INDEPENDENT AUDITORS' REPORT

To the Trustees of the
TTG Imaging Solutions, LLC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of TTG Imaging Solutions, LLC 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section—

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are

presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of TTG Imaging Solutions, LLC 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about TTG Imaging Solutions, LLC 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TTG Imaging Solutions, LLC 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about TTG Imaging Solutions, LLC 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2021 Supplemental Schedules Required by ERISA

The supplemental schedules reflected on pages 19 - 21 as of and for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of TTG Imaging Solutions, LLC 401(k) Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated October 7, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TTG IMAGING SOLUTIONS, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of TTG Imaging Solutions, LLC 401(k) Retirement Plan (formerly known as TTG Healthcare, LLC 401(k) Plan and previous to that The Tomayko Group, LLC 401(k) Plan) (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a contributory defined contribution plan sponsored by TTG Imaging Solutions, LLC (effective March 1, 2020) (formerly, TTG Healthcare, LLC) and its related entities, Cardiac Imaging Solutions, LLC, Nuclear Isotopes Solutions, LLC, Absolute Imaging Solutions, LLC, Southwestern Imaging Systems and Service's, LP (effective January 1, 2021) and Integrated Corporate Health, LLC (ceased participation in the Plan effective January 1, 2020) (collectively the "Company" and/or "Plan Sponsor") under the provisions of section 401(a) of the Internal Revenue Code ("IRC") for the benefit of eligible employees of the Company.

All employees, except for union employees, nonresident aliens, and residents of Puerto Rico, who are 21 years of age, have completed 1,000 hours and one year of service from the employment commencement date, completed 3 months of service as defined in the Plan document, are eligible to participate. The Plan was amended for its service requirement to one month of service as noted in Note 10. As defined in the Plan document, employees are eligible to enter the Plan on the first day of the month coinciding with the hours of service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is a Standard Retirement Services, Inc. Volume Submitter Plan.

Effective March 1, 2019, the Plan was amended which resulted in various changes including but not limited to the following:

- The Plan changed its name from The Tomayko Group, LLC 401(k) Plan to TTG Healthcare, LLC 401(k) Plan.
- Integrated Corporate Health, LLC continues participation in the Plan as an unrelated employer, which changed the Plan's status to a Multiple Employer Plan ("MEP").

On January 1, 2020, the Plan was amended which resulted in various changes including but not limited to the following:

- Employees of Integrated Corporate Health, LLC with account balances were spun-off into a new Plan and the Plan is no longer a Multiple Employer Plan as a result.
- A participant will become fully vested regardless of the vesting schedules upon death or total and permanent disability.
- All participants, except those who have an affirmative election in effect on the effect on the effective date will be automatically enrolled in the Plan.
- Prior service is credited with Cardiologic LLC, Northeast, Inc., Mtek Solutions LLC for eligibility, vesting and contribution allocation purposes.

Effective February 29, 2020, Molecular Imaging Specialists, LLC sold substantially all of its assets to Absolute Imaging Solutions, LLC, a subsidiary of TTG Holdings, LLC ("TTG"), in an asset purchase agreement. Effective April 1, 2020, employees with prior service with Molecular Imaging Specialists, LLC is recognized and eligibility requirements

NOTES TO FINANCIAL STATEMENTS

to participate in the Plan are waived as further discussed. The Plan was amended to recognize employees' prior service with Molecular Imaging Specialists, LLC and eligibility requirements to participate in the Plan were waived.

On March 31, 2020, TTG entered into an asset purchase and contribution agreement with NISotopes, LLC and Nuclear Imaging Services, LLC whereas TTG purchased 100% of an undivided interest in the acquired assets owned by NISotopes, LLC. Additionally, TTG purchased 61.5% of an undivided interest in the acquired assets owned by Nuclear Imaging Services, LLC and the remaining 38.5% of acquired assets was contributed in exchange for 4,152.86 Class A Units, representing 20.1% of the issued equity of TTG on a fully diluted basis. Effective May 1, 2020, the Plan was amended to recognize employees' prior service with Nuclear Imaging Services, LLC and NISotopes, LLC and eligibility requirements to participate in the Plan were waived.

TTG entered into asset purchase agreements for SouthWestern Imaging Systems & Service (SWISS) on December 1, 2020; this acquisition acquired substantially all the assets of SWISS and was purchased with cash. The acquired employees of SWISS were granted years of service and were allowed to participant in the Plan on January 1, 2021. Further, TTG entered into asset purchase agreements with Osiris Medical on March 23, 2021, and Medical Imaging Technologies (MIT) on August 16, 2021. Each acquisition acquired substantially all the assets of the organizations. Each acquisition was purchased with cash. The acquired employees of each entity were granted years of service and allowed immediate access to the Plan. Special entry dates were provided for former employees of all of these acquisitions as defined in the Plan document.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") which change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, distributions, and delay the commencement date for required minimum distributions. The optional feature with this act is currently being assessed but has not been formally adopted to date. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (the "SECURE") Act was signed into legislation. The SECURE Act expands retirement access to both employers and employees by changing the rules with respect to required minimum distributions, among others. The SECURE Act includes both required and optional provisions, some of which became effective immediately, and others with various effective dates beginning after December 31, 2019. The required provisions of the SECURE Act that were effective immediately or beginning no later than January 1, 2020, or for plan years beginning after December 31, 2019, were operationalized accordingly. Any optional features within the SECURE Act are currently being assessed but have not been implemented to date.

The Plan has implemented certain requirements to comply with the Bipartisan Budget Act of 2018 which include eliminating the six-month suspension to making elective deferrals and other employee contributions after taking a hardship distribution and represent in writing the insufficiency of cash or other liquid assets to satisfy the hardship expense. These mandatory provisions were in effect January 1, 2020. As disclosed in Note 10, effective January 1, 2022, the Plan was amended to comply with the Bipartisan Budget Act of 2018.

TTG IMAGING SOLUTIONS, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

As disclosed in Note 10, the Plan was amended and restated in its entirety to incorporate certain amendments necessary to maintain the Plan's qualified status under the Internal Revenue Code of 1986, as amended, and regulations thereunder.

Contributions - Participants may contribute up to 100% of pretax compensation, as defined in the Plan document, up to the annual limitation (\$19,500 for 2021 and 2020). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Effective January 1, 2020, the Plan includes an auto-enrollment provision whereby existing participants are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate of 3% of eligible compensation. After a participant reaches their third year of application into the Plan, their default deferral rate will increase by 1% each year until the fifth year of application into the Plan with the default deferral rate not to exceed 6% of eligible compensation. As disclosed in Note 10, effective January 1, 2022, no escalation of deferral rate will go into effect after the automatic enrollment at 3%. Contributions are automatically invested in a designated balanced fund until changed by the participant. Effective January 1, 2020, the Employer makes qualified automatic enrollment arrangement ("QACA") safe harbor matching contributions not to exceed 1% of participant compensation, plus 50% of the participant's elective deferrals that exceed 1% of the participant's compensation but not to exceed 6% of the participant's compensation. Employer QACA safe harbor matching contributions were \$407,787 and \$325,859 for the years ending December 31, 2021 and 2020.

The Plan may make a discretionary matching contribution equal to a discretionary percentage of the participants' elective deferrals. During 2021 and 2020, the Company did not make a discretionary matching contribution. The Plan may also provide for a profit-sharing contribution to be allocated to participant accounts at the discretion of the Company. During 2021 and 2020, the Company did not provide a profit-sharing contribution.

All participants who have attained age 50 before close of the Plan year are eligible to make additional elective deferrals in accordance with, and subject to the limitations of, Internal Revenue Code Section 414(v). The maximum additional elective deferral for 2021 and 2020 is limited to \$6,500.

The annual addition (which includes employee and employer contributions) that may be contributed or allocated to a participant's account under the Plan for any limitation year shall not exceed the lesser of \$58,000 and \$57,000 for 2021 and 2020, respectively or 100% of the participant's compensation within the meaning of Code Section 415(c)(3), for the limitation year.

Participant Accounts - Individual accounts are maintained for each of the Plan's participants to reflect the participant's contribution as well as the participant's share of the Plan's income or loss and any related administrative expenses. Allocations are based on the proportion that each participant's account balance bears to the total of all participant account balances.

