Independent Auditors' Report

To the Plan Administrator
Society of Certified Insurance Counselors 401(k) Plan
Austin, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Society of Certified Insurance Counselors 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 1 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of 2021 the Financial Statements* section of our report

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are

presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material

misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of 2021 the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Report on the 2020 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2020. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 15, 2021 indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2020 financial statements,

and (b) the form and content of the information included in the 2020 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Society of Certified Insurance Counselors 401(k) Plan

Summary of Significant Accounting Policies

Description of Plan

The following brief description of the Society of Certified Insurance Counselors 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement or summary plan description for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit sharing plan with a 401(k) option covering substantially all employees of the Society of Certified Insurance Counselors (the “Company”) who are considered eligible employees and may become a participant in the Plan on the next entry date (January 1st or July 1st of each Plan year). The Plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may contribute up to the maximum allowable under the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

In order to receive matching and profit sharing contributions, an employee must be employed on the last day of the Plan year and have 1,000 hours of service during the year. Participants may make elective deferral changes on each payroll period. For the years ended December 31, 2021 and 2020, the Company set the discretionary match at 100% of each employee’s 401(k) contributions up to 3% of compensation and 50% match on additional employee contributions over 3%, up to maximum match of 6% of employee compensation (maximum employer match of 4.5%). Additional profit sharing amounts may be contributed at the option of the Company’s Board of Directors and will be allocated to the accounts of all eligible employees based on their compensation. No profit sharing contributions were declared during 2021 or 2020.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocation of the Company’s contributions and Plan earnings, and is charged with any fees related to participant directed activities. The Plan maintains the right to allocate administrative expenses to individual accounts in the event that the forfeitures account is insufficient to cover necessary expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

Society of Certified Insurance Counselors 401(k) Plan

Summary of Significant Accounting Policies

Vesting

Participants are immediately 100% vested in their deferral contributions and the related earnings thereon. The Company's matching and profit sharing contributions become vested based upon the participant's number of years of service with the Company based upon the following schedule: less than 2 years – 0% vested; 2 years – 20% vested; 3 years – 40% vested; 4 years – 60% vested; 5 years – 80% vested; and 6 years or more – 100% vested.

Participants also become fully vested upon reaching early or normal retirement age or due to death or disability while employed.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates. Current interest rates ranged from 3.25% to 4.25%. Loan repayments are made ratably through payroll deductions over a period not to exceed five years, unless the loans were used to purchase a primary residence in which case the loan terms may exceed five years.

Payment of Benefits

Upon separation of service, due to death, disability, or retirement, a participant will receive their benefits as a lump-sum amount equal to the value of the participant's vested interest. The Plan allows for distribution of Plan benefits to employees upon termination or deferral of such payment until retirement.

Forfeitures

Forfeited accounts are used to pay Plan expenses and reduce future Company matching and profit sharing contributions. For the years ended December 31, 2021 and 2020, forfeitures in the amount of \$5,240 and \$5,813, respectively, were used to pay for administrative expenses. Forfeited invested accounts totaled \$20,975 and \$18,388 as of December 31, 2021 and 2020, respectively, and are included in the guaranteed interest fund. For the years ended December 31, 2021 and 2020, \$0 forfeitures were used to offset employer contributions.

Administrative Expenses

The Company pays certain administrative costs of the Plan associated with the auditors' fees and the cost of communications to the participants. The Plan pays all other administrative expenses including the custodian's annual fee, additional miscellaneous custodian fees and other recordkeeping fees. Loan fees are deducted directly from the applicable participants' account.

Society of Certified Insurance Counselors 401(k) Plan

Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Guaranteed Investment Contracts

The Plan offers a guaranteed interest fund, which is managed by Standard Insurance Company ("SIC") and backed by SIC's general account. Net deposits invested in the guaranteed interest fund become part of SIC's general account, and there are no particular segregated or identifiable assets ascribed to the Plan's investment. Contract value is guaranteed by the full faith and credit of SIC. Crediting rates are reset periodically and in advance; they are guaranteed per terms described in the group annuity contract and do not depend on the performance of any particular asset in SIC's general account. Past crediting rates are not indicative of future rates. The minimum interest crediting rate is 3%.

