INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Webb Chemical Service Corporation 401(k) and Retirement Plan
Muskegon, MI

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Webb Chemical Service Corporation 401(k) and Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Webb Chemical Service Corporation 401(k) and Retirement Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be

independent of Webb Chemical Service Corporation 401(k) and Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Webb Chemical Service Corporation 401(k) and Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Webb Chemical Service Corporation 401(k) and Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt Webb Chemical Service Corporation 401(k) and Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Contributions, as of and for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Webb Chemical Service Corporation 401(k) and Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Webb Chemical Service Corporation 401(k) and Retirement Plan
Notes to Financial Statements
Years Ended December 31, 2021 and 2020

Note #1 – Description of Plan:

The following description of the Webb Chemical Service Corporation 401(k) and Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General –

The Plan is a defined contribution plan covering substantially all employees of Webb Chemical Service Corporation and Trace Analytical Laboratories Inc. (the Companies) who have six months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for the oversight of the Plan and determines the appropriateness of the Plan's investments offerings and monitors investment performance.

Investment Options –

Upon enrollment in the Plan, participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a common collective trust as investment options for participants. If a participant fails to select an investment option upon enrollment in the plan, the participant's contributions are placed in a Target Date Fund based on the participant's age at the time of enrollment as set forth by the Plan Document. Participants may change their investment options at any time.

Contributions –

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to the maximum allowed under the Internal Revenue Code (IRC). Contributions can be made as pretax or after tax (Roth). Participants may also contribute amounts representing distributions (Rollovers) from other qualified defined benefit or contribution plans.

For 2021 and 2020, the Companies contributed matching contributions totaling 100% of the first 3% of participants compensation and 50% of the next 3% of participants compensation that each participant contributed to the Plan. Additional profit sharing amounts may be contributed at the option of the Company's board of directors. No profit sharing contributions were made for the years ended December 31, 2021 and 2020.

Participant Accounts –

Each participant's account is credited with the participant's contribution and allocations of (a) the Companies' matching contributions and profit sharing contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant contributions and earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting –

Participants are immediately vested in their contributions, Companies' matching contributions, plus actual earnings thereon. Vesting in the Companies' profit sharing contribution portion of their accounts is based on years of credited services. A participant is 100% vested after six years of credited service.

Years Ended December 31, 2021 and 2020

Note #1 – Description of Plan (Continued):

Notes Receivable from Participants –

Participants may borrow from their fund account a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest of prime rate plus 2%. Principal and interest is paid ratably through bi-weekly payroll deductions. Participant loans totaled \$83,527 and \$101,888 at December 31, 2021 and 2020, respectively.

In-Service Withdrawals –

A participant may withdraw all or a portion of his or her vested account balance upon reaching the age of 59 ½.

Payment of Benefits –

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of years. For termination of services due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts –

Forfeited balances may be used to reduce future Companies contributions payable under the plan. Forfeitures were immaterial to the plan as of December 31, 2021 and 2020.

Administrative Expenses –

Certain administrative expenses are paid for by the Plan Sponsor. The remaining administrative expenses incurred by the Plan are paid for by the Plan.

Basis of Accounting –

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Estimates –

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note #2 – Summary of Significant Accounting Policies:

Investment Valuation and Income Recognition –

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing

Note #2 – Summary of Significant Accounting Policies (Continued):

information provided by the investment advisors and custodians. See Note #4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants –

Participant loans, which are classified as notes receivable from participants, are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document, and recorded as benefits paid to participants in the statements of changes in net assets available for benefits. There were no delinquent participant loans reclassified as of December 31, 2021 and 2020.

Payment of Benefits –

Benefit payments to participants are recorded upon distribution.

Subsequent Events –

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for, and disclosure of, transactions and events that affect the financial statements. The Company has evaluated subsequent events through September 27, 2022, which is the date the financial statements were available to be issued.

Note #3 – Investments and Information Certified by the Plan's Trustee:

The Plan Administrator has elected the method of annual reporting compliance permitted in accordance with Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2021 and 2020, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus, LLC (the trustee of the Plan).

No audit procedures were performed with respect to this information by the Plan's independent auditors, with the exception of comparing such information to the related information included in the financial statements and supplemental schedules.

Note #4 – Fair Value Measurements:

Financial Accounting Standards Board Codification (ASC) 820, *Fair Value Measurements*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy

Webb Chemical Service Corporation 401(k) and Retirement Plan
Notes to Financial Statements
Years Ended December 31, 2021 and 2020

Note #4 – Fair Value Measurements (Continued):

consists of three broad levels: Level 1 inputs consists of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs, unobservable inputs, have the lowest priority. The three levels of the fair value hierarchy under FASB Codification 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2021 and 2020. There have been no significant transfers in to or out of levels during the years ending December 31, 2021 and 2020. Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end.

Common/Collective Trust (CCT): Units held in the CCT is valued at the NAV as reported by the fund manager. The CCT held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. The investment strategy for the CCT, which is categorized as balanced allocation funds, is to seek total returns consisting of long-term growth of capital and current income, consistent with the strategy of an investor who expects to retire in a specified target year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note #4 – Fair Value Measurements (Continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Investments at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Total Investments at Fair Value	<u>\$ 8,072,446</u>	<u>-</u>	<u>-</u>	<u>\$ 8,529,816</u>

** The investments in a common/collective trust are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of assets available for benefits.*

Note #5 – Plan Termination:

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants are 100% vested in their employer profit sharing contributions.

Note #6 – Tax Status:

The Plan is a nonstandardized volume submitter defined contribution plan sponsored by Ascensus, LLC. The Internal Revenue Service has issued an opinion letter dated January 1, 2018, to Ascensus, LLC that the form of the Plan and underlying trust, as designed, are in compliance with the applicable requirements of the IRC and therefore the Plan is exempt from income taxes. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Webb Chemical Service Corporation 401(k) and Retirement Plan
Notes to Financial Statements
Years Ended December 31, 2021 and 2020

Note #6 – Tax Status (Continued):

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Companies have taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator believes that there are no uncertain tax positions that would have a material impact on the financial statements of the Plan. Therefore, no provision for income taxes has been recorded in these financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note #7 – Risks and Uncertainties:

The Plan invests in various investment securities through Mutual Funds and a CCT. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note #8 – Participant Fees and Parties In Interest:

Fees incurred for legal, accounting, and administrative services rendered by parties in interest are the responsibility of the Plan. All 2021 and 2020 plan investments were mutual funds and a CCT administered by Ascensus, LLC. Ascensus, LLC was the trustee as defined by the Plan and the plan record keeper and, therefore, these transactions qualified as party-in-interest transactions. Investment advisor services for the Plan are performed by Merrill Lynch and qualifies as a party-in-interest.

Administrator fees are charged to the Plan and allocated to participant accounts. Total fees paid were \$16,091 and \$13,920 for the years ended December 31, 2021 and 2020, respectively and are included in administrative expenses on the Statements of Changes in Net Assets Available for Benefits.

Note #9 – COVID-19:

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to the international community as the virus spread globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Plan's financial conditions, liquidity, and future results. Management is actively monitoring the global situation on its financial conditions, liquidity, operations, suppliers, industry, and workforce. Given the

Note #9 – COVID-19 (Continued):

daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Company is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, liquidity, or expected profit sharing contributions for the foreseeable future.

On March 27, 2020, the Corona Virus Aid, Relief and Economic Security Act (CARES Act) was signed into law in response to the economic impacts of the COVID-19 outbreak. The Plan was amended during 2020 to allow for the CARES Act provisions related to COVID-19 withdrawals.
