Independent Auditor's Report

Retirement Plan Committee and Participants
American Nutrition, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 and 2021 Financial Statements

We have performed an audit of the financial statements of American Nutrition, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of January 1, 2022, and December 31, 2021, the related statements of changes in net assets available for benefits for the one-day period ended January 1, 2022, and for the year ended December 31, 2021, and the related notes to the financial statements (2022 and 2021 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 and 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the one-day period ended January 1, 2022, and the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 and 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 and 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 and 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2022 and 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 and 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 and 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Merger

As discussed in Note 9 to the financial statements, the Board of Directors of Alpha, Inc. resolved on October 19, 2021, to merge the Plan into the Alpha, Inc. 401(k) Plan effective January 1, 2022. American Nutrition, Inc. (the Plan Sponsor) is a wholly owned subsidiary of Alpha, Inc. All plan assets were transferred to Alpha, Inc. 401(k) Plan on January 3, 2022, and January 14, 2022. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the 2022 and 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 and 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 and 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 and 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4a—Schedule of delinquent participant contributions for the year ended December 31, 2021, and Schedule H, Line 4i—Schedule of assets (held at end of year) as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 11, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

American Nutrition, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of American Nutrition, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering qualified employees of American Nutrition, Inc. and its wholly owned subsidiaries, Northwest Pet Products, Inc., Vita-Line Products, Inc. and Veracity Logistics LLC (collectively, the Company). In March 2020, the Company was acquired by Alphaia, Inc. The Retirement Plan Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments: The Plan was amended effective January 1, 2021, to change the named Plan trustees, to change the eligibility requirements for discretionary matching contributions to age 18 and one year of service with quarterly entry, to update the definition of eligible compensation to exclude commissions, to change the matching contribution formula to discretionary percentage of deferrals up to 8% of compensation, to clarify that the recent change to the eligibility service requirement applies only to individuals who were hired on or after the effective date of the modification, and to change the eligibility for profit sharing contributions to age 18 and one year of service with quarterly entry.

Eligibility: Employees, other than temporary, leased and seasonal employees, are eligible to participate in the Plan if they have completed three months of service and are 18 years of age. Participants are eligible to a discretionary matching contribution if they have completed one year of service and are 18 years of age and to receive discretionary profit sharing contributions when they have completed one year of service and are 18 years of age. Participants may enter the Plan on the first day of each quarter coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions: Participants may contribute up to 100% of their pretax annual compensation, as defined in the Plan. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

The Company contributes a discretionary matching contribution of up to 8% of eligible compensation that a participant contributes to the Plan. No discretionary employer matching contributions were made by the Company for the one-day period ended January 1, 2022. A discretionary profit sharing contribution may be contributed at the discretion of Company management. During the one-day period ended January 1, 2022, and the year ended December 31, 2021, there were no discretionary profit sharing contributions made by the Company.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated age-weighted fund until changed by the participant. In addition, all employees participating in the Plan have their contributions increased by 1% annually until the participant reaches 5%, unless they opt out of the automatic escalation feature.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's discretionary matching contribution, as well as allocations of any profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions and Company discretionary contributions, plus actual earnings thereon.

Forfeitures: Employer contributions were subject to vesting prior to an amendment to the Plan document effective January 1, 2013. Upon termination, the unvested portion of a participant's account is forfeited. Forfeitures may be used to reduce employer contributions and/or offset Plan expenses. At January 1, 2022, and December 31, 2021 and 2020, forfeited nonvested accounts totaled \$43,686, \$43,686 and \$39,126, respectively. During the year ended December 31, 2021, no forfeitures were used to reduce employer contributions or offset Plan expenses.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates at the time funds are borrowed, as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the note were used to acquire the participant's residence, in which case the note terms can range up to 25 years. A participant may have no more than two outstanding notes at any one time. The terms of the notes receivable cannot exceed five years, unless the note receivable is for the purchase of the employee's principal residence. The notes receivable are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined by the Plan Administrator. The interest rates for notes receivable from participants range from 3.25% to 10.25%, and mature at various dates through May 2044. Principal and interest are paid ratably through payroll deductions.

Payment of benefits: Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated participant with a balance of less than \$5,000 may be automatically paid out by the Plan upon termination. Distributions may be made at the participant's election prior to termination upon attainment of age 59½, upon meeting the requirements for a hardship as defined in the Plan document, or upon meeting the requirements for a coronavirus-related distribution between March 27, 2020 and December 31, 2020, under the provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Investment valuation and income recognition: Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of January 1, 2022, and December 31, 2021 and 2020.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in supplemental schedule, Schedule H, Line 4i—Schedule of assets (held at end of year).

Due from broker: This amount represents amounts due to the Plan for investments that have been liquidated but not settled as of January 1, 2022, and December 31, 2021 and 2020.

Payments of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain record-keeping fees paid by the Plan. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after January 1, 2022) through October 14, 2022, the date the financial statements were available to be issued.

Note 3. Information Certified by Reliance Trust Company

The following is a summary of the Plan's asset information as of January 1, 2022, December 31, 2021 and 2020, and for the one-day period ended January 1, 2022, and the year ended December 31, 2021, included throughout the Plan's financial statements and the ERISA-required supplemental schedules obtained by management and agreed to or derived from information certified by Reliance Trust Company, the custodian of the Plan. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and the ERISA-required supplemental schedules related to the following assets:

	January 1	December 31	
	2022	2021	2020
Investments, at fair value:			
Mutual funds	\$ 7,918,537	\$ 7,918,537	\$ 30,360,494
Investments, at contract value:			
Stable value fund	-	-	3,462,147
Non-interest-bearing cash	253,319	253,319	-
Due from broker	27,164,724	27,164,724	-

The custodian also certified to the completeness and accuracy of no net appreciation in fair value and contract value of investments and no interest and dividends related to the aforementioned assets for the one-day period ended January 1, 2022.

The custodian also certified to the completeness and accuracy of \$2,870,972 of net appreciation in fair value and contract value of investments and \$1,365,120 of interest and dividends related to the aforementioned assets for the year ended December 31, 2021.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

American Nutrition, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 1, 2022, December 31, 2021 or 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of January 1, 2022, and December 31, 2021 and 2020:

Assets at Fair Value as of January 1, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,918,537	\$ -	\$ -	\$ 7,918,537

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,918,537	\$ -	\$ -	\$ 7,918,537

Assets at Fair Value as of December 31, 2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 30,360,494	\$ -	\$ -	\$ 30,360,494

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the one-day period ended January 1, 2022, and the year ended December 31, 2021, there were no transfers in or out of Level 3.

American Nutrition, Inc. 401(k) Plan

Notes to Financial Statements

Note 5. Contract With Insurance Company

During 2019, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract (GIC) with The Standard. The Standard maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1%. Such interest rates are reviewed on a quarterly basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC, as this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at January 1, 2022, and December 31, 2021 and 2020, was \$0, \$0, and \$3,462,147, respectively.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligation may have been affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs and the liberalization of Plan withdrawals or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants. The issuer of the GIC may terminate the contract with 30 days' advance notice to the Plan for reasonable cause, which includes the Plan's failure to abide by state or federal laws, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, Plan disqualification and failure to adopt the Plan in a reasonable period of time. Upon termination by the GIC issuer, a market value adjustment or other withdrawal restrictions may apply. The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

Note 6. Related-Party and Party-in-Interest Transactions

The Plan investments in mutual funds and a guaranteed investment contract managed by The Standard and Reliance Trust Company, the record keeper of the Plan and the custodian of the Plan, respectively. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for record keeping and custodial services amounted to \$0 and \$143,685 for the one-day period ended January 1, 2022, and for the year ended December 31, 2021, respectively. In addition, fees paid by the Plan for investment management services are netted against investment income.

Notes to Financial Statements

Note 7. Tax Status

The Plan uses a pre-approved plan document sponsored by Standard Retirement Services Inc., which received an advisory letter from the Internal Revenue Service (IRS), dated March 31, 2014, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Prohibited Transactions

The Plan Sponsor inadvertently failed to timely deposit \$51,844 of participant deferrals within the required time frame as stated by the DOL's regulations for the year ended December 31, 2020. The DOL considers late deposits to be prohibited transactions. The Plan Sponsor filed a Form 5330 and paid the applicable excise tax in 2021 for the year ended December 31, 2020. Excise tax payments were made from the Plan Sponsor's assets and not from the assets of the Plan.

Note 9. Plan Merger

In October 2021, the Board of Directors of Alphaia, Inc. elected to merge the Plan with the Alphaia, Inc. 401(k) Plan effective January 1, 2022. The Company is a wholly owned subsidiary of Alphaia, Inc. No employee shall be eligible to become a participant in the Plan on or after January 1, 2022. No additional contributions shall be made to the Plan after January 1, 2022.

Legal title and responsibility of net assets of \$36,574,179 were transferred to the Alphaia, Inc. 401(k) Plan, which includes notes receivable from participants of \$1,237,599, and are reported as due to the Alphaia, Inc. 401(k) Plan on the statements of net assets available for benefits. The investments were liquidated and transferred to the Alphaia, Inc. 401(k) Plan in the first quarter of 2022. As a result, the statement of net assets as of January 1, 2022, reflects a due to Alphaia, Inc. 401(k) and the statement of changes in net assets available for benefits for the one-day period ended January 1, 2022, reflects a transfer to the Alphaia, Inc. 401(k) Plan.

Note 10. Reconciliation of Financial Statements to Form 5500
