Independent Auditor's Report

Participants and Administrator of the Plan
Core BTS 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of Core BTS 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Mergers

As discussed in Note 1 to the financial statements, the Board of Directors of the Blue Chip Consulting Group LLC, the Plan's sponsor, voted on December 17, 2020, to merge the Plan into the Core BTS 401(k) Retirement Plan effective January 13, 2021. All plan assets were transferred to the control of Core BTS 401(k) Retirement Plan on January 13, 2022. Our opinion has not been modified with respect to this matter.

As discussed in Note 1 to the financial statements, the Board of Directors of the Skyline Technologies, Inc., the Plan's sponsor, voted on May 6, 2021, to merge the Plan into the Core BTS 401(k) Retirement Plan effective July 1, 2021. All plan assets were transferred to the control of Core BTS 401(k) Retirement Plan on July 1, 2021. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year as of December 31, 2021), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule[other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institutions. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Core BTS 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Core BTS 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established on February 5, 2004 for the purpose of providing retirement benefits for the employees of Core BTS, Inc. (the Company). The Plan is a defined contribution plan covering all eligible employees of the Company who have completed three months of service, have reached 21 years of age and are not covered under a collective bargaining agreement. The entry dates for this Plan are the first day of each calendar month of the Plan year coinciding with the date the employee meets the eligibility requirements. Employees are eligible for discretionary Company contributions after three months of service and 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Minnesota Life Insurance Company (Minnesota Life) was the trustee of the Plan until July 1, 2021 when Fidelity Management Trust Company (Fidelity) became the trustee of the Plan. Effective January 1, 2021, the plan amended the eligibility requirements to enter the plan. Participants are no longer required to obtain three months of service to become eligible. Participants are immediately eligible upon hire date. Further, the plan amended the vesting schedule for discretionary employer matching contributions. The amended vesting schedule is over four years and matches vest 25% a year. Effective January 1, 2021, the Plan sponsor merged the participants and on January 13, 2021 approximately \$14,100,000 of funds into the Plan from the Blue Chip Consulting Group LLC 401(k) Profit Sharing Plan and Trust. Effective July 1, 2021, the Plan sponsor merged the participants and approximately \$27,700,000 of funds into the Plan from the Skyline Technologies, Inc. 401(k) & Profit Sharing Plan & Trust.

Contributions: Each year, participants may contribute to the Plan an amount equal to a percentage of the participants' compensation not to exceed certain limitations of the Internal Revenue Code (IRC), as defined by the Plan. Participants may contribute amounts representing rollovers from other qualified plans and eligible participants may make catch-up contributions in accordance with Internal Revenue Service (IRS) regulations. The Plan also permits participants to make Roth 401(k) contributions to the plan. Participants direct their contributions into various investment options offered by the Plan. Company contributions are invested in a manner similar to participant contributions and are subjected to certain limitations.

Through the pay period of April 17, 2020, the Plan sponsor matched dollar-for-dollar the first 3% of the participant's compensation deferred and 50% of the next 2% deferred. The matched was suspended after this pay period for the remainder of 2020. The Plan sponsor may also make discretionary contributions. On January 1, 2021, the Plan sponsor resumed a match of 50% of participant's contributions up to 6% of participant's deferred compensation.

Vesting: Participants are immediately vested in their contributions, including rollover contributions. Employer discretionary and matching contributions vest at a rate of 25% per year after one year of vesting service (vested 25% at the end of the first year of service and 25% annually thereafter with 100% at the end of the fourth year of service).

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contribution and (b) plan earnings, and charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined by the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Core BTS 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Forfeitures: If a participant terminates employment with the Company at a time when the participant does not have a fully-vested account, the non-vested employer contributions and actual earnings thereon are forfeited. Forfeitures may be used to reduce future employer matching contributions, discretionary employer profit-sharing contributions or cover future administrative expenses. During the year ended December 31, 2021, \$404,533 was used to reduce employer matching contributions. Forfeitures available at December 31, 2021 and 2020 totaled \$39,576 and \$281,709, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All loans must be repaid in level payments on at least a quarterly basis over a five-year period unless the loan is for the purchase of a principal residence in which case the loan may be repaid over a ten-year period. The loans are secured by the balance of the participant's vested account and bear interest at a rate commensurate with market rates ranging from 4.25% to 6.50%.

Payment of benefits: Benefits are payable upon reaching early retirement age of 59-1/2, normal retirement age of 65, total and permanent disability, termination, or death in the form of a lump-sum payment. Separated participants with a balance of \$5,000 or less may be paid out without the participant's consent. Participants may be entitled to a hardship withdrawal of their vested benefits if they qualify under the criteria established by the Plan.

Plan termination: Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in all employer contributions with all rights to any amounts in their respective accounts.

Administration of Plan assets: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

CARES Act: During 2020, the Plan was temporarily amended to allow participants, directly impacted by COVID-19, special tax-favored access to their retirement plan accounts. Participants were allowed to take an emergency relief distribution in an amount not to exceed \$100,000 in accordance with the Coronavirus Aid, Relief and Economic Security Act.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments in pooled separate accounts are participant-directed and reported at net asset value (NAV) as a practical expedient for fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Core BTS 401(k) Retirement Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies (Continued)

Investments in the guaranteed investment contract is fully benefit-responsive and measured at contract value for the portion of the net assets available for benefits attributable to the investment contract.

