INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee,
The Norman Group 401(k) Plan:

Scope and Nature of ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements

We have performed an audit of the financial statements of The Norman Group 401(k) Plan (the "Plan"), an employee benefit Plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 29, 2021, and the related statement of changes in net assets available for benefits for the period from February 1, 2021 through December 29, 2021, and the related notes to financial statements ("2021 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 29, 2021 and for the period from February 1, 2021 through December 29, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of The Norman Group 401(k) Plan was audited by a predecessor auditor. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed them to perform, and they did not perform any auditing procedures with respect to the information certified by a qualified institution. In their report dated December 10, 2021, they indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following brief description of The Norman Group 401(k) Plan (the "Plan") is provided for information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is sponsored and administrated by Norman's Gift Shops, Inc. (the "Plan Sponsor" or "Company").

General

The Plan is a defined contribution plan covering all eligible employees of the Company. The Plan was originally adopted on February 1, 2001 and amended on February 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code of 1986 (the "Code"), as amended. The assets of the Plan are maintained, and the transactions therein are executed by Delaware Charter Guarantee and Trust d/b/a Principal Trust Company and Principal Life Insurance Company (the "Custodians"), the custodians of the Plan.

Plan Merger and Transfer of Assets

On December 22, 2021, the Board of Directors of Norman's Gift Shops, Inc. approved a resolution authorizing a merger of the Plan into The Norman's Gift Shops, Inc. Employee Stock Ownership Plan (the "ESOP Plan"). As a result of the merger, all assets of the Plan totaling \$6,480,321 were transferred on December 29, 2021 to the ESOP Plan. The transfer is reflected as plan transfers paid out on the statement of changes in net assets available for benefits.

Eligibility

The Plan covers eligible employees of the Company who are at least 21 years of age and have completed one year of service, with the exception of collective bargaining (union) employees, non-resident alien and employees paid on an hourly basis as defined in the Plan document. Entry to the Plan is permitted on the first day of the Plan year or the date six months following the first day of the Plan year following the satisfaction of the eligibility requirements.

Contributions

Each year, participants may elect to defer an amount of their pre-tax annual compensation, as defined in the Plan, which cannot exceed the limits permitted under IRS regulations. Participants who have attained age 50 or older may elect to make a "catch-up" contribution, not to exceed IRS limits. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Company's policy is to make safe harbor contributions in an amount equal to 100% of the first 3% of the participants' eligible compensation. Due to the Plan merger with the ESOP Plan as of December 2021, the Company intend to remit matching contributions to the ESOP Plan.

In addition, the Company has the option of making discretionary profit-sharing contributions. For the period from February 1, 2021 through December 29, 2021, the Company did not make a profit-sharing contribution.

Additionally, the Company has the option of making employer matching contributions. For the period from February 1, 2021 through December 29, 2021, the Company did not make an employer matching contribution.

Participant Accounts

Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan.

The Norman Group 401(k) Plan
Notes to Financial Statements
December 29, 2021 and January 31, 2021

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's matching contribution and (b) Plan earnings, and (c) the Plan Sponsor's profit-sharing contributions, if any, and is charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service due to death, disability or retirement, participants or a participant's designated beneficiary may receive a lump-sum amount equal to the participant's vested interest in their account. For termination of service for other reasons, participants may receive the value of the vested interest in their account as a lump-sum distribution. The Plan allows for withdrawals in the event of a participant attaining the age of 65. The Plan also allows withdrawals for certain financial hardships, limited to the dollar amount of the participant's elective deferrals.

Vesting

Participants are immediately vested in their contributions, rollover contributions and the Company's safe harbor contributions plus actual earnings. Vesting in the Company's discretionary profit-sharing contributions and employer matching contributions is based on years of continuous service. A participant is 100% vested after six years of credited service according to the following schedule. A participant is fully vested if he or she dies prior to termination of employment.

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 or more years	100%

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. Principal and interest are paid ratably through monthly payroll deductions.

When a loan is made, the employee's account is charged, thereby reducing the balance in the employee's account which earns income. The repayment of the loan, including interest, is credited to the specific employee account as received (i.e., the interest paid on the loan is credited to the account of the individual borrower).

Forfeited Accounts

The portion of a participant's account balance that is non-vested upon termination of employment is forfeited and remains in the Plan. These amounts may be used to reduce employer contributions or to pay administrative expenses of the Plan. As of January 31, 2021, non-vested forfeiture accounts amounted to \$1,143 and none of the forfeitures were used to pay Plan expenses and to reduce employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements were prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Under this method of accounting, contributions and investment income are recorded when earned and expenses are recorded when incurred.

Investment Valuation and Income Recognition

Investment contracts are required to be reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are discussed in Note 4. However, contract value is the relevant measurement attribute for that portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's fully benefit-responsive investments' contract value approximates fair value.

Purchases and sales of securities are reflected on a trade-date basis. Interest and dividend income are recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as unrealized gains (losses) on the investments during the year.

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and changes in net assets available for benefits during the year. Accordingly, actual results could differ from those estimates.

Any adjustments applied to estimated amounts are recognized in the year such adjustments are determined.

Payment of Benefits

Benefits are recorded when paid to the Plan participants.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 29, 2021 and January 31, 2021. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Administrative Expenses

Certain administrative expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Direct fees for custodians and record-keeping services are paid by the Plan and are also included in administrative expenses. Investment-related expenses are included in "Net appreciation in fair value of investments" in the accompanying statement of changes in net assets available for benefits and are not readily determinable.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA.

The Norman Group 401(k) Plan
Notes to Financial Statements
December 29, 2021 and January 31, 2021

Accordingly, as permitted under such election, Principal Trust Company and Principal Life Insurance Company (collectively “the Custodians”), have certified the completeness and accuracy of all investments as of December 29, 2021, and January 31, 2021 in the accompanying statements of net assets available for benefits and the related investment income activity for the period from February 1, 2021 through December 29, 2021 in the accompanying statement of changes in net assets available for benefits. No auditing procedures were performed by the independent auditors as permitted by 29 CFR 2520.103-8 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the Custodians, except for comparing such information with the related information included in the financial statements. Based on information provided and certified by the Custodians, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, for the period from February 1, 2021 through December 29, 2021 or for the year ended January 31, 2021.

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Such inputs include quoted prices in active markets for identical assets or liabilities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan’s assets measured at fair value. There have been no changes in the methodologies used for the periods presented in these financial statements.

Mutual funds: are valued at quoted market prices, which approximate the underlying value of the securities held in such funds.

Common collective trusts: are valued at the NAV of units of a bank collective trust. The NAV, as provided by the Custodians, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investment held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Norman Group 401(k) Plan
Notes to Financial Statements
December 29, 2021 and January 31, 2021

Pooled separate accounts: are valued using the NAV provided by the Custodians. The investment objectives are determined by the underlying investments owned by each pooled separate account. The NAV per share is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of December 29, 2021:

	December 29, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ -	\$ -	\$ -
Common/collective trusts*				-
Pooled separate accounts*				-
Investments at fair value				<u>\$ -</u>

The following table represents the Plan's fair value hierarchy for its financial assets measured at fair value on a recurring basis as of January 31, 2021:

	January 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,446,332	\$ -	\$ -	\$ 3,446,332
Common/collective trusts*				1,623,924
Pooled separate accounts*				775,717
Investments at fair value				<u>\$ 5,845,973</u>

* In accordance with Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

During the period from February 1, 2021 through December 29, 2021 and for the year ended January 31, 2021, the Plan offered participants an option to invest in the Principal Fixed Income Guaranteed Option Account, a guaranteed investment contract ("GIC"). The contract underlying this investment option is considered to be fully benefit-responsive. Generally, contract value is equal to participant deposits minus participant withdrawals plus credited interest. Contract value may be subject to adjustments in connection with contract holder-directed withdrawals that are subject to a market value adjustment. Under limited circumstances, contract value may be adjusted as a result of a market value adjustment. Because the GIC meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the GIC.

The Norman Group 401(k) Plan
Notes to Financial Statements
December 29, 2021 and January 31, 2021

The GIC is presented on the face of the statements of net assets available for benefits at contract value. A contract value, as reported to the Plan by the Custodians, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The composite crediting rate is currently reset on a semi-annual basis and will never be less than the guaranteed minimum interest rate. The composite crediting rate for the period the Plan held the investment was 1.90% for the period December 1, 2019 through May 31, 2020, 1.80% for the period June 1, 2020 through November 30, 2020, 1.60% for the period December 1, 2020 through May 31, 2021, 1.55% for the period June 1, 2021 through November 30, 2021 and 1.55% for the period December 1, 2021 through December 29, 2021. The Custodians makes these guarantees, and although the Custodians may credit a higher interest rate, the credited rate will never fall below the lifetime guaranteed minimum of 1.05%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. The GIC was transferred to the ESOP plan in the merger and the agreement was not terminated.

6. PLAN TERMINATION

Subsequent to the merger in December 2021, the Plan was terminated. In the event of Plan termination, participants will become 100% vested in their accounts.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. TAX STATUS

The Plan uses a prototype plan document sponsored by Fair Fitzgerald and Hershaft PC ("Fair Fitzgerald"), who received an opinion letter from the IRS, dated March 31, 2014, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the volume submitter plan document, sponsored by Fair Fitzgerald and used by the Plan, received its opinion letter from the IRS, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Norman Group 401(k) Plan
Notes to Financial Statements
December 29, 2021 and January 31, 2021

The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 29, 2021, and January 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodians or an affiliate of the Custodians. Accordingly, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

10. NET ASSET VALUE PER SHARE

The following tables set forth a summary of the Plan's investments with a reported NAV per share at January 31, 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Fair Value Estimated Using Net Asset Value per Share						
January 31, 2021						
Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period	
Common collective trusts: Balanced asset allocation	\$ 1,623,924	\$ -	Daily	None	None	
Pooled separate accounts:						
Fixed income	158,280	-	Daily	None	None	
International equity	28,522	-	Daily	None	None	
Small / mid U.S. equity	17,939	-	Daily	None	None	
Large U.S. equity	570,976	-	Daily	None	None	
Total pooled separate accounts	775,717	-	Daily	None	None	
	<u>\$ 2,399,641</u>	<u>\$ -</u>				

11. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 18, 2022, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan's management has determined that no subsequent events have occurred which would require disclosure in the financial statements.
