Lifting Gear Hire Corporation 401(k) Plan

Financial Statements and Supplemental Schedule

Year Ended April 30, 2022

WIPFLI

Independent Auditor's Report

To the Plan Administrator
Lifting Gear Hire Corporation 401(k) Plan
Bridgeview, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Lifting Gear Hire Corporation 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of April 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Lifting Gear Hire Corporation 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended April 30, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lifting Gear Hire Corporation 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA 103(a)(3)(C) audit does not affect management's responsibilities for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lifting Gear Hire Corporation 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lifting Gear Hire Corporation 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lifting Gear Hire Corporation 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of April 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Lifting Gear Hire Corporation 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated November 29, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Lifting Gear Hire Corporation 401(k) Plan

Notes to the financial statements

Note 1: Description of Plan

The following description of the Lifting Gear Hire Corporation 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, as most recently amended and restated effective May 1, 2021, is a defined contribution plan covering all eligible employees of Lifting Gear Hire Corporation (the "Company"), provided an employee is not a non-resident alien or a leased employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Mid Atlantic Trust Company (MATC) is the Custodian of the Plan.

Eligibility

Employees of the Company are eligible to participate in the Plan to make elective salary deferrals and to receive Company safe harbor matching contributions upon reaching age 21 and completing six months of service, as defined, and enter the Plan on the first day of the following month after meeting these requirements.

Employees are eligible for Company discretionary profit sharing and matching contributions upon completing 1,000 hours of service during the Plan year and being employed on the last day of the Plan year.

Contributions

Each year, participants may contribute a portion of their eligible compensation, as defined by the Plan, as either pretax or after-tax Roth deferral contributions, up to the maximum allowed by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an automatic contribution arrangement, pertaining to new Plan participants hired after October 1, 2020, whereby upon meeting Plan entry requirements, such participants will have an automatic deferral percentage of 3% of their eligible Plan compensation withheld from payroll and remitted to the Plan, unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their contributions invested under the pretax option into a designated balanced fund investment until changed by the participant.

The Plan provides for the Company to make a safe harbor matching contribution which is equal to 100% of the participant's deferral up to 5% of the participant's eligible compensation. Safe harbor matching contributions for the year ended April 30, 2022, totaled \$636,496. The Company may also make discretionary matching and discretionary profit sharing contributions. No such discretionary contributions were made for the year ended April 30, 2022.

Lifting Gear Hire Corporation 401(k) Plan

Notes to the financial statements

Note 1: Description of Plan (Continued)

Contributions (Continued)

Additionally, the Company may make special non-elective contributions to non-highly compensated participants, to be allocated as a percentage of compensation or as a uniform dollar amount, as defined. No such special non-elective contributions were made for the year ended April 30, 2022.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's voluntary deferral and rollover contributions, the Company's safe harbor and discretionary matching contributions, and allocations of (a) the Company's discretionary profit sharing and special contributions, if any, and (b) plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on a participant's eligible compensation, participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their elective deferral contributions, Company safe harbor matching contributions, special contributions and rollover contribution accounts, plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions, if any, plus actual earnings thereon is based on years of continuous service. Participants vest at a rate of 20% per year beginning with their second year of service and become 100% vested after six years of service. Participants will immediately vest at 100% upon normal retirement (age 62), death or disability.

Forfeitures

At April 30, 2022, there were no forfeitures resulting from nonvested accounts; however, there were forfeited amounts resulting from overpaid Company safe harbor matching contributions aggregating \$9,822 that were subsequently transferred into an investment holding account. Such forfeited amounts may be used to pay administrative expenses or to reduce the Company's contributions. At April 30, 2021, there were no forfeitures resulting from nonvested accounts and no remaining forfeited amounts resulting from overpaid Company safe harbor matching contributions.

Lifting Gear Hire Corporation 401(k) Plan

Notes to the financial statements

Note 1: Description of Plan (Continued)

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance in the Plan. Notes are repaid, with interest, through equal payroll deductions over a term of one to five years, unless the note is used to acquire a principal residence, at which time the note can be repaid over a reasonable period of time not to exceed 10 years. The notes are secured by the vested balance in the participant's account and bear interest at 1% over the prime interest rate. Interest rates on outstanding notes at April 30, 2022, ranged from 4.25% to 6.50%, which are commensurate with local prevailing rates as determined by the plan administrator.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, as defined, a participant may elect to receive an amount equal to the value of the vested interest in their account in a lump sum. In addition, participants may receive in-service distributions, as defined, and hardship withdrawals from their pretax elective deferral account, while still employed by the Company, if they meet the Internal Revenue Service (IRS) qualifications for such withdrawals. At April 30, 2022 and 2021, there were no amounts owed to former participants whose employment had been terminated and who requested payout of their account balances.

Effective January 1, 2020, the new IRS hardship distribution regulations were implemented to allow participants to have access to earnings on the deferral portion of their account, to include federal disasters as a hardship category, to eliminate the suspension period subsequent to receiving a hardship distribution, and to eliminate the requirement to exhaust plan loans. Written amendment to the Plan to reflect these operational changes was adopted as of May 1, 2021, in accordance with applicable law and IRS guidance.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of changes in net assets during the reporting period. Actual results may differ from these estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of April 30, 2022 or 2021. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the Plan document.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Professional fees and certain administrative expenses incurred by the Plan are paid with forfeitures, Plan assets, or by the Company. Expenses paid by the Company are excluded from these financial statements. Fees directly attributable to a participant, such as loan fees and withdrawal fees, are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through November 10, 2022, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of April 30, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Fair value is based on NAV of \$1 per share at the Plan's year-end.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of April 30, 2022 and 2021. Classifications within the fair value hierarchy tables are based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of April 30, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,606,797	\$ -	\$ -	\$ 15,606,797

Notes to the financial statements

Note 4: Information Prepared and Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and non-interest bearing cash held at April 30, 2022 and 2021, and total investment income for the year ended April 30, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by MATC, the Custodian of the Plan.

Note 5: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company discretionary contributions.

Note 6: Related-Party Transactions and Party-in-Interest Transactions

MATC is the custodian, as defined by the Plan, and July Business Services, Inc. (JBS) is the third party administrator and recordkeeper. Therefore, MATC and JBS transactions qualify as party-in-interest transactions. These transactions are not considered prohibited transactions under the ERISA regulations.

MATC also receives revenue from mutual fund service providers for services MATC provides to the funds. This revenue is used to offset certain amounts owed to MATC and JBS for its custodial and administrative services to the Plan. If the revenue received by MATC from such mutual fund service providers exceeds the amount owed, MATC remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses. There were no such amounts remitted to the Plan during the year ended April 30, 2022. Fees paid by the Plan for administrative expenses aggregated \$46,574 for the year ended April 30, 2022. In addition, certain administrative functions are performed by employees of the Company, for which no compensation is received from the Plan for their services.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 7: Tax Status

The Plan, as adopted by the Company, is a Prototype Non-standardized Profit-Sharing Plan with CODA (Prototype Plan) sponsored by JBS. The Prototype Plan obtained its latest determination letter dated June 30, 2020, in which the IRS stated that the Prototype Plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan has not requested its own IRS determination letter. The Prototype Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed, and being operated, in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
