APCO Holdings 401(k) Plan
Norcross, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of APCO Holdings 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note I to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about APCO Holdings 401(k) Plan's ability to continue as a going concern for one year after the date the 2021 Financial Statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk

of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules H, line 4i--schedule of assets (held at end of year) and schedule H, line 4a--schedule of delinquent participant contributions as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulation for Reporting and Disclosures under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirement of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 6, 2021, we indicated that (a) because

of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

APCO HOLDINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE A--DESCRIPTION OF PLAN

The following description of the APCO Holdings 401(k) Plan ("the Plan"), as amended and restated, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a single employer defined contribution plan covering substantially all employees of Automobile Protection Corporation and GWC Warranty Corporation (collectively, "the Employer" and "Plan Administrator"). Both employers are wholly-owned subsidiaries of APCO Holdings, LLC.

Eligibility requirements include a minimum age of eighteen years and a minimum service period of one month. Participants are eligible to participate in the profit-sharing component of the Plan if they earn at least 1,000 hours of service and are employed by the Employer for six consecutive months and at the end of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

In March 2020, the President of the United States signed the Coronavirus ("COVID-19") Aid, Relief, and Economic Security Act ("the CARES Act"), which provides for modifications to provisions regarding distributions, loans, and rollovers for qualified participants affected by COVID-19. The CARES Act allows the Plan to implement its provisions provided the Plan is appropriately amended by December 31, 2022. The Plan sponsor has adopted the modified provisions for distributions and rollovers and expects to formally amend the Plan prior to December 31, 2022.

Contributions: Plan participants can make pre-tax contributions from their compensation, not to exceed the Federal statutory maximum. The Plan includes an automatic salary deferral feature. The Employer automatically withholds 6% of the employee's compensation as an employee elective contribution. Employees that have been automatically enrolled may request a refund on such deferrals within 90 days of the first payroll in which the compensation is deferred, may request no deferral of compensation, or may select an alternative deferral amount.

The Plan provides for an employee elective contribution with an Employer Safe Harbor matching provision. The Plan was amended effective January 1, 2021 to allow for the Employer Safe Harbor matching provision. The Employer may also make additional discretionary tax deferred contributions to the Plan. The Employer Safe Harbor matching contribution is 100% of the first 1% of participant compensation deferred, and a further 50% on the next 5% of participant compensation deferred, up to the Internal Revenue Service limits. The maximum effective Employer matching rate for a participating

NOTE A--DESCRIPTION OF PLAN--Continued

employee is 3.5% of participant compensation, except as limited by Internal Revenue Service requirements. The individual matching contribution is determined based on each payroll period. No additional discretionary contribution was made by the Employer during the year ended December 31, 2021.

Participant Accounts: Each participant's account is credited with their contributions, the Employer's matching contributions, their account's earnings or losses, and an allocation of any Employer discretionary contribution. Allocations of Employer discretionary contributions and any allocated forfeitures are based on participant compensation, as defined in the Plan articles. All investments of employee and employer contributions are participant directed. Participants may change their investment options daily.

Vesting: Participants are immediately vested in their voluntary contributions and allocated earnings thereon. Employer matching contributions and earnings thereon vest on a modified cliff vesting schedule of 0% for less than 1 year of service, 33% upon 1 year of service, and 100% upon 2 years of service. A participant becomes fully vested in the event of death, disability or normal retirement. Forfeited amounts can be used to pay administration expenses or reduce future Employer contributions to the Plan.

Administration: The Plan is administered by the Employer. All funds in the Plan were held in trust by the Trustee, Fidelity Management Trust Company ("Fidelity" or "Trustee"). Fidelity invests participants' and Employer contributions, as directed by the participants, in a combination of equity, fixed income, and balanced investments.

Withdrawals: A participant may withdraw their tax deferred and vested employer contributions plus earnings thereon in the case of a financial hardship, subject to a minimum of \$500. Withdrawals are taxable in the year received by the participant and may be subject to a tax penalty.

Payment of Benefits: Upon a participant's termination of employment with the Employer, or upon reaching the age of 59½, the participant is entitled to receive a distribution of their vested account balances. If the participant does not elect to receive a distribution, the vested balance will be distributed after the Employer's normal retirement (age 65). If the participant dies prior to receiving their entire vested account balance, the balance will be paid to the participant's beneficiary or estate.

Participant Notes Receivable: Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum of the lesser of \$50,000, reduced by the highest outstanding loan balance in their account during the prior twelve-month period, or 50 percent of their vested account balance, whichever is less. All outstanding loans to the participant from plans maintained by the participant's Employer or a related

Employer will be considered for purposes of determining the maximum amount of a loan to the participant. The loans are secured by the balance in the participant's vested account and bear interest at a reasonable rate of interest determined by the Plan Administrator. At December 31, 2021, interest rates on outstanding participant notes receivable ranged from 3.25% to 6.50%.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan follows the Financial Accounting Standards Board Accounting Standards Codification as its sole source of authoritative guidance. The financial statements for the Plan are prepared using the accrual basis of accounting.

Use of Estimates and Risks and Uncertainties: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Valuation of Investments: The Plan's investments are stated at fair value, as further described in Note C. Investment securities are exposed to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is possible that changes in values of investment securities will occur and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis (the date the order to buy or sell is executed). Realized gains and losses on the sale of investments are calculated based on the difference between the selling price and cost on an average cost basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as the change in unrealized gains or losses for securities held at the end of the year.

Participant Notes Receivable: Participant notes receivable are reported separately from Plan investments and recorded at their unpaid principal balance plus all accrued and unpaid interest. Interest income is recorded on an accrual basis. Delinquent notes receivable are reclassified as participant withdrawals based upon the terms of the Plan document.

APCO HOLDINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Contributions and Benefits: Contributions are recorded on the accrual basis, which recognizes participants' contributions and the related Employer matching contributions at the time the participants' contributions are withheld from their salaries. Employer discretionary profit-sharing contributions are recorded in the period recognized in the Employer's financial statements.

At December 31, 2021 and 2020, there were no net assets available for benefits which had been approved for payment that were not paid at year end. Benefits are recorded when paid.

Administrative Expenses: Administrative expenses of the Plan are partially paid for by the Employer.

NOTE C--FAIR VALUE MEASUREMENTS

Current accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the accounting guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

APCO HOLDINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE C--FAIR VALUE MEASUREMENTS--Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds: Valued at the quoted market price, which represents the net asset value of shares held by the Plan at year end.

Common collective trust funds: Valued based on the market prices of the underlying investments. The common collective trust funds do not have finite lives, unfunded commitments relating to these investments, or significant restrictions on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, a summary of the Plan's investments measured at fair value as of December 31, 2021 and 2020.

NOTE D--TRANSACTIONS WITH PARTIES IN INTEREST

The Plan has an agreement with Fidelity to maintain the investments of the Plan. During 2021, contributions to the Plan of \$5,524,991 were deposited with Fidelity for investment, and participants of the Plan received distributions of \$7,930,804 from funds held by Fidelity. At December 31, 2021 and 2020, the Plan had \$47,260,960 and \$43,578,554, respectively, of assets under Fidelity's custody.

NOTE E--TAX STATUS

The Plan is intended to satisfy the tax qualification requirements under Section 401(a) of the Internal Revenue Code ("IRC"); therefore, the funds of the Plan are intended to be exempt from Federal income taxes. The Plan has not requested a favorable determination letter from the Internal Revenue Service since the prototype on which the Plan is based has been determined to be qualified under Section 401(a) of the IRC. However, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

NOTE F--PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

NOTE G--FORFEITED NON-VESTED ACCOUNTS

The Plan document requires that all forfeited non-vested account balances will be used to pay Plan expenses or offset the Employer's contributions. At December 31, 2021 and 2020, investments included forfeited accounts of \$85,230 and \$74,372, respectively. During the year ended December 31, 2021, the forfeiture account was utilized to pay Plan expenses of \$61,418.

NOTE H--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the years ended December 31, 2021 and 2020, there were no significant differences between the financial statements and Internal Revenue Service Form 5500.

NOTE I--SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE

The total value of the Plan's net assets available for benefits was \$47,260,960 and \$43,563,554, at December 31, 2021 and 2020, respectively. With the exception of accrued expenses, the Plan's Trustee (a qualified institution) has supplied the Plan Administrator with a certification as to the completeness and accuracy of all information presented in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020 and in the statement of changes in net assets available for benefits for the year ended December 31, 2021, in regards to investment activity.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of APCO Holdings 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note I to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about APCO Holdings 401(k) Plan's ability to continue as a going concern for one year after the date the 2021 Financial Statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk

of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules H, line 4i--schedule of assets (held at end of year) and schedule H, line 4a--schedule of delinquent participant contributions as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulation for Reporting and Disclosures under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirement of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 6, 2021, we indicated that (a) because

of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

APCO HOLDINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE A--DESCRIPTION OF PLAN

The following description of the APCO Holdings 401(k) Plan ("the Plan"), as amended and restated, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a single employer defined contribution plan covering substantially all employees of Automobile Protection Corporation and GWC Warranty Corporation (collectively, "the Employer" and "Plan Administrator"). Both employers are wholly-owned subsidiaries of APCO Holdings, LLC.

Eligibility requirements include a minimum age of eighteen years and a minimum service period of one month. Participants are eligible to participate in the profit-sharing component of the Plan if they earn at least 1,000 hours of service and are employed by the Employer for six consecutive months and at the end of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

In March 2020, the President of the United States signed the Coronavirus ("COVID-19") Aid, Relief, and Economic Security Act ("the CARES Act"), which provides for modifications to provisions regarding distributions, loans, and rollovers for qualified participants affected by COVID-19. The CARES Act allows the Plan to implement its provisions provided the Plan is appropriately amended by December 31, 2022. The Plan sponsor has adopted the modified provisions for distributions and rollovers and expects to formally amend the Plan prior to December 31, 2022.

Contributions: Plan participants can make pre-tax contributions from their compensation, not to exceed the Federal statutory maximum. The Plan includes an automatic salary deferral feature. The Employer automatically withholds 6% of the employee's compensation as an employee elective contribution. Employees that have been automatically enrolled may request a refund on such deferrals within 90 days of the first payroll in which the compensation is deferred, may request no deferral of compensation, or may select an alternative deferral amount.

The Plan provides for an employee elective contribution with an Employer Safe Harbor matching provision. The Plan was amended effective January 1, 2021 to allow for the Employer Safe Harbor matching provision. The Employer may also make additional discretionary tax deferred contributions to the Plan. The Employer Safe Harbor matching contribution is 100% of the first 1% of participant compensation deferred, and a further 50% on the next 5% of participant compensation deferred, up to the Internal Revenue Service limits. The maximum effective Employer matching rate for a participating

NOTE A--DESCRIPTION OF PLAN--Continued

employee is 3.5% of participant compensation, except as limited by Internal Revenue Service requirements. The individual matching contribution is determined based on each payroll period. No additional discretionary contribution was made by the Employer during the year ended December 31, 2021.

Participant Accounts: Each participant's account is credited with their contributions, the Employer's matching contributions, their account's earnings or losses, and an allocation of any Employer discretionary contribution. Allocations of Employer discretionary contributions and any allocated forfeitures are based on participant compensation, as defined in the Plan articles. All investments of employee and employer contributions are participant directed. Participants may change their investment options daily.

Vesting: Participants are immediately vested in their voluntary contributions and allocated earnings thereon. Employer matching contributions and earnings thereon vest on a modified cliff vesting schedule of 0% for less than 1 year of service, 33% upon 1 year of service, and 100% upon 2 years of service. A participant becomes fully vested in the event of death, disability or normal retirement. Forfeited amounts can be used to pay administration expenses or reduce future Employer contributions to the Plan.

Administration: The Plan is administered by the Employer. All funds in the Plan were held in trust by the Trustee, Fidelity Management Trust Company ("Fidelity" or "Trustee"). Fidelity invests participants' and Employer contributions, as directed by the participants, in a combination of equity, fixed income, and balanced investments.

Withdrawals: A participant may withdraw their tax deferred and vested employer contributions plus earnings thereon in the case of a financial hardship, subject to a minimum of \$500. Withdrawals are taxable in the year received by the participant and may be subject to a tax penalty.

Payment of Benefits: Upon a participant's termination of employment with the Employer, or upon reaching the age of 59½, the participant is entitled to receive a distribution of their vested account balances. If the participant does not elect to receive a distribution, the vested balance will be distributed after the Employer's normal retirement (age 65). If the participant dies prior to receiving their entire vested account balance, the balance will be paid to the participant's beneficiary or estate.

Participant Notes Receivable: Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum of the lesser of \$50,000, reduced by the highest outstanding loan balance in their account during the prior twelve-month period, or 50 percent of their vested account balance, whichever is less. All outstanding loans to the participant from plans maintained by the participant's Employer or a related

Employer will be considered for purposes of determining the maximum amount of a loan to the participant. The loans are secured by the balance in the participant's vested account and bear interest at a reasonable rate of interest determined by the Plan Administrator. At December 31, 2021, interest rates on outstanding participant notes receivable ranged from 3.25% to 6.50%.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan follows the Financial Accounting Standards Board Accounting Standards Codification as its sole source of authoritative guidance. The financial statements for the Plan are prepared using the accrual basis of accounting.

Use of Estimates and Risks and Uncertainties: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Valuation of Investments: The Plan's investments are stated at fair value, as further described in Note C. Investment securities are exposed to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is possible that changes in values of investment securities will occur and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis (the date the order to buy or sell is executed). Realized gains and losses on the sale of investments are calculated based on the difference between the selling price and cost on an average cost basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as the change in unrealized gains or losses for securities held at the end of the year.

Participant Notes Receivable: Participant notes receivable are reported separately from Plan investments and recorded at their unpaid principal balance plus all accrued and unpaid interest. Interest income is recorded on an accrual basis. Delinquent notes receivable are reclassified as participant withdrawals based upon the terms of the Plan document.

APCO HOLDINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Contributions and Benefits: Contributions are recorded on the accrual basis, which recognizes participants' contributions and the related Employer matching contributions at the time the participants' contributions are withheld from their salaries. Employer discretionary profit-sharing contributions are recorded in the period recognized in the Employer's financial statements.

At December 31, 2021 and 2020, there were no net assets available for benefits which had been approved for payment that were not paid at year end. Benefits are recorded when paid.

Administrative Expenses: Administrative expenses of the Plan are partially paid for by the Employer.

NOTE C--FAIR VALUE MEASUREMENTS

Current accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the accounting guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

APCO HOLDINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE C--FAIR VALUE MEASUREMENTS--Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds: Valued at the quoted market price, which represents the net asset value of shares held by the Plan at year end.

Common collective trust funds: Valued based on the market prices of the underlying investments. The common collective trust funds do not have finite lives, unfunded commitments relating to these investments, or significant restrictions on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, a summary of the Plan's investments measured at fair value as of December 31, 2021 and 2020.

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE D--TRANSACTIONS WITH PARTIES IN INTEREST

The Plan has an agreement with Fidelity to maintain the investments of the Plan. During 2021, contributions to the Plan of \$5,524,991 were deposited with Fidelity for investment, and participants of the Plan received distributions of \$7,930,804 from funds held by Fidelity. At December 31, 2021 and 2020, the Plan had \$47,260,960 and \$43,578,554, respectively, of assets under Fidelity's custody.

NOTE E--TAX STATUS

The Plan is intended to satisfy the tax qualification requirements under Section 401(a) of the Internal Revenue Code ("IRC"); therefore, the funds of the Plan are intended to be exempt from Federal income taxes. The Plan has not requested a favorable determination letter from the Internal Revenue Service since the prototype on which the Plan is based has been determined to be qualified under Section 401(a) of the IRC. However, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

NOTE F--PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

NOTE G--FORFEITED NON-VESTED ACCOUNTS

The Plan document requires that all forfeited non-vested account balances will be used to pay Plan expenses or offset the Employer's contributions. At December 31, 2021 and 2020, investments included forfeited accounts of \$85,230 and \$74,372, respectively. During the year ended December 31, 2021, the forfeiture account was utilized to pay Plan expenses of \$61,418.

NOTE H--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the years ended December 31, 2021 and 2020, there were no significant differences between the financial statements and Internal Revenue Service Form 5500.

NOTE I--SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE

The total value of the Plan's net assets available for benefits was \$47,260,960 and \$43,563,554, at December 31, 2021 and 2020, respectively. With the exception of accrued expenses, the Plan's Trustee (a qualified institution) has supplied the Plan Administrator with a certification as to the completeness and accuracy of all information presented in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020 and in the statement of changes in net assets available for benefits for the year ended December 31, 2021, in regards to investment activity.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of APCO Holdings 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note I to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about APCO Holdings 401(k) Plan's ability to continue as a going concern for one year after the date the 2021 Financial Statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk

of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules H, line 4i--schedule of assets (held at end of year) and schedule H, line 4a--schedule of delinquent participant contributions as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulation for Reporting and Disclosures under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirement of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 6, 2021, we indicated that (a) because

of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

APCO HOLDINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2021

NOTE A--DESCRIPTION OF PLAN

The following description of the APCO Holdings 401(k) Plan ("the Plan"), as amended and restated, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a single employer defined contribution plan covering substantially all employees of Automobile Protection Corporation and GWC Warranty Corporation (collectively, "the Employer" and "Plan Administrator"). Both employers are wholly-owned subsidiaries of APCO Holdings, LLC.

Eligibility requirements include a minimum age of eighteen years and a minimum service period of one month. Participants are eligible to participate in the profit-sharing component of the Plan if they earn at least 1,000 hours of service and are employed by the Employer for six consecutive months and at the end of the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

In March 2020, the President of the United States signed the Coronavirus ("COVID-19") Aid, Relief, and Economic Security Act ("the CARES Act"), which provides for modifications to provisions regarding distributions, loans, and rollovers for qualified participants affected by COVID-19. The CARES Act allows the Plan to implement its provisions provided the Plan is appropriately amended by December 31, 2022. The Plan sponsor has adopted the modified provisions for distributions and rollovers and expects to formally amend the Plan prior to December 31, 2022.

Contributions: Plan participants can make pre-tax contributions from their compensation, not to exceed the Federal statutory maximum. The Plan includes an automatic salary deferral feature. The Employer automatically withholds 6% of the employee's compensation as an employee elective contribution. Employees that have been automatically enrolled may request a refund on such deferrals within 90 days of the first payroll in which the compensation is deferred, may request no deferral of compensation, or may select an alternative deferral amount.

The Plan provides for an employee elective contribution with an Employer Safe Harbor matching provision. The Plan was amended effective January 1, 2021 to allow for the Employer Safe Harbor matching provision. The Employer may also make additional discretionary tax deferred contributions to the Plan. The Employer Safe Harbor matching contribution is 100% of the first 1% of participant compensation deferred, and a further 50% on the next 5% of participant compensation deferred, up to the Internal Revenue Service limits. The maximum effective Employer matching rate for a participating

employee is 3.5% of participant compensation, except as limited by Internal Revenue Service requirements. The individual matching contribution is determined based on each payroll period. No additional discretionary contribution was made by the Employer during the year ended December 31, 2021.

Participant Accounts: Each participant's account is credited with their contributions, the Employer's matching contributions, their account's earnings or losses, and an allocation of any Employer discretionary contribution. Allocations of Employer discretionary contributions and any allocated forfeitures are based on participant compensation, as defined in the Plan articles. All investments of employee and employer contributions are participant directed. Participants may change their investment options daily.

Vesting: Participants are immediately vested in their voluntary contributions and allocated earnings thereon. Employer matching contributions and earnings thereon vest on a modified cliff vesting schedule of 0% for less than 1 year of service, 33% upon 1 year of service, and 100% upon 2 years of service. A participant becomes fully vested in the event of death, disability or normal retirement. Forfeited amounts can be used to pay administration expenses or reduce future Employer contributions to the Plan.

Administration: The Plan is administered by the Employer. All funds in the Plan were held in trust by the Trustee, Fidelity Management Trust Company ("Fidelity" or "Trustee"). Fidelity invests participants' and Employer contributions, as directed by the participants, in a combination of equity, fixed income, and balanced investments.

Withdrawals: A participant may withdraw their tax deferred and vested employer contributions plus earnings thereon in the case of a financial hardship, subject to a minimum of \$500. Withdrawals are taxable in the year received by the participant and may be subject to a tax penalty.

Payment of Benefits: Upon a participant's termination of employment with the Employer, or upon reaching the age of 59½, the participant is entitled to receive a distribution of their vested account balances. If the participant does not elect to receive a distribution, the vested balance will be distributed after the Employer's normal retirement (age 65). If the participant dies prior to receiving their entire vested account balance, the balance will be paid to the participant's beneficiary or estate.

Participant Notes Receivable: Participants may borrow from their vested account balance a minimum of \$1,000 up to a maximum of the lesser of \$50,000, reduced by the highest outstanding loan balance in their account during the prior twelve-month period, or 50 percent of their vested account balance, whichever is less. All outstanding loans to the participant from plans maintained by the participant's Employer or a related

Employer will be considered for purposes of determining the maximum amount of a loan to the participant. The loans are secured by the balance in the participant's vested account and bear interest at a reasonable rate of interest determined by the Plan Administrator. At December 31, 2021, interest rates on outstanding participant notes receivable ranged from 3.25% to 6.50%.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan follows the Financial Accounting Standards Board Accounting Standards Codification as its sole source of authoritative guidance. The financial statements for the Plan are prepared using the accrual basis of accounting.

Use of Estimates and Risks and Uncertainties: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Valuation of Investments: The Plan's investments are stated at fair value, as further described in Note C. Investment securities are exposed to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is possible that changes in values of investment securities will occur and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis (the date the order to buy or sell is executed). Realized gains and losses on the sale of investments are calculated based on the difference between the selling price and cost on an average cost basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as the change in unrealized gains or losses for securities held at the end of the year.

Participant Notes Receivable: Participant notes receivable are reported separately from Plan investments and recorded at their unpaid principal balance plus all accrued and unpaid interest. Interest income is recorded on an accrual basis. Delinquent notes receivable are reclassified as participant withdrawals based upon the terms of the Plan document.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Contributions and Benefits: Contributions are recorded on the accrual basis, which recognizes participants' contributions and the related Employer matching contributions at the time the participants' contributions are withheld from their salaries. Employer discretionary profit-sharing contributions are recorded in the period recognized in the Employer's financial statements.

At December 31, 2021 and 2020, there were no net assets available for benefits which had been approved for payment that were not paid at year end. Benefits are recorded when paid.

Administrative Expenses: Administrative expenses of the Plan are partially paid for by the Employer.

NOTE C--FAIR VALUE MEASUREMENTS

Current accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the accounting guidance are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

APCO HOLDINGS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS--Continued

NOTE C--FAIR VALUE MEASUREMENTS--Continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in the methodologies used at December 31, 2021 and 2020:

Mutual funds: Valued at the quoted market price, which represents the net asset value of shares held by the Plan at year end.

Common collective trust funds: Valued based on the market prices of the underlying investments. The common collective trust funds do not have finite lives, unfunded commitments relating to these investments, or significant restrictions on redemptions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following tables set forth by level, within the fair value hierarchy, a summary of the Plan's investments measured at fair value as of December 31, 2021 and 2020.

NOTE D--TRANSACTIONS WITH PARTIES IN INTEREST

The Plan has an agreement with Fidelity to maintain the investments of the Plan. During 2021, contributions to the Plan of \$5,524,991 were deposited with Fidelity for investment, and participants of the Plan received distributions of \$7,930,804 from funds held by Fidelity. At December 31, 2021 and 2020, the Plan had \$47,260,960 and \$43,578,554, respectively, of assets under Fidelity's custody.

NOTE E--TAX STATUS

The Plan is intended to satisfy the tax qualification requirements under Section 401(a) of the Internal Revenue Code ("IRC"); therefore, the funds of the Plan are intended to be exempt from Federal income taxes. The Plan has not requested a favorable determination letter from the Internal Revenue Service since the prototype on which the Plan is based has been determined to be qualified under Section 401(a) of the IRC. However, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

NOTE F--PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

NOTE G--FORFEITED NON-VESTED ACCOUNTS

The Plan document requires that all forfeited non-vested account balances will be used to pay Plan expenses or offset the Employer's contributions. At December 31, 2021 and 2020, investments included forfeited accounts of \$85,230 and \$74,372, respectively. During the year ended December 31, 2021, the forfeiture account was utilized to pay Plan expenses of \$61,418.

NOTE H--RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

For the years ended December 31, 2021 and 2020, there were no significant differences between the financial statements and Internal Revenue Service Form 5500.

NOTE I--SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE

The total value of the Plan's net assets available for benefits was \$47,260,960 and \$43,563,554, at December 31, 2021 and 2020, respectively. With the exception of accrued expenses, the Plan's Trustee (a qualified institution) has supplied the Plan Administrator with a certification as to the completeness and accuracy of all information presented in the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020 and in the statement of changes in net assets available for benefits for the year ended December 31, 2021, in regards to investment activity.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.
