To the Board of Directors
Potters Industries, LLC 401(k) Plan
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of the Potters Industries, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained the certifications from the qualified institutions as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2021 Financial Statements* section of our report

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying 2021 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2021 Supplemental Schedule Required by ERISA

The 2021 supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the 2021 financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2021 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2021 financial statements or to the 2021 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content on the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Potters Industries, LLC 401(k) Plan

Notes to Financial Statements For the Year Ended December 31, 2021

1. Plan Description

The following description of Potters Industries, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document or the summary plan description for a more complete description of the Plan’s provisions.

General

Potters Industries, LLC (“Company”) is the sponsor of the Plan. The Plan is a defined contribution plan covering all eligible employees of the Company, with the exception of leased employees and non-resident aliens, as defined. There is no service or age requirement for all contribution types. The participant will be eligible upon the date of hire. The Plan entry date will be the first day of the month coinciding with the date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Board of Directors is responsible for oversight of the Plan.

The Company established the Plan effective January 1, 2021.

On February 4, 2021, Ecovyst 401(k) Savings Plan liquidated and transferred \$62,845,245 of Performance Materials participant balances to Potters, Inc. 401(k) Plan. The amount is included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021 as “Transfers in.”

Contributions

Participating employees may contribute any percentage up to 50% of their compensation, subject to Internal Revenue Code (IRC) limitations for the calendar year as pre-tax or after tax elective contributions or after-tax Roth contributions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. The Company matches 50% of the first 6% of a participant’s compensation. The Plan may also elect, under the discretion of the Board of Directors, a profit sharing contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contribution plans. Participants direct the investment of their contributions into mutual funds offered by the Plan. Contributions are subject to certain other limitations.

Participant Accounts

Participant accounts are credited with the participants’ contributions and an allocation of (a) the Company’s matching contribution, (b) Plan earnings or losses, and charges with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Potters Industries, LLC 401(k) Plan

Notes to Financial Statements For the Year Ended December 31, 2021

1. Plan Description (cont.)

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's match contribution portion of their account is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

Notes Receivable From Participants

Participants may borrow from their accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account with interest rates that are commensurate with local prevailing rates as determined by the Plan administrator at the date of issuance. Participant loans currently bear interest ranging from 4.25% to 8.50%. Participant loans are collateralized by the participant's vested account balance. Currently, principal and interest are being paid ratably through monthly payroll deductions.

Forfeited Accounts

At December 31, 2021, forfeited nonvested accounts was approximately \$20. These accounts will be used to reduce future Company contributions or cover plan expenses. In 2021, employer contributions were reduced by \$5,346 from forfeited non-vested accounts.

Payment of Benefits

Upon termination of service due to retirement, death, or other reasons, the participant's vested benefit is to be distributed in a manner, as defined in the plan document, chosen by the participant or beneficiary. If the participant's vested account balance is \$5,000 or less, payment is to be paid in a single sum. A terminated participant may also elect to retain their vested account balance with the Plan until required to take mandatory distributions at age 70½.

Normal retirement is 59½.

Participants may take a distribution for any part of their deferred contributions upon written notice of financial hardship as determined by the plan administrator.

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting and are prepared in conformity with U.S. generally accepted accounting principles ("GAAP") as promulgated by the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC").

Potters Industries, LLC 401(k) Plan

Notes to Financial Statements For the Year Ended December 31, 2021

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that may affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reported period. Actual results could differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

The Plan applies the provisions of FASB Accounting Standards Codification ASC 820, *Fair Value Measurements and Disclosures* (ASC 820). The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Changes in fair value, along with realized gains and losses, are reflected as net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefit payments to participants are recorded when paid.

3. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021, and net appreciation in fair value of investments, dividend and interest income from mutual funds, and interest from participant notes receivable for the year then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Ascensus Trust Company and Reliance Trust Company (each a qualified institution and the trustees of the Plan). The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

<i>Year Ended December 31,</i>	2021
Mutual Funds	\$ 647,891
Net appreciation in fair value of investments	\$ 647,891

4. Concentrations of Credit Risk

There were no individual investments within the plan that were equal to or greater than 10% of the total plan assets.

5. Fair Value Measurements

ASC 820 establishes a fair value hierarchy that prioritizes the inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy defined by the guidance are described below:

Basis of Fair Value Measurement

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

Potters Industries, LLC 401(k) Plan

Notes to Financial Statements For the Year Ended December 31, 2021

5. Fair Value Measurements (cont.)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation methodologies maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used as of December 31, 2021. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Fund

Mutual funds represent investments with various investment managers. The fair value of these investments are determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds traded on national securities exchanges are valued at the net asset value as of December 31, 2021.

The fund and its participants are subject to certain restrictions, for example, withdrawals prompted by certain events such as withdrawals to transfer assets to a competing fund, withdrawals of 10% or more of the Plan's assets invested in the Fund and excessive trading.

The valuation methods described above may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, it is possible that different fair value measurements may arise due to the use of different methodologies or assumptions in determining the fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan investment assets at fair value as of December 31, 2021. As required by ASC 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan had no material financial liabilities as of December 31, 2021.

Investment Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 65,253,426	\$ -	\$ -	\$ 65,253,426
Total investments	\$ 65,253,426	\$ -	\$ -	\$ 65,253,426

Potters Industries, LLC 401(k) Plan

Notes to Financial Statements For the Year Ended December 31, 2021

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan in certain circumstances to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, all account balances are fully vested, nonforfeitable and would be distributed to participants as a lump sum payment, as defined by the Plan, within a reasonable time following termination.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Administrative Expenses

A portion of expenses incurred for administration of the Plan can be paid by the Company. Fees paid by the Plan to the third-party administrators, Ascensus Trust Company and ADP Retirement Services, for recordkeeping fees totaled \$23,665 for the year ended December 31, 2021.

9. Tax Status

The sponsor of the volume submitter plan document has received an advisory letter from the Internal Revenue Service dated March 31, 2014, stating that the form of the underlying volume submitter document is qualified under Section 401 of the IRC and that any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 (a) of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status.

Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable sections of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Potters Industries, LLC 401(k) Plan

Notes to Financial Statements For the Year Ended December 31, 2021

9. Tax Status (cont.)

GAAP prescribes rules for the recognition, measurement, classification, and disclosure in the financial statements of uncertain tax positions taken or expected to be taken in the Plan's tax returns. Management has determined that the Plan does not have any uncertain tax positions and associated unrecognized tax benefits that materially impact the financial statements or related disclosures. Since tax matters are subject to some degree of uncertainty, there can be no assurance that the Plan's tax returns will not be challenged by the taxing authorities and that the Plan will not be subject to additional tax, penalties, and interest as a result of such a challenge. Generally, the Plan's federal returns remain open for income tax examination for three years from date of filing.

10. Separated Participants

At December 31, 2021, participants separated from service for which distributions have not be remitted was approximately \$99,789.

11. Subsequent Event

Subsequent events have been evaluated through the date of the independent auditors' report, which is the date financial statements were available to be issued. Management did not identify any events requiring recording in or disclosure to the financial statements as of and for the year ended December 31, 2021.

The Plan was amended and restated on May, 1 2022 to bring the Plan into compliance with the legislative and regulatory changes set forth in IRS plan restatement cycle.
