INDEPENDENT AUDITOR'S REPORT

To the Administrators of the
Cly-Del Manufacturing Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Cly-Del Manufacturing Company 401(k) Plan an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Cly-Del Manufacturing Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note "3" to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cly-Del Manufacturing Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cly-Del Manufacturing Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cly-Del Manufacturing Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cly-Del Manufacturing Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) – Schedule of Delinquent Contributions and Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note "7", which was certified by Charles Schwab Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2020, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter-Supplemental Schedules

The supplemental Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2020, is presented for the purpose of additional analysis and is not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2020 financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE CLY-DEL MANUFACTURING COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note "1" – Description of Plan

The following description of the Cly-Del Manufacturing Company ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company. All full-time employees were eligible to participate on the effective date of plan (September 1, 1998). After open enrollment, employees are eligible to participate after completing one year of service in which 1,000 hours of work was performed. A trustee holds, invests, and distributes assets of the plan in accordance with the terms of the plan agreement. Participants in the plan direct their contributions to various investments offered by the plan. A significant amount of administrative expenses of the plan have been assumed by the plan sponsor – The Cly-Del Manufacturing Company.

Contributions

Participants may contribute up to 20% of pretax annual compensation, as defined in the Plan. This was an increase of 10% over the previous document. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers seventeen investment options for participants. The Company will match the employee's contribution equal to 150% of the first 1%, of employee compensation, 50% of the next 2% of employee compensation, and 25% of the next 2% of employee compensation that a participant contributes to the plan. The matching contributions are made in cash. Additional profit-sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

Investment Options:

The Plan currently offers various mutual funds held in pooled separate accounts, and an insurance investment contract as investment options for participants.

Participants are allowed to invest in one or more of the investment options. Participants may change their investment elections between the different investment options. Investment options include three groups of investment funds – fixed income funds are invested in fixed income investments with limited equity holdings, equity funds are primarily invested in common and preferred stock, and target retirement funds, which are diversified funds that invest in stocks and bonds. The target retirement funds gradually shift from more aggressive investments to conservative investments based on its target date. As of December 31, 2021, and 2020, The Plan's investments consisted of mutual funds held in pooled separate accounts and a group annuity contract (Mass Mutual Fixed Account).

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

THE CLY-DEL MANUFACTURING COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note "1" – Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service.

Employer matching contributions are vested as follows:

<u>Years of Service</u>	<u>Ownership Percentage</u>
0 – 2 years	50%
3 – 4 years	75%
5 + years	100%

Upon retirement, death, disability, or termination of plan, each participant's entire account balance will become fully vested regardless of years of service.

Payment of Benefits

Terminations of employment for reasons other than retirement, death, disability, or termination of plan before the five year fully vested period will result in the forfeiture of any nonvested contributions.

The participants benefits are payable under the plan as of:

- Normal retirement age of 65
- Death
- Termination of Employment
- Financial Hardship
- Eligible in-service withdrawals

Administrative and Investment Management Expenses

Investment management and professional fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. Contract administrative fees are deducted from participant accounts. All other expenses are paid by the Plan Sponsor.

Forfeited Accounts

Upon a participant's termination, the unvested portion of the participant's account is forfeited. Forfeited non-vested amounts may be used to reduce future matching contributions and or to pay reasonable plan expenses. During the year ended December 31, 2021 and 2020, no forfeitures were used pay expenses of the Plan. As of December 31, 2021 and 2020, unallocated forfeitures were \$12,063 and \$10,909, respectively.

THE CLY-DEL MANUFACTURING COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note “2” – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting in accordance with principles generally accepted in the United States of America (generally accepted accounting principles or GAAP)

Use of Estimates and Risks and Uncertainties

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The Plan invests in various securities including a mutual funds (held in pooled separate accounts) and a group annuity contract (fixed account) investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that the values of investment securities could decline in the near term and that such declines could materially affect the amounts reported in the Plan’s financial statements. Given recent volatility in the financial markets, it is reasonably possible that investment values could decline in subsequent periods.