Vesting - Participants are immediately vested in their voluntary contributions and safe harbor contributions (effective January 1, 2022 as noted in Note 10) plus actual earnings thereon. Effective January 1, 2020, the Plan's vesting for QACA safe harbor contributions are 100% vested after a participant reaches two years of service. The Company's

TTG IMAGING SOLUTIONS, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

discretionary match and profit-sharing contributions portion plus earnings thereon is based on years of continuous service according to the following 6-year graded schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
0 to 1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

Vesting includes service eligibility with Main Medical, Inc., ODI Diagnostics, LLC, Ultrasound Consultant Services, Inc., MIT, Osiris Medical, LLC, Cardiologic LLC, Northeast Electronics, Inc, Mtek Solutions LLC, Molecular Imaging Specialists, LLC, Nuclear Imaging Services, LLC, Nuclear Imaging Isotopes, LLC and SWISS and any further entity that the Company acquires will be counted but only with respect to individuals who are employees of the acquired entity at the time of the acquisition. Former employees of Mtek Solutions LLC will remain 100% vested in their profit sharing and QACA match accounts.

Investment Options - Upon enrollment in the Plan, participants may direct their voluntary pretax contributions, Roth contributions, and rollover contributions (and the Company's QACA safe harbor contributions discretionary match and profit sharing contributions, if applicable) and earnings thereon in any investment categories maintained by Reliance Trust Company ("Custodian"), as disclosed in Note 3 to the financial statements. Participants may change their investment options daily.

Payment of Benefits - A participant's vested account balance will be distributable upon the occurrence of any one of the following events: (a) death or disability, (b) Plan termination, or (c) any other termination of service. Upon termination of service, distributions may be made as soon as administratively feasible. In any event, withdrawal of the account balance must commence once the participant attains the age of 72. Upon death, distributions must be made pursuant to the election of the Participant or beneficiary. If the participant's account balance exceeds \$5,000, participant consent is required in order to distribute the balance of the participant's account. In-service distributions may be made to a participant who has not separated from service provided they have attained the age of 59 ½ or if they have incurred a hardship. In-service distributions may only be made from participant accounts which are fully vested.

Notes Receivable from Participants - Upon proper application, the Plan document allows participants to borrow, subject to certain restrictions, against their vested account balances. A participant may not borrow less than \$1,000, nor may a participant borrow more than 50% of the vested aggregate balance of his/her account. In no event shall the total of any participant's outstanding note exceed, at the time of the note, \$50,000. A participant may replace an existing note; however, a participant may not initiate more than two notes in a calendar year.

The notes bear interest at a fixed rate of 1% over the prime interest rate. Notes are repayable over a specified period not to exceed five years. If, however, a note is to be used for the purchase of a participant's principal residence, a longer repayment term may be permitted.

TTG IMAGING SOLUTIONS, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Forfeited Accounts - At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$1,033 and \$1,821, respectively. These forfeited amounts may be used to reduce future Company contributions. For the years ended December 31, 2021 and 2020, forfeitures were used to reduce employer contributions of \$10,304 and \$1,400, respectively.

Plan Administration Costs - Certain costs in administering the Plan are paid by the Company. These costs include the salaries of company personnel who administer the Plan and allocated payroll department costs. Fees for recordkeeping and custodian services are paid by the Plan. Fees for the administration of notes receivable from participants or payment of benefits are charged directly to the participant's account.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions and deductions in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investments - Investments are reported at fair value, except for the fully benefit-responsive guaranteed investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investment contracts are measured at contract value. Contract value is the amount that participants would receive if they were to initiate permitted transactions under terms of the Plan.

Net Appreciation in the Fair Value of Investments - The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consist of the realized gains and losses from sales of investments and the unrealized appreciation on those investments. The net change in unrealized appreciation in the fair value of investments is determined by the change in fair value from the beginning of the year, if held for the entire year, or from the date of purchase to the end of the year.

Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

New Accounting Pronouncements - During 2021 and 2020, various new Accounting Standards Updates (ASUs) were issued by the Financial Accounting Standards Board (FASB). The plan administrator of the Plan has determined, based on their review, that none of the new accounting pronouncements that were issued are applicable to the Plan. As new accounting pronouncements are released, management will assess if they are applicable, and if they are applicable, their effect will be included in the notes to the financial statements.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by \$984,942 and \$913,474 during the years ended December 31, 2021 and 2020, respectively.

