Independent Auditor's Report

To the Plan Administrator
Howden USA 401(k) Savings Plus Plan
Depew, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Howden USA 401(k) Savings Plus Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a) (3) (C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a) (3) (C) audit"). As permitted by ERISA Section 103(a) (3) (C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2021) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan

The following description of the Howden USA 401(k) Savings Plus Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering substantially all employees of Howden American Fan Company and participating affiliates (collectively, the "Employer" or the "Company"). The Plan includes employees in the Howden Roots Union, as well as non-union employees ("Non-union"). Non-resident aliens, leased employees, and temporary employees who are not 21 years of age and have not completed at least 1,000 hours of service during an eligibility period are not included in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Trustee and Administration of the Plan

The administrator of the Plan is the Company. The trustee and recordkeeper of the Plan is Fidelity Management Trust Company ("Fidelity"). The trustee holds all assets of the Plan in accordance with the service provider contract with the Company. The Company's 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants may contribute to the Plan up to 75% of eligible compensation as pre-tax or Roth contributions. Participants, other than those covered by a collective bargaining agreement, are automatically enrolled with a 2% deferral contribution when the participant has fulfilled the eligibility requirements, unless the participant affirmatively elects not to participate in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Employer contributes a non-discretionary matching contribution of 100% of the first 2% of eligible compensation deferred upon by participants who are part of the Howden Roots Union and have less than 5 years of service. Howden Roots Union participants must complete 90 days of service in order to be eligible for the non-discretionary matching contribution. The Employer contributes a non-discretionary matching contribution of 100% of the first 4% of eligible compensation deferred upon by all other participants. The Plan also allows for a discretionary nonelective Employer contribution, which is made separately for the Howden Roots Union participants and separately for all other participants. During the year ended December 31, 2021, the Employer elected to contribute 2% of eligible compensation for nonunion participants, totaling approximately \$821,000, and no discretionary nonelective Employer contribution was made for Howden Roots Union participants.

Participants may also contribute amounts representing eligible rollover distributions from other qualified plans.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Howden USA 401(k) Savings Plus Plan

Notes to Financial Statements

Participants' Accounts

Each participant's account is credited with the participant's contribution, the Employer contributions, and an allocation of net plan earnings and losses, thereon. Participants accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based upon participant earnings, account balances, or participant requested services, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant and Employer contributions may be invested in various investment options, as directed by the participant. The Plan currently offers mutual funds, a money market fund, and a common/collective trust as investment options.

Vesting

Participants are immediately vested in their deferral and Employer non-discretionary matching contributions plus actual earnings thereon. Vesting in the discretionary nonelective Employer contributions is based on years of continuous service for Non-union participants. Upon two years of continuous service the participant is 20% vested, 40% vested after three years, 60% vested after four years, and 100% vested after five years. Discretionary nonelective Employer contributions for the Howden Roots Union participants are 25% vested after two years of service. Vesting increases 25% for each additional year of service until the participants are fully vested at year five. See Note 9 for discussion of subsequent changes to Howden Roots vesting.

Notes Receivable from Participants

The Plan allows participants to borrow up to 50% of their vested account balances. The minimum loan is \$1,000 and the maximum loan is \$50,000. The loans are secured by the balance in the participant's vested account and bear a reasonable interest rate based on prevailing interest rates. Loan terms may not exceed 5 years, except on the purchase of a primary residence. Participants may only have one loan outstanding at a time. Principal and interest are paid ratably through payroll deductions.

Benefit Payments

Benefits are payable upon retirement at age 65, disability, death, or termination of employment. The Plan also allows for early retirement at age 55 with 10 years of service. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to the provisions in the Plan document and applicable law. Benefits are payable in lump sum or installment payments. Vested account balances below \$1,000 may be automatically paid to participants, and balances between \$1,000 and \$5,000 may be rolled into an individual retirement account at the discretion of the Employer.

Forfeitures

Forfeitures may be used to pay Plan expenses or to reduce the Employer's contributions. Forfeitures of approximately \$129,000 were used to pay Employer contributions during the year ended December 31, 2021. Amounts forfeited and available for use at December 31, 2021 and 2020 were approximately \$38,000 and \$75,000, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Plan management determines the Plan's valuation policies utilizing information provided by investment advisors and Fidelity. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus unpaid accrued interest. Interest income is recorded on the accrual basis. A participant's loan shall be considered in default if any scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter (end of "cure period") in which a loan is initially past due. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. No allowance for credit losses has been recorded at December 31, 2021 and 2020. During the year ended December 31, 2021, approximately \$2,700 was recorded as deemed distributions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Employer and are excluded from these financial statements. The Plan pays administrative expenses including investment and trustee fees, in addition to certain participant requested services. Investment related expenses are included in net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2021 and 2020;
- Net investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2021; and
- Investment information included in the schedule H, line 4i-schedule of assets (held at end of year) as of December 31, 2021, as shown on the ERISA-required supplemental schedule.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Howden USA 401(k) Savings Plus Plan

Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2021 and 2020.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Mutual funds, including money market funds, represent investments with various investment managers. The mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust: Units held in the CCT are valued at the NAV. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Withdrawals for benefit payments and participant directed transfers to noncompeting options are made to plan participants as soon as practicable after notification has been received. The Morley Stable Value Fund reserves the right to delay plan sponsor initiated redemptions for up to 365 days, subject to certain conditions. There are no unfunded commitments related to the CCT. The CCT is a direct filing entity.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets at fair value:

<i>December 31, 2021</i>	<i>Total</i>	<i>Level 1</i>	<i>Level 2</i>	<i>Level 3</i>
Mutual funds	\$ 79,107,086	\$ 79,107,086	\$ -	\$ -

Total investments measured at the NAV as a practical expedient	2,206,602			
Total investments at fair value	\$ 71,152,867			

5. Party-in-Interest and Related Party Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity or their subsidiaries and affiliates. The Plan pays administrative fees and investment management fees to Fidelity. These transactions qualify as exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participant accounts will become fully vested and nonforfeitable.

7. Tax Status

The IRS issued an opinion letter to the recordkeeper by a letter dated March 31, 2014, that the Plan prototype and related trust are designed in accordance with the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been recorded.

In accordance with ASC 740, *Income Taxes*, accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for an tax periods in progress.

Effective March 10, 2022, the Plan adopted the FMR LLC Non-Standardized Pre-Approved Profit Sharing Plan With CODA ("Pre-approved Plan"). The IRS ruled on June 30, 2020 that the Pre-Approved Plan, including related amendments, as designed, was in compliance with the applicable requirements of the IRC. The plan administrator believes the Plan is currently designed and is being operated in accordance with the IRC.

8. Risks and Uncertainties

The Plan invests in various investments, including mutual funds and a common/collective trust. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investment will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through November 10, 2022, the date the financial statements were available to be issued. Except as described below, no material subsequent events were identified.

Effective January 1, 2022, the Plan document was amended to change the Employer name from Howden American Fan Company to Howden USA and to change the vesting schedule for discretionary nonelective Employer contributions for the Howden Roots Union participants to: 50% vesting after one year of service and 25% vesting for each additional year of service, with full vesting after three years of service.

As disclosed in Note 7, the Plan has adopted a prototype plan provided by FMR LLC. FMR LLC obtained an opinion letter dated June 30, 2020 from the IRS pursuant to a requirement to restate pre-approved plan documents every six years in order to maintain the Plan's tax qualified status. As a result, effective March 10, 2022, the Employer restated the Plan to reflect remedial amendments associated with FMR LLC's restatement of its prototype plan. There were no other significant changes to the restated plan document beyond the required regulatory updates that would have a material impact on the Plan.

Effective May 16, 2022, the Plan document was amended for the merger in of the EnPro Industries Inc. Retirement Savings Plan (limited to CPI population). Approximately \$13,000,000 in net assets were transferred into the Plan in connection with the merger.