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are primarily reported at fair value, with the exception of the Plan’s group annuity contract a fully benefit-responsive investment contract that is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract and is the relevant measure for the portion of assets attributable to fully benefit-responsive investment contracts. See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. THE CLY-DEL MANUFACTURING COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note “3” – Unaudited Information

At December 31, 2021 and 2020, all information included in the accompanying financial statements and schedules is based on the information provided by the custodian. As permitted by the Department of Labor, this information has not been audited. Mass Mutual Life Insurance Company, the custodian of all the plan assets has certified the trust assets as complete and accurate.

Note “4” – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note “5” – Tax Status

The Plan (under the Great-West Trust Company, LLC Defined Contribution Pre-Approved Plan) was amended and restated effective June 1, 2021. The Internal Revenue Service has determined and informed Great West Trust Company, LLC by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended and restated since receiving the opinion letter on the Defined Contribution Pre-Approved Plan, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Note “6” – Fair Value Measurement

The Plan accounts for its financial assets and liabilities at fair value on a recurring basis in the financial statements. Assets and liabilities are measured at fair value and categorized into one of the three levels based on the priority of inputs used in the valuation. Assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement. The three levels are defined as follows:

- Level 1 - Quoted prices in active markets for identical assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

THE CLY-DEL MANUFACTURING COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note "6" – Fair Value Measurement (continued)

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

Pooled separate accounts: Valued using net asset value, "NAV", as a practical expedient, provided by the administrator of the fund based on the valuation of the underlying mutual fund investments. Accordingly, investments meeting the requirement have not been classified in the fair value hierarchy.

Note "7" Related-Party Transactions and Party-in Interest Transactions

Certain Plan investments are managed by Massachusetts Mutual Life Insurance Company and is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party - in - interest transactions.

Charles Heaven & Co. CPA's, auditor of the Plan's financial statements, is also a party-in-interest as defined by ERISA.

Reid & Riege attorneys for the plan is also a party-in-interest as defined by ERISA.

Certain fees paid to related parties for services to the Plan were paid by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The administrative expenses paid directly by the Plan, as well as indirectly through the reduction of investment return, are considered party-in-interest transactions.

Note "8" – Subsequent Events:

In connection with the preparation of the financial statements of the Cly-Del Manufacturing 401(K) Plan subsequent events have been evaluated through October 11, 2022, which is the date the financial statements were available to be issued.

The US Department of Labor selected the 2020 Cly-Del Manufacturing Company 401(k) Plan to ensure that the employee benefit plan, subject to the Employee Retirement Income Security Act of 1974 (ERISA), satisfied applicable reporting and disclosure requirements. As a result of their review, the 2020 Form 5500 filing was rejected and intends to assess a civil penalty of \$50,000 against the Plan administrator. The Plan administrator is submitting additional information, testing and other workpapers to clear the deficiencies and bring the filing into compliance in hopes of reducing or abating the penalty. Any penalty assessed will be the obligation of the plan sponsor.

During the 2021 contribution testing it was determined that the definition of compensation being used since inception did not agree with the adoption agreement regarding bonuses. As intended by both the employees and employer, bonuses were not considered compensation for the purposes of 401(k) elective deferrals and matching contributions. To retroactively specify and correct the definition of compensation the plan sponsor filed an application for voluntary correction ("VCP") on September 16, 2022 with the Internal Revenue Service. If the VCP application is not accepted, management would reimburse the affected participants. Management has determined that the amount payable to the participants to correct any deficiency would not be material to the financial statements and therefore no receivable has been recorded at this time.