Contract value represents contributions made under the contract plus earnings less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividend income.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Trustee administrative fees are paid by the Plan. Administrative expenses for loans are paid by the participant. Certain other expenses including audit and accounting fees are paid by the Company. Investment related expenses are included in net appreciation of fair value of investments. Administrative expenses paid by the Plan were \$68,234 for the year ended December 31, 2021.

Notes receivable from participants: Notes receivable from participants is measured as their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Subsequent events: Subsequent events have been evaluated through October 17, 2022, which is the date the financial statements were available to be issued.

In February of 2022, the plan sponsor merged the Aptera 401(k) plan into the Plan resulting in approximately \$3,600,000 of merged funds.

Note 3. Fair Value Measurements

FASB Accounting Standards Codification (Codification), Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Codification are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active market
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Core BTS 401(k) Retirement Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts and common collective trusts: Investments are valued using the net asset value (NAV) provided by the administrator of the fund. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported NAV.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 90,701,959	\$ -	\$ -	\$ 90,701,959
Collective trust measured at NAV*				994,847
				<u>\$ 91,696,806</u>

* Investments measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy table for such investments are intended to permit reconciliation of the table to the investments at fair value presented in the statements of net assets available for benefits.

None of the Plan's investments in 2020 were subject to the fair value hierarchy.

For investments in certain entities that calculate the NAV per share as the investment's fair value measurement, the following table provides an overview of the nature and risks associated with such instruments as well as whether it is probable those instruments are being sold at amounts different from their reported NAV per share based on redemption restrictions, if any.

Investment	2021 Fair Value	2020 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled separate accounts	<u>\$ 994,847</u>	<u>\$ 38,496,022</u>	<u>\$ -</u>	Immediate	None

Changes in fair value levels: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Core BTS 401(k) Retirement Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2021, there were no transfers in or out of Level 3.

Note 4. Information Certified By Fidelity Management and Trust Company and Minnesota Life

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Fidelity Management Trust Company as of December 31, 2021 and Minnesota Life as of December 31, 2020, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

	2021	2020
Pooled separate accounts	\$ -	\$ 38,496,022
Guaranteed investment contract	-	1,620,443
Mutual funds	90,701,959	-
Common collective trust	994,847	-
Notes receivable from participants	621,879	319,693
	<u>\$ 92,318,685</u>	<u>\$ 40,436,158</u>

Minnesota Life certified the completeness and accuracy of \$6,707,566 of net appreciation in fair value of investments, and \$0 of interest income on notes receivable from participants for the 6 months ended June 30, 2021. Fidelity certified to the completeness and accuracy of \$1,408,473 of net appreciation in fair value of investments, \$1,714,762 of interest and dividends, and \$36,267 of interest income on notes receivable from participants for the 6 months ended December 31, 2021.

Note 5. Guaranteed Investment Contract

Minnesota Life maintained the contributions in a guaranteed return account (GRA). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. As the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Minnesota Life represents contributions made under the contract plus earnings less participant withdrawals and administrative expenses. Participants ordinarily direct the withdrawal or transfer of all or a portion of their investment contract at contract value. Contract value approximates fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon by the issuer, but it may not be less than 1.50% for the year ended December 31, 2020. Such interest rates are set monthly and effective on the first day of the month. The average and actual yield at December 31, 2020 was 1.58%.

Core BTS 401(k) Retirement Plan

Notes to Financial Statements

Note 5. Guaranteed Investment Contract (Continued)

Since the GRA is an obligation of Minnesota Life, the occurrence of an event that limits the ability of the fund to transact at contract value with Minnesota Life and the participants in the fund is not probable. The GRA is a non-tradable obligation of Minnesota Life and it has no stated maturity. However, if an event should occur such that realization of a full contract value for a particular investment contract is no longer probable (for example, a significant decline in creditworthiness of Minnesota Life), the GRA will no longer be considered fully benefit-responsive.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- Amendments to the Plan documents (including complete or partial Plan termination or merger with another plan)
- Changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions
- Bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan
- Failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Related-Party and Party-in-Interest Transactions

The expenses of administering the Plan are paid by the Plan to the extent not paid by the Company. The Company provides various recordkeeping and administrative services for the Plan for which it receives no compensation. Certain plan investments are units in a guaranteed return account and pooled separate accounts managed by Fidelity, the trustee of the Plan, and therefore these transactions qualify as a party-in-interest transactions. The Plan paid Minnesota Life and Fidelity a combined \$68,234 for the year ended December 31, 2021. In addition, loans to participants qualify as party-in-interest transactions.

Note 7. Income Tax Status

The IRS has determined and informed the Company by a letter dated June 30, 2020 that the Plan based on its initial filing as a prototype plan, is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt at the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local authorities for years before 2018.

Notes to Financial Statements

Note 8. Risks And Uncertainties

The Plan provides investments in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.
