Independent Auditor's Report

To the Plan Administrator and Plan Participants
of the Rocky Mountain Chocolate Factory, Inc. 401(k) Plan:

Opinion

We have audited the accompanying financial statements of the Rocky Mountain Chocolate Factory, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of February 28, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Rocky Mountain Chocolate Factory, Inc. 401(k) Plan as of February 28, 2022, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Rocky Mountain Chocolate Factory, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Rocky Mountain Chocolate Factory, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Independent Auditor's Report

(Continued)

Responsibilities of Management for the Financial Statements (Continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Rocky Mountain Chocolate Factory, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Rocky Mountain Chocolate Factory, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – 2021 Financial Statements

The financial statements of Rocky Mountain Chocolate Factory, Inc. 401(k) Plan as of and for the year ended February 28, 2021, were audited by other auditors whose reported dated August 20, 2021, expressed an unmodified opinion on those statements.

Report of Independent Registered Public Accounting Firm

To the Plan Administrator and Plan Participants
Rocky Mountain Chocolate Factory, Inc. 401(k) Plan

Opinion on the Financial Statements

We have audited the accompanying statement of net assets available for benefits of Rocky Mountain Chocolate Factory, Inc. 401(k) Plan (the "Plan") as of February 28, 2021 and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the net assets of the Plan as of February 28, 2021 in conformity with accounting principles generally accepted in the United States of America.

Basis of Opinion

The Plan's management is responsible for these financial statements. Our responsibility is to express an opinion on the Plan's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (the "PCAOB") and are required to be independent with respect to the Plan in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

ROCKY MOUNTAIN CHOCOLATE FACTORY, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
FEBRUARY 28, 2022 AND 2021

NOTE 1 - DESCRIPTION OF PLAN

General

Rocky Mountain Chocolate Factory, Inc. 401(k) Plan (the "Plan") became effective June 1, 1994. The following description provides only general information and participants should refer to the Plan document for more complete information.

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers all eligible employees of Rocky Mountain Chocolate Factory, Inc., its wholly-owned subsidiaries, Aspen Leaf Yogurt, LLC and U-Swirl International, Inc. (the "Company").

The Board of Directors of the Company (the "Plan Administrator") administers the Plan. On May 25, 2021, the Company transitioned the plan from Wells Fargo Retirement Plan Services, Inc. ("Wells Fargo") as trustee to Principal Trust Company, Inc. ("Principal") as trustee of the Plan. As of this date, Principal assumed responsibility to manage Plan assets and maintains the Plan's records. The change in the trustee was the result of Principal acquiring the related division of Wells Fargo. The Plan offers participants a variety of investment options, including mutual funds, common/collective trusts and Company stock. Individual accounts are invested in the various investment options at the direction of the participants.

Eligibility

An employee becomes eligible to participate in the Plan as of March 1, June 1, September 1, or December 1 subsequent to the employee completing 1,000 hours of service during a twelve consecutive month period beginning on the date of hire.

Contributions

Participants may elect to contribute a portion of compensation up to the Plan limits. A participant's contribution made by salary deferral, which results in a reduction of taxable income to the participant, was limited by the IRS to \$20,500 for 2022 and \$19,500 for 2021 in accordance with the Internal Revenue Code. If an eligible participant is 50 years of age or older, they may contribute up to \$27,000 for 2022 and \$26,000 for 2021. Participants may also make rollover contributions from other qualified plans.

During the plan years ended February 28, 2022 and February 28, 2021 a total of \$21,968 and \$25,922 in employee contributions, in excess of amounts allowed by IRS nondiscrimination rules were made to the Plan by Plan participants. Excess contributions are returned to participants subsequent to year end and recorded as other liabilities on the statements of net assets available for benefits.

The Plan provides for Company matching contributions equal to 25% of the participant contributions up to 6% of each employee's annual compensation for those employees employed as of the last day of the plan year. The Company made matching contributions of \$67,191 for the year ended February 28, 2022. Also, the Company may make discretionary contributions to the Plan. During the year ended February 28, 2022, the Company did not make a discretionary contribution to the Plan. The Company makes its matching contributions in a lump sum payment subsequent to the fiscal year end. These contributions are allocated directly to participants' accounts.

Participants' Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of the Company's contribution, forfeitures, Plan expenses and Plan earnings or losses thereon. Allocations are based upon Plan earnings or losses thereon and account balances, as defined. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting

Participants are 100% vested in their salary deferrals at all times. A participant becomes 100% vested in employer contributions after three years of continued service or upon the participant's death or disability. Otherwise, participants become 33% vested after year one, 67% vested after year two, and 100% vested after year three.

Forfeitures

Forfeitures of non-vested balances for terminated employees are used to reduce future Company contributions. During the year ended February 28, 2022, \$1,931 in forfeitures were used to reduce the Company's contribution. At February 28, 2022 and February 28, 2021, \$0 and \$1,815, respectively, were available to reduce future Company contributions.