Fee and Compensation Disclosure Report

Please refer to the plan's ERISA Section 408(b)(2) Disclosure materials, including the 408(b)(2) Disclosure Statement(s), Investment Option Disclosure(s), Service Agreement and Contract Amendments and 408(b)(2) Disclosure Statement Change Notices (the "408(b)(2) Disclosure Materials") previously delivered to you. You can also access copies of your 408(b)(2) Disclosure Materials through your MassMutual plan sponsor portal or you can contact your account manager for assistance.

The 408(b)(2) Disclosure Materials and this document, together, can assist a plan administrator ("you") in completing the Form 5500 Schedule C¹ by identifying different types of services and the different types of compensation paid with respect to the product utilized by your plan.

As permitted under the Schedule C rules, compensation is disclosed in the attached report as an actual dollar amount, an estimate or a formula or rate.

- Where an actual dollar amount of compensation is disclosed, no further notation regarding compensation calculations is generally provided.
- Where an estimate of the compensation amount is disclosed, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount.
- Where a formula or rate is provided to report compensation, we have used a reasonable method to arrive at the estimate and we have described the method used to arrive at the estimated amount. This formula or rate may be disclosed to describe the compensation to which it applies under the Schedule C rules. Alternatively, for purposes of Schedule C disclosure or in connection with your fiduciary review of the compensation paid with respect to the services, products and investment options utilized by the plan, you may calculate and disclose an actual or estimated dollar amount by multiplying the rate by the total assets to which it applies.

Please note that, unless otherwise indicated in the descriptions contained in this report, direct compensation is presented on a plan year basis 01/01/2021 - 12/31/2021 and indirect compensation is presented on a calendar year basis ending 12/31/2021.

This report includes compensation actually paid to or by MassMutual within the indicated plan year as part of your MassMutual-serviced product. *(Note: If the plan year period or plan year end indicated in this Schedule C reporting package is incorrect, please notify your MassMutual customer service representative immediately).* This report does not include amounts deducted from plan assets and paid to third parties (other than MassMutual). In addition, the report does not include compensation related to investments held by the plan that are not serviced on our recordkeeping system. You should contact your other service providers for reportable compensation information. You may also receive information on the compensation reported here from other service providers as is described below.

Please note that we have provided suggested service codes (based on the information in our records) with respect to services provided through our product. Please review all Schedule C and other Form 5500 materials with your experienced benefits counsel and other professionals to determine the most appropriate codes for your plan. In addition, please note that because plans with fewer than 100 participants (as of the beginning of the plan year) are generally not required to file Schedule C, you should refer to the instructions provided by the IRS for Schedule C and/or review the applicability of Schedule C to your plan with your experienced tax/benefits counsel, to determine whether it is necessary for the plan to report the information contemplated by this report.

Please contact your MassMutual Service Team should you require additional information regarding the compensation paid to or by MassMutual with respect to your plan.

Information provided in this document and related materials we provide are not intended to be and shall not be deemed tax advice, tax form preparation services, legal advice, advice to plans regarding compliance with ERISA reporting compliance, or accounting or other professional services. As described above, the information contained in this report may not cover all of the compensation received by the plan's service providers. We strongly encourage you to review all Schedule C and other Form 5500 materials with experienced benefits counsel and other professionals.

¹Please refer to the Schedule C of the Form 5500 and its instructions (available at: <http://www.dol.gov/ebsa/5500main.html>), and please confer with experienced benefits counsel and other professionals, to determine the applicability of Schedule C to your plan.

¹ At the time this report was generated this information was not available.

Under the variable investment options available through your plan's group annuity contract or funding agreement, contract values are invested in insurance company separate accounts that, in turn, invest in underlying registered investment companies (i.e., mutual funds) and collective investment funds.

The above list includes any investment option held by the plan on at least one month end during the 2021 calendar year. To arrive at an estimate of the dollar amount that MassMutual received from each investment option, multiply the rate of fees received from each investment option by your plan's year-end balance (or if the investment option was liquidated prior to year end, the balance on the liquidation date) and, if applicable, the per participant fee by the number of participants in the investment option at year end (or the liquidation date if earlier). This will be an estimate because your plan's balance and number of participants will vary over the course of the year, so the year-end balance and number of participants may be higher or lower than the daily balance. In addition, these fees are calculated on a daily basis.

INDEPENDENT AUDITOR'S REPORT

To the Administrators of the
Cly-Del Manufacturing Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Cly-Del Manufacturing Company 401(k) Plan an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for plan benefits as of December 31, 2021, and the related statement of changes in net assets available for plan benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Cly-Del Manufacturing Company 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note "3" to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cly-Del Manufacturing Company 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cly-Del Manufacturing Company 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cly-Del Manufacturing Company 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cly-Del Manufacturing Company 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(a) – Schedule of Delinquent Contributions and Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE CLY-DEL MANUFACTURING COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note "1" – Description of Plan

The following description of the Cly-Del Manufacturing Company ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company. All full-time employees were eligible to participate on the effective date of plan (September 1, 1998). After open enrollment, employees are eligible to participate after completing one year of service in which 1,000 hours of work was performed. A trustee holds, invests, and distributes assets of the plan in accordance with the terms of the plan agreement. Participants in the plan direct their contributions to various investments offered by the plan. A significant amount of administrative expenses of the plan have been assumed by the plan sponsor – The Cly-Del Manufacturing Company.

Contributions

Participants may contribute up to 20% of pretax annual compensation, as defined in the Plan. This was an increase of 10% over the previous document. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers seventeen investment options for participants. The Company will match the employee's contribution equal to 150% of the first 1%, of employee compensation, 50% of the next 2% of employee compensation, and 25% of the next 2% of employee compensation that a participant contributes to the plan. The matching contributions are made in cash. Additional profit-sharing amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations.

Investment Options:

The Plan currently offers various mutual funds held in pooled separate accounts, and an insurance investment contract as investment options for participants.

Participants are allowed to invest in one or more of the investment options. Participants may change their investment elections between the different investment options. Investment options include three groups of investment funds – fixed income funds are invested in fixed income investments with limited equity holdings, equity funds are primarily invested in common and preferred stock, and target retirement funds, which are diversified funds that invest in stocks and bonds. The target retirement funds gradually shift from more aggressive investments to conservative investments based on its target date. As of December 31, 2021, and 2020, The Plan's investments consisted of mutual funds held in pooled separate accounts and a group annuity contract (Mass Mutual Fixed Account).

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

Note "1" – Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service.

Employer matching contributions are vested as follows:

<u>Years of Service</u>	<u>Ownership Percentage</u>
0 – 2 years	50%
3 – 4 years	75%
5 + years	100%

Upon retirement, death, disability, or termination of plan, each participant's entire account balance will become fully vested regardless of years of service.

Payment of Benefits

Terminations of employment for reasons other than retirement, death, disability, or termination of plan before the five year fully vested period will result in the forfeiture of any nonvested contributions.

The participants benefits are payable under the plan as of:

- Normal retirement age of 65
- Death
- Termination of Employment
- Financial Hardship
- Eligible in-service withdrawals

Administrative and Investment Management Expenses

Investment management and professional fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. Contract administrative fees are deducted from participant accounts. All other expenses are paid by the Plan Sponsor.

Forfeited Accounts

Upon a participant's termination, the unvested portion of the participant's account is forfeited. Forfeited non-vested amounts may be used to reduce future matching contributions and or to pay reasonable plan expenses. During the year ended December 31, 2021 and 2020, no forfeitures were used pay expenses of the Plan. THE CLY-DEL MANUFACTURING COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note “2” – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting in accordance with principles generally accepted in the United States of America (generally accepted accounting principles or GAAP)

Use of Estimates and Risks and Uncertainties

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The Plan invests in various securities including a mutual funds (held in pooled separate accounts) and a group annuity contract (fixed account) investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that the values of investment securities could decline in the near term and that such declines could materially affect the amounts reported in the Plan’s financial statements. Given recent volatility in the financial markets, it is reasonably possible that investment values could decline in subsequent periods.

