INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Jupiter Medical Center, Inc. Retirement Plan 403(b)
Jupiter, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of Jupiter Medical Center, Inc. Retirement Plan 403(b) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Jupiter Medical Center, Inc. Retirement Plan 403(b) Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

(Continued)

Basis for Disclaimer of Opinion on the 2021 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 9 to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. Accounting principles generally accepted in the United States of America require that these annuity and custodial accounts and the related investment income and distributions be included in the accompanying financial statements. If these annuity and custodial accounts were included in the accompanying financial statements, investments and net assets available for benefits would increase by approximately \$3,372,000 as of December 31, 2021, and investment income and benefits paid would increase by approximately \$350,000 and \$400,000, respectively, for the year ended December 31, 2021.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2021 and the Schedule H, Line 4i — Schedule of Assets (Held at End of Year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the 2021 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on these supplemental schedules.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of Jupiter Medical Center, Inc. Retirement Plan 403(b). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

The Plan has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the financial statements. If these annuity and custodial accounts were included in the 2020 financial statements, investments and net assets available for benefits would increase by approximately \$3,422,000 as of December 31, 2020, and investment income and benefits paid would increase by approximately \$409,000 and \$83,000, respectively, for the year ended December 31, 2020.

In our report dated October 8, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

JUPITER MEDICAL CENTER, INC. RETIREMENT PLAN 403(b)
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Jupiter Medical Center, Inc. Retirement Plan 403(b) (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Jupiter Medical Center, Inc. (the "Company" or the "Medical Center"). Employees are eligible to make pretax and/or post-tax contributions to the Plan immediately upon hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Cares Act (CARES Act) was signed into law which included relief provisions available to certain tax-qualified retirement plan sponsors and participants. This relief includes providing for coronavirus-related distributions up to \$100,000 (aggregate of distributions from all eligible plans), a temporary waiver of early withdrawal penalties for coronavirus-related distributions, a temporary waiver of required minimum distributions, a temporary increase in the maximum amount for retirement plan participant loans and a temporary suspension period for loan repayments. The Plan has not been formally amended to adopt provisions of the CARES Act as it is not required to do so until December 31, 2022 however, the Plan sponsor has implemented the following applicable provisions as allowed:

- Coronavirus-related distributions up to \$100,000.
- Waiver of early withdrawal penalties for coronavirus-related distributions.
- Waiver of required minimum distributions for the 2020 Plan year.
- Temporary coronavirus-related loans up to the lesser of 100% of vested account balance or \$100,000 reduced by the participant's highest outstanding loan balance during the prior 12 months.

Contributions: Each year participants may contribute pretax and/or post-tax annual compensation, as defined in the Plan and subject to certain limitations. Participants may also rollover or transfer in amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company will make matching contributions to participant accounts equal to 50% of the first 4% of employee contributions to the Plan. Employer matching contributions amounted to approximately \$1,297,730 for the year ended December 31, 2021. The Company elects annually to make discretionary non-matching employer contributions based on annual participants' compensation for those participants who are eligible to participate in the Plan. For the year ended December 31, 2021, the Company approved an employer non-matching contribution of 2% of eligible participants' compensation totaling approximately \$1,785,952.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, and (b) Plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting: Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting in the remainder of their accounts, plus earnings thereon, is based on years of continuous service. A participant is 100% vested after three years of credited service.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits: On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly or annual installments. Payment of benefits prior to termination (in-service) may be paid as a hardship withdrawal or upon reaching 59.5 years of age. In-service payments are paid in the form of a lump-sum and allowed once per Plan year.

Notes Receivable from Participants: Participants may borrow from their accounts a minimum of \$1,000 up to the maximum of \$50,000 or 50 % of their vested account balance, whichever is less. The loans are secured by the vested balance in the participant's account and bear interest at rates as specified with the vendor. Participants are limited to one loan at a time and loans used for a Participant's principal residence will have a loan term limit of 15 years.

