INDEPENDENT AUDITOR'S REPORT

To the Trustees of
JN House Enterprises Inc. 401K Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of JN House Enterprises Inc. 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of November 15, 2021, and the related statement of changes in net assets available for benefits for the period then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of JN House Enterprises Inc. 401K Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the period ended November 15, 2021, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of JN House Enterprises Inc. 401K Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about JN House Enterprises Inc. 401K Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of JN House Enterprises Inc. 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about JN House Enterprises Inc. 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Key Audit Matters

The key audit matters communicated below are those matters that were communicated with those charged with governance and, in our professional judgement, were of most significance in our audit of the financial statements of the current period. The key audit matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion on the financial statements, and we do not provide a separate opinion on those matters.

Manual Checks

During the current period various manual checks were issued, which were deemed to be eligible compensation. Participant deferrals and employer matches were improperly omitted from the Plan.

Prior Year corrections

A liability was recorded in the prior year to be corrected in the current period. As of November 15, 2022 this correction has yet to be made.

Overfunded participant accounts

Certain participant accounts were funded in excess of ERISA thresholds for the current period.

Auditor's Report on the 2020 Financial Statements

The 2020 financial statements of JN House Enterprises Inc. 401K Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated September 21, 2021, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

JN HOUSE ENTERPRISES INC. 401K PLAN

November 15, 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of JN House Enterprises Inc. 401k Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all employees of JN House Enterprises Inc. who have one year of service with at least 1,000 service hours and are age twenty-one or older. The Plan's Trustee and Plan Sponsor Designee oversees governance of the plan and determines appropriateness of the Plan's investment offerings and monitors investment performance. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Merger

Effective November 15, 2021, the Plan's assets were transferred to a new Pooled Employer Plan maintained by Principal (Principal EASE 401(k) Plan). All participant balances were transferred to the new plan, as of November 15, 2021.

Contributions

Each year, participants may make salary deferral contributions, as defined in the Plan.

The Company makes matching contributions equal to 100% of the participant's elective deferrals, not to exceed 4% of the participant's compensation. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan primarily offers various mutual funds as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses), with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

JN HOUSE ENTERPRISES INC. 401K PLAN

November 15, 2021

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are immediately vested in all participant contributions and employer match contributions plus actual earnings thereon.

Notes Receivable from Participants

Upon employer approval, participants can borrow from their fund accounts a minimum of \$1,000 up to 50% of their vested account balance and a maximum of \$50,000. The loans are secured by the balance in the participant's account and must be repaid at the rate charged on similar loans under like circumstances by persons in the business of lending money within 5 years unless used to purchase a principal residence. Principal and interest are paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, in annual installments, or partial distributions. The plan requires automatic cash out of balances \$5,000 or less upon termination of service.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Subsequent events were evaluated through November 15, 2022, which is the date the financial statements were available to be issued.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting from information supplied by the Company, the Plan administrator and the Custodian.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under terms of the plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully-benefit-responsive contracts, which are recorded at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurement. If available, quoted market prices are used to value investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are partially included in net appreciation in fair value of investments along with some investment fees being recorded as expenses of the plan. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participants accounts

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE C - FAIR VALUE MEASUREMENTS – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The following information included in the accompanying financial statements was obtained from data that has been prepared and certified to as complete and accurate by the custodian of the Plan (AdvisorTrust, Inc.):

- Investments, including fair value, investment transactions, and related information
- Investment income, including net unrealized appreciation (depreciation) in fair value of investments, net realized gains (losses) from sale of securities, and interest and dividend income

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs would be only be used when Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the period presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the share held by the Plan at year-end. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The fair values of common stock, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where individual securities are traded.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE C - FAIR VALUE MEASUREMENTS – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN (CONTINUED)

Level 2 Fair Value Measurements

The fair value of corporate bonds and U.S. government securities are valued using the market approach on yields currently available on corporate securities of issuers with similar credit rating. Currently plan holds no Level 2 investments.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of November 15, 2021 and December 31, 2020:

		Fair Value Measurements Using	
		Quoted Prices In Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)
	<u>Fair Value</u>		
<u>November 15, 2021</u>			
Mutual Funds	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>
 <u>December 31, 2020</u>			
Mutual Funds	<u>\$ 760,575</u>	<u>\$ 760,575</u>	<u>\$ -</u>

NOTE D - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions included in the balance of their accounts.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE E - TAX STATUS

The trust established under the Plan to hold the Plan's assets was drafted to qualify pursuant to the appropriate section of the Internal Revenue Code and, accordingly, the trust's net investment income is exempt from income taxes. The Plan is a Prototype plan developed by DWC ERISA Consultants LLC accepted by the Department of Treasury on November 1, 2016. No specific determination letter has been obtained.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by PCS Retirement. The Plan has service providers PCS Retirement (Recordkeeper), AdvisorTrust (Custodian) and MG Trust Company (sub-custodian). In addition, Ameriprise Financial provided investment advice to the Plan. These transactions qualify as party-in-interest transactions. Fees paid directly by the plan for services amounted to \$13,221 for the period ended November 15, 2021.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE H – CORRECTIONS TO SUCCESSOR PLAN

Due to the Plan merging (see Note A) with a surviving plan and transferring all plan assets as of November 15, 2021, certain items were unable to be recorded on the Plan's audited financial statements. DOL officials have indicated that most plan mergers are accounted for by the surviving plan and report net assets transferred-in as a one line addition item in the statement of changes in net assets available for benefits. The following items are to be corrected by the surviving plan:

There was a single employee permitted to participate in the plan prior to satisfying the eligibility requirements. Amounts payable to the participant totaling \$3,395 for ineligible employee contributions and earnings are recorded as a liability with a corresponding reduction to the employee's contribution of \$2,689 and a corresponding reduction in 2020 investment income of \$706. The plan was to distribute the 2020 excess contributions to the employee, however this was not done as of November 15, 2021. In addition, employer matching amounts totaling \$2,689, with earnings of \$706 were also contributed to the plan as a result of the ineligible employee deferral contributions and are payable to the employer. The ineligible employee deferrals and employer match amounts were transferred to the successor Plan, and thus should be corrected by that Plan.

Certain eligible compensation was not subjected to employee deferrals and related employer matching, resulting in omitted employee deferrals totaling \$1,209 and related employer matching contributions totaling \$583.

Certain participants had overfunded their respective accounts during the period ended November 15, 2021. These overfunded amounts totaled \$1,837 and should be refunded back to the participants by the successor Plan.

The lost earnings effect on each item mentioned above has not been calculated to date, as this calculation should be performed by the successor plan at the time the corrections are made.