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are primarily reported at fair value, with the exception of the Plan’s group annuity contract a fully benefit-responsive investment contract that is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the contract and is the relevant measure for the portion of assets attributable to fully benefit-responsive investment contracts. See Note 6 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

THE CLY-DEL MANUFACTURING COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note “3” – Unaudited Information

At December 31, 2021 and 2020, all information included in the accompanying financial statements and schedules is based on the information provided by the custodian. As permitted by the Department of Labor, this information has not been audited. Mass Mutual Life Insurance Company, the custodian of all the plan assets has certified the trust assets as complete and accurate.

Note “4” – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note “5” – Tax Status

The Plan (under the Great-West Trust Company, LLC Defined Contribution Pre-Approved Plan) was amended and restated effective June 1, 2021. The Internal Revenue Service has determined and informed Great West Trust Company, LLC by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended and restated since receiving the opinion letter on the Defined Contribution Pre-Approved Plan, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Note “6” – Fair Value Measurement

The Plan accounts for its financial assets and liabilities at fair value on a recurring basis in the financial statements. Assets and liabilities are measured at fair value and categorized into one of the three levels based on the priority of inputs used in the valuation. Assets and liabilities are classified in their entirety based on the lowest level of input significant to the fair value measurement. The three levels are defined as follows:

- Level 1 - Quoted prices in active markets for identical assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

THE CLY-DEL MANUFACTURING COMPANY 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

Note "6" – Fair Value Measurement (continued)

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

Pooled separate accounts: Valued using net asset value, "NAV", as a practical expedient, provided by the administrator of the fund based on the valuation of the underlying mutual fund investments. Accordingly, investments meeting the requirement have not been classified in the fair value hierarchy.

Note "7" Related-Party Transactions and Party-in Interest Transactions

Certain Plan investments are managed by Massachusetts Mutual Life Insurance Company and is the custodian and recordkeeper for the Plan and, therefore, these transactions qualify as party - in - interest transactions.

Charles Heaven & Co. CPA's, auditor of the Plan's financial statements, is also a party-in-interest as defined by ERISA.

Reid & Riege attorneys for the plan is also a party-in-interest as defined by ERISA.

Certain fees paid to related parties for services to the Plan were paid by the Plan Sponsor. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The administrative expenses paid directly by the Plan, as well as indirectly through the reduction of investment return, are considered party-in-interest transactions.

Note "8" – Subsequent Events:

In connection with the preparation of the financial statements of the Cly-Del Manufacturing 401(K) Plan subsequent events have been evaluated through October 11, 2022, which is the date the financial statements were available to be issued.

The US Department of Labor selected the 2020 Cly-Del Manufacturing Company 401(k) Plan to ensure that the employee benefit plan, subject to the Employee Retirement Income Security Act of 1974 (ERISA), satisfied applicable reporting and disclosure requirements. As a result of their review, the 2020 Form 5500 filing was rejected and intends to assess a civil penalty of \$50,000 against the Plan administrator. The Plan administrator is submitting additional information, testing and other workpapers to clear the deficiencies and bring the filing into compliance in hopes of reducing or abating the penalty. Any penalty assessed will be the obligation of the plan sponsor.

During the 2021 contribution testing it was determined that the definition of compensation being used since inception did not agree with the adoption agreement regarding bonuses. As intended by both the employees and employer, bonuses were not considered compensation for the purposes of 401(k) elective deferrals and matching contributions. To retroactively specify and correct the definition of compensation the plan sponsor filed an application for voluntary correction ("VCP") on September 16, 2022 with the Internal Revenue Service. If the VCP application is not accepted, management would reimburse the affected participants. Management has determined that the amount payable to the participants to correct any deficiency would not be material to the financial statements and therefore no receivable has been recorded at this time.
