. Employees enter the Plan on the first day of the Plan year or first day of seventh month of the Plan year following the date in which the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may make rollover contributions to the Plan.

The Company may make a discretionary non-elective employer contribution to the Plan as determined annually by the Company and is allocated in amounts determined by management. Participants must generally complete 1,000 hours of service and be employed on the last day of the Plan year to be eligible for the non-elective employer contribution. Discretionary non-elective employer contributions totaled \$601,500 for the year ended December 31, 2021.

Participant Accounts

Each participant’s account is credited with the participant’s rollover contributions and allocations of: (a) non-elective employer contributions; and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

DFW PLASTICS, INC. / DFW ROTEC, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

A. Description of the Plan – continued

Vesting

Participants are immediately vested in their rollover contributions plus actual earnings thereon. Vesting in the discretionary non-elective employer contribution portion of accounts, plus actual earnings thereon is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

To earn a year of service, the participant generally must be credited with at least 1,000 hours of service during a Plan year. In the event of disability, early retirement, or death, the participant will become fully vested.

Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balances. Benefits are distributed in the form of rollovers, lump-sum payments, partial payments, or installment payments. The Plan allows for in-service withdrawals for participants after age 59 1/2. If withdrawing participants are not entitled to their entire account balances, the amounts not received are forfeited.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts may be (1) used to pay Plan expenses, (2) allocated as an additional discretionary non-elective employer contribution, and/or (3) used to reduce any discretionary non-elective employer contribution. No forfeitures were allocated to reduce the non-elective employer contributions for the year ended December 31, 2021. Unallocated forfeitures outstanding as of December 31, 2021 and 2020, were approximately \$3,000 and \$8,000, respectively.

Investment Options

Upon enrollment in the Plan, a participant may direct rollover contributions and non-elective employer contributions in 1% increments into any of the Plan's investment options.

NOTES TO FINANCIAL STATEMENTS (*continued*)

A. Description of the Plan – continued

Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with Plan provisions, the Company pays substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company are accrued as they become obligations of the Company, as determined by the Plan’s administrator.

Investment Valuation and Income

The investments of the Plan are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan’s valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year-end.

DFW PLASTICS, INC. / DFW ROTEC, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Pooled separate accounts are valued on the basis of units held by each participant investor in the fair value of the underlying assets of the respective separate accounts. The pooled separate accounts invest mainly in domestic mutual funds. A majority of the underlying securities have observable quoted pricing inputs. The pooled separate accounts held by the Plan provide for daily redemptions by the Plan with no advance notice required. While the net asset value of the pooled separate accounts is not publicly quoted, it is available to current investors via the employer website or when Plan participants access their account values. The pooled separate accounts have a readily determinable fair value, are valued similar to mutual funds, and are classified within Level 2 of the valuation hierarchy.

DFW PLASTICS, INC. / DFW ROTEC, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

C. Fair Value Measurements – continued

There have been no changes in the methodologies used at December 31, 2021. The following tables detail the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2021 and 2020. As of December 31, 2021 and 2020, the Plan has no assets classified within Level 1 or 3 of the valuation hierarchy.

	December 31, 2021	
	Level 2	Total
Pooled separate accounts	\$ 916,972	\$ 916,972
Total investments, at fair value	\$ 916,972	\$ 916,972

	December 31, 2020	
	Level 2	Total
Pooled separate accounts	\$ 580,532	\$ 580,532
Total investments, at fair value	\$ 580,532	\$ 580,532

D. Fully Benefit-Responsive Investment Contracts

The Plan holds a fixed annuity contract which guarantees a fixed rate of interest. The credited interest rate is based on the performance of investments which consist primarily of fixed return instruments. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The following represents the value of the fixed annuity contract held by the Plan as of December 31:

	2021	2020
Fixed annuity contract	\$ 1,346,091	\$ 1,154,756
Total	\$ 1,346,091	\$ 1,154,756

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

DFW PLASTICS, INC. / DFW ROTEC, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

E. Tax Status

Effective January 1, 2015, the Plan was amended and restated by the adoption of a Non-Standardized Pre-Approved Profit Sharing Plan with CODA, which has a favorable opinion letter from the Internal Revenue Service (“IRS”) dated March 31, 2014. This opinion letter states that the form of the prototype plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

F. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participants’ accounts will become 100% vested.

G. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

H. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

DFW PLASTICS, INC. / DFW ROTEC, INC. PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

H. Parties-in-Interest Transactions – continued

The Plan holds investments managed by SLIC who acts as custodian for those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA which are exempt from the prohibited transaction rules.

I. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2021 **and 2020**, per the accompanying financial statements to the Form 5500:

NOTES TO FINANCIAL STATEMENTS *(continued)*

J. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through October 20, 2022, the date the financial statements were available for issuance.

Effective January 1, 2022, the Plan was amended and restated to adopt the Sentry Life Insurance Company Defined Contribution Pre-approved Plan. This restatement allowed for elective deferrals, participant loans, and hardship distributions. Additionally, an employer “safe harbor” contribution was added. Finally, Plan entry dates were changed to be the first day of each respective Plan year quarter.
