Independent Auditor's Report

To the Administrator of Sagent Pharmaceuticals, Inc. 401(k) Plan
Schaumburg, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Sagent Pharmaceuticals, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Sagent Pharmaceuticals, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sagent Pharmaceuticals, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sagent Pharmaceuticals, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sagent Pharmaceuticals, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sagent Pharmaceuticals, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2021

1. Description of the Plan

The following description of the Sagent Pharmaceuticals, Inc. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Sagent Pharmaceuticals, Inc. ("Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Internal Revenue Code of 1986, as amended (the "Code"). The Plan Trustee and certain employees of the Company determine the appropriateness of the Plan's investment offerings and monitor investment performance.

In August 2016, the Company entered into a merger agreement with Nichi-Iko Pharmaceutical Co., Ltd., a foreign corporation. The merger agreement provides, among other things, all employer match contributions for the Plan that were funded into active employee's accounts as of the effective date of the agreement are 100% vested in the Plan.

Trustee and Plan Administrator

The Plan Trustee is Reliance Trust Company and the Plan recordkeeper is ADP Retirement Plan Services. The Plan Administrator is the Company. The Board of Directors of the Company delegated authority, responsibility, and oversight of the Plan to management and certain employees of the Company.

Contributions

Participant Contributions

Participants may contribute to the Plan up to 85% of eligible annual compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans, generally referred to as rollovers.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set to 4% of eligible compensation. Contributions are automatically invested in accordance with the default investment allocation established under the Plan until changed by the participant. The Plan also provides participants the option to elect to make Roth 401(k) deferrals.

Company Matching Contributions

The Company makes matching contributions equal to 50% of each participant's elective deferrals, not to exceed 6% of eligible earnings. Participants share in the matching contribution regardless of the amount of service completed during the Plan Year.

Sagent Pharmaceuticals, Inc., 401(k) Plan

Plan Number 001, EIN 20-5522946

Notes to Financial Statements

December 31, 2021

Company Non-elective Contributions

The Company may make discretionary, non-elective contributions to the Plan. Non-elective contributions are “allocated” or divided among eligible participants using the following fraction: participant eligible compensation divided by total eligible compensation of all eligible participants. For the year ended December 31, 2021 there were no non-elective contributions made to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s salary reduction contribution, and allocations of (a) the Company’s matching contribution, (b) Plan earnings (losses), and (c) the Company’s non-elective contribution, if any. Each participant’s account is charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings (losses) or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

A participant is always 100% vested in his or her account that represents the salary reduction contributions, catch-up contributions, any rollover amount accepted by the Plan on his or her behalf and actual earnings thereon. A participant vests in Company match and non-elective contributions after three years of service from the date of hire. In the event of death, disability, or retirement at designated ages, participants become fully vested.

Notes Receivable from Participants

Participants may, subject to review and approval of the Plan Administrator, borrow from his or her account between a minimum of \$500 and a maximum equal to the lesser of \$50,000 or fifty percent of the vested account balance. The notes are secured by the balance in the participant’s account and bear interest at 2% over the prime rate at the time the note is requested. Notes generally are required to be repaid in five years or less, except for loans used to purchase a primary residence, which must be repaid in no more than thirty years. Principal and interest are repaid ratably through payroll deductions or direct payment, as applicable.

Forfeitures

At December 31, 2021, forfeited, non-vested accounts were \$19,746. Plan forfeitures are used to reduce Company contributions or pay Plan expenses. For the years ended December 31, 2021, \$53,999 was used to reduce employer contributions made to the Plan.

Payment of Benefits

On termination of service due to death, disability or normal retirement, a participant or designated beneficiary may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in his or her account, or equal or substantially equal annual installments payable over the participant’s life expectancy. Hardship withdrawals are permitted subject to certain conditions and limitations, and in-service withdrawals are allowed after a participant has reached 59½ years of age. For termination of service due to other reasons, a participant will receive the value of the vested interest in his or her account as a lump-sum distribution.

2. Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Fair Value Measurement

The Plan performs fair value measurements in accordance with the Financial Accounting Standards Board Accounting Standards Codification 820, Fair Value Measurements and Disclosures. Refer to Note 3 for the fair value measurement disclosures associated with the Plan's investments.

Investment Valuation and Income Recognition

The Plan Administrator and Plan Trustee determine the Plan's valuation policies. The Plan's Registered Investment Companies (mutual funds) investments are recorded in the financial statements at fair value based on published market values. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Reliance Trust Company Stable Value Fund is valued at contract value which represents contributions plus earnings, less participant withdrawals and administrative expenses. Purchases and sales are recorded on a trade-date basis. Interest income is on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments in the statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. As of December 31, 2021, no allowance for credit losses has been recorded.

Sagent Pharmaceuticals, Inc., 401(k) Plan
Plan Number 001, EIN 20-5522946
Notes to Financial Statements
December 31, 2021

Payment of Benefits

Benefit payments are recorded when paid.

Other Income

Pursuant to an agreement to provide administrative services between the Company, Plan and Trustee, the latter agrees to make revenue sharing payments to the Plan to pay administrative expenses. For the year ended December 31, 2021, the Plan received revenue sharing payments of \$17,977 and dividends of \$1,685, of which \$56,763 was used to pay Plan administrative expenses. At December 31, 2021, the balance in the revenue sharing account was \$44,010.