Forfeitures: Participant forfeitures of employer contributions are used to reduce future employer contributions or used to pay administrative expenses.

Administrative Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and custodial fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Certain administrative fees may be paid directly by the Plan through forfeitures or revenue sharing that the Plan receives either directly or indirectly from certain mutual fund investment options held by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Investment Valuation and Income Recognition: The Plan's investments, other than fully benefit-responsive investment contracts, are reported at fair value. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Investment management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

STATEMENT OF CHANGES IN NET ASSETS AVAILABLE FOR BENEFITS
December 31, 2021 and 2020

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments which are exposed to risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds a fully benefit-responsive investment contract with Variable Annuity Life Insurance Company (VALIC) that is reported at contract value, which is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. VALIC maintains the contributions in its general account. The interest crediting rate may be subject to change periodically based upon contract provisions, and it may not be less than 1%. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the Plan's fully benefit-responsive investment contracts, by general type, are presented below:

	<u>2021</u>	<u>2020</u>
Traditional investment contract	<u>\$ 17,771,284</u>	<u>\$ 16,586,758</u>
Total investments at contract value	<u>\$ 17,771,284</u>	<u>\$ 16,586,758</u>

Traditional Investment Contract: The Plan's investment contract with VALIC specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which VALIC may terminate the contract. Examples of circumstances which would allow VALIC to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, VALIC could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTE 4 – CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by AIG Federal Savings Bank and VALIC.

NOTE 5 – INCOME TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. As of December 31, 2021, the plan administrator has not received a determination letter on the Plan as the IRS does not have a determination letter program available for individually designed plans. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b).

Effective May 4, 2020, the Plan adopted the VALIC Retirement Services Company 403(b) prototype document for which the IRS issued an opinion letter dated April 5, 2018 indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Code.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 7 – FAIR VALUE MEASUREMENTS (Continued)

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis which are held directly by the Plan are summarized below.

Fair Value Measurements at December 31, 2021, Using			
	Quoted in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	\$ 87,560,747	\$ -	\$ -

Fair Value Measurements at December 31, 2020, Using			
	Quoted in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual Funds	\$ 74,731,520	\$ -	\$ -

NOTE 8 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds an investment contract issued by VALIC, the Plan's recordkeeper, and a mutual fund issued by an affiliate of AIG Federal Savings Bank (AIG), service provider to the Plan, and therefore these transactions and the Plan's payment of fees to VALIC, AIG and their affiliates qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Some administrative expenses of the Plan are paid directly by the Company.

NOTE 9 – PARTICIPANT ANNUITY AND CUSTODIAL ACCOUNTS EXCLUDED FROM THE FINANCIAL STATEMENTS

The Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* and Field Assistance Bulletin No. 2010-1 *Annual Reporting and ERISA Coverage of 403(b) Plans*. If the identified contracts, as reported by their custodians, were included, net assets available for benefits would increase by approximately \$3,372,000 as of December 31, 2021, and \$3,422,000 as of December 31, 2020. Further, net investment income of approximately \$350,000, and distributions/fees of approximately \$400,000 related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

NOTE 10 – PLAN ACCOUNTING RECORDS

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) Plans from annual Form 5500 reporting, disclosure, and audit requirements under Title I of ERISA. The removal of this exemption subjected the Plan to audit and expanded Form 5500 reporting requirements for the first time beginning with the Plan's year ended September 30, 2010. Previously, recordkeeping for the Plan was prepared on an individual contract basis by participant rather than a plan level basis. The Plan was implemented and effective February 1, 1980. Beginning in 1996, the Plan started using the services of The Variable Annuity Life Insurance Company (VALIC). For the period between the inception of the Plan and use of VALIC as a service provider to the Plan, Plan management lacks certain historical Plan records pertaining to participant annuity and custodial accounts. Accordingly, Plan management has been unable to determine whether there are individual annuity contracts or custodial accounts, in addition to those described in Note 9, which should be included in the Plan's financial statements to be in accordance with accounting principles generally accepted in the United States of America.
