Report to the Retirement Plan Committee

Volcom, LLC 401(k) Plan

December 31, 2019

September 15, 2020

The Volcom Retirement Plan Committee
Volcom, LLC 401(k) Plan
1740 Monrovia Avenue
Costa Mesa, CA 92627

We have conducted a DOL limited-scope audit of the financial statements of Volcom, LLC 401(k) Plan (the "Plan") for the year ended December 31, 2019 and have issued our report thereon dated September 15, 2020. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note B-4 to those financial statements. Because of the significance of the investment information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the investment information certified by the asset custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated May 7, 2020. Professional standards also require that we communicate to you the following information related to our audit.

Other Information in Documents Containing Audited Financial Statements

Our responsibility for other information in documents containing the financial statements does not extend beyond the financial information identified in the report. We have no obligation to perform any procedures to corroborate other information contained in these documents. However, we read the Plan's Form 5500 for the year ended December 3l, 2019 and no matters came to our attention that caused us to believe that such information, or its manner of presentation, is inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note B to the financial statements. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. We believe the fair value of the Plan's investments is particularly sensitive because of their significance to the financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements are Notes B-3 and B-4 describing the risk and uncertainties relating to the various interests, market, and credit risks associated with the Plan's investment options, and the possibility that these risks can materially affect a participant's individual investments and valuation of investments. We believe the disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no misstatements identified in the current year audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have obtained certain representations from management that are included in the management representation letter dated September 15, 2020.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This communication is intended solely for the information and use of Plan management, the Volcom Retirement Plan Committee, and others within the Plan sponsor, and is not intended to be and should not be used by anyone other than these specified parties.

Thank you for the opportunity to be of service to you again this year.

Very truly yours,

Haskell & White LLP

VOLCOM, LLC 401(k) PLAN

Notes to Financial Statements

NOTE A - PLAN DESCRIPTION

1. General

The Volcom, LLC 401(k) Plan (the "Plan") is a defined contribution plan that was established effective January 1, 1999 and is administered by Volcom, LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers all of the employees of the Company who have attained the age of 21 and completed at least 1,000 hours and six months of service. Effective August 1, 2014, the Plan was amended to allow employees from related companies to participate in the Plan. The related companies are Volcom Retail, LLC and Volcom Retail Outlets, LLC. The Plan was amended on April 1, 2019 to cease participation by LS&S Retail, LLC and Electric Visual Evolution, LLC.

2. Plan Administration

The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

Massachusetts Mutual Life Insurance Company ("MassMutual") and Reliance Trust Company, are the asset custodian and trustee of the Plan, respectively.

3. Contributions

Each year, participants may elect to make voluntary 401(k) contributions from 0% to 20% of their eligible compensation, as defined by the Plan, up to the maximum allowed under the Internal Revenue Code ("Code") for each year ($19,000 for the Plan year ended December 31, 2019). All employees who were eligible to make pretax deferrals under the Plan and had attained age 50 before the close of the Plan year were eligible to make catch-up contributions in accordance with, and subject to, the limitations of the Code. Participants may rollover contributions from other qualified retirement plans. The Company is allowed to make discretionary employer matching contributions. Currently the approved discretionary employer match is 25% of the participant's contribution up to a maximum cap of $1,480 which is 8% of the maximum allowed for participant contributions per the Code. Effective April 3, 2020 the Plan's management elected to suspend the discretionary employer match. See Note B.7.

NOTE A - PLAN DESCRIPTION (continued)

4. Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's pretax contributions and allocations of (a) Company matching contributions, when applicable, (b) investment earnings or losses, and (c) charged with withdrawals and an allocation of Plan transaction fees. Allocations are based on participant investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

5. Vesting

Eligible participants are immediately 100% vested with respect to their voluntary and Company discretionary matching contributions, plus actual earnings thereon.

6. Investments

Participants direct the investment of their contributions into various investment options offered by the Plan. At December 31, 2019, the Plan offered various mutual funds and guaranteed interest accounts as investment options for participants.

7. Notes Receivable from Participants

Participants may borrow from their accounts up to a maximum of $50,000 or 50% of their account balance, whichever is less. Such loans bear interest at prevailing interest rates and are repaid to the participant's account over no more than five years, except in the case of loans used to acquire a primary residence. Participant loans are secured by the balance in the participant's account. Principal and interest are paid ratably through bi-weekly payroll deductions.

8. Payment of Benefits

On termination of service due to death, retirement, or disability, each participant or the participant's beneficiaries may receive the vested interest in the participant's account in a lump sum payment, less any loans outstanding. Account withdrawals are permitted by participants who suffer certain financial hardships and meet criteria established by the Internal Revenue Service ("IRS").

