INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Fiduciary Committee and Participants of
Duty Free Americas, Inc. Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Duty Free Americas, Inc. Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ["ERISA Section 103(a)(3)(C) audit"]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements ("2021 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the accompanying 2021 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2021 Financial Statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Duty Free Americas, Inc. Retirement Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 13, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

DUTY FREE AMERICAS, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

1. PLAN DESCRIPTION AND RELATED INFORMATION

The following description of the Duty Free Americas, Inc. Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document and amendments for a more complete description of the Plan's provisions.

Organization of the Plan — The Plan is a defined contribution plan covering the employees of Duty Free Americas, Inc. (the "Company" or "Plan Sponsor"), who have completed at least six months of service, are age 21 or older, are not non-resident aliens who receive no compensation from the Company which constitutes U.S. source income, are not employees located in Puerto Rico, are not retail sales specialists, and are not covered by a collective bargaining agreement, as defined in the Plan document and related amendments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Amendments — On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security ACT (the "CARES Act") was signed into law. Plans were permitted to adopt CARES Act provisions applicable to retirement Plans immediately provided the Plan document is retroactively amended on or before December 31, 2022. As a result, the Plan implemented changes per the provisions of the CARES Act effective April 2020. The CARES Act provisions implemented by the Plan allow Plan participants to receive up to \$100,000 of coronavirus-related distributions, from eligible retirement plans, as defined by the Internal Revenue Code ("IRC") Section 402(c)(8)(B). A coronavirus-related distribution is subject to certain requirements and limitations as set forth in the CARES Act. The CARES Act also temporarily waived the required minimum distribution rules for 401(k) plans for calendar year 2020. These provisions were effective for distributions made on or after January 1, 2020 and before January 1, 2021. There were approximately \$921,000 coronavirus-related distributions from the Plan during the year ended December 31, 2020. There were no coronavirus-related distributions from the Plan during the year ended December 31, 2021.

The Plan also elected to adopt the CARES Act provision that allows loan repayments to be delayed up to one year without penalty, which was effective for loans suspended between March 27, 2020 and December 31, 2020. The plan did not elect to adopt the CARES Act provision that increased the limits on loans from an eligible retirement plan, from a maximum equal to the lesser of \$50,000 or 50% of a Plan participant's vested account balance; to a maximum equal to the lesser of \$100,000 or 100% of a Plan participant's vested account balance. There were no coronavirus-related loans from the Plan to Plan Participants during the years ended December 31, 2021 and 2020.

No other CARES Act provisions were elected. The Plan Sponsor will formally amend the adopted changes no later than December 31, 2022.

Employee Contributions — Participants may contribute up to 35% of their gross salaries each year, as defined in the Plan, through a pretax salary reduction. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions are subject to certain IRC limitations [\$19,500 in 2021 and if over 50 years of age, the participant may contribute an additional \$6,500]. Participants classified as "highly compensated employees" under Internal Revenue Service ("IRS") regulations may be subject to a salary deferral cap dependent upon the results of non-discrimination testing. Upon reaching full eligibility, newly eligible participants are automatically enrolled in the Plan at a 2% contribution rate, which automatically increases 1% per year up to a maximum of 4% unless the participant elects another deferral rate. These contributions

are automatically allocated to the American Funds fund year series that is closest to the participant's retirement age of 65, as defined in the Plan. The participants may opt out of this automatic enrollment.

Employer Contributions — The Company contributes a matching contribution equal to 25% of the first 4% of compensation that a participant contributes to the Plan. In applying this matching percentage, salary deferrals for each payroll period that exceed 4% of compensation for such period are not to be considered. In addition, the Company, at the sole discretion of the Company's board of directors (the "Board of Directors"), may make a profit sharing contribution to the Plan, as defined in the Plan document. The Company did not make profit sharing contributions during 2021 and 2020.

Transfers — Along with the Plan, the Company also sponsors two other defined contribution plans. The first plan is for Company employees that are covered under collective bargaining agreements and the second plan is for employees of related companies that participate in a multiple employer plan. If employees/participants change their employment status with these companies during the year and subject to plan eligibility requirements, their account balances can be transferred into or out of the corresponding plan. During the year ended December 31, 2020, employees with account balances of approximately \$36,000 were transferred into the Plan from other defined contribution plans. There were no account balance transfers into the Plan during the year ended December 31, 2021. There were no material account balance transfers out of the Plan during the years ended December 31, 2021 and 2020, respectively.

