Independent Auditor's Report

To the Participants and Administrator of
The Miami Regional University
Invest In Your Future

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the accompanying financial statements of The Miami Regional University Invest In Your Future, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Miami Regional University Invest In Your Future's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Miami Regional University Invest In Your Future and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Miami Regional University Invest In Your Future's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Miami Regional University Invest In Your Future's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Miami Regional University Invest In Your Future's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA
The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

To the Participants and Administrator of
The Miami Regional University
Invest In Your Future

We were engaged to audit the accompanying statement of net assets available for benefits of The Miami Regional University Invest In Your Future as of December 31, 2020, and the related notes to the financial statement.

Management's Responsibility for the Financial Statement
Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on the 2020 financial statement based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Transamerica Life Insurance Company, Inc., the custodian of the Plan, except for comparing such information with the related information included in the financial statement. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2020, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2020 financial statement. Accordingly, we do not express an opinion on the 2020 financial statement.

Report on Form and Content in Compliance With DOL Rules and Regulations for 2020 Financial Statement
The form and content of the information included in the 2020 financial statement, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The Miami Regional University
Invest In Your Future
Notes to Financial Statements
For the Year Ended December 31, 2021

1. Description of the Plan

The following description of The Miami Regional University Invest In Your Future (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General
The Plan is a defined contribution plan covering all eligible employees of Management Resources, Inc. d/b/a Miami Regional University and its subsidiaries (the "Company") who have completed at least one year of service and are at least 21 years of age. Employees enter the Plan as of the earlier of the first day of the Plan year or the first day of the seventh month of the plan year coinciding with or next month following the date on which they meet the eligibility requirements. The Plan is subject to certain provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administration
Transamerica Life Insurance Company, Inc. serves as the custodian for the Plan. The Benefit Practice serves as the recordkeeper for the Plan. The Trustee is responsible for oversight of the Plan.

Company Contributions
On an annual basis, the Company determines whether to make a discretionary Company contribution to each eligible participant's account (eligible participant is an employee that has completed one year of service) and determines the amount of such contribution. To receive the Company contribution for a given year, a participant must work at least 1,000 hours of service, as defined, during the Plan year. Participants must be employed by the Company on the last day of the year to be eligible for the Profit-Sharing contribution.

Company contributions shall be subject to the limitations on deductions under Internal Revenue Code ("IRC") Section 404 and IRC Section 401(a)(4) pertaining to the nondiscrimination tests. Annual contributions for participants are subject to certain ceilings imposed by regulations. Rollover contributions are permitted, but voluntary employee contributions are not permitted. There were no rollover contributions for the year ended December 31, 2021.

Participants' Accounts
Each participant's account is credited with the allocations of the Company's profit-sharing contributions and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants direct the investment of Company contributions into various investment options offered by the Plan. Participants may change their investment allocation at any time.

Vesting and Forfeitures
Participants are immediately vested in the amounts rolled over into the Plan, plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service. A participant is fully vested after six years of credited service. A participant becomes 100 percent vested upon death, disability or retirement.

Non-vested portions of Company contributions are forfeited as of an employee's termination date. Forfeitures are available to be used to reduce future Company contributions and may be used to offset administrative expenses. As of December 31, 2021 and 2020, forfeited non-vested accounts totaled $460 and $9,249, respectively. Also, in 2021, Company contributions were reduced by $8,797 from forfeited non-vested accounts.

Notes Receivables from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to an amount not to exceed the lesser of $50,000 or 50% of their vested account balance. The loans are collateralized by the balance in the participant's account and bear interest at a rate commensurate with the prime rate at the time of the loan plus one percentage point. Principal and interest are paid ratably through payroll deductions. Loan terms range from one to five years or up to thirty years for the purchase of a primary residence. A participant may not have more than one loan outstanding at a time.

In-service and Hardship Withdrawals
While a participant is employed with the Company, a participant over the age of 59 1/2 may make withdrawals of the vested portion of the Company contributions, subject to certain restrictions. A participant can make hardship withdrawals for certain immediate or heavy financial needs, as defined in the Plan.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a single lump-sum amount equal to the value of the participant's vested interest in their account, or installments that are distributed in accordance with the Plan. A participant with less than $5,000 in vested benefits may only be distributed a single lump sum. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. If the vested balances are less than $5,000 and no choice is made, the Plan will automatically pay out their vested balance in a lump-sum distribution.

2. Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 8 for additional information on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. In accordance with the Plan, notes receivables in default are reclassified as distributions. There were no outstanding notes receivables from participants as of December 31, 2021 or 2020.

Administrative Expenses
The Company pays certain administrative expenses of the Plan, while other expenses are paid directly by the Plan. Expenses paid by the Company are excluded from these financial statements. Fees related to administration of notes receivables from participants or distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation or depreciation in fair value of investments.