Society of Certified Insurance Counselors 401(k) Plan

Summary of Significant Accounting Policies

The average yield earned by the Plan from the guaranteed investment fund for the Plan years ended December 31, 2021 and 2020 was 3.03%. SIC's position is that the average yield earned by the entire fund and the actual interest rate credited to participants are the same.

Events that limit the ability of the Plan to transact at contract value include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. SIC may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, Plan disqualification, and failure to adopt the Plan in a reasonable period of time. Upon termination by SIC, a market value adjustment or other withdrawal restrictions may apply. The Plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

Payment of Benefits

Benefits are recorded when paid.

Recently Adopted Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*. This update modifies the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement, by removing, adding, and/or modifying certain disclosures related to the treatment investments reported in the fair value hierarchy levels 1, 2, and 3. The amendments in this update are effective for all entities for fiscal years beginning after December 15, 2019. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent interim or annual period presented in the initial fiscal year of adoption. All other amendments should be applied retrospectively to all periods presented upon their effective date. Early adoption is permitted upon issuance of this update. The Plan adopted ASU 2018-13 on January 1, 2020. There was no material impact on the financial statements.

Society of Certified Insurance Counselors 401(k) Plan

Notes to Financial Statements

1. Information Certified by the Plan's Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Standard Insurance Company has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

<i>December 31,</i>	2021	2020
Guaranteed interest fund	\$ 3,160,296	\$ 3,446,720
Pooled separate accounts	9,949,204	7,583,097
Notes receivable from plan participants	19,963	3,885

<i>Years ended December 31,</i>	2021	2020
Interest income from guaranteed interest fund	\$ 93,330	\$ 82,952
Net investment gain in fair value of pooled separate accounts	1,464,329	1,188,046
Interest income on notes receivable from participants	222	312

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

2. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820 ("*Fair Value Measurements*"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Society of Certified Insurance Counselors 401(k) Plan

Notes to Financial Statements

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Pooled separate accounts: Valued at the net asset value ("NAV") of units of pooled separate accounts. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

<i>December 31, 2021</i>		Level 1		Level 2		Level 3		Total
Pooled separate accounts	\$	-	\$	9,949,204	\$	-	\$	9,949,204
	\$	-	\$	9,949,204	\$	-	\$	9,949,204

<i>December 31, 2020</i>		Level 1		Level 2		Level 3		Total
Pooled separate accounts	\$	-	\$	7,583,097	\$	-	\$	7,583,097
	\$	-	\$	7,583,097	\$	-	\$	7,583,097

3. Fully Benefit-Responsive Investment Contract

The Plan entered into a benefit-responsive investment contract with The Standard Insurance Company ("Standard"). Standard maintains the contributions in a collective trust fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Standard, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

As of December 31, 2021 and 2020, the guaranteed interest fund's contract value approximated its fair value of \$3,160,296 and \$3,446,720, respectively.

Society of Certified Insurance Counselors 401(k) Plan

Notes to Financial Statements

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The Plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participant's contract values are not affected. If the Plan sponsor views the occurrence of any of these events as probable as of the measurement date, details about market value adjustments or other withdrawal restrictions can be obtained through the Plan's account manager. Plan management believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

4. Related Party Transactions

Certain Plan investments are shares of mutual funds with a pooled separate account and a guaranteed interest fund managed by Standard. Standard is the custodian of the Plan, and therefore, these transactions qualify as party-in-interest.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

6. Tax Status

The Internal Revenue Service ruled on March 31, 2008 that the Prototype Standardized Profit Sharing Plan with cash or deferred arrangements ("CODA") of Standard Insurance Company (the prototype plan of Trust Company upon which the Plan is based) qualifies under section 401(a) of the Internal Revenue Code ("IRC") and the related trust is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax period in progress. As of December 31, 2021, the Plan's tax years that are subject to income tax examination are 2019 through 2021.

Notes to Financial Statements

7. Subsequent Events

The Plan has evaluated subsequent events occurring after December 31, 2021, the date of the most recent statement of net assets available for benefits, through October 11, 2022, the date the financial statements were issued. The Plan does not believe any subsequent events have occurred that would require further disclosure or adjustment to the financial statements.
