Independent Auditor's Report

To the Plan Administrator
STAAR Surgical Company 401(k) Plan
Monrovia, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the STAAR Surgical Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STAAR Surgical Company 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of the STAAR Surgical Company 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement and Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of STAAR Surgical Company (the “Company”). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan is administered by the trustees of the Plan (“Plan administrator”) and all contributions are held in accounts maintained by John Hancock Life Insurance Company (U.S.A.) (“John Hancock”), the record keeper.

Eligibility

Participants must be 21 years of age or older to participate in the plan. An employee may begin contributing to the Plan on date of hire once the minimum age and service requirements are met. Excluded employees consist of union employees, nonresident aliens, residents of Puerto Rico, and all employees of any employer acquired as part of Code 410(b)(6)(c).

Contributions

The Company makes discretionary matching contribution to the Plan to an amount equal to 80 percent of the salary reduction contribution up to the first 6 percent of the employee’s compensation. The Company may also contribute nonelective contributions. Participants who have attained age 50 before the end of the Plan year are eligible for catch-up contributions. Each year, participants may contribute amounts at their discretion, up to the maximum allowable under the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Participant Accounts

Each participant’s account is credited with the participant’s contributions. Company contributions, if any, are credited or debited with net Plan earnings or losses and/or administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which participants are entitled is the vested portion of their accounts.

STAAR Surgical Company 401(k) Plan

Notes to Financial Statements

Vesting

Participants are fully vested in their contributions in the Plan on the date of contribution plus actual earnings or losses thereon. A participant becomes vested in the Company's matching and nonelective contributions in accordance with the following schedule:

<i>Years of Service</i>	<i>Vested Percentage</i>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Years of service include all years the participant has worked for the Company, regardless of the participant's date of enrollment in the Plan.

Employees terminated before the end of the Plan year, who have worked a minimum of 1,000 hours, will be credited with 1 year of service during the Plan year.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of (1) \$50,000 reduced by the Participant's highest outstanding loan balance in the last 12 months, or (2) 50 percent of the vested value of the Participant's account under the Plan.

The notes receivable are secured by the balance in the participant's account and bear interest commensurate with the prime rate of interest charged by banks as published in *The Wall Street Journal* as of the last day of the preceding month plus 2 percent. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence, which is up to 25 years. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid for by the Company are excluded from these financial statements. Participant-related transactions fees are paid by the participants and are included in the Statement of Changes in Net Assets Available for Benefits as administrative expenses.

For the year ended December 31, 2021, the Plan was charged third-party administration fees of \$7,185 and investment advisory and management fees of \$152,153. These fees are deducted from individual participant accounts, which are calculated at the end of each month and deducted on a quarterly basis. Included within these fees are asset maintenance fees, loan fees, redemption fees and distribution fees. The Company has absorbed the remaining administrative costs of the Plan for the year ended December 31, 2021. Investment related expenses, including plan advisor fees, are included in net appreciation of fair value of investments.

STAAR Surgical Company 401(k) Plan

Notes to Financial Statements

Payment of Benefits

The value of a participant's account becomes fully vested and can be distributed upon a participant reaching the retirement age of 65. However, if a participant shall continue to be employed by the Company after reaching age 65, payment of benefits shall be postponed until his or her actual retirement. Additionally, the Plan provides for all distributions to be made or to commence no later than the first day of April following the end of the calendar year in which the participant reaches age 70½. Upon death, participants become 100 percent vested in the Company's contributions. Account balances that are under \$5,000 may be automatically paid out at the discretion of the Company.

Disability Benefits

In the event a participant becomes totally and permanently disabled, the value of the participant's account becomes fully vested.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to reduce the Company's matching contributions. During the year ended December 31, 2021, forfeitures in the amount of \$100,314 were used to reduce employer contributions. Unallocated forfeited non-vested accounts totaled \$5,733 at both December 31, 2021 and 2020.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Risks and Uncertainties

The Plan provides various funds that hold investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants account balances and the amounts reported in the financial statements.