The Plan's independent auditors did not perform auditing procedures with respect to cash, investments and notes receivable from participants, which were certified by the Custodian at December 31, 2021 and 2020, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) Topic 820, "Fair Value Measurements and Disclosures", establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

TTG IMAGING SOLUTIONS, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The fair value of mutual funds is based on quoted net asset values of the shares reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The common collective trusts are valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the common collective trust, the issuer reserves the right to require a 30-day notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Plan's investments at fair value, within the fair value hierarchy, are as follows as of December 31, 2021 and 2020:

	<u>Level 1</u>	<u>Total</u>
<u>December 31, 2021</u>

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2021 and 2020:

5. GROUP ANNUITY CONTRACT WITH THE STANDARD INSURANCE COMPANY

The Plan maintains a traditional fully benefit-responsive guaranteed investment contract with The Standard Insurance Company ("The Standard"). The Standard maintains the contributions in a general account. The guaranteed investment contract in 2020 was The Standard Stable Asset A and in 2021 it was transferred to The Standard Stable Asset B in which all terms of the contracts are consistent as described below. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.00%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

TTG IMAGING SOLUTIONS, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by The Standard, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the contract is \$898,442 and \$821,844 at December 31, 2021 and 2020, respectively.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

The Standard may terminate the contract with 30 days advance written notice to the contract owner for a reasonable cause.

The average yields earned by the guaranteed investment contract are as follows:

	<u>2021</u>	<u>2020</u>
Based on actual earnings	1.64%	2.42%

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS

7. TAX STATUS

Although the Plan has not requested determination from the Internal Revenue Service ("IRS") as to the Plan's tax-exempt status, the restated volume submitter plan from which the Plan was drafted has received a favorable determination from the IRS dated March 14, 2014. The Plan has been amended since receiving its determination letter. The plan administrator believes that the Plan is designed to operate in accordance with all applicable provisions of the Internal Revenue Code ("IRC"). Therefore, the plan administrator believes that the Plan is qualified and that the related trust is exempt from taxation under the IRC. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

Effective January 1, 2022, the pre-approved plan from which the Plan was drafted was restated and received a favorable determination letter from the IRS dated June 30, 2020, as further outlined in Note 10.

The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Custodian as defined in the Plan document. Transactions with the Custodian qualify as party-in-interest transactions. Any fees for investment management services are included in net appreciation (depreciation) in fair value of the investments. Direct fees paid by the Plan for the recordkeeping and custodian services were \$54,648 and \$56,014 for the years ended December 31, 2021 and 2020, respectively.

9. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested and nonforfeitable and assets will be allocated to each participant based on his/her respective account balance after payment of all liquidation or termination expenses, pursuant to the directors of the plan administrator.

10. SUBSEQUENT EVENTS

In accordance with ASC Topic 855, "Subsequent Events", the plan administrator evaluated subsequent events through November 11, 2022, which is the date these financial statements were available to be issued. During their evaluation, the following subsequent events were identified:

TTG IMAGING SOLUTIONS, LLC 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Effective January 1, 2022, the Plan adopted the non-standardized pre-approved profit sharing/money purchase/CODA plan to bring the plan into compliance with the legislative and regulatory changes. This Plan received a favorable determination letter from the IRS dated June 30, 2020. The Plan also adopted the Bipartisan Act of 2018 with this amendment. Various plan features were also updated including but not limited to the following:

- The Plan also changed its service eligibility requirements for all contribution types to one month of service.
- The Plan also allows for safe harbor matching contributions with a match of 100% up to 3% of compensation plus 50% of compensation from 3% to 5%.
- Additionally, no escalation of deferral rate will go into effect based on years of service after the automatic enrollment at 3%.

As noted in Note 1, the Plan will be required to adopt certain requirements by the CARES Act, the SECURE Act and the Bipartisan American Miners Act of 2019 at a later date in accordance with applicable law and IRS guidance.

Effective September 1, 2022, the Plan was amended to allow nonresident aliens as an eligible employee to participate in the Plan. Further, the exclusions of employees will not apply with respect to all individuals who became employees due to an acquisition and will be eligible as of the first day of the month after 30 days following the close of acquisition. Further TTG Isotopes, LLC was included in the recognition of service with other employers for eligibility, vesting and contribution allocation purposes.