Benefit Payments
Benefits are recorded when paid.

Date of Management's Review
The Plan has evaluated subsequent events through November 3, 2022, the date the financial statements were available to be issued.

3. Information Prepared and Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Life Insurance Company Inc., the custodian of the Plan, has certified that the data included in the accompanying financial statements and supplementary schedule is complete and accurate with respect to investments as shown on the statement of net assets available for benefits as of December 31, 2021 and 2020, and net investment activity as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	2021	2020
Investments, at fair value		
Collective trust fund	$ 1,381,101	$ 894,099
Pooled separate accounts	682,345	421,540
Investments, at contract value		
Stable value fund	12,859	15,781
Investment (loss) income	196,185	

4. Related Party Transactions and Party in Interest Transactions

The Plan held certain investments managed by the custodian. The custodian is a related party and these transactions qualify as party-in-interest transactions.

5. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

6. Risks and Uncertainties

The Plan invests in various investment securities. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and statement of changes in net assets available for benefits.

The COVID-19 pandemic significantly disrupted financial markets, economies and other events during the year ended December 31, 2020. The impact to the Plan from the COVID-19 pandemic during 2020 has resulted in volatility in fair value of investments of the Plan. The long-term impact of the effects of the COVID-19 pandemic to the Plan or Company are currently not known. The extent of any impact of the COVID-19 pandemic on the Plan's net assets available for benefits or Plan participant's account balances could not be reasonably estimated at the date the financial statements were issued.

7. Tax Status

The Plan has adopted a Volume Submitter Plan sponsored by FIS Business Systems LLC. The Internal Revenue Service ("IRS") has determined and informed the Volume Submitter by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2021 and 2020, the Plan has no liabilities for uncertain tax positions. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The following three levels of fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Collective Trust Funds ("CT") – The collective trust fund investments are valued at net asset value ("NAV") per share, which is a practical expedient used to estimate the fair value of each respective fund. The investments underlying the collective trust fund include other publicly traded investment funds and are valued at the respective fund's NAV. The collective trust fund does not have a finite life, unfunded commitments, or significant restrictions on redemptions. Accordingly, these investments have been excluded from the fair value hierarchy.

Pooled Separate Accounts ("PSA") – Investments in pooled separate accounts with Transamerica Life Insurance Company, Inc. are valued at NAV, which is a practical expedient for estimating the fair values of these investments. Each of these investments may be redeemed daily with a notice period of one day. The Plan had no unfunded commitments as of December 31, 2021 and 2020. Accordingly, these investments have been excluded from the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
	$ -	$ -	$ -	$ -
Total	$ -	$ -	$ -	-
Investments measured at net asset value				
Collective trust account (a)				1,381,101
Pooled separate account (a)				682,345
Investments at fair value				$ 2,063,446

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
	$ -	$ -	$ -	$ -
Total	$ -	$ -	$ -	-
Investments measured at net asset value				
Collective trust account (a)				894,099
Pooled separate account (a)				421,540
Investments at fair value				$ 1,315,639

(a) Certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020:

December 31, 2021 Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust account	$ 1,381,101	None	Daily	Daily
Pooled separate account	682,345	None	Daily	Daily

December 31, 2020 Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective trust account	$ 894,099	None	Daily	Daily
Pooled separate account	421,540	None	Daily	Daily

9. Fully Benefit-Responsive Investment Contract

The Plan has investments in the Transamerica Stable Value Core Option, which seeks to provide maximum return consistent with a guarantee of principal. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, credited on a daily basis, and there is no set maturity. The effective credited interest rate is set semi-annually and effective on the first day of the semiannual period. Contract charges may reduce this return. The Transamerica Stable Value Option investment choices in the Group Annuity Contract are a fully benefit-responsive investment thus are reportable at contract value in the statement of net assets available for benefits. Contact value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by the participants if they were to initiate permitted transactions under the terms of the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The effective guaranteed credited interest rate is reviewed on a semi-annual basis for resetting. There are no unfunded commitments and the redemption frequency is daily with a notice period of one day.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on completing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the

failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2021 and 2020:

	2021	2020
Net assets available for benefits per the financial statements	$ 2,674,743	$ 1,928,608
Less: Adjustment for accrued contributions receivable	(598,438)	(597,188)
Net assets available for benefits per the Form 5500	$ 2,076,305	$ 1,331,420

The following is a reconciliation of contributions per the financial statements to the Form 5500 for the year ended December 31, 2021:

Contributions per financial statements:	$ 598,438
Less: Contributions receivable current year not included in 5500	(598,438)
Plus: Contributions receivable prior year included in 5500	597,188
Contributions per the Form 5500	$ 597,188

Contributions are recorded on the Form 5500 using the cash basis of accounting.