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's provisions, as well as those of ERISA and the participants' investment preference, dictate the Plan's concentration of credit risk and market risk.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

STAAR Surgical Company 401(k) Plan

Notes to Financial Statements

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value with the exception of the Guaranteed Interest Account (a fully benefit-responsive group annuity contract discussed in Note 5), which is stated at its contract value in the Statements of Net Assets Available for Benefits at December 31, 2021 and 2020.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued, but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

STAAR Surgical Company 401(k) Plan

Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's investments in pooled separate accounts represent the number of participation units owned by the Plan. Quoted market prices of the underlying investments are used to value each fund, and are based on the net asset value ("NAV") of the shares held by the Plan at the end of the year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ 35,516,956	\$ -	\$ -	\$ 35,516,956
Total investments at fair value	\$ 35,516,956	\$ -	\$ -	\$ 35,516,956

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ 30,830,495	\$ -	\$ -	\$ 30,830,495
Total investments at fair value	\$ 30,830,495	\$ -	\$ -	\$ 30,830,495

The Plan invests in pooled separate accounts through sub-accounts of an insurance company. The underlying securities in the pooled separate accounts are listed on a national securities exchange and valued on the basis of year-end closing prices. The Plan has concluded that the NAV as reported by the insurance company denotes readily determinable fair value. The pooled separate accounts are classified in Level 1 in the fair value hierarchy.

4. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, a qualified institution has certified that the following investment information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020.

STAAR Surgical Company 401(k) Plan

Notes to Financial Statements

- Net investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

The Plan's independent auditor did not perform audit procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule, as instructed by the Plan administrator.

5. Guaranteed Interest Accounts

The Plan offers as an investment option the guaranteed interest account (the "GIA") investment contract with John Hancock. The repayments of principal and interest credited to the Plan participants is a financial obligation of John Hancock. Accordingly, the GIA is considered to be a fully benefit-responsive contract and is presented on the face of the Statements of Net Assets Available for Benefits at contract value.

This GIA is a group annuity product, with interest rates that are adjusted monthly to reflect prevailing market rates. The GIA is valued by deposits made to the contract, plus earnings guaranteed at crediting rate, less withdrawals and fees. The Plan owns a promise to pay interest at crediting rates, which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. Guarantees are based on the claims-paying ability of the issuing company. There are not any events that could limit the ability of the Plan to transact at contract value, paid within 90 days, or in rare circumstances, contract value paid over time. There are also not any events that allow the issuer to terminate the contract and that require the Plan sponsor to settle at an amount different than contract value, paid either within 90 days or over time. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Contributions to the GIA are invested in the general funds of, and are guaranteed by, John Hancock. The GIA guarantees the return of principal plus compound interest earned over the defined term of 3, 5 or 10 years, provided all contributions remain in the account until the end of the guarantee period. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the GIA at December 31, 2021 and 2020 was \$42,008 and \$29,265, respectively.

6. Tax Status

Prior to June 1, 2021, the Plan document is based upon a prototype-plan, which has been determined to be a "qualified" plan, and thus, the Internal Revenue Service ("IRS") has issued a favorable determination letter dated March 31, 2014, stating that the Plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

STAAR Surgical Company 401(k) Plan

Notes to Financial Statements

Effective June 1, 2021, the Plan was amended and restated to, among other things, incorporate prior Plan amendments and reflect statutory changes to the IRC. The Plan adopted Ascensus LLC pre-approved defined contribution plan, which received a favorable opinion letter from the IRS dated June 30, 2020.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in the Company contributions.

8. Related Party and Parties-in-Interest Transactions

John Hancock and the Company are parties-in-interest as defined by ERISA. John Hancock invests certain Plan assets in pooled separate accounts and guaranteed interest accounts. The fees paid to John Hancock qualify as party-in-interest transactions permitted by the Department of Labor's Rules and Regulations and are exempt under Section 408(b)(8) of the IRC. Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain other parties. The Plan has paid administrative fees of \$6,955 to John Hancock, which is a party-in-interest.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan for these services.

Notes receivable from participants also reflect party-in-interest transactions.

9. Subsequent Events

Plan management has evaluated events and transactions that have occurred subsequent to December 31, 2021 through October 31, 2022, the date the Plan financial statements were available for issuance, for potential recognition or disclosure in these Plan financial statements.

Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

Independent Auditor's Report

To the Plan Administrator
STAAR Surgical Company 401(k) Plan
Monrovia, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the STAAR Surgical Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STAAR Surgical Company 401(k) Plan

Notes to Financial Statements

1. Plan Description

The following description of the STAAR Surgical Company 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement and Summary Plan Description for a more complete description of the Plan’s provisions.