9. Administrative Expenses

Administrative, audit, and recordkeeping fees are paid by the Company. Investment management fees are paid from the Plan's assets.

NOTE B - SUMMARY OF ACCOUNTING POLICIES

1. Basis of Accounting

   The accompanying financial statements of the Plan have been prepared under the accrual method of accounting and in accordance with accounting principles generally accepted in the United States of America ("GAAP").

2. Use of Estimates

   In preparing financial statements in conformity with GAAP, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

3. Risks and Uncertainties

   The Plan is exposed to market and credit risk due to the various investment securities that may be selected by the participant in any combination. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

4. Investment Valuation and Income

   The Plan's investments in mutual funds are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of the shares held by the Plan at year end.

   The Plan's investments in guaranteed interest accounts ("GIA") are valued at contract value based on the underlying value of the account's group annuity contracts. The contract value approximates the fair value of the investment.

   The GIA is principally valued using a market value formula approach. The formula assumes an interest rate for multiple indices and an experience rate for pension account funds.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (continued)

4. Investment Valuation and Income (continued)

Certain events can limit the ability of the Plan participants to transact at contract value. Such events include participant termination of employment due to (1) removal of group of participants for temporary absences or other temporary breaks of service; (2) transfer to another controlled entity; (3) cessation of employment due to a reorganization merger, layoff or sale of the business; (4) partial or full plan termination; or (5) plan disqualification.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Investment income consists of interest earned and realized and unrealized gains or losses in the fair value of investments, less investment expenses.

The Plan accounts for investments, excluding the Guaranteed Interest Account which is at contract value, using Accounting Standards Codification 820 *Fair Value Measurements and Disclosures* ("ASC" 820). ASC 820 defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and provides for disclosures about fair value measurements.

ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a fair value hierarchy that distinguishes between (1) market participant assumptions developed based on market data obtained from independent sources (observable inputs) and (2) an entity's own assumptions about market participant assumptions developed based on the best information available in the circumstances (unobservable inputs). The fair value hierarchy consists of three broad levels, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

NOTE B - SUMMARY OF ACCOUNTING POLICIES (continued)

4. Investment Valuation and Income (continued)

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2: Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or comparable assets or liabilities.
- Level 3: Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models, and similar techniques, and not based on market exchange, dealer or broker traded transactions. These valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

	December 31, 2019			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,972,531	$ -	$ -	$ 14,972,531
Total, at fair value	$ 14,972,531	$ -	$ -	$ 14,972,531

	December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,405,319	$ -	$ -	$ 11,405,319
Total, at fair value	$ 11,405,319	$ -	$ -	$ 11,405,319

5. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement.

6. Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE B - SUMMARY OF ACCOUNTING POLICIES (continued)

7. Subsequent Events Review

The Plan's management evaluated subsequent events through September 15, 2020, the date the financial statements were ready to be issued.

In March 2020, the World Health Organization classified the novel coronavirus ("COVID-19") outbreak as a pandemic, triggering volatility in financial markets and negatively impacting the global economy. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, cannot be determined. As a result, the Plan's management approved to suspend the discretionary Company match until further notice. This was effective beginning with the April 3, 2020 payroll.

Also in March 2020, in response to COVID-19, Congress passed into law the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). The CARES Act provides several relief provisions temporarily available to qualified retirement plans and their participants, which include a penalty free coronavirus-related distribution for qualifying individuals, increased loan limits and up to a one-year deferral of loan repayments for qualifying individuals. The Plan adopted the provisions of the CARES Act in April 2020.

NOTE C – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds and guaranteed interest accounts that are managed by MassMutual. MassMutual Retirement Services (a division of Massachusetts Mutual Life Insurance Company and its affiliates) is the asset custodian, and therefore, these transactions qualify as exempt party-in-interest transactions.

NOTE D - TAX STATUS

The Plan utilizes a non-standardized prototype plan document sponsored by MassMutual, the third-party administrator, which received an opinion letter, dated March 31, 2014, from the IRS indicating that the form of the prototype plan is acceptable under applicable sections of the Code. Management of the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth by ERISA. In the event of Plan termination, participants would be entitled to receive the accumulated balance in their individual account.

NOTE F – PROHIBITED TRANSACTIONS

1. Delinquent Contributions

   For the years ended December 31, 2019 and 2018, the Company transferred employee contributions of $0 and $62,697, respectively, into the Plan after what was considered to be a reasonable period of time. These delinquent contributions are considered nonexempt prohibited transactions under the regulations of the Department of Labor. The estimated lost earnings were paid into the Plan by the Company, which was approximately $0 and $43 for the years ended December 31, 2019 and 2018, respectively. The Plan and/or the Plan sponsor may be subject to various fines, penalties and interest. Management intends to self-correct the lost earnings related to the 2018 delinquent contribution.
