Independent Auditor's Report

To the Plan Administrator of
Fowler White Burnett P.A. Profit Sharing 401(k) Plan
Miami, FL

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fowler White Burnett P.A. Profit Sharing 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of the Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Fowler White Burnett P.A. Profit Sharing 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Fowler White Burnett P.A. Profit Sharing 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Fowler White Burnett P.A. (the “Company” or “Plan Sponsor”) who have completed one thousand hours of service. Employees must be at least 21 years of age, have completed one year of service, and be employed as of the last day of the year in order to be eligible to receive Company matching or Company non-elective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On February 12, 2021, the Plan transitioned the trustee of the Plan from SunTrust Bank (“SunTrust”) to Great-West Trust Company, LLC (“Great-West”) and Great-West was the Plan trustee through December 31, 2021. There were no other significant changes to the Plan document as a result of the transition.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, up to the statutory maximum. Participants may also contribute up to 100% of annual compensation as a Roth deferral, as defined in the Plan, up to the statutory maximum. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make a discretionary matching contribution equal to a percentage or dollar amount of the participant’s elective deferral. There was no discretionary matching contribution during the year ended December 31, 2021. The Company may also make a discretionary non-elective contribution to the Plan. During the year ended December 31, 2021, the Company made discretionary non-elective matching contributions totaling \$605,434, which was not funded as of year-end, and is reflected as employer contribution receivable on the accompanying statements of net assets available for benefits.

During 2011, the Company elected to convert the Plan to a safe harbor 401(K) plan. Under the safe harbor plan, the Company will make a safe harbor non-elective contribution equal to 3% of the participant’s compensation in lieu of discretionary matching contributions. The Company may also make an additional discretionary matching contribution not to exceed 6% of the participant’s compensation.

Participant Accounts

Each participant’s account in the Plan is credited with the participant’s contributions and allocations of (a) the Company’s contributions and (b) Plan earnings and charged with benefit payments and an allocation of the Plan’s losses and administrative expenses. Allocations are based on participant earnings, account balances or specific requested transactions, as defined. The

Fowler White Burnett P.A. Profit Sharing 401(k) Plan

Notes to Financial Statements

benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Contributions to the Plan may be invested at the participant's discretion in various investment options maintained by SunTrust for the period of January 1, 2020 to February 11, 2021 or Great-West for the period of February 12, 2021 to December 31, 2021. Participants may choose from common collective trusts and a variety of mutual funds.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Vesting service starts on the participant's date of employment. Participants become 100% vested in the Company's profit-sharing contributions after three years of service. Participants are immediately vested in the Company's safe harbor contributions.

Administrative Expenses

Administrative expenses in connection with the Plan, which mainly consist of quarterly asset management fees, may be paid out of the Plan unless paid by the Company. The Company may also reimburse the Plan for administrative expenses incurred. Administrative expenses paid by the Plan for the year ended December 31, 2021 were \$13,273. Administrative expenses paid by the Company are excluded from these financial statements.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' vested account and bear interest at rates which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Loan terms are limited to five years unless used for the purchase of a primary residence.

Payment of Benefits

Upon termination of service, a participant may elect either to receive a lump-sum distribution equal to the participant's account or one of several annuity options as soon as practicable after separation from service. In addition, the Plan generally allows participants who have reached the age of 59½ years to receive in-service distributions.

Forfeitures

Amounts forfeited from the non-vested portion of participant accounts are used to reduce Plan Sponsor's matching contributions or administrative expenses. For the year ended December 31, 2021, approximately \$22,000 was forfeited by participants of which approximately \$30,000 was used to reduce administrative expenses paid by the Plan. As of December 31, 2021 and 2020, the ending balance of the forfeiture account was approximately \$43,600 and \$100,800, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") using the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis and related fees are included in administrative expenses as incurred. No allowance for credit losses have been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefit Payments

Benefits are recorded when paid.

Investment Management Fees

Investment management fees and operating expenses charged to the Plan for investments in the various funds are deducted from income earned on a daily basis and are reflected as a component of net appreciation in fair value of investments.

Income Tax Status

The Plan is exempt from income taxes under Internal Revenue Code Section 401(a) and accordingly, generally would not incur income taxes or have any unrecognized tax benefits. Effective October 17, 2013, the Plan adopted the SunTrust Bank Defined Contribution Volume Submitter Plan and Trust, which obtained an Internal Revenue Service ("IRS") opinion letter dated March 31, 2014, in which the IRS stated that the Plan was acceptable under provisions of the Internal Revenue Code. On February 12, 2021, as a result of the trustee transition from SunTrust to Great-West, the Plan adopted the Great-West Trust Company, LLC Defined Contribution Pre-Approved Plan, which received a favorable opinion letter from the IRS dated June 30, 2020. As a result, the financial statements do not reflect a provision for income taxes.

Fowler White Burnett P.A. Profit Sharing 401(k) Plan

Notes to Financial Statements

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates, and those estimates may be material.

Subsequent Events

The Plan has evaluated subsequent events through October 25, 2022, which is the date the financial statements were available to be issued.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

4. Information Certified By Trustees

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL's") Rules and Regulations for Reporting and Disclosure under ERISA. The Plan investments and notes receivable from participants at December 31, 2021 were held by Great-West and as of December 31, 2020 were held by SunTrust. The investment balances and related investment information included in these financial statements and supplemental schedule as of December 31, 2021 and 2020 and for the year ended December 31, 2021, have been compiled from statements certified as accurate and complete by the either SunTrust or Great-West in accordance with DOL's regulations.

Other income	\$ 53,949

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Party-In-Interest Transactions

The Company is the administrator of the Plan, and as such, executes the normal duties associated therewith. Cost incurred for audit, legal, and other administrative functions are paid by the Plan Sponsor.

Certain Plan investments and the related transactions as of December 31, 2021 and 2020, and for the year ended December 31, 2021, are in accounts that are managed by SunTrust or Great-West. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered party-in-interest transactions.

6. Fair Value Measurements

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability; and
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Fowler White Burnett P.A. Profit Sharing 401(k) Plan

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methods used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds are held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV, as a practical expedient for reflecting all investments at fair value, including direct and indirect interest in not fully benefit-responsive contracts, as reported by the fund manager, on the last day of the fund year. The fund's NAV is determined by the bank or entity sponsoring such funds by dividing the fund's net assets at fair value by its units outstanding at the valuation date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, measured on a recurring basis as of December 31, 2021 and 2020:

Fair Value of Investments as of December 31, 2021

Description	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 42,114,966	\$ 42,114,966	\$ -	\$ -
<i>Investments measured at NAV*:</i>

Fair Value of Investments as of December 31, 2020

Description	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 37,325,846	\$ 37,325,846	\$ -	\$ -
<i>Investments measured at NAV*:</i>				
Common collective trust	3,621,422	-	-	-
Investments at fair value	\$ 40,947,268	\$ 37,325,846	\$ -	\$ -

(*) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

7. Investments Measured Using The Net Asset Value Per Share Practical Expedient

The Plan uses NAV to determine the fair value of all underlying investments which (a) do not have a readily determinable fair value and (b) prepare their financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020:

	Fair value as of 12/31/2021	Fair value as of 12/31/2020	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common/collective trust	\$ 3,838,642	\$ 3,621,422	\$ -	None	N/A

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