Vesting — Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts, plus actual earnings thereon is based on years of credited service. A participant becomes 20% vested after one year of service, 40% vested after two years of service, 60% vested after three years of service, 80% vested after four years of service, and 100% vested after five years of service, as defined in the Plan document. Participants must work 1,000 hours or more in each Plan year in order to receive vesting credit for that Plan year.

Partial Plan Termination — During 2020, the Company reduced its workforce in large part due to the impact of COVID-19. As of the date these financial statements were available to be issued, Plan management has determined that a partial plan termination existed for the year ended December 31, 2020. As a result, all affected employees became fully vested in their account balances, inclusive of the employer match component, as of the date of the partial plan termination. Plan management is currently working with the Plan's trustee, and former Plan custodian (the Plan custodian for 2020) and the Plan's record keeper to verify that distributions paid to terminated participants affected by the partial plan termination were properly determined to be fully vested, and to determine whether there were any previously forfeited amounts to be returned to the affected participants.

Participant Accounts — Separate accounts are maintained for each participant. Each participant's account is adjusted for the participant's contribution, the Company's matching contribution, any employer discretionary profit sharing contribution, Plan earnings and losses, distributions to participants and beneficiaries, and certain types of administrative expenses. These amounts are invested in any of the available investment funds offered by the Plan. Plan earnings and losses are allocated proportionately among participants based on their investment in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures — Forfeitures of nonvested employer 401(k) matching contributions and profit sharing contributions are applied first against certain Plan expenses for the Plan year, and then used to reduce future Company matching contributions. Forfeitures applied against Plan expenses totaled approximately \$8,000 and \$6,000 during 2021 and 2020, respectively. There were no forfeitures used to fund Company matching contributions during 2021 and 2020. At December 31, 2021 and 2020, forfeited nonvested accounts totaled approximately \$166,000 and \$160,000, respectively.

Plan Administration — All assets of the Plan are held by an independent trustee as of December 31, 2021. All assets of the Plan were held by either a Plan trustee or an independent custodian (also serving as the record keeper) as of December 31, 2020. The Plan's trustee is Reliance Trust Company ("Reliance") as of December 31, 2021 and 2020. The Plan's custodian and record keeper as of December 31, 2020 was Massachusetts Mutual Life Insurance Company ("Mass Mutual"). The Plan's record keeper as of and for the year ended December 31, 2021 is Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC ("Empower"). Investments are participant directed. Empower (during 2021) or Mass Mutual (during 2020) execute participant investment orders. Day-to-day operations of the Plan are the responsibility of the Plan administrator. All other matters with respect to the Plan are administered by a Fiduciary Committee whose members are appointed by the Board of Directors of the Company.

Investments — Participants direct their contributions into various investment options offered by the Plan. The Plan currently offers investments in mutual funds, pooled separate accounts and a guaranteed interest account to participants.

~~**Payment of Benefits** — Participants or their beneficiaries are eligible for distributions upon retirement, termination, disability or death of the participants. Distributions are paid based on the valuation of their vested accounts at the time the distribution is processed. Participants may elect a lump-sum distribution, installment distributions, or the purchase of a single premium annuity policy, as defined in the Plan document. Participants or their beneficiaries may also make withdrawals from their accounts for reason of financial hardship under specific guidelines set forth in the Plan document. Effective April 2020, the Plan implemented certain provisions of the CARES Act which allowed participants to take coronavirus-related distributions subject to certain requirements and limitations as set forth in the CARES Act.~~

Participant Loans — Active participants may obtain loans from their accounts with the consent of the Plan administrator. Except for the CARES Act provisions, the repayment period of such loans cannot exceed five years unless the proceeds are used to purchase the participant's principal residence, in which case longer terms are allowed as defined in the Plan document. Interest rates are set at a rate equal to a bank's prime rate plus 1%. The interest rate on loans outstanding, as of December 31, 2021 and 2020, ranged from 4.25% to 6.50%, and 4.25% to 5.75% in each year, respectively. The aggregate principal balance of loans outstanding to a participant may not exceed the lesser of (i) \$50,000 or (ii) one-half of the participant's vested accrued benefit with a minimum loan amount of \$1,000. All loans are secured by the participant's account balance.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates — The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition — The Plan's investments are stated at estimated fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. The fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Fiduciary Committee determines the Plan's valuation policies utilizing information provided by Reliance and Empower. See Note 4 for a description of the valuation methodologies used to measure the Plan's investments at estimated fair value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation in fair value of investments includes realized and unrealized gains and losses on investments sold or held during the year.

Risks and Uncertainties — The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the financial statements.

Payment of Benefits — Benefit payments to participants are recorded when paid. At December 31, 2021 and 2020, there were no persons who have elected to withdraw from the Plan, but had not yet been paid their vested benefits. The Plan includes a provision that applies to participants who terminate employment with a vested account balance of \$5,000 or less. Such withdrawing participants will receive an involuntary cash-out distribution, which consists of an automatic rollover distribution from the Plan to individual retirement accounts.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued and unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recognized (also known as a deemed distribution).

Excess Contributions Payable — Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Administrative Expenses — Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. During the years ended December 31, 2021 and 2020, the Company paid approximately \$27,500 and \$25,000, respectively, for expenses on behalf of the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain management fees and operating expenses charged to Plan investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of the investment return for such investments.

Plan Termination — Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

Subsequent Events — The Plan's management evaluated subsequent events and transactions for potential recognition and disclosure through October 28, 2022, the date the financial statements were available to be issued.

3. TAX STATUS

The Plan is an adoption of a nonstandardized profit sharing/401(k) prototype document that received a favorable opinion letter dated March 31, 2014, in which the IRS stated that the form of the prototype document, as then designed, was in compliance with the applicable regulations of the IRC. The Plan has been amended and restated since receiving the opinion letter. Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management is required by U.S. GAAP to evaluate tax positions taken by the Plan and to recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by its taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. ~~The Plan has recognized no interest or penalties related to uncertain tax positions.~~ The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. This framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy in accordance with U.S. GAAP are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan at year-end are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the quoted NAV of shares held by the Plan at year-end. The net asset value is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the pooled separate accounts will sell the investment for an amount different than the reported NAV.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Fair Value Measurements at December 31, 2021, using			Total

- (a) In accordance with ASC 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the accompanying statements of net assets available for benefits.

The valuation methods of the Plan's investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. FAIR VALUE OF INVESTMENTS IN ENTITIES THAT USE NAV

The following table summarizes investments measured at fair value based on NAV per share, as a practical expedient, as of December 31, 2021 and 2020:

<u>December 31, 2021</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled Separate Accounts:				
International Equity	\$ 790,575	N/A	Daily	None
Domestic and International Equity	7,762,140	N/A	Daily	None
Domestic Bond	121,059	N/A	Daily	None
Domestic and International Bond and Equity	<u>1,359,240</u>	N/A	Daily	None
	<u>\$ 10,033,014</u>			
<u>December 31, 2020</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled Separate Accounts:				
International Equity	\$ 739,198	N/A	Daily	None
Domestic and International Equity	6,665,913	N/A	Daily	None
Domestic Bond	93,496	N/A	Daily	None
Domestic and International Bond and Equity	<u>1,639,920</u>	N/A	Daily	None
	<u>\$ 9,138,527</u>			

The following summarizes the major categorization for pooled separate accounts held by the Plan based on their nature and composition for the preceding tables at December 31, 2021 and 2020:

International Equity — Primarily invests in international equity securities. The investment seeks growth of capital over the long-term by investing in foreign equity securities.

Domestic and International Equity — Invests in both domestic and international equity securities. The asset mix of these fund portfolios are primarily composed of domestic equity securities. These investments have the following strategies: (1) seek capital appreciation, (2) seek total return through growth of capital and current income, and (3) seeks to approximate as closely as practicable (before fees and expenses) the capitalization weighted total rate of return of that portion of the U.S. market for publicly-traded common stocks composed of larger-capitalized companies.

Domestic Bond — Primarily invests in domestic fixed income securities. These investments have the following strategies: (1) seek capital appreciation, (2) to achieve a high level of total return, with an emphasis on current income, by investing primarily in high yield debt and related securities and (3) to

achieve a high total rate of return primarily from current income while minimizing fluctuations in capital values by investing primarily in a diversified portfolio of short-term investment grade fixed income securities.

Domestic and International Bond and Equity — Invests in domestic and international fixed income and equity securities. The asset mix of the fund portfolio is primarily composed of domestic fixed income and equity securities. These investments have the following strategies: (1) to seek long-term total return and (2) to realize a total return that exceeds that of the Bloomberg Barclays U.S. Aggregate Bond Index.

6. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive guaranteed interest account provided through a group annuity contract with Mass Mutual, which during the year ended December 31, 2021 Mass Mutual appointed to Empower the responsibility of the administration of the service agreement for the group annuity contract and/or funding agreement as a result of the sale of Mass Mutual's retirement business. Empower (formerly Mass Mutual) maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed interest account has certain restrictions that affect the ability of the Plan to transact at contract value. Such restrictions include but may not be limited to the following: (1) temporary absence; (2) change in position or other occurrence qualifying as a temporary break in service under the Plan; (3) transfer or other change of position resulting in employment by an entity controlling, controlled by, or under other common control with the employer; (4) cessation of an employment relationship resulting from a reorganization, merger, layoff or the sale or discontinuance of all or any part of the Plan sponsor's business; (5) removal from the Plan of one or more groups or classifications of participants; (6) partial or complete Plan termination; or (7) Plan disqualification. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Empower may not terminate the contract at any amount less than the contract value. Empower is contractually obligated to pay the principal and specified interest rate guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than 3%. Such interest rates are reviewed on a semi-annual basis for resetting. The average yield and the average interest rate credited to participants may differ from the guaranteed crediting rate on participant balances due to interest being credited based on contract values, the timing of cash flows, the process by which rates may be reset during the Plan year and administrative expenses charged to the guaranteed interest account (Note 8). The average yield and crediting interest rate, net of contract expenses, of the guaranteed interest account was approximately 2.83% and 2.99% for the years ended December 31, 2021 and 2020, respectively. The average yield earned, and average crediting interest rate credited to participants are calculated by dividing the annual interest credited to the Plan during the Plan year by the average annual fair value.

As of December 31, 2021 and 2020, the contract values of the guaranteed interest account were approximately \$7,135,000 and \$8,750,000, respectively. As of December 31, 2021 and 2020, the carrying value of the guaranteed interest account represented approximately 23% and 29%, respectively, of the Plan's total investments.

7. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE AND FORMER CUSTODIAN

Information disclosed in the accompanying financial statements and supplemental schedule, that includes investments and notes receivable from participants held at December 31, 2021 and 2020, net appreciation in the fair value of investments, interest income on notes receivable from participants and interest and dividend income generated by investments for the years ended December 31, 2021 and 2020, was obtained and/or derived from information provided by Empower on behalf of Reliance (as trustee) as of December 31, 2021 and Reliance and Mass Mutual (as former custodian) as of December 31, 2020. The Plan administrator has obtained certifications from Reliance and Mass Mutual that the information for the aforementioned periods is complete and accurate.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of pooled separate accounts, mutual funds and a guaranteed interest account that are either managed and/or administered by Empower (as of and for the year ended December 31, 2021) and Mass Mutual (as of and for the year ended December 31, 2020). Therefore, these transactions qualify as exempt party-in-interest transactions for these aforementioned periods. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each fund. As described in Note 2, the Company pays for certain administrative expenses on behalf of the Plan.

9. QUALIFIED NONELECTIVE CONTRIBUTIONS

During certain pay periods in 2019 an error in processing participant information resulted in certain Plan participants not being allowed to contribute to the Plan. Plan management corrected these matters by contributing Qualified Nonelective Contributions for the employees' missed contributions and the related employer matching contributions totalling approximately \$800 as well as the associated make-up earnings on such contributions to the affected participant accounts during February 2020.

Schedule C Soft Dollar Compensation Eligible Indirect Compensation (“EIC”) Statement

Mutual fund investments with a retirement plan (whether held directly or indirectly through a separate investment account) can have soft dollar arrangements pursuant to which the investment advisor or sub-advisor of the mutual fund (and/or its affiliates) may direct trades to certain brokers in exchange for research and other services. The Securities and Exchange Act of 1934 contains guidance regarding the use of soft dollar arrangements.

For plans that invest directly or indirectly in the MassMutual Funds, soft dollar compensation is disclosed on the Schedule C and the Schedule C Formula Description and/or EIC Statement Description Attachment. For all other mutual funds, a Schedule C Soft Dollar Compensation Disclosure Attachment is provided and should be filed along with the Form 5500.

For additional information regarding soft dollar compensation, refer to the respective mutual fund’s Statement of Additional Information (“SAI”) for details regarding brokerage allocation and other practices.
