Report of Independent Auditor

To the Board of Trustees
Brame Specialty Company, Inc. 401(k) Profit Sharing Plan
Durham, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Brame Specialty Company, Inc. 401(k) Profit Sharing Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the 2021 Financial Statements* section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the 2021 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions – Form 5500, Schedule H, Part IV, Line 4a for the year ended December 31, 2021, and Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i, as of December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 22, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and, accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

BRAME SPECIALTY COMPANY, INC.
401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan

The following description of the Brame Specialty Company, Inc. 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution profit sharing plan established by Brame Specialty Company, Inc. (the “Company” or “Employer”) most recently amended and restated on January 15, 2021 to update eligibility requirements and automatic deferral provisions. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Retirement Committee (the “Committee”) is responsible for oversight of the Plan’s investment offerings and monitors investment performance.

Administration – The Plan is administered by the Company, which serves without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. Effective January 15, 2021, the Company outsourced the recordkeeping function of the Plan to Principal Trust Company (“qualified institution”). Prior to January 15, 2021, Branch Bank and Trust Company served as the qualified institution.

Eligibility – All employees excluding collective bargaining (union) and leased employees of the Company who work are eligible to participate in the Plan upon completion of 90 days of service and the attainment of 21 years of age. Employees meeting this criteria are eligible for participation as of the next election date. Election dates are on the first day of each month following the date in which the Plan’s eligibility requirements are satisfied.

Contributions – The Plan allows for employee contributions under Section 401(k) of Internal Revenue Code (“IRC”) up to IRC limits, which is \$19,500 for 2021. Participants may also elect to defer Roth contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate initially set at 3%, with annual increases of 1% up to 10% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Company may elect to make a discretionary match. For the year ended December 31, 2021, the Company elected to match 50% of the first 3% of the active participant’s compensation contributed to the Plan.

The Company may also make an additional discretionary contribution to the Plan in an amount that management determines to be reasonable and appropriate. Any such contributions approved by are allocated among all eligible participants’ accounts in proportion to their compensation, regardless of whether they are currently contributing to the Plan. To be eligible for these contributions, the employee must be employed at year-end and have worked a minimum of 1,000 hours during the Plan year unless separation is due to death, disability or retirement. There were no discretionary contributions for 2021.

Catch-Up Contributions – For the year ended December 31, 2021, if a participant is eligible to make deferrals and turns age 50 before the end of the calendar year, the participant may defer an additional \$6,500 into the Plan as a pre-tax contribution subject to certain IRC limitations. Catch-up contributions are eligible for matching contributions made by the Company.

Participant Accounts – Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution and allocations of (a) the Company’s additional discretionary contribution, if any, (b) Plan earnings, and (c) forfeitures of terminated participants’ nonvested accounts and charged with benefit payments and an allocation of (i) administrative expenses and (ii) Plan losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

DECEMBER 31, 2021 AND 2020

Note 1—Description of the Plan (continued)

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service with special provisions to address breaks-in-service. Participants vest 20% a year beginning in year two and are 100% vested after six years of credited service.

Investment Options – Upon enrollment in the Plan, a participant may direct employee and Employer contributions in any of the investment options offered by the Plan. Participants may change their investment allocations daily and their contribution percentages quarterly.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account. Participants are allowed a maximum of two loans outstanding from the Plan at one time. Loans will only be made for hardship or financial necessity. Loan amounts must be repaid over a period not to exceed five years from the date of issuance, unless the loan was obtained for the purpose of purchasing a primary residence. The repayment terms for loans obtained for the purpose of purchasing a primary residence may not exceed the lesser of ten years or the maximum term permitted by law, whichever is shorter. The interest rate on loans ranges from 4.25% to 6.50%. The loans are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

Benefit Payments – The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan permits distributions in the event of disability, death, retirement age, or termination of employment. Upon separation of service, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts – As of December 31, 2021 and 2020, forfeited nonvested accounts totaled \$-0- and \$2,135, respectively. Any forfeitures attributable to matching contributions will be used to reduce the Employer's matching contributions. Any forfeitures attributable to additional discretionary contributions are re-allocated to those participants entitled to share in the Employer's profit sharing contribution for such year. During the year ended December 31, 2021, \$7,390 forfeitures were used to reduce Employer's matching contributions and there were no forfeitures re-allocated related to additional discretionary contributions.

