INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Management
Design Electric, Inc. 401(k) Retirement Plan
St. Cloud, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Year Ended January 31, 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Design Electric, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of January 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended January 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the Year Ended January 31, 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the year ended January 31, 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the year ended January 31, 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Year Ended January 31, 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the year ended January 31, 2022 Financial Statements section of our report. We are required to be independent of Design Electric, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Year Ended January 31, 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Design Electric, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Year Ended January 31, 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the year ended January 31, 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Design Electric, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Design Electric, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the year ended January 31, 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Year Ended January 31, 2022 Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i-Schedule of Assets (Held at End of Year) and Schedule H, Line 4a-Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the Year Ended January 31, 2021 Financial Statements

The year ended January 31, 2021 financial statements of Design Electric, Inc. 401(k) Retirement Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated August 6, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE A: DESCRIPTION OF PLAN

The following description of the Design Electric, Inc. ("Company") 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL – The Plan is a defined contribution plan covering all employees of the Company who have two months of service and who are age 18 or older by entry date (first day of the month coinciding with or next following the date eligibility requirements are satisfied). The Plan is subjected to the provisions of the ERISA. The Plan Administrator is responsible for oversight of the Plan. The investment committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator.

CONTRIBUTIONS – Each year, participants may elect to contribute a percentage of their eligible compensation to the Plan, subject to limitations, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plan (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may contribute, for each participant, a discretionary matching contribution equal to a uniform percentage or dollar amount of the elective contributions made by the participants up to \$200 in matching funds. Participants must complete one year of service and have obtained age 18 to be eligible for the employer matching contributions. For the year ended January 31, 2022 the company made discretionary matching contributions of \$18,740.

The Company contributes to the Plan a nonelective contribution of \$2.00 per hour as described in the collective bargaining agreements with the United Construction Workers Local 84. In July 2021, the Company agreed to an extension of the collective bargaining agreement with the United Construction Workers Local 84 through June 1, 2024, the agreement increased the nonelective contribution to \$2.25 per hour. Union participants must complete two months of service to be eligible for the employer nonelective contributions. Non-union participants must complete a year of service to be eligible for the nonelective contributions. For the year ended January 31, 2022, the Company made nonelective contributions of \$510,384.

PARTICIPANT ACCOUNTS – Each participant's account is credited with the participant's contributions and Company matching and nonelective contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's nonelective contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 6 years of credited service. Vesting in the Company's matching contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 3 years of credited service.

NOTES RECEIVABLE FROM PARTICIPANTS – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans, which are collateralized by the balance in the participant's account, bear interest at an interest rate equal to 1.0 percent above prime rate. Interest rate for new loans are determined on the first business day of the month before the loan is originated. Principal and interest is paid ratably through weekly payroll deductions. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence.

NOTE A: DESCRIPTION OF PLAN (continued)

PAYMENT OF BENEFITS – On termination of service due to death, disability or retirement, a participant will receive payment of benefits based on their vested balance described below:

Nonforfeitable Accrued Benefit Exceeding \$5,000 – When a participant's vested interest in his or her account is greater than \$5,000, a terminated participant may elect distribution under one, or any combination of the following methods: (a) by payment in a lump-sum; or (b) by payment in monthly, quarterly, or annual installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant or the joint life and last survivor expectancy of the participant and his or her beneficiary.

Nonforfeitable Accrued Benefit not Exceeding \$5,000 – When a participant's vested interest in his or her account is less than \$5,000, a terminated participant may elect to receive a lump-sum distribution.

FORFEITED ACCOUNTS – At January 31, 2022 and 2021, forfeited non-vest accounts totaled \$5,274 and \$58, respectively. These accounts may be used to pay plan expenses or used to reduce future employer contributions. During the year ended January 31, 2022, the Company used \$0 to pay plan expenses and \$0 to reduce employer contributions from forfeited non-vested accounts.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING – The financial statements of the Plan have been prepared on the accrual basis of accounting.

USE OF ESTIMATES – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note D for discussion on fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period.

NOTES RECEIVABLE FROM PARTICIPANTS – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit loss has been recorded as of January 31, 2022 and 2021.

PAYMENT OF BENEFITS – Benefits are recorded when paid.

EXPENSES – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTES TO FINANCIAL STATEMENTS
January 31, 2022

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

SUBSEQUENT EVENTS – Subsequent events have been evaluated through November 9, 2022, which is the date the financial statements were available to be issued.

NOTE C: CERTIFICATION OF INVESTMENT INFORMATION

The Plan's management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Empower Annuity Insurance Company of American, the Insurance company of the Plan through October 27, 2021, and Great-West Trust Company, LLC, the custodian of the Plan from October 28, 2021 to January 31, 2022, except for comparing such information certified by the insurance company with information included in the Plan's financial statements and supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year).

	January 31, 2022	January 31, 2021
Investments:		
Mutual Funds (fair value)	\$ 19,547,599	\$ 17,374,282
Guaranteed Return Account (contract value)	680,442	1,059,843

The insurance company and custodian also certified to the completeness and accuracy of \$472,208 of net appreciation in fair value investments and \$1,357,618 of interest and dividend income related to the aforementioned investments for the year ended January 31, 2022.

NOTE D: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted price for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

DESIGN ELECTRIC, INC. 401(K) RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
January 31, 2022

NOTE D: FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of January 31, 2022 and 2021:

Assets at Fair Value as of January 31, 2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments in fair value hierarchy				
Mutual Funds	<u>\$ 19,547,599</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 19,547,599
Investment measured at NAV				-
Total assets at fair value				<u>\$ 19,547,599</u>

Assets at Fair Value as of January 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments in fair value hierarchy				
Mutual Funds	<u>\$ 17,374,282</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 17,374,282
Investment measured at NAV				-
Total assets at fair value				<u>\$ 17,374,282</u>

The Plan has investments in various mutual funds which invest in equity, fixed income, and target date funds. The objective of those investment vehicles invested in equity investments is to approximate the risk and return characterized by various indexes; to seek long term capital appreciation; provide diversified exposure representative of various segments of the U.S. or foreign equity market; and/or to seek income. The objectives of the investment vehicles invested in fixed income is to provide investment results that approximate the overall performance of certain bond indices and/or to provide a predictable rate of return while preserving the safety of capital and minimizing market risk. The objective of the investment vehicles invested in target date funds is to provide various levels of asset allocations which become more conservative over time so participants can stay with the same fund before and after selected retirement dates. These investment vehicles are generally redeemable at net asset value under agreements with the underlying investment vehicles. However, it is possible that these redemption rights may be restricted by these investment vehicles in the future in accordance with underlying agreements.

Due to the nature of the investments held by the investment vehicles, changes in market conditions and the economic environment may significantly impact the net asset value of the investment vehicles, and consequently, the fair value of the Plan's interest in the investment vehicles. Furthermore, changes in the liquidity provisions of the funds may significantly impact the fair value of the Plan's interest in the investment vehicles.

NOTE E: INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has entered into a fully benefit responsive investment contract with Great-West Life and Annuity Insurance Company. Great-West Life and Annuity Insurance Company maintains the contributions in a general account. The account is credited with earning on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed return account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed return account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed return account. The guaranteed return account is presented on the face of the statement of net assets available for benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Great-West Life and Annuity Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contracts on January 31, 2022 and 2021, were \$680,442 and \$1,059,843, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0.0% and 0.0% for January 31, 2022 and 2021, respectively. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed return account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The average yields earned by the guaranteed return account are as follows:

<u>Average yields</u>	<u>January 31, 2022</u>	<u>January 31, 2021</u>
Based on actual earnings	0.87%	1.01%
Based on interest rate credited to participants	0.80%	0.90%

NOTE F: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan investments were managed by Bremer Trust, N.A. through October 27, 2021, and KDV Wealth Management, LLC from October 28, 2021 to January 31, 2022. Bremer Trust, N.A. and KDV Wealth Management, LLC., are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to \$50,171 and \$40,153 for the year ended January 31, 2022 and 2021, respectively.

NOTE F: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Certain Plan investments are shares of group annuity contracts managed by Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company is the insurance company as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the record keeping services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan sponsor pays directly any other fees related to the Plan's operations. Fees paid by the Plan to Great-West Life & Annuity Insurance Company amounted to \$29,133 and \$23,271 for the year-ended January 31, 2022 and 2021, respectively.

NOTE G: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE H: TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I: DELINQUENT EMPLOYEE DEFERRAL TRANSMITTALS

During year ended January 31, 2022, the Company erroneously failed to remit certain employee deferrals to the Plan in a timely matter aggregating \$52,268. The Company made all the deposits during year ended January 31, 2022.

NOTE J: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
