Independent Auditor's Report

To the Administrator
International Auto Processing, Inc. 401(k) Profit Sharing Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of International Auto Processing, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits – modified cash basis as of January 1, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2021 and the period ending January 1, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of International Auto Processing, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 and 2021 Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of International Auto Processing, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis-of-Matter

The accompanying financial statements have been prepared assuming that the Plan will continue as a going concern. As discussed in Note 10 to the financial statements, International Auto Processing, Inc., the Plan's sponsor, elected to merge the Plan with a pooled employer plan, effective January 1, 2022.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2, which includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about International Auto Processing, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material

if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of International Auto Processing, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about International Auto Processing, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) – modified cash basis as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the

certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INTERNATIONAL AUTO PROCESSING, INC. 401(k) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the International Auto Processing, Inc. 401(k) Profit Sharing Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

A. *General.* The Plan is a defined contribution profit sharing plan, effective September 1, 2014, covering all employees (other than union employees, lease employees, and nonresident aliens) of International Auto Processing, Inc., and other adopting commonly owned companies (collectively the “Company” or “Plan Sponsor”), who have attained the age of 21, and 3 months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Coronavirus Aid, Relief, and Economic Security Act. The Coronavirus Aid, Relief, and Economic Security Act (CARES Act) was signed into law on March 27, 2020. The CARES Act allowed retirement plans to provide participants who were impacted by the coronavirus (as defined in the CARES Act) with greater access to their savings. The Plan Sponsor adopted the retirement plan related provisions of the CARES Act and amended the plan document accordingly. The ability to utilize the provisions of the CARES Act ceased as of December 31, 2020.

Effective January 1, 2022, the Plan Sponsor merged the Plan with a pooled employer plan (see Note 10).

B. *Contributions.* The Plan includes a provision under Internal Revenue Code (IRC) Section 401(k) whereby participants may make pretax and Roth contributions to the Plan up to 100% of their annual compensation, subject to limitations under the IRC. New participants are automatically enrolled with deferrals equal to 6% of compensation. Participants who are age fifty and older are also allowed to make catch-up contributions. The Company contributes as a matching contribution an amount equal to 100% of the participant’s elective deferrals that are not to exceed 1% of compensation plus 50% of participant elective deferrals that exceed 1% of compensation but do not exceed 6% of compensation. For the period ended January 1, 2022 and the year ended December 31, 2021, respectively, the Company made \$0 and \$552,121 of safe harbor matching contributions to all eligible employees. The Company may elect to make a discretionary profit sharing contribution but did not in 2022 and 2021.

Participants may also contribute amounts representing rollover distributions from other qualified plans.

C. *Participant Accounts.* Each participant account is credited with pretax, Roth, and rollover contributions made by the participant, Plan Sponsor contributions, and plan earnings. Earnings, expenses, gains, and losses on investments are allocated based on participant account balances, as defined in the plan agreement.

D. *Vesting.* Participants' vesting in their safe harbor matching and profit sharing contributions is based on years of continuous service during which an employee completes at least 1,000 hours of service with the Company. Participants become 100% vested in their safe harbor matching contributions after two years of service. Participants become 100% vested in their profit sharing contributions after five years of service. Participants also become 100% vested upon termination of the Plan, upon total and permanent disability, or death of the participant. Any portion of a participant's account balance attributable to salary deferrals including catch-up contributions and

rollover contributions from another qualified plan are 100% vested at the time of contribution and not subject to forfeiture.

E. *Notes Receivable from Participants.* Participants may borrow from their account in any amount greater than \$1,000 but less than 50% of their vested account balance, not to exceed \$50,000. Loans are secured by the balance in the participant's account and bear interest at a fixed rate comparable to the rates currently charged by commercial loans under similar circumstances. At January 1, 2022 and December 31, 2021, the interest rate for outstanding loans was two percentage points over the prime interest rate. Principal and interest are paid ratably through payroll deductions.

F. *Payment of Benefits.* In-service withdrawals of all or a portion of a participant's vested account balance may be made by a participant after reaching age fifty-nine and one half.

Upon normal retirement at age sixty-five, permanent disability or death, the participant or beneficiary may receive the value of the account through a lump sum distribution.

Participants withdrawing from the Plan due to termination of employment, other than due to retirement, permanent disability, or death, may receive the value of their vested account by transfer to another qualified plan or individual retirement account or through a lump sum distribution. In general, the Plan may, upon termination of service for any reason, automatically pay the benefits owed in a lump sum if the account balance is \$5,000 or less.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to Internal Revenue Service (IRS) penalties unless the distribution is transferred to another qualified plan or individual retirement account.

G. *Forfeited Accounts.* As of January 1, 2022 and December 31, 2021, forfeited nonvested accounts totaled \$0 and \$39,262, respectively. Forfeited nonvested accounts are available to reduce future employer contributions, to pay plan expenses, and, for portions attributable to returned uncashed distribution checks, to pay claims for such payments by former participants. In 2021, forfeitures used to pay plan expenses totaled \$775.

