Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Board of Directors
Diamond Electric Profit Sharing Plan
Eleanor, West Virginia

In planning and performing our audit of the financial statements of Diamond Electric Profit Sharing Plan (the Plan) as of and for the year ended December 31, 2021, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, we did not identify any deficiencies in internal control during our audit that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Independent Auditors' Report

Plan Administrator
Diamond Electric Profit Sharing Plan
Eleanor, West Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Diamond Electric Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The supplemental *Schedule H, Line 4i- Schedule of Assets (Held at End of Year)*, as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

DIAMOND ELECTRIC PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan and Significant Accounting Policies

The following description of Diamond Electric Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for more complete information.

General: The Plan was established November 1, 1993, and restated effective January 1, 2015, to bring the plan into compliance with the Pension Protection Act and other legislative and regulatory changes, and last amended effective January 1, 2021, to adopt the Fidelity Management & Research Company Volume Submitter Defined Contribution Plan (Profit Sharing/401(k) Plan). The Plan is a defined contribution profit sharing plan that provides for both salary deferral contributions and employer contributions under Section 401(k) of the Internal Revenue Code. All employees of the Plan Sponsor, except for union employees, nonresident aliens and leased employees who have attained age 21 and have completed three months of service are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan administration: A member of the Plan Sponsor has been designated as the Plan administrator and as such is responsible for providing participants with information regarding rights and benefits under the Plan.

Contributions: Participants may elect to defer a percentage amount of their compensation as defined in the Plan document limited to the maximum percentage allowable under the Internal Revenue Code for such Plan year. The Plan also allows those who have attained age 50 by the end of the Plan year to make catch-up contributions up to the limits prescribed by the law. Rollover contributions are permitted from other qualified plans.

The Plan's employer matching contribution is equal to a discretionary percentage of the participant's elective deferrals. For the years ended December 31, 2021 and 2020, the employer elected a discretionary matching contribution to be equal to 100% of the employee's contribution up to 4%.

Participant accounts: Each participant's account is credited with the participant's elective contributions, the participant's rollover contributions, if any, the participant's share of the employer's contributions, the participant's share of net investment income and net appreciation or depreciation in investment value, and the participant's share of any administrative expenses paid from Plan assets. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting: Participants are immediately vested in all employee contributions and related earnings thereon which are credited to their respective account. Employer contributions are vested in accordance with the following schedule:

Years of Service	Percentage Vested
0-2	0%
3 or more	100%

Notes receivable from participants: Participants may borrow from the portion of their account attributed to elective deferrals. The minimum loan balance is \$1,000 up to a maximum loan amount equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prevailing interest rates. Principal and interest is paid by pay period through payroll deduction.

DIAMOND ELECTRIC PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Payment of benefits: Upon retirement, death, disability, or other termination of employment, and for in-service distributions at attainment of age 59 ½, as defined in the Plan document, participants or their spouses and/or beneficiaries may elect to receive their account as a lump sum cash payment. If the account of a participant is \$5,000 or less, the vested account balance will be paid in a lump sum, unless the participant elects to rollover the account to another qualified plan. Further, upon termination of employment, the participant may elect to transfer his or her account balances to another qualified plan or individual retirement account.

The Plan also allows for hardship withdrawals for certain participant needs as defined in the Plan document. The employer has the sole authority to authorize hardship withdrawals, pursuant to Plan specifications.

The Coronavirus Aid, Relief, and Economic Security (CARES) Act provided that qualified participants of the Plan may receive coronavirus-related distributions up to \$100,000 that are exempt from the 10% early withdrawal tax and for which the income tax is deferred over a three-year period. Additionally, the participant may repay the distribution over a three-year period without incurring any additional income tax burden. The Plan has paid coronavirus-related distributions to qualified participants in the amount of \$132,729 during the year ended December 31, 2020. It is unknown as to whether or not any of these distributions will be repaid to the Plan.

Forfeitures: As of December 31, 2021 and 2020, forfeited non-vested accounts totaled \$26,276 and \$0, respectively. Any forfeited accounts are used to reduce future Plan Sponsor contribution payments. For the years ended December 31, 2021 and 2020, forfeitures of \$0 and \$27,707, respectively, were used to reduce employer contributions.

Basis of accounting and use of estimates: The financial statements of the Plan are prepared in accordance with the accrual method under accounting principles generally accepted in the United States of America (U.S. GAAP), and the general practices within the employee benefit plan industry.

Use of estimates: The preparation of the financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition: Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 8 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation includes the gains and losses on investments bought and sold as well as held during the year.

The Plan does not require collateral to secure investment instruments.

Notes receivable from participants: Loans to participants are reported as notes receivable from participants at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits: Benefit payments are recorded when paid.

Recent Accounting Pronouncements: On October 29, 2020, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2020-10, *Codification Improvements*, which affects a wide variety of Topics in the Codification. The amendments apply to all reporting entities within the scope of the affected accounting guidance. More specifically, this ASU, among other things, contains amendments that improve the consistency of the Codification by including all disclosure guidance in the appropriate Disclosure Section (Section 50). Many of the amendments arose because the FASB provided an option to give certain information either on the face of the financial statements or in the notes

DIAMOND ELECTRIC PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

to financial statements and that option only was included in the Other Presentation Matters Section (Section 45) of the Codification. The option to disclose information in the notes to financial statements should have been codified in the Disclosure Section as well as the Other Presentation Matters Section (or other Section of the Codification in which the option to disclose in the notes to financial statements appears). Those amendments are not expected to change current practice. The amendments of ASU 2020-10 are effective for annual periods beginning after December 15, 2020, for public business entities. For all other entities, the amendments are effective for annual periods beginning after December 15, 2021, and interim periods within annual periods beginning after December 15, 2022. Early application of the amendments is permitted for and varies based on the entity. The amendments should be applied retrospectively and at the beginning of the period that includes the adoption date. Plan management has evaluated the potential effects of this new accounting and financial reporting standard and has determined that it should not have a significant impact on the Plan's financial reporting.

Subsequent events: The Plan has evaluated subsequent events through October 10, 2022, the date the financial statements were available to be issued.

Note 2. Income Tax Status

The volume submitter plan that was adopted with the latest amendment of the Plan effective January 1, 2021, has received a determination letter dated June 30, 2020, from the Internal Revenue Service as to the volume submitter plan's qualified status. The volume submitter plan utilized by the Plan prior to January 1, 2021, received a determination letter dated March 31, 2014, from the Internal Revenue Service. The prototype plan opinion letters have been relied upon by the Management of this Plan. The Plan had been restated and amended since the date of these letters; however, the Plan Administrator believes the Plan has been designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2018.

Note 3. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participant accounts will continue to be fully vested and non-forfeitable.

Note 4. Parties-in-Interest and Related Party Transactions

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. The Plan Sponsor contracts with Fidelity Management Trust Company to administer the Plan's investment assets and participant account records. Administrative functions primarily include participant account maintenance and custodian services and the expenses incurred for these services were \$3,388 and \$5,477 for the years ended December 31, 2021 and 2020, respectively. Additionally, certain administrative functions are performed by employees of the Plan Sponsor at no cost to the Plan.

DIAMOND ELECTRIC PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 5. Assets Certified

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2021 and 2020. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan for the current year, has certified to the completeness and accuracy of all investments reported in the accompanying statement of net assets available for benefits as of December 31, 2021, and the supplemental Schedule H, Line 4(i) - schedule of assets (held at end of year) as of December 31, 2021, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2021. Standard Insurance Company, the Custodian of the Plan during the year ended December 31, 2020, has certified to the completeness and accuracy of all investments reported in the accompanying statement of net assets available for benefits as of December 31, 2020, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2020.

Note 6. Cash Equivalent Assets

On December 31, 2020, Plan management effected a liquidation of all of the Plan's investment assets into cash equivalent assets in order to effect the transfer of the Plan's assets from Standard Insurance Company, the Plan's custodian to close of business on December 31, 2020, to Fidelity Management Trust Company, the Plan's custodian effective January 1, 2021. The wire transfer of the cash equivalent assets was initiated after the close of business day on December 31, 2020, and completed on January 4, 2021.

Note 7. Guaranteed Investment Contract

The Stable Asset Fund II represented an investment option previously held under the Group Annuity contract ("Contract") entered into by the Plan with Standard Insurance Company (the Standard). The Standard maintained the contributions in an unallocated fund, whose assets were invested with other assets in the general account of the Standard. The account was credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses by the Standard. Generally, participants could direct the withdrawal or transfer of all or a portion of their investment at contract value, which approximated fair value. Contract value represents contributions made under the Contract, plus earnings, less withdrawals and administrative expenses. There were no reserves against contract value for the credit risk of the Contract issuer or otherwise. The Plan determined that the Stable Asset Fund II did not meet the criteria of a fully benefit-responsive investment as of December 31, 2020.

The contract crediting rate was established at the end of each quarter and was guaranteed for five years. The effective annual crediting rate and yield for the Contract was approximately 2.35% for the year ended December 31, 2020.

There were no events through December 31, 2020, that limited the ability of the Plan to withdraw contract value, which approximated fair value, or otherwise transact at contract value with the Standard as the Contract issuer. Participant directed transfers could only be made on the first date of each calendar quarter, and were limited to 5% of the participant's balance. The Standard could defer any withdrawal request for 30 days after receipt of written notice of the withdrawal request and could defer honoring any withdrawal request for any reasonable period if, due to the closing or other disruption of financial markets or exchanges, the Standard was unable to prudently liquidate assets necessary to satisfy the request.

Note 8. Fair Value Measurement

Accounting Standards Codification (ASC), 820 *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Cash equivalent assets: Cash equivalent assets are highly liquid instruments having original maturities of less than 90 days and are valued at net realizable value.

Mutual funds: Valued at the net asset value (NAV) of shares at market exchange price held by the Plan at year end.

Common collective trust: Valued at the net asset value (NAV) of the underlying assets owned by the fund, minus its liabilities and then divided by the number of units outstanding. The NAV is provided by the recordkeeper of the fund, and is used as a practical expedient to estimating fair value. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount materially different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DIAMOND ELECTRIC PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020, respectively:

Assets at Fair Value as of December 31, 2021					
	Level 1	Level 2	Level 3	Funds at NAV ⁽¹⁾	Total
Mutual funds	\$ 10,358,068	\$ -	\$ -	\$ -	\$ 10,358,068
Common collective trust	-	-	-	26,276	26,276

Total assets at fair value	\$ 9,239,939	\$ -	\$ -	\$ -	\$ 9,239,939

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following tables set forth additional disclosures of the Plan's investments for which the fair value has been measured using the net asset value per share practical expedient as of December 31, 2021. The redemption notice for the Stable Asset Fund II is applicable only in the event the Plan terminates the investment fund. The notice period is not applicable to plan participants.

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Putnam Stable Value Fund	<u>\$ 26,276</u>	None	Daily	60 days

PSVF seeks to provide a competitive level of income over time while preserving the value of your investment. The fund will try to maintain a stable \$1 unit price. However, the fund cannot guarantee this stable unit price, and its yield will fluctuate

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The outbreak of the novel strain of coronavirus, COVID-19 which originated in Wuhan, China, in December of 2019 and has since spread globally, has been adversely affecting global populations, economies, and financial markets. The governments of many countries, states, municipalities, and other geographic regions continue to monitor the advancement of the virus and manage preventative or protective actions in order to minimize the socioeconomic impact of the pandemic. The ultimate impact on the Plan's net assets available for benefits and changes in net assets available for benefits continues to be affected by the continuing responses of the financial markets to the successes and failures of the socioeconomic policies enacted by all levels of governments to manage the societal and economic effects of the pandemic.
