401(k) PROFIT SHARING PLAN**

Communications with Those Charged with Governance

To the Administrative Committee and Plan Administrator
Edge Systems Corporation 401(k) Profit Sharing Plan

We have performed an audit of the financial statements of Edge Systems Corporation 401(k) Profit Sharing Plan (the "Plan") as of and for the year ended December 31, 2021, as permitted by Employee Retirement Income Security Act of 1974 (ERISA) Section 103(a)(3)(C). We have issued our report on the financial statements and ERISA-required supplemental schedule dated October 14, 2022. Management, having determined it is permissible in the circumstances, elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA.

Our Responsibility Under Auditing Standards Generally Accepted in the United States of America

As stated in our engagement letter dated May 13, 2022, we are responsible for forming and expressing an opinion about whether the financial statements that have been prepared by management, with your oversight, are prepared, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP). Our audit of the financial statements does not relieve you or management of your responsibilities.

Our audit performed as permitted by ERISA Section 103(a)(3)(C) did not extend to the certified investment information prepared and certified to by a qualified institution, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). As part of an audit conducted in accordance with GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit.

An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we considered the Plan's internal control solely for the purposes of determining our audit procedures and not to provide assurance concerning such internal control.

We are also responsible for communicating significant matters related to the financial statement audit that, in our professional judgment, are relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Considerations Related to Form 5500 Filing

Professional standards require that we obtain and read a draft of the Form 5500 that is substantially complete prior to the dating of our auditor's report. The purpose of this procedure is to identify material inconsistencies, if any, with the audited financial statements. These procedures are not sufficient nor are they intended to determine that the Form 5500 is completely or accurately prepared.

We have read the draft Form 5500, and nothing came to our attention that caused us to believe that such information is materially inconsistent with the financial statements.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter dated May 13, 2022, and during our audit planning discussions.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements.

No new accounting policies were adopted and there were no changes in the application of existing accounting policies during the year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transactions occurred.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

We did not note any significant accounting estimates in the financial statements. Significant accounting estimates are not commonly inherent in a defined contribution plan with investments that are readily marketable.

Financial Statement Disclosures

The disclosures in the financial statements are consistent, clear, and understandable. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users.

We did not note any disclosures in the financial statements that we consider sensitive to potential users.

Significant Unusual Transactions

We encountered no significant unusual transactions during our audit of the Plan's financial statements.

Significant Difficulties Encountered in Performing the Audit

Professional standards require us to inform you of any significant difficulties encountered in performing the audit. No significant difficulties were encountered during our audit of the Plan's financial statements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. No such disagreements arose during the course of our audit.

Circumstances that Affect the Form and Content of the Auditor's Report

There may be circumstances in which we would consider it necessary to include additional information in the auditor's report in accordance with GAAS. There were no circumstances that affected the form and content of the auditor's report.

Corrected or Uncorrected Misstatements

Professional standards require us to accumulate all factual and judgmental misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

We did not note any corrected or uncorrected misstatements in the course of the engagement.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 14, 2022.

Management Consultation with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Significant Audit Findings or Issues

We are required to communicate to you other findings or issues arising from the audit that are, in our professional judgment, significant and relevant to your oversight of the financial reporting process. There are no items to report.

This communication is intended solely for the information and use of management, plan administrators, and others within the organization and is not intended to be, and should not be, used by anyone other than these specified parties.

We were pleased to serve and be associated with the Plan as the independent auditors for 2021. We provide the above information to assist you in performing your oversight responsibilities.

Edge Systems Corporation 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1 – Plan Description

The following description of the Edge Systems Corporation 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan’s provisions.

General – The Plan was established effective January 1, 1999, and is intended to qualify as a profit sharing plan under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration – The Plan is sponsored by Edge Systems LLC (the “Company” or “Sponsor”), which also serves as the plan administrator. Newport Trust Company (“Newport Trust” or “Trustee”) is the Plan’s trustee.

Eligibility – Full-time employees of the Company who have reached 21 years of age are generally eligible to participate in the Plan after six months of service. However, non-resident aliens, union, part-time, and leased employees are excluded from participating in the Plan.

Contributions – Participants may make pre-tax contributions of up to 60% of their annual eligible compensation, which shall not exceed the maximum allowed under the IRC limitations, which was \$20,500 for the 2021 plan year. Participants that are 50 years of age or older who have met the annual IRC deferral limit or the specified plan limits for deferral may contribute a catch-up contribution of up to \$6,500 for 2021. Participants may also rollover amounts representing distributions from other qualified plans. All participant contributions are participant-directed by the participant in one or more of the investment options offered under the Plan. Contributions are subject to IRC regulation limitations.

The Plan also provides for employer discretionary matching contributions based upon a discretionary percentage of each participant’s deferral contributions as determined by the Sponsor, which was 100% of participant deferrals up to 3% of compensation plus 50% of participant deferrals in excess of 3% up to 5% of compensation for a maximum matching contribution equal to 4% of compensation for 2021.

Participants who have at least six months of service are eligible for the employer discretionary matching contributions. In addition, the Plan also provides for non-elective profit sharing contributions, of which there were none in 2021. Participants who have at least six months of service are eligible for the profit sharing contributions.

Participants’ accounts – Participants’ contributions are invested in various funds according to participant elections and must be allocated among the available funds in whole percentages. Individual accounts are maintained for each of the Plan’s participants to reflect each participant’s contributions and related employer contributions, as well as the participant’s share of the Plan’s income and any related administrative expenses. Allocations of the Plan’s income and expenses are based on the proportion that each participant’s account balance bears to the total of all participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Edge Systems Corporation 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 1 – Plan Description (continued)

Vesting – Participants are 100% vested at all times in their deferral contributions, plus actual earnings or losses thereon. In addition, participants are also 100% vested at all times in any safe harbor matching contributions that were made prior to the Plan being amended and restated to discontinue the safe harbor contributions.

Vesting in employer contributions other than safe harbor matching contributions is based on years of continuous service. Participants vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeited accounts – If a participant's employment is terminated before full vesting of employer contributions and related earnings is attained, the amount not vested is allocated to pay any administrative expenses of the Plan or to reduce any employer contributions. At December 31, 2021 and 2020, non-vested forfeited balances in the Plan totaled \$3,376 and \$1, respectively. During the year ended December 31, 2021, forfeitures of \$2,214 were used to fund employer match contributions.

Payment of benefits – Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account. These payments may be paid in a lump sum payment or paid in installments over time. Any withdrawal made by a participant prior to attaining age 59½, that is not rolled over into another retirement account, for reasons other than death or disability is subject to a 10% federal excise tax.

Participant loans – Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance of the participant's account and must be repaid at a fixed rate which is commensurate with local prevailing rates. Interest rates ranged from 4.25% to 6.00% with maturities through July 2050.

Loans must be repaid within five years, unless the loan is for the purchase of a principal residence, in which case, the repayment period may be extended.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The accompanying financial statements of the Plan have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America (GAAP).

Edge Systems Corporation 401(k) Profit Sharing Plan

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Use of estimates – The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could materially differ from those estimates.

Investment valuation – Investments are stated at fair value (see Note 3).

Income recognition – In accordance with the policy of stating plan assets at fair value, the Plan presents the net appreciation in the fair value of its investments in the statement of changes in net assets, which consists of the realized gains or losses and the unrealized appreciation on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of benefits – Benefit payments are recorded when paid.

Promissory notes from participants – Promissory notes from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the plan administrator deems the participant loans to be in default, the participant loan is reduced and a benefit is recorded.

Administrative expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of promissory notes from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events – Subsequent events are events or transactions that occur after the statements of net assets available for benefits date but before the financial statements are issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits but arose after the statements of net assets available for benefits date and before the financial statements are issued.

The Plan has evaluated subsequent events through October 14, 2022, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Registered investment companies – The fair value of registered investment companies (mutual funds) is determined based on quoted market prices in active markets, which represent the net asset value of shares of the mutual fund held by the Plan at year end. Registered investment companies are classified in Level 1 of the valuation hierarchy.

Total investments	<u>\$ 9,640,111</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,640,111</u>

Note 4 – Information Certified by the Trustee

The plan administrator has elected the method of annual reporting permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020;
- Net appreciation in fair value of investments, dividends, and interest, and interest income from notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021; and
- Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021.

Note 5 – Income Tax Status

The Internal Revenue Service (IRS) issued a determination letter dated June 30, 2020, stating that the prototype plan adopted by the Plan was designed in accordance with the applicable IRC requirements as of that date. Although the Plan has been amended since the date of the determination letter, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for income taxes is reflected in the accompanying financial statements. Continued qualification is dependent on the Plan's future operations.

Note 5 – Income Tax Status (continued)

In accordance with GAAP, the plan administrator is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain income tax position that is more likely than not to be sustained upon audit by the IRS. An uncertain income tax position will not be recognized if it has less than a 50% likelihood of being sustained. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require the recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan provides various mutual funds as investment options. Such investments are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in their value, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7 – Plan Termination

Although the Company has not expressed any such intention, the Plan may be discontinued at any time by the Company. In the event of termination, participants' rights to Company contributions become fully vested and the net assets of the Plan would continue to be held for normal withdrawal by participants assuming the Company's operations continue, or would be distributed to participants immediately if the Company's operations cease.

Note 8 – Delinquent Participant Contributions

As disclosed in the accompanying supplemental schedules, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The total of \$699,006 was comprised of delinquent contributions for the year ended December 31, 2020. The Company is in the process of determining the amount of related lost earnings and will remit these amounts to participants' accounts as soon as administratively feasible. There were no delinquent contributions for the year ended December 31, 2021.