Payment of Benefits

In the case of death, disability or retirement, a participant's benefits become payable as soon as administratively feasible. The Plan provides three payment options associated with the distribution of benefits: 1) lump-sum, 2) transfer of benefits to another qualified retirement plan and 3) periodic installments as defined in the Plan agreement. Upon termination for causes other than death, disability or retirement, participants may receive payment of their vested account in a lump sum payment or by rolling over the account. The Plan also allows for payment of benefits for financial hardship. A hardship distribution may be made to satisfy certain immediate and heavy financial needs that a participant may have. Benefit payments are recorded by the Plan when paid. Pursuant to the Coronavirus Aid, Relief, and Economic Security ("CARES") Act enacted in March 2020, participants who were receiving required minimum distributions were offered the option to waive their 2020 payment and participants who were due to receive the first required distribution in 2020 had their distribution automatically waived. The ability to request special waivers with respect to required minimum distributions under the CARES Act expired as of December 31, 2020.

Administrative Expenses

The Company provides, at no cost to the Plan, certain administrative, accounting and legal services to the Plan and also pays the cost of certain outside services for the Plan. All transaction costs and certain Plan administrative expenses are paid for by the Plan.

Notes Receivable from Participants

Participants may borrow up to the lesser of 50% of their vested balance or \$50,000 for a period not to exceed 5 years unless the proceeds are used to acquire the participant's principal residence. Loans used to acquire real estate that serves as the participant's primary residence may, subject to the Plan Administrator's determination, be repaid over a period longer than five years. The loans are collateralized by the participant accounts. The loans bear interest at a rate determined at the inception of the loan. The interest rate ranged from 5.25% and 7.25% on outstanding loans at February 28, 2022. Loan principal and interest are repaid bi-weekly through payroll deductions and mature between October 2023 and November 2026. Participant loans are recorded at unpaid principal plus accrued interest. Pursuant to the CARES Act, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020. If a delay was granted, the participant's note was re-amortized and included any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act expired as of December 31, 2020.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds and common stock are stated at fair value as determined by quoted market prices. Investments are recorded at net asset value ("NAV") for common/collective trust funds as reported to the Plan by the trustee as a practical expedient for fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements. There were no changes to the valuation techniques used during the period.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected in the accompanying Statement of Changes in Net Assets Available for Benefits, and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or the year-end fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest is recognized on the accrual method and dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. As of February 28, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Risk and Uncertainties

The Plan provides for various investments. Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in securities of U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those of securities of comparable U.S. companies.

NOTE 3 - INCOME TAX STATUS

The IRS has issued an opinion letter dated March 31, 2008 indicating that the prototype plan document adopted by the Plan, as then designed, qualifies under section 401(a) of the Internal Revenue Code ("IRS"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe the Plan is qualified and the related trust is tax-exempt. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Certain investments held by the plan include shares of common stock of the Company and investments managed by the Trustee. As the Company is the sponsoring entity of the Plan, these transactions involving Company stock, as well as all transactions between the Plan and the Trustee, and notes receivable from participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

NOTE 5 - TERMINATION OF THE PLAN

While the Company has not expressed any intent to discontinue the Plan, it may, by action of its Board of Directors, terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, the participants become fully vested in their accounts, and the Plan administrator is to distribute each participant's interest to the participant or their beneficiaries.

NOTE 6 - FAIR VALUE MEASUREMENTS

The Plan applies Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (ASC 820) which establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

- | | |
|----------|---|
| Level 1: | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets. |
|----------|---|

- Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Values are determined based on quoted market prices in active markets.

Common stock: Value represents common stock of Rocky Mountain Chocolate Factory, Inc., which is valued at the closing price reported on the active market on which the individual securities are traded.

Common/collective trusts: The Wells Fargo/Multi Manager Sm Cap Fund is held in common collective trust funds, which consist of investments in mutual funds, collective trusts and pooled separate accounts. The Wells Fargo Collective Stable Return Fund, held in a common collective trust fund, invests in fully benefit-responsive guaranteed investment contracts. These investments are valued at their net asset values ("NAV") per share as of the close of business on the valuation date. The NAV is quoted on a private market that is not active; however, the unit price is based on the value of the underlying investment assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. There are no unfunded commitments, and the units may be redeemed on a daily basis. These investments are valued at the NAV of the units held by the Plan. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. There were no changes in the valuation techniques used during the periods.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's investment assets at fair value, within the fair value hierarchy, as of February 28, 2022 and February 28, 2021 are as follows:

Assets Measured at Fair Values as of February 28, 2022:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$7,175,510	\$ -	\$ -	\$7,175,510
Common stock	507,857	-	-	507,857
Total	\$7,683,367	\$ -	\$ -	\$7,683,367
Investments in common/collective trusts – measured at net asset value ¹				2,326,654
Total investments, at fair value				<u>\$10,010,021</u>

Assets Measured at Fair Values as of February 28, 2021:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$7,320,517	\$ -	\$ -	\$7,320,517
Common stock	618,483	-	-	618,483
Total	\$7,939,000	\$ -	\$ -	\$7,939,000
Investments in common/collective trusts – measured at net asset value ¹				2,223,399
Total investments, at fair value				<u>\$10,162,399</u>

¹ In accordance with the FASB authoritative guidance regarding fair value measurement, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 7 – SUBSEQUENT EVENTS

Subsequent events have been evaluated through August 23, 2022, which is the date the financial statements were available to be issued.
