INDEPENDENT AUDITOR'S REPORT

To the Trustees
Harvest Land Co-op, Inc. 401(k) Savings Plan
Richmond, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of the Harvest Land Co-op, Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (in liquidation) as of January 4, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits (in liquidation) for the period January 1, 2022 through January 4, 2022 and the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Harvest Land Co-op, Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the period January 1, 2022 through January 4, 2022 and the year ended December 31, 2021, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the basis of accounting described in the notes to the financial statements.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Harvest Land Co-op, Inc. 401(k) Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Harvest Land Co-op, Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at year end is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HARVEST LAND CO-OP, INC. 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

January 4, 2022 (In Liquidation) and December 31, 2021 (In Liquidation)

DESCRIPTION OF PLAN

The following brief description of the Harvest Land Co-op, Inc. 401(k) Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General

The Plan is a defined contribution retirement plan established by Harvest Land Co-op, Inc. (the Sponsor, now Co-Alliance, LLP). The Plan is intended to meet the requirements of a qualified plan under section 401(a) of the Internal Revenue Code. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective February 1, 2021, Harvest Land Co-op, Inc. merged with Co-Alliance, LLP, a previously unrelated cooperative, with Co-Alliance as the acquirer in the transaction. Subsequently, the governing body of the Plan approved a plan of liquidation in February 2021, and management determined liquidation was imminent. Final distributions, determined based on all participants being 100% vested, were made on January 4, 2022. As a result, the Plan has used the liquidation basis used in presenting the financial statements.

Eligibility

An employee shall be eligible to participate in the Plan on the entry date (if employed) coincident with the date of completion of 1,000 hours of service and 21 years of age or older. Eligible employees include all employees of the Sponsor.

Contributions

To participate in the Plan, an eligible employee must enter into a contribution agreement with the employer authorizing the employer to deduct and withhold from such employee's compensation a specified amount, or percentage thereof, and to contribute such amount to the employee's account in the Plan. In accordance with Section 401(k) of the Internal Revenue Code, all amounts withheld from compensation and contributed to a participant's account, up to the maximum allowed, shall be excluded from gross income of the participant for federal income tax purposes. A participant may make a separate election to defer up to 100% of any bonus they receive. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Sponsor matches 100% of each participant's first 3% of compensation contributed as elective deferrals for the Plan year, and 50% of each participant's deferral in excess of 3% of compensation not to exceed 5% of compensation. Participants direct these contributions among a choice of investment options.

Participants may rollover amounts representing distributions from other qualified defined benefit or contribution plans which are reported in the statement of changes in net assets available for benefits. Rollover contributions totaled \$0 and \$1,132 for the period January 1, 2022 through January 4, 2022 and the year ended December 31, 2021, respectively.

Vesting

Participants are immediately vested in their elective deferrals, employer matching contributions and actual earnings thereon.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor's contribution, (b) Plan earnings, and (c) an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as provided in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS - Continued

January 4, 2022 (In Liquidation) and December 31, 2021 (In Liquidation)

DESCRIPTION OF PLAN - Continued

Administrative Fees and Expenses

A significant amount of the administrative fees and expenses incurred by the Plan are paid by the Sponsor.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance up to a maximum of five years unless such loan is for the purpose of the participant's primary residence. The loans are secured by the balance in the participant's account and bear interest at local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through bi-weekly payroll deductions. Participants may not have more than two outstanding loans at the same time. Interest income earned on these loans and included in investment income was \$0 and \$8,186 for the period January 1, 2022 through January 4, 2022 and the year ended December 31, 2021, respectively.

Payment of Benefits

Upon termination, participants may receive the vested portion of their account as a distribution in the form of installments or a lump sum payment. A participant's account shall be payable to him or her, or in the event of death, to a beneficiary, upon the earlier of disability, termination of employment or retirement date. Retirement date is upon attainment of age 65, and in-service distributions are available upon attainment of age 59 ½.

Plan Amendments or Terminations

No amendment to the Plan shall have the effect of eliminating or reducing a retirement benefit, or eliminating an optional form of benefit with respect to benefits attributable to service before the amendment.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Following are the significant accounting policies adopted by the Plan and used in the preparation of these financial statements:

Notes Receivable from Participants

Participant notes receivable are valued at their unpaid principal balance.

Contributions

Contributions are recorded as earned on the accrual basis when withheld from the participant's earnings and when contributions are allocated by the Sponsor.

Termination of the Plan

As noted earlier, those charged with governance of the Plan, voted to terminate in February 2021. All plan assets were transferred out of the plan on January 4, 2022.

Investment Valuation

Investments are reported at fair value or its equivalent, using a practical expedient, except for investments in guaranteed interest accounts which are recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See "FAIR VALUE MEASUREMENTS" note for further discussion and disclosure related to fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized gain (loss) includes the Plan's gains and losses on investments bought and sold as well as those investments held during the year.

