SIMON ROOFING & SHEET METAL CORP. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2017 AND 2016

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Simon Roofing & Sheet Metal Corp. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan open to all employees of Simon Roofing & Sheet Metal Corporation and Simon Vross Management, Inc. (collectively known as the “Employer” or the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: To be eligible to participate in the Plan, an employee must be at least twenty and one half (20 ½) years of age, have completed one year of eligible service, as defined, and elect to participate in the Plan. Residents of Puerto Rico, employees whose employment is covered by a collective bargaining agreement, or employees who are leased are not eligible to participate in the Plan. Employees may enter the Plan on the first day of the quarter following completion of the eligibility requirements.

Contributions: Participants may make voluntary tax-deductible contributions, by means of a salary deferral agreement, of up to 75% of their compensation, as defined in the Plan and as allowed by law. Plan participants over the age of 50 are also permitted to make additional catch-up contributions to a maximum of \$6,000 in 2017. Participants may also contribute amounts representing distributions from other qualified retirement plans. Participants direct the investment of contributions into various investment options offered by the Plan.

The Company may make discretionary safe harbor matching contributions to all participating employees. During 2017, the Company elected to contribute discretionary safe harbor matching contributions equal to 100% of the first 3%, and 50% of the next 2% of eligible participants’ compensation contributed to the Plan. Discretionary safe harbor matching contributions for the year ended December 31, 2017 totaled \$639,199. The accompanying statements of net assets available for benefits include employer contributions receivable totaling \$76,970 and \$46,071 at December 31, 2017 and 2016, respectively.

Under the terms of the Plan, the Company may also choose to contribute, on an annual basis, a discretionary non-elective contribution, as defined. Discretionary non-elective contributions, if any, will be made regardless of whether the employee has made a salary deferral, and are allocated as a percentage of each participant’s compensation to the aggregate compensation of all eligible participants, as defined. Discretionary non-elective contributions made by the Company during the year ended December 31, 2017 totaled \$55,506.

The Plan complies with the Davis-Bacon Act, which provides that employers are required to make prevailing wage contributions for any participant who is a non-highly compensated employee and who performed services on Davis-Bacon covered work during the calendar year. Prevailing wage contributions made by the Employer totaled \$9,635 for the year ended December 31, 2017.

Under the terms of the Plan, the Company may also choose to contribute, on an annual basis, a discretionary matching contribution, as defined. Discretionary matching contributions, if any, will be computed by the Company based on a percentage of eligible compensation for the Plan year, not to exceed 4%. There were no discretionary matching contributions made to the Plan during 2017.

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Each participant is immediately vested in their salary deferral contributions, rollover contributions, discretionary safe harbor matching contributions, and employer prevailing wage contributions plus actual earnings thereon. Participants are 100% vested in employer discretionary non-elective contributions and employer discretionary matching contributions after three years of credited service with no vesting before that time.

Forfeitures: Forfeited non-vested accounts totaled \$2,144 and \$25,722 as of December 31, 2017 and 2016, respectively. Upon termination of a participant's employment, the Employer's discretionary non-elective and profit-sharing contributions to which the participant is not fully vested are forfeited and may be used by the Employer first to pay the expenses of administering the Plan and then to reduce Employer contributions. Forfeited accounts, totaling \$674 and \$25,294, were used to pay Plan expenses and reduce employer contributions, respectively, during 2017.

Participant notes receivable: The Plan allows participant loans from the Plan. These loans are subject to the following general provisions: the maximum amount of loans outstanding is equal to the lesser of \$50,000 or 50% of the participant's vested account balance with a minimum of \$1,000; the term of any loan may not exceed five years unless the purpose of the loan is to purchase the participant's primary residence, in which case the loan cannot extend beyond ten years. The loans are secured by the participant's entire vested account balance or by other collateral agreed to by the trustee, and the loans will be charged interest at a rate comparable to the rate charged by a commercial lender for a similar loan.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of benefits: Upon termination of service due to death, disability, retirement or due to separation of service from the Company, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. A terminated participant with an account balance of \$5,000 or less will receive an involuntary distribution. The Plan permits in-service withdrawals for participants who attained age 59½. In case of hardship, a participant may apply for a distribution described in the Plan agreement.

Administrative expenses: Certain administrative expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of presentation: The financial statements are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts reported in the financial statements and accompanying notes. Accordingly, actual results could differ from those estimates.

Participant notes receivable: Participant notes receivable are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant notes receivable are written off when deemed uncollectible.

Investment valuation and income recognition: The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, *Fair Value Measurements*, for discussion of fair value measurements.

Purchases and sales of investments, including gains or losses, are recorded on a trade-date basis. Interest income is recorded when earned, and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit payments: Benefit payments to participants are recorded when paid.

Subsequent events: In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 9, 2018, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

1. Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
2. Self-directed brokerage accounts: Accounts primarily consist of mutual funds, money market funds, and common stocks that are valued on the basis of readily determinable market prices.
3. Investments measured as net asset value: The Morley Stable Value Fund is a stable value common/collective trust that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. There are no unfunded commitments relating to this type of investment.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,163,262	\$ -	\$ -	\$ 16,163,262
Self-directed brokerage accounts	4,396,415	-	-	4,396,415
Total assets in the fair value hierarchy	20,559,677	-	-	20,559,677
Investments measured at net asset value ^(a)	-	-	-	1,533,266
Investments at fair value	<u>\$ 20,559,677</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 22,092,943</u>

Assets at Fair Value as of December 31, 2016				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 12,835,878	\$ -	\$ -	\$ 12,835,878
Self-directed brokerage accounts	3,153,039	-	-	3,153,039
Total assets in the fair value hierarchy	15,988,917	-	-	15,988,917
Investments measured at net asset value ^(a)	-	-	-	1,523,362
Investments at fair value	<u>\$ 15,988,917</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,512,279</u>

- (a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

There were no Level 3 assets and no transfers between Levels 1 and 2 in 2017 and 2016.

NOTE 4 – INCOME TAX STATUS

The trust established under the Plan, which holds the Plan's assets, is qualified pursuant to the appropriate section of the Internal Revenue Code, and accordingly, the trust's net investment income is exempt from income taxes. The Plan has adopted an Internal Revenue Service approved prototype plan. The prototype plan has received a favorable opinion letter from the IRS that it qualifies under IRS Code section 401(a), provided all terms of the plan are followed. The Plan has been amended since adopting the prototype plan. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 5 – INFORMATION CERTIFIED BY TRUSTEE

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan:

	2017	2016

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are money market funds and shares of mutual funds managed by Fidelity Management Trust Company, the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Usual and customary fees are paid by the mutual funds for the investment management services.

The Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The participants direct the Plan to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan subject to the provisions of ERISA; however, each participant would have a nonforfeitable right to his or her total account balance as of the date of termination.

NOTE 9 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the accompanying Plan financial statements to Schedule H of Form 5500 at December 31, 2017:
