To the Trustee

Affordable Engineering Services, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Affordable Engineering Services, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Affordable Engineering Services, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Affordable Engineering Services, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that

are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Affordable Engineering Services, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ABC Company Employee Benefit Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Affordable Engineering Services, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at End of Year for the year ended December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary

information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of The Contractors Retirement Plan, sponsored by Affordable Engineering Services, Inc., were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated March 15, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Affordable Engineering Services, Inc. 401(k) Plan

NOTES TO THE FINANCIAL STATEMENTS

Note A - Description of the Plan

The following description of the Affordable Engineering Services, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was formed on May 11, 2007, as a profit-sharing plan which contains a cash or deferred arrangement pursuant to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). On January 1, 2016, the plan was restated upon adoption of The Contractors Retirement Plan.

On November 15, 2020, the Plan Sponsor's board of directors approved an agreement to amend and restate The Contractors Retirement Plan sponsored by Affordable Engineering Services, Inc. effective January 1, 2021. Plan assets were transferred to the trustee of the Affordable Engineering Services, Inc., 401(k) Plan subsequent to December 31, 2020.

Administration

Jalpesh Vora acts as the Plan's trustee. Empower is the custodian for the Plan and Economic Group Pension Services has been appointed as the third-party administrator of the Plan.

Eligibility

Eligible individuals consist of employees rendering services for Affordable Engineering Services, Inc., and Madison Research Corporation on contracts subject to the Davis-Bacon Act, Service Contract Act or other federal, state or municipal prevailing wage laws. Other employees whose services are not subject to such prevailing wage laws may be included. Non-union participants must be 18 years of age and have completed one year of service to participate in elective deferral contributions and to receive nonelective profit sharing or matching contributions. There is no age or service requirement for union employees to participate in the Plan or for any participant to receive prevailing wage contributions.

Contributions

Each year participants may contribute a percentage of their pre-tax annual compensation not to exceed the limitation (\$19,500 and \$19,500 in 2021 and 2020 respectively) set forth in Section 402(g) of the Internal Revenue Code ("IRC"). Participants may make after-tax Roth contributions. Participants who are (or will be) age 50 or older by the end of the calendar year may make pre-tax catch-up contributions that exceed the annual elective deferral limit. Participants' total catch-up contributions during 2021 and 2020 cannot exceed \$6,500 and \$6,500, respectively.

Note A - Description of the Plan

Matching contributions under Collective Bargaining Agreement, employment contract or equivalent:

Union 1-ARA 1AM-North Island Miramar Pendleton will receive a match of 100% up to 4% each payroll on a Bi-Weekly basis.

Union 2-2ARA 1AM-Yuma will receive no match contribution

Union 3-IMA North Carolina will receive a match of 50% up to 6% each payroll on a Bi-Weekly basis.

There are three groups, and the Employer may make different contributions to each group. The contributions are as follows:

Group 1: Corporate formula is 100% up to \$4,000.

Group 2: Non-Corporate formula is 40% up to \$4,000.

Group 3: Prevailing Wage formula is discretionary.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution and an allocation of any non-elective contribution and earnings (losses) on the investments selected by the participant. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

Investment Options

Upon enrollment in the Plan, participants may direct the investment of their contributions and the Company's contributions into various investments offered by the Plan.

Vesting

Participants are immediately 100% vested in their elective deferral contributions, their share of employer prevailing wage contributions and net trust earnings on such contributions. Profit sharing contributions and earnings on such contributions vest according to the following schedule:

Years of Service	Vested Percentage
0	0%
1	100%

Note A - Description of the Plan, continued

Notes Receivable from Participants

Participants may borrow from their accounts on a pro-rata basis from all contribution sources up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms

must not exceed five (5) years unless the loan is to be used in the financing of the participant's homestead in which case the loan may be payable in terms of similar length provided by conventional lending institutions.

The loans are secured by the vested balance in the Participant's account and bear an interest rate of prime plus one percent. Principal and interest payments are made by means of payroll withholdings according to the terms of the promissory note and the Plan document. The interest rates on outstanding notes receivable from participants is 5.25% to 7.50% as of December 31, 2021. A participant may have only one loan outstanding at any time.

Payment of Benefits

Upon termination of employment due to death, disability, attainment of age 59 ½ or retirement, a participant (or his/her designated beneficiary in the event of death) may elect to receive a lump-sum amount. For termination of employment due to other reasons, the vested interest in his or her account may be distributed as rollover to another plan, a lump-sum distribution or it may be left in the Plan if the account balance is greater than \$5,000.

A Participant may not receive an in-kind distribution in the form of property or securities, even if the Plan holds such property on behalf of any Participant.

Forfeited Accounts

All employer contributions credited to a participant's account, but not vested, are forfeited by the participant upon his/her termination from the Plan. Per the Plan document forfeitures may be used to reduce the Company's contributions or to offset future employer contributions. In addition, forfeitures may also be used to pay plan expenses. There was \$48,372 in forfeitures at the year ended December 31, 2021.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payment transactions are charged directly to the participant's account and are included in administrative expenses. During the year ended December 31, 2021, the plan paid fees of \$92,537.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Note B - Summary of Significant Accounting Policies, continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of net assets available for the benefits and changes therein. Actual results could differ from those estimates.

Risk and Uncertainties

The Plan provides for various investment options. These investment options are exposed to market risk, which generally means the risk of loss in the value to certain investment securities due to changes in interest rates, commodity prices and general market conditions. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Investments in fully-benefit responsive investment contracts are reported at contract value as discussed in Note C.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent Events

The Plan has evaluated subsequent events through November 1, 2022, the date which the financial statements were available to be issued. No events have occurred subsequent to the date of the statement of net assets available for benefits that would require adjustment to, or disclosure in, the financial statements.

Contributions

Contributions from employees and the Company are recorded in the period in which the Company makes the payroll deductions from participant accounts.

Benefit Payments

Benefits are recorded when paid.

Note C - Guaranteed Investment Contract with Great West Life and Annuity Insurance Company

In 2021, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Great West Life and Annuity Insurance Company ("Great-West") totaling \$363,667 on December 31, 2021.

Interest earned on the amounts invested in the Fixed Account is compounded daily at the declared credited interest rate. At the end of each calendar quarter, will establish and declare the interest rate to be credited to the Plan's assets held in the Fixed Account during the next calendar quarter. Great-West will reset the interest rate quarterly and declare all reset credited interest rates at least 48 hours in advance of each reset.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

The average yield earned by the plan for the benefit responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average for 2021 is .90%

The actual average yield earned by the plan for the benefit responsive fund - this can be derived by averaging the plan's quarterly interest rates. That average for 2021 is .90% Any charges and fees imposed under this Contract may be billed directly to Plan Sponsor. If Plan Sponsor does not elect to have such charges and fees billed to Plan Sponsor, such charges and fees shall be deducted from the Contractual Account Value.

In all instances where Plan Sponsor has elected to be billed for any fees and charges and any of the fees or charges are unpaid after the date billed, as disclosed in and pursuant to the procedures in the fee disclosure and/or service agreement for the Plan, Plan Sponsor and Contractholder hereby instruct Great-West to debit the Contractual Account. Great-West may continue to deduct charges and fees quarterly from the Contractual Account Value unless and until Plan Sponsor provides Great- West with written instructions to reinstate billing.

Great-West may change any charges and fees upon not fewer than thirty (30) calendar days advance written notice to Plan Sponsor.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Contractholder may discontinue this Contract at any time by providing written notice to Great-West which includes the information Great-West requires to process the discontinuance.

In the event of a full Plan termination, Plan Sponsor hereby instructs Great-West to pay Plan Sponsor the Contractual Account Value in a lump sum as soon as practicable, less any outstanding fees and charges.

In order for the Plan Sponsor to terminate the Contract for any reason other than a full plan termination, at least sixty (60) calendar days before the Contract termination date, Plan Sponsor must notify Great-West, in writing, of Plan Sponsor's election of one of the Contract termination options. Great-West shall remit all Fixed Account amounts pursuant to the Plan Sponsor's election less any outstanding fees and charges. The Plan Sponsor's election of the Contract Termination Option is irrevocable.

If Great-West terminates the Contract, no additional assets will be permitted to be allocated to this Rider. Unless Great-West and Plan Sponsor otherwise agree, Great-West will continue to administer all other

Note C - Guaranteed Investment Contract with Great West Life and Annuity Insurance Company, continued

applicable provisions of the Contract until the Plan Sponsor notifies Great-West, in writing, of Plan Sponsor's election of one of the Contract Termination Options. Interest will continue to be credited to the Fixed Account from the date of termination to the date on which final payment is made. The rate will never be less than the guaranteed minimum interest rate.

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the best level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1 input).

it is determined to be probable that the fund will sell the investment for an amount different from reported net asset value.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

Note D - Fair Value Measurements, continued

Investments at fair value:		<u>\$11,928,795</u>		<u>\$11,928,795</u>

(a) In accordance with the FASB Accounting Standards Codification Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note E – Information Certified by the Custodian (Unaudited)

At December, 2021 and 2020, the Plan's investments were held by the custodian. The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the Custodian, Great-West Life and Annuity Company, as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under

the Employee Retirement Income Security Act of 1974. Investments at December, 31, 2021 and 2020, as reported by the custodian is summarized as follows:

	<u>2021</u>	<u>2020</u>
Mutual Funds	\$13,349,410	\$0
Stable Value Fund	363,667	0
103-12 Investment Entity – master trust	0	11,928,795
Total	<u>\$13,713,077</u>	<u>\$11,928,795</u>

Empower also certified to the completeness and accuracy (including gains and losses on investments bought and sold, as well as held during the year) of \$1,612,305 of net appreciation in the fair value of investments and \$113,203 of other income for the year ended December 31, 2021.

Note F – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, Participants will become 100% vested in their accounts.

Note G – Tax Status

The IRS has determined and informed the Company's document provider by an opinion letter dated June 30, 2020, that the Volume Submitter Profit Sharing Plan with CODA is acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. Although the Plan has not received a determination letter and has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been made in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H – Party-in-Interest Transactions

The Plan invests in participant loans. These transactions qualify as party-in-interest transactions. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

Certain Plan investments are funds managed by the trustee and the custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest transactions.

Note I – Benefit Claims Payable

On December 31, 2021 and 2020, there was no benefit claims payable for distributions requests made prior to year-end.

Note J – Recent Accounting Pronouncements

Recent accounting pronouncements issued by the FASB did not or are not believed by management to have a material impact on the Plan's present or future financial statements.