Note 2—Summary of accounting policies

Basis of Accounting – The accompanying financial statements are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see *Note 4—Fair value measurements*).

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 2—Summary of accounting policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits – Benefit payments to participants are recorded upon distribution.

Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. The Company pays substantially all administrative expenses and investment management fees incurred by the Plan. Administrative expenses include professional fees related to the preparation of the Plan's tax returns, audit fees, attorney fees, and recordkeeping/custodian fees. See Note 9 for details of expenses paid out of Plan assets to parties-in-interest.

Note 3—Information prepared and certified by the Plan's Qualified Institutions (unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly Principal Trust Company, the qualified institution of the Plan, has certified to the completeness and accuracy of the following data included in the accompanying financial statements as of December 31, 2021 and for the period from January 15, 2021 through December 31, 2021 and Branch Bank and Trust Company, a qualified institution of the Plan, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedules:

- Investments, at fair value and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020.
- Schedule of Assets (Held at End of Year) - Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2021.

In addition, net appreciation in fair value of investments of \$2,246,715, interest and dividends of \$234,360 and interest income from notes receivable from participants of \$1,171 was certified by the qualified institution for the year ended December 31, 2021.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

Note 4—Fair value measurements

U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

U.S. GAAP describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds – Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded, and thus Level 1 investments.

Common Collective Trust Funds – Valued at NAV of units of a bank collective trust. NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common / collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that security liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4—Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 16,430,782			\$ 16,430,782
Common collective trust funds (*)				2,118,121
Total assets at fair value				\$ 18,548,903

2020				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,521,816	\$ -	\$ -	\$ 15,521,816
Common collective trust funds (*)				2,426,674
Total assets at fair value				\$ 17,948,490

(*) In accordance with U.S. GAAP, certain investments that are fair valued using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV – The following tables summarize investments measured at fair value based on NAV per share as of:

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective trust funds	\$ 2,118,121	N/A	Daily	12 months

December 31, 2020	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Common collective trust funds	\$ 2,426,674	N/A	Daily	12 months

Note 5—Common Collective Trust Funds

Morley Stable Value Fund – The Plan invests in a collective trust investment offering, the Morley Stable Value Fund ("Stable Value Fund"). The Stable Value Fund is a collective trust fund with investments in contracts at fair value of the underlying investments, and then adjusted by the issuer to net asset value. The fund may invest in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at net asset value. Net asset value represents contributions made to the fund, plus earnings, less participant withdrawals. The risk of the common collective trust and its net realizable value are dependent upon the financial stability of the issuing entity and its ability to fulfill the terms of the contract. For the Stable Value Fund, there were no reserves established against net asset value for credit risk at December 31, 2021 and 2020. Crediting interest rates are typically reviewed on a quarterly basis for resetting.

BRAME SPECIALTY COMPANY, INC.
401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2021 AND 2020

Note 5—Common Collective Trust Funds (continued)

Current events, such as the premature termination of this investment choice by the Plan, or the termination of the Plan, would limit the Plan's ability to transact at net asset value with the Stable Value Fund. The Plan administrator believes the occurrence of an event that would limit the Plan's ability to conduct transactions at net asset value would be remote.

Note 6—Tax status

The Plan uses a prototype plan document sponsored by the qualified institution and received an opinion letter from the Internal Revenue Service ("IRS") dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan has been amended since receiving the opinion letter. The Plan itself has not received a determination letter from the IRS. However, the Plan's administrator and management believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to re-evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer matching and discretionary contributions.

Note 9—Party-in-interest transactions

Certain Plan investments are shares of funds managed by the qualified institution as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Certain fees are paid out of Plan assets and deducted from the respective participants' accounts for loan processing, distribution processing, and testing refund fees. These fees totaled \$21,111 for the year ended December 31, 2021. Notes receivable from participants also qualify as party in interest.