NOTES TO FINANCIAL STATEMENTS - Continued

January 4, 2022 (In Liquidation) and December 31, 2021 (In Liquidation)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Valuation - Continued

Investments in pooled separate accounts are valued using the unadjusted net asset value (NAV) as of the reporting date, which is the basis for current transactions. The NAV is used as a practical expedient to estimate fair value. Pooled separate accounts are valued based on the underlying investments (i.e., common stock, mutual funds, and short-term securities) in the separate account as reported by Mass Mutual Life Insurance Company ("Mass Mutual"). While the majority of the underlying asset values are based on quoted prices, NAV of the pooled separate accounts are not publicly quoted. The NAV is reported as of the financial statement date based on recent transaction prices. The pooled separate accounts held by the Plan provide for daily redemptions by the Plan at reported NAV with no advance notice requirement and have no unfunded commitments.

The Plan invests in a guaranteed interest account through a group annuity contract. Contract value for this guaranteed interest account is based on the contributions, withdrawals and earnings of the trust as reported by Empower. The statement of net assets available for benefits presents the contract value of the investment contract as a practical expedient. The statement of changes in net assets available for benefits is prepared on a contract value basis. Certain events limit the ability of the Plan to transact at contract value with the issuer.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of the financial statements in conformity with the liquidation and modified cash base of accounting requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Although these estimates are based on the Plan Administrator's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

INCOME TAX STATUS

The Plan is based on a prototype plan which has received a favorable determination letter from the Internal Revenue Service that the prototype plan is designed to qualify as being exempt from Federal income taxes. The Plan Administrator has not separately applied for a determination letter from the Internal Revenue Service. However, the Plan Administrator believes that the Plan was designed and is currently being operated as a tax-exempt plan in compliance with the applicable requirements of the Internal Revenue Code and, therefore, no income taxes have been provided.

The Plan complies with Accounting Standards Codification (ASC) 740-10 related to uncertain tax positions. This standard prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken on a tax return. Plan administration is not aware of any tax positions taken by the Plan that it considers to be uncertain. Tax returns for the years ended 2019, 2020, and 2021 are open and subject to examination by the Internal Revenue Service.

NOTES TO FINANCIAL STATEMENTS - Continued

January 4, 2022 (In Liquidation) and December 31, 2021 (In Liquidation)

REPORTABLE TRANSACTIONS

The Plan's assets are participant-directed, and thus, the schedule of reportable transactions is not required.

INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Empower holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by Empower.

RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There were no significant differences between the audited financial statements and the information on the Form 5500 related to the classification or timing of recording of certain transactions.

INVESTMENT CONTRACT

The Plan has a benefit-responsive investment contract (Guaranteed Interest Account) with Mass Mutual Retirement Services (MMRS), whereas MMRS maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for plan withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate, which is adjusted quarterly, was 3.00% for the period January 1, 2022 through January 4, 2022 and the year ended December 31, 2021. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

As described in SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Sponsor or other Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The investment contracts do not permit the insurance company to terminate the agreements prior to the scheduled maturity dates.

PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by the Plan's custodian (Empower), as is customary in retirement plans. Michigan Pension Group serves as the Plan's third party administrator. BHM CPA Group, Inc. serves as the Plan's auditors. Transactions with these parties qualify as party-in-interest transactions.

HARVEST LAND CO-OP, INC. 401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS - Continued

January 4, 2022 (In Liquidation) and December 31, 2021 (In Liquidation)

PARTY-IN-INTEREST TRANSACTIONS - Continued

Certain administrative functions are performed by officers or employees of the Sponsor. No such officer or employee received compensation from the Plan. Certain administrative expenses of the Plan are paid directly by the Sponsor and are not charged to the Plan.

FAIR VALUE MEASUREMENTS

The Plan complies with ASC 820 *Fair Value Measurements and Disclosures* to account for and report fair value. ASC 820 provides a single definition of fair value, a framework for measuring fair value and expanded disclosures concerning fair value. It also defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

Fair value of certain assets and liabilities are determined based on the fair value hierarchy established in the standard, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The standard describes three levels within its hierarchy that may be used to measure fair value which are:

Level 1

Values are based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2

Values are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3

Values are generated from unobservable inputs that are supported by little or no market activity and that are a significant component of the fair value of the assets or liabilities. These unobservable inputs would reflect management's estimates of assumptions that market participants would use in pricing related assets or liabilities. Valuation techniques might include the use of pricing models, discounted cash flow models or similar techniques.

A financial asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the classification of fair value assets and liabilities within the fair value hierarchy levels.

In accordance with ASC 820, certain investments that were measured at NAV (or its equivalent) as a practical expedient or contract value have not been classified in the fair value hierarchy. As of December 31, 2021 all investments were in pooled separate accounts measured at NAV or guaranteed investment contracts which are excluded from the fair value hierarchy table.

SUBSEQUENT EVENTS

Subsequent events were evaluated through November 7, 2022, which is the date the financial statements were available to be issued.