General

The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of STAAR Surgical Company (the “Company”). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

The Plan is administered by the trustees of the Plan (“Plan administrator”) and all contributions are held in accounts maintained by John Hancock Life Insurance Company (U.S.A.) (“John Hancock”), the record keeper.

Eligibility

Participants must be 21 years of age or older to participate in the plan. An employee may begin contributing to the Plan on date of hire once the minimum age and service requirements are met. Excluded employees consist of union employees, nonresident aliens, residents of Puerto Rico, and all employees of any employer acquired as part of Code 410(b)(6)(c).

Contributions

The Company makes discretionary matching contribution to the Plan to an amount equal to 80 percent of the salary reduction contribution up to the first 6 percent of the employee’s compensation. The Company may also contribute nonelective contributions. Participants who have attained age 50 before the end of the Plan year are eligible for catch-up contributions. Each year, participants may contribute amounts at their discretion, up to the maximum allowable under the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

Participant Accounts

Each participant’s account is credited with the participant’s contributions. Company contributions, if any, are credited or debited with net Plan earnings or losses and/or administrative expenses. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which participants are entitled is the vested portion of their accounts.

STAAR Surgical Company 401(k) Plan

Notes to Financial Statements

Vesting

Participants are fully vested in their contributions in the Plan on the date of contribution plus actual earnings or losses thereon. A participant becomes vested in the Company's matching and nonelective contributions in accordance with the following schedule:

<i>Years of Service</i>	<i>Vested Percentage</i>
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Years of service include all years the participant has worked for the Company, regardless of the participant's date of enrollment in the Plan.

Employees terminated before the end of the Plan year, who have worked a minimum of 1,000 hours, will be credited with 1 year of service during the Plan year.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of (1) \$50,000 reduced by the Participant's highest outstanding loan balance in the last 12 months, or (2) 50 percent of the vested value of the Participant's account under the Plan.

The notes receivable are secured by the balance in the participant's account and bear interest commensurate with the prime rate of interest charged by banks as published in *The Wall Street Journal* as of the last day of the preceding month plus 2 percent. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence, which is up to 25 years. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the IRC.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid for by the Company are excluded from these financial statements. Participant-related transactions fees are paid by the participants and are included in the Statement of Changes in Net Assets Available for Benefits as administrative expenses.

For the year ended December 31, 2021, the Plan was charged third-party administration fees of \$7,185 and investment advisory and management fees of \$152,153. These fees are deducted from individual participant accounts, which are calculated at the end of each month and deducted on a quarterly basis. Included within these fees are asset maintenance fees, loan fees, redemption fees and distribution fees. The Company has absorbed the remaining administrative costs of the Plan for the year ended December 31, 2021. Investment related expenses, including plan advisor fees, are included in net appreciation of fair value of investments.

STAAR Surgical Company 401(k) Plan

Notes to Financial Statements

Payment of Benefits

The value of a participant's account becomes fully vested and can be distributed upon a participant reaching the retirement age of 65. However, if a participant shall continue to be employed by the Company after reaching age 65, payment of benefits shall be postponed until his or her actual retirement. Additionally, the Plan provides for all distributions to be made or to commence no later than the first day of April following the end of the calendar year in which the participant reaches age 70½. Upon death, participants become 100 percent vested in the Company's contributions. Account balances that are under \$5,000 may be automatically paid out at the discretion of the Company.

Disability Benefits

In the event a participant becomes totally and permanently disabled, the value of the participant's account becomes fully vested.

Forfeitures

Forfeited balances of terminated participants' non-vested accounts are used to reduce the Company's matching contributions. During the year ended December 31, 2021, forfeitures in the amount of \$100,314 were used to reduce employer contributions. Unallocated forfeited non-vested accounts totaled \$5,733 at both December 31, 2021 and 2020.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Risks and Uncertainties

The Plan provides various funds that hold investment securities. Investment securities are exposed to various risks such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants account balances and the amounts reported in the financial statements.

The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments. The Plan's provisions, as well as those of ERISA and the participants' investment preference, dictate the Plan's concentration of credit risk and market risk.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ materially from those estimates.

Notes to Financial Statements

Valuation of Investments and Income Recognition

The Plan's investments are reported at fair value with the exception of the Guaranteed Interest Account (a fully benefit-responsive group annuity contract discussed in Note 5), which is stated at its contract value in the Statements of Net Assets Available for Benefits at December 31, 2021 and 2020.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued, but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets.
- quoted prices for identical or similar assets or liabilities in inactive markets.
- inputs other than quoted prices that are observable for the asset or liability.
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

STAAR Surgical Company 401(k) Plan

Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The Plan's investments in pooled separate accounts represent the number of participation units owned by the Plan. Quoted market prices of the underlying investments are used to value each fund, and are based on the net asset value ("NAV") of the shares held by the Plan at the end of the year.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ 35,516,956	\$ -	\$ -	\$ 35,516,956
Total investments at fair value	\$ 35,516,956	\$ -	\$ -	\$ 35,516,956

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31, 2020:

	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ 30,830,495	\$ -	\$ -	\$ 30,830,495
Total investments at fair value	\$ 30,830,495	\$ -	\$ -	\$ 30,830,495

The Plan invests in pooled separate accounts through sub-accounts of an insurance company. The underlying securities in the pooled separate accounts are listed on a national securities exchange and valued on the basis of year-end closing prices. The Plan has concluded that the NAV as reported by the insurance company denotes readily determinable fair value. The pooled separate accounts are classified in Level 1 in the fair value hierarchy.

4. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, a qualified institution has certified that the following investment information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020.

STAAR Surgical Company 401(k) Plan

Notes to Financial Statements

- Net investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

The Plan's independent auditor did not perform audit procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule, as instructed by the Plan administrator.

5. Guaranteed Interest Accounts

The Plan offers as an investment option the guaranteed interest account (the "GIA") investment contract with John Hancock. The repayments of principal and interest credited to the Plan participants is a financial obligation of John Hancock. Accordingly, the GIA is considered to be a fully benefit-responsive contract and is presented on the face of the Statements of Net Assets Available for Benefits at contract value.

This GIA is a group annuity product, with interest rates that are adjusted monthly to reflect prevailing market rates. The GIA is valued by deposits made to the contract, plus earnings guaranteed at crediting rate, less withdrawals and fees. The Plan owns a promise to pay interest at crediting rates, which are announced in advance and guaranteed for a specified period of time as outlined in the group annuity contract. Guarantees are based on the claims-paying ability of the issuing company. There are not any events that could limit the ability of the Plan to transact at contract value, paid within 90 days, or in rare circumstances, contract value paid over time. There are also not any events that allow the issuer to terminate the contract and that require the Plan sponsor to settle at an amount different than contract value, paid either within 90 days or over time. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Contributions to the GIA are invested in the general funds of, and are guaranteed by, John Hancock. The GIA guarantees the return of principal plus compound interest earned over the defined term of 3, 5 or 10 years, provided all contributions remain in the account until the end of the guarantee period. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the GIA at December 31, 2021 and 2020 was \$42,008 and \$29,265, respectively.

6. Tax Status

Prior to June 1, 2021, the Plan document is based upon a prototype-plan, which has been determined to be a "qualified" plan, and thus, the Internal Revenue Service ("IRS") has issued a favorable determination letter dated March 31, 2014, stating that the Plan was designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified.

STAAR Surgical Company 401(k) Plan

Notes to Financial Statements

Effective June 1, 2021, the Plan was amended and restated to, among other things, incorporate prior Plan amendments and reflect statutory changes to the IRC. The Plan adopted Ascensus LLC pre-approved defined contribution plan, which received a favorable opinion letter from the IRS dated June 30, 2020.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in the Company contributions.

8. Related Party and Parties-in-Interest Transactions

John Hancock and the Company are parties-in-interest as defined by ERISA. John Hancock invests certain Plan assets in pooled separate accounts and guaranteed interest accounts. The fees paid to John Hancock qualify as party-in-interest transactions permitted by the Department of Labor's Rules and Regulations and are exempt under Section 408(b)(8) of the IRC. Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain other parties. The Plan has paid administrative fees of \$6,955 to John Hancock, which is a party-in-interest.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan for these services.

Notes receivable from participants also reflect party-in-interest transactions.

9. Subsequent Events

Plan management has evaluated events and transactions that have occurred subsequent to December 31, 2021 through October 31, 2022, the date the Plan financial statements were available for issuance, for potential recognition or disclosure in these Plan financial statements.