Administrative Expenses

Expenses of maintaining the Plan are paid by the Company. Participants are charged for certain transactions, such as the processing of a loan or distribution. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available. There were no level 2 or level 3 inputs used to measure fair value for the year ended December 31, 2021.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Level 1 Fair Value Measurements

The fair value of Registered Investment Companies (mutual funds) is based on quoted net asset value of the shares held by the Plan at year-end.

Sagent Pharmaceuticals, Inc., 401(k) Plan

Plan Number 001, EIN 20-5522946

Notes to Financial Statements

December 31, 2021

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2021 and additional information about the Plan's investments.

Registered Investment Companies (Mutual Funds)

Mutual Funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. The mutual funds held by the Plan are deemed to be actively traded and are valued at quoted market prices in active markets and are classified.

Common Collective Trusts

The Reliance Trust Company Stable Value Fund, Putnam Large Cap Value Fund and PGIM Total Return Bond Fund are valued at the net asset value (NAV) of units of the collective trusts. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

The Reliance Trust Company Stable Value Fund 25053 is a collective investment trust. This Fund primarily invests in MetLife Group Annuity Contracts that are administered by MetLife and managed by MetLife and the Trustee. The NAV of the Reliance Trust Company Stable Value Fund 25053 is based on the contract value of the underlying investments and is the value at which participant transactions occur. Participant transactions (purchases and sales) may occur daily in this Fund. If the Plan were to initiate a substantial or full redemption of this Fund, the investment advisor reserves the right to temporarily delay withdrawal from the Fund in order to ensure that securities liquidations will be carried out in an orderly business manner. The Reliance Trust Company Stable Value Fund had no unfunded commitments.

The NAV of the Putnam Large Cap Value Fund and PGIM Total Return Bond Fund is based on the daily market value of the underlying assets as traded in an exchange or active market. Participant transactions (purchases and sales) may occur daily in these. If the Plan were to initiate a substantial or full redemption of this Fund, the investment advisor reserves the right to temporarily delay withdrawal from the Fund in order to ensure that securities liquidations will be carried out in an orderly business manner. Putnam Large Cap Value Fund and PGIM Total Return Bond Funds have no unfunded commitments.

Certain events may limit the ability of the Reliance Trust Company Stable Value Fund, Putnam Large Cap Value Fund and PGIM Total Return Bond Fund to transact at their NAV or stated value. Such events include but are not limited to: complete or partial plan termination or merger with another plan; failure of the Plan or its trust to qualify for exemption from federal income taxes or any required prohibited transaction under ERISA; transfer of assets from the Fund directly into a competing investment option; or any communication given to Plan participants designed to influence a participant not to invest in the Fund or to transfer assets out of the Fund.

Plan management believes that the occurrence of events that would cause these Common Collective Trust Funds to transact at less than NAV or stated value is not probable.

Notes to Financial Statements

December 31, 2021

The following table set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Registered investment companies	\$ 25,733,961	\$ -	\$ -	\$ 25,733,961
Total assets in fair value hierarchy	25,733,961	-	-	25,733,961
Common Collective Trusts measured at net asset value or stated value (a)				4,173,928
Investments at fair value				\$ 29,907,889

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Realized and unrealized gains and losses included in net assets available for benefits for the year ended December 31, 2021 are reported in net appreciation in fair value of investments.

4. Related Party Transactions

Plan assets include investments in the Reliance Trust Company Stable Value Fund 25053 ("Fund"). The Plan's Trustee, Reliance Trust Company, is affiliated with this investment and therefore, transactions involving the Fund qualify as party-in-interest transactions.

The Plan allows participants to borrow from their accounts (notes receivable) in the Plan. These transactions qualify as party-in-interest transactions. The value of the notes receivable was \$170,477 at December 31, 2021.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

5. Investment Information Prepared and Certified by the Trustee

The plan administrator has received from the Trustee, as of and for the year ended December 31, 2021, certification as to the accuracy and completeness of certain financial information and data in accordance with Section 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following data prepared and certified by the Trustee as accurate and complete includes all investments and related investment activity reflected in the accompanying financial statements.

Investments, at fair value

Registered investment companies	\$ 25,733,961
Investments measured at net asset value	4,173,928
	<u>\$ 29,907,889</u>

Net investment income

Dividends and interest	\$ 1,288,790
Net appreciation in fair value of investments	2,852,708
	<u>\$ 4,141,498</u>

6. Plan Amendment or Termination

The Company reserves the right to amend or modify the provisions of the Plan at any time. Although the Company expects to continue the Plan indefinitely, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan for any reason, subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in all amounts credited to their account and receive a payment equal to the value of the participant's account balance at the time of liquidation.

7. Income Tax Status

The Plan is relying on a favorable opinion letter from the Internal Revenue Service ("IRS") dated July 8, 2014, issued to ADP, LLC, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan is not required to file for an individual determination letter in addition to the opinion letter received from the IRS.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

10. Risks and Uncertainties

The Plan provides for various investment options in several types of investment securities and instruments that, in general, are exposed to various risks, such as interest rate, market volatility and credit risks. Due to the level of risks associated with certain investment securities and the sensitivity of certain fair value estimates related to changes in valuation assumptions, it is at least reasonably possible that changes in risks may occur in the near term and such changes could materially affect the value of the participants' individual account balances, and the amounts reported in the Statements of Net Assets Available for Benefits and in the Statement of Changes in Net Assets Available for Benefits.

11. Subsequent Events

The Plan has evaluated events subsequent to December 31, 2021 and through October 6, 2022, the date the financial statements were available to be issued and determined that there were no events that require adjustments to these financial statements.