2. Summary of Significant Accounting Policies

A. *Accounting Method.* The accounts of the plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis. Investment income is recognized when received, and disbursements are recognized when made. Additionally, securities investments are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the plan in accordance with accounting principles generally accepted in the United States of America.

B. *Use of Accounting Estimates.* The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

C. *Investment Valuation and Income Recognition.* The Plan's investments are stated at fair value except for the fully-benefit responsive guaranteed investment contract, which is reported at contract value (see Note 6). The value of each pooled separate account and collective investment trust is determined at the close of each business day based on the market value of the underlying

investment assets. The Plan Administrator determines the Plan's valuation policies utilizing information provided by its investment advisors and custodian (see Note 4).

Purchases and sales of investments are recorded on a trade-date basis. Interest and dividends are recorded when received. The net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments.

D. *Notes Receivable from Participants*. Notes receivable from participants is measured at the unpaid principal balance with no allowance for credit balances. Interest is recorded when received. Delinquent notes are reclassified as distributions based on the terms of the plan documents.

E. *Benefit Payments*. Benefit payments to participants are recorded upon distribution.

F. *Expenses*. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Information Certified by the Plan's Trustee

The plan administrator has elected to have the audit of International Auto Processing, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life & Annuity Insurance Company ("GWL&A") and Great-West Trust Company, LLC ("GWTC"), the custodians of the Plan, have certified to the completeness and accuracy of all investments and the notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2021, the related investment activity and interest from notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2021, and the investments and notes receivable from participants on the schedule of assets (held at end of year).

4. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Basis of Fair Value Measurement:

- | | |
|---------|--|
| Level 1 | Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities; |
| Level 2 | Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly; |
| Level 3 | Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following discussion describes the valuation methodologies used for assets measured at fair value on a recurring basis. The techniques utilized in estimating the fair values of financial instruments are reliant on the assumptions used. Care should be exercised in deriving conclusions based on the fair value information of financial instruments presented below.

Fair value estimates are made as of a specific point in time, based on available market information and judgments about the financial instrument. Such estimates do not consider the tax impact of the realization of unrealized gains or losses. In addition, the disclosed fair values may not be realized in the immediate settlement of the financial instrument.

Mutual Funds – The mutual funds are held as individual plan assets. The mutual funds have publicly available prices that are quoted daily in active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Description	Assets at fair Value as of January 1, 2022			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ -	\$ -	\$ -	\$ -
Total investments in fair value hierarchy	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

Description	Assets at Fair Value as of December 31, 2021			
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 13,990,433	\$ 13,990,433	\$ -	\$ -
Total investments in fair value hierarchy	<u>\$ 13,990,433</u>	<u>\$ 13,990,433</u>	<u>\$ -</u>	<u>\$ -</u>

5. Guaranteed Investment Contract with Great-West Life & Annuity Insurance Company

As of January 1, 2022 and December 31, 2021, the Plan held a group annuity contract with Great-West Life & Annuity Insurance Company ("GWL&A") totaling \$1,235,263. The group annuity contract, Great-West Investments Fixed Account, is a fixed account that is part of the general account of GWL&A. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by GWL&A, represents contributions made under the contract, plus earnings, less participant withdrawals, and

administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The guaranteed insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year. The average crediting rate for 2021 was 0.90%. The actual average yield earned by the Plan for the group annuity contract is derived by averaging the Plan's quarterly interest rates.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

6. Related-Party and Party in Interest Transactions

During the year ended December 31, 2021, the Plan paid \$124,211 for expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

7. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

8. Tax Status

The Internal Revenue Service issued its latest opinion letter on June 30, 2020, which stated that the Plan qualified under the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risk and Uncertainties

The Plan provides various investment options. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain

International Auto Processing, Inc. 401(k) Profit Sharing Plan
Notes to Financial Statements

investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The 2019 novel coronavirus ("COVID-19") has adversely affected, and may continue to adversely affect economic activity globally, nationally, and locally. Economic and market conditions and other effects of the COVID-19 outbreak may adversely affect the Plan. The extent of the adverse impact of the COVID-19 outbreak on the amount transferred on the Statement of Net Assets Available for Benefits – Modified Cash Basis as of December 31, 2021, cannot be predicted at this time.

10. Plan Merger

On January 1, 2022, the Plan Sponsor merged the Plan into the DCS PEP 401(k) Profit Sharing Plan, a pooled employer plan, and transferred all plan assets to that plan. Assets transferred to the DCS PEP 401(k) Profit Sharing Plan totaled \$15,623,684, consisting of mutual funds totaling \$13,990,433, a \$1,235,263 guaranteed investment contract, and notes receivable from participants totaling \$397,988.

11. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the Statement of Net Assets Available for Benefits – Modified Cash Basis as of January 1, 2022 and December 31, 2021 to Schedule H of Form 5500:
