Plan Administrator, Plan Management, and Board of Directors
Dunham's Athleisure Corporation 401(k) Savings and Retirement Plan

We have audited the financial statements of Dunham's Athleisure Corporation 401(k) Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended January 31, 2022, and we have issued our report thereon dated November 15, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by John Hancock Trust Company, the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplementary schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate certain matters to you in accordance with auditing standards generally accepted in the United States of America that are related to internal control and the audit. Those communications are as follows:

I Auditor's Communication of Significant Matters with Those Charged with Governance

II Communication of Internal Control Matters Identified During the Audit

In addition, we have identified additional matters that are not required to be communicated but we believe are valuable for management.

III Matters for Management's Consideration

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various Plan personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

This communication is intended solely for the information and use of the Plan Administrator, Plan Management, Board of Directors, and others within the Plan, and is not intended to be, and should not be, used by anyone other than these specified parties.

Sincerely,

Auburn Hills, Michigan

Appendix I

Auditor's Communication of Significant Matters with Those Charged with Governance

Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated September 1, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during year. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. There were no significant estimates in the financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

- The disclosure addressing non-exempt prohibited transactions as it relates to untimely remittances of participant withholdings in Note 10 to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

A significant risk is an identified and assessed risk of material misstatement that, in the auditor's professional judgment, requires special audit consideration. Within our audit, we focused on the following areas.

- Management override of controls
- Improper revenue recognition

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no misstatements detected as a result of audit procedures that were more than trivial.

There were no known uncorrected misstatements that were more than trivial.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

Refer to Appendix II - Communication of Internal Control Matters Identified During the Audit for the following reportable finding:

- Contribution Made Late

Refer to Appendix III - Matters for Management's Consideration for the following reportable findings:

- Review of Service Organization Control Report (SOC)
- Lack of Participant Paperwork
- Lack of Opt-out / Acknowledgement Forms
- Lack of Discretionary Employer Contribution Rate Approval
- Lack of Date Evidence Provided for Bank Reconciliation
- Fees Were Incorrectly Charged to Plan Participants

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated as of the date of the audit report.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplementary schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplementary schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplementary schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Our report will include the following other matter paragraph:

The 2021 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated November 9, 2021 indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplementary schedules, and (b) the form and content of the information included in the financial statements and supplementary schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Appendix II

Communication of Internal Control Matters Identified During the Audit

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of Dunham's Athleisure Corporation 401(k) Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended January 31, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing our opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by John Hancock Trust Company that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit also did not include a consideration of internal control relating to the investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a significant deficiency.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A reportable finding is an indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditor's professional judgment, are of sufficient importance to merit management's attention. We consider the following deficiency in the Plan's internal control to be a significant deficiency and reportable finding:

Contributions Made Late

Department of Labor regulations require employers to remit participant withholdings (employee contributions) to the Plan as soon as they can be reasonably segregated from the employer's general assets. During the 2022 plan year, we noted delinquent contributions that totaled \$44,300. In order to correct the failure, the plan sponsor will be required to fund potential lost earnings to the affected participant accounts. In addition, the plan sponsor is liable for an excise tax on these late contributions. Failure to timely correct the error could potentially result in the loss of the Plan's tax qualified status. The plan sponsor has already worked with their TPA to have a corrective distribution funded to the Plan.

Appendix III

Matters for Management's Consideration

In planning and performing our audit of the financial statements of the Plan as of and for the year ended January 31, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

However, during our audit we became aware of matters for management's consideration that are opportunities for correcting noncompliance and strengthening internal controls. This letter does not affect our report dated November 15, 2022, on the financial statements of the Plan. Our comments and recommendations regarding these matters are:

Review of Service Organization Control Report (SOC)

Plan management has access to the Service Organization Control (SOC) Report provided by the Plan's third-party service provider, but management did not review the SOC report. The SOC report provides a description of the third-party service provider's system for processing retirement plan transactions. In the SOC report, an auditor will have provided an opinion on the suitability of the design and operating effectiveness of controls to achieve the related control objectives stated in the description. In addition, the SOC report will include the user controls that the third-party service provider relies on the plan sponsor to implement. Due to significant reliance on the Plan's third-party service provider to process and record plan transactions, it is important that plan management obtain, review, and retain the SOC report on an annual basis to ensure that internal controls are operating effectively and there are no areas of concern regarding compliance and financial reporting. In addition, Plan management should ensure that the user controls identified are in place.

Lack of Participant Paperwork

For two of the twelve distributions tested, the plan sponsor could not provide paperwork showing the date of birth, date of hire, and date of termination past participants who had taken distributions this plan year. Failure to keep accurate employee data might result in incorrect vesting, or a distribution being incorrectly determined. We recommend that the plan sponsor retain necessary paperwork regarding past employees, even after termination.

Lack of Opt-out / Acknowledgement Forms

Plan sponsor does not obtain opt out forms and does not have another method to document employees formally opting out of plan participation. We recommend that the Plan Sponsor create a procedure where all eligible employees are required to sign a document or sign off online stating they were made aware of the retirement plan and the eligibility requirements. We further recommend that this opt-out documentation be retained in employee personnel files indefinitely.

Lack of Discretionary Employer Contribution Rate Approval

Plan sponsor does not have any evidence of approval of the discretionary contribution rate. We recommend the plan sponsor prepare documentation approving of the contribution each year, or update plan documents to show the employer contribution calculation.

Lack of Date Evidence Provided for Bank Reconciliation

Plan sponsor could not provide evidence showing the date of completion or review of bank reconciliation. We recommend that plan sponsor create a procedure to add a date with signoffs on bank reconciliation documents moving forward to document it was completed timely.

Fees Were Incorrectly Charged to Plan Participants

During participant expense allocation testing, we were unable to determine how fees charged to participant accounts were calculated by John Hancock. We selected a sample of five participants to re-calculate fees charged and noted differences from the stated expense rate for all five. Plan management was unable to explain

the differences noted. We recommend that the Plan sponsor establish a process for reviewing and authorizing Plan expenses and document the fees charged to the Plan in a written document.

Independent Auditor's Report

To the Plan Administrator, Plan Management, and Participants of
Dunham's Athleisure Corporation 401(k) Savings & Retirement Plan
Troy, MI

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Dunham's Athleisure Corporation 401(k) Savings & Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of January 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended January 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplementary Schedules Required by ERISA

The supplementary schedules of Schedule of Assets (Held at End of Year) as of January 31, 2022 and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated November 9, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplementary schedules, and (b) the form and content of the information included in the financial statements and supplementary schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Dunham's Athleisure Corporation 401(k) Savings & Retirement Plan
Notes to the Financial Statements
January 31, 2022 and 2021

Note 1 – Description of the Plan

The following description of the Dunham's Athleisure Corporation 401(k) Savings & Retirement Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Dunham's Athleisure Corporation (Employer), except for leased employees. The Plan was established effective February 1, 1990 and was most recently amended and restated effective June 1, 2018. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible for plan participation in all contributions after completing on year of service and are at least age 21. Upon becoming eligible, employees will enter the Plan on the semi-monthly. In order to be eligible for the employer match, eligible participants must be credited with 500 hours of service during the plan year, be employed on the last day of the plan year or be terminated on or after early or normal retirement age.

Contributions

Each year, participants may contribute a percentage of their annual compensation, not to exceed the limits of the Internal Revenue Code (IRC). A maximum deferral of \$20,500 and \$19,500 was allowed in 2022 and 2021, respectively. Participants who were age 50 or older were allowed to defer an additional \$6,500 in 2022 and 2021. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Employer makes a discretionary contribution equal to 50% of the eligible compensation that a participant contributes to the Plan, up to a maximum of \$100.

Participant Accounts

Each participant's account is credited with the participant's and employer contributions, as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested in their voluntary contributions, including any earnings thereon, immediately upon their effective date of participation. Participants are vested on employer discretionary contributions as follows:

Vesting Service (Years)	Vesting %
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Participants are credited with a year of service for vesting purposes upon completion of 1,000 hours of service during the year.

Dunham's Athleisure Corporation 401(k) Savings & Retirement Plan

Notes to the Financial Statements

January 31, 2022 and 2021

Payment of Benefits

The Plan provides for payment of 100% of the account balance to participants upon normal retirement (age 65), early retirement (age 55, 5 years of service), death, or total and permanent disability. Participants terminating employment for any other reason are entitled to receive 100% of their vested account balances and any remaining non-vested portions would be forfeited. Participant distributions from the Plan can be made in a single lump payment, or partial withdrawals. If the participant's vested benefit under the Plan exceeds \$1,000, then the participant must consent to the distribution before it is made. However, if the participant's vested benefit under the Plan does not exceed \$1,000, then the benefit may be distributed as soon as possible following the event that entitles the participant to a distribution. There are minimum distribution requirements once a participant reaches a certain age as defined in the plan agreement. Generally, a participant may receive a distribution from the Plan prior to termination of employment if certain conditions are satisfied. A participant may be entitled to receive an in-service distribution from their vested account balance if they have reached the age of 59 ½. Participants may also request financial hardship distributions from elective deferral accounts if they meet certain conditions defined in the plan agreement.

Forfeited Accounts

At January 31, 2022 and 2021, forfeited non-vested accounts totaled \$552 and \$3,545, respectively. These accounts are used to reduce employer contributions made to the Plan. The amount of forfeitures applied to reduce employer contributions in 2022 was \$4,503.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's investment adviser, and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions Receivable

Contributions receivables consist of participant and employer contributions receivable. No allowance was recorded as the full balance is deemed collectible.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements, unless paid from the Plan's forfeiture account.

Dunham's Athleisure Corporation 401(k) Savings & Retirement Plan

Notes to the Financial Statements

January 31, 2022 and 2021

Fees related to benefit payments, general administration, and recordkeeping are charged directly to the participant's account and are included in administrative expenses on these financial statements. Certain other expenses, such as for investment advice, etc. are included in investment income and paid through revenue sharing (indirect compensation). Investment-related expenses are included in investment income.

Subsequent Events

Management has evaluated subsequent events through November 15, 2022, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under US GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at January 31, 2022 and 2021.

Mutual funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment fund – valued at the net asset value (NAV) of units held by the Plan at year end. The NAV, as provided by MetLife Insurance Company, is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The NAV is not a publicly quoted price in an active market.

Notes to the Financial Statements

January 31, 2022 and 2021

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of January 31, 2022 and 2021.

	Fair Value Measurements at Reporting Date Using			
	Fair Value	Level 1	Level 2	Level 3
<u>January 31, 2022</u>

Investments measured at net asset value *	<u>2,766,650</u>	<u>-</u>	<u>-</u>	<u>-</u>
	<u>\$ 25,805,191</u>	<u>\$ 23,038,541</u>	<u>\$ -</u>	<u>\$ -</u>

* In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

For the years ended January 31, 2022 and 2021, there were no significant transfers between levels.

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of January 31, 2022 and 2021, respectively. There are no redemption restrictions for these investments.

<u>January 31, 2022</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Collective investment fund	\$ 2,746,350	N/A	Daily	1 day

Collective investment fund	\$ 2,766,650	N/A	Daily	1 day

Note 4 – Related-Party Transactions and Party-In-Interest Transactions

The Plan made payments to John Hancock Trust Company, the custodian of the plan, relating to withdrawals and general plan administration. Direct fees incurred by the Plan for these services totaled \$98,398 during the year ended January 31, 2022 and additional fees are netted with investment income and paid through revenue sharing (indirect compensation).

The Plan made payments to Millennium Investment & Retirement Advisors for investment advisory services. Fees incurred by the Plan for these services totaled \$5,468 during the year ended January 31, 2022.

Notes to the Financial Statements
January 31, 2022 and 2021

Note 5 – Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary schedule, including investments held at January 31, 2022 and 2021, and net appreciation in fair value of investments, and dividends, for the year ended January 31, 2022, was obtained by management, and agreed to or derived from information certified as complete and accurate by John Hancock Trust Company (the custodian of the Plan).

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account balances

Note 7 – Tax Status

The Employer adopted a volume submitter plan, which received a favorable advisory letter from the Internal Revenue Service (IRS), dated July 7, 2014, indicating that the volume submitter plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the letter, however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at January 31, 2022 and 2021, to Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 26,948,211	\$ 25,888,928
Participant contribution receivable	(44,300)	(45,705)
Employer contribution receivable	(42,746)	(38,032)

Dunham's Athleisure Corporation 401(k) Savings & Retirement Plan
Notes to the Financial Statements
January 31, 2022 and 2021

The following is a reconciliation of net income per the financial statements for the year ended January 31, 2022, to Form 5500:

Change in net assets per financial statement	\$ 1,059,283
Add: Participant contribution receivable - January 31, 2022	(44,300)
Add: Employer contribution receivable - January 31, 2022	(42,746)
Less: Participant contribution receivable - January 31, 2021	45,705
Less: Employer contribution receivable - January 31, 2021	<u>38,032</u>
Change in net assets per Form 5500	<u>\$ 1,055,974</u>

Note 10 – Non-Exempt Prohibited Transaction

During the 2022 plan year, the Employer failed to remit to the Plan's custodian certain participant withholdings (employee deferral contributions) within the period prescribed by Department of Labor (DOL) regulations. These withholdings totaled \$44,300 over this period and is disclosed in the attached supplementary schedule. These failures to timely remit participant withholdings qualify as non-exempt prohibited transactions. The Employer has already begun the process of correction these prohibited transaction with the assistance of their TPA.
