Independent Auditor's Report

To the Plan Administrator
Mullinax Ford Employees 401(k) Retirement Plan
Orlando, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mullinax Ford Employees 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution, as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of the Year) as of December 31, 2021 and Schedule H, Line 4a - Schedule of Delinquent Contributions for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Mullinax Ford Employees 401(k) Retirement Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Mullinax Ford Employees 401(k) Retirement Plan (the “Plan”) provides only general information. Reference to the Plan document should be made for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering employees who have attained the age of eighteen and worked over six months for Mullinax Ford of Palm Beach County, LLC, Mullinax Ford of Osceola County, LLC, Mullinax Ford of Mobile, LLC, Mullinax Ford Mercury, Inc., Mullinax Ford of Olympia, LLC, Mullinax Hyundai of Central Florida, LLC and Mullinax Ford of Vero Beach, LLC (collectively referred to as the “Company” or “Plan Sponsor”), as defined in the Plan document.

The eligibility requirements are the same for all contribution types. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The effective date of the original Plan was May 1, 1996.

Contributions

Participants may elect to contribute to the Plan at least 2 percent up to 90 percent of their annual compensation, as defined by the Plan, subject to Internal Revenue Service (IRS) limitations. Additionally, participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who are, or who will have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions.

The Plan contains a provision for the Company to match 30 percent of the participant’s deferrals to a maximum of a 4 percent deferral of eligible compensation. The Company may make additional contributions at the discretion of Company management. No additional discretionary contributions were made during the year ended December 31, 2021.

Participant Accounts

Each participant’s account in the Plan is credited with the participant’s contribution, an allocation of the Company’s contribution and an allocation of the Plan’s earnings and losses thereon. Allocations of Plan earnings and losses are based on participants’ account balances, as defined. The Company’s matching contributions are allocated proportionately to participant elective contributions for all eligible participants throughout the year. Additional discretionary contributions from the Company are allocated as a percentage of compensation of eligible participants for the plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Upon enrollment in the Plan, participants may direct their contributions into any of several investment options. Participants may change their investment options at their discretion.

Mullinax Ford Employees 401(k) Retirement Plan

Notes to Financial Statements

Vesting

All participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of participants' accounts, plus actual earnings thereon, is based on years of service in accordance with the following:

<u>Years of Service</u>	<u>Percentage</u>
Less Than 1	0%
1 But Less Than 2	20%
2 But Less Than 3	40%
3 But Less Than 4	60%
4 But Less Than 5	80%
5 or More	100%

Payment of Benefits

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or defer distribution until the year following the year in which the participant reaches 70 ½ years of age. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA. In-service withdrawals are permitted from pre-tax contributions account balances upon demonstration of financial hardship or for qualified reservist reason.

Forfeited Accounts

In accordance with the plan document, forfeitures of nonvested amounts are used to reduce the contributions of the Company. At December 31, 2021 and 2020, forfeiture nonvested amounts totaled \$118,048 and \$73,953, respectively. Forfeitures are created when participants terminate employment before becoming entitled to their full benefit under the Plan. During the year ended December 31, 2021, forfeitures in the amount of \$44,109 were used to reduce Company contributions.

Notes Receivable from Participants

A participant may borrow from the Plan a minimum of \$1,000 not to exceed the lesser of: (a) \$50,000 or (b) 50% of the participant's vested account balance. Participants can only have no more than one loan outstanding at any point in time. The loans are secured by the vested balance in the participant's account. Loan terms may not exceed five years unless the loan is being used to acquire a principal residence of the borrower, in which case the loan terms cannot exceed ten years. Interest on notes receivable from participants is based on comparable market rates. Principal and interest are paid ratably through payroll deductions.

Administrative Expenses

The Plan agreement allows for all administrative expenses to be paid by either the Company or the Plan. The Company absorbs a significant part of the administrative costs, including professional fees for accounting, auditing and Plan administration. Expenses paid by the Company are excluded from these financial statements. Investment management fees charged to the Plan for investments in the various funds are deducted from income earned and are reflected as a component of net appreciation/depreciation in fair value of investments on the statement of changes in net assets available for benefits.

Mullinax Ford Employees 401(k) Retirement Plan

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 and 2020. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2021 excess contributions to the applicable participants prior to March 15, 2022.

Payment of Benefits

Benefits are recorded when paid.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

4. Information Prepared and Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, dividends and other income, and interest income on notes receivable from

Mullinax Ford Employees 401(k) Retirement Plan

Notes to Financial Statements

participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, a qualified institution.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

5. Fair Value Measurements

Accounting Standards Codification ("ASC"), *Fair Value Measurements and Disclosures* provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Mullinax Ford Employees 401(k) Retirement Plan

Notes to Financial Statements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2021 and 2020.

Description		December 31, 2021		
		Level 1	Level 2	Level 3
Mutual funds	\$ 25,418,455	\$ 25,418,455	\$ -	\$ -

Description		December 31, 2020		
		Level 1	Level 2	Level 3
Mutual funds	\$ 20,898,211	\$ 20,898,211	\$ -	\$ -

6. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2021 and 2020 to Form 5500:

<i>December 31,</i>	2021	2020
Net assets available for benefits per financial statements:	\$ 25,616,821	\$ 21,147,438
Plus: corrective distributions payable	42,899	29,622
Net assets available for benefits per Form 5500	\$ 25,659,720	\$ 21,177,060

The following is a reconciliation of the net increase per the financial statements to the Form 5500 for the year ended December 31, 2021 to Form 5500:

<i>For the year ended December 31,</i>	2021
Net increase per the financial statements	\$ 4,469,383
Plus: current year corrective distributions payable	42,899
Less: prior year corrective distributions payable	(29,622)
Net increase per the Form 5500	\$ 4,482,660

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the financial statements and participant account balances.

Mullinax Ford Employees 401(k) Retirement Plan

Notes to Financial Statements

8. Related Party and Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company and certain others. Fees paid by the Plan for these services are included in the net appreciation in fair value of investments. Notes receivable from participants are also considered party-in-interest transactions. Reliance Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as parties-in-interest transactions. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

During the year ended December 31, 2020, the Company failed to remit to the Plan certain participant contributions totaling \$9,534, within the period described by DOL regulations. Delays in remitting contributions to the Plan were due to administrative errors. The Company has corrected the delinquent contributions during the year ended December 31, 2021. These are considered nonexempt party-in-interest transactions.

9. Tax Status

The Plan adopted its latest prototype non-standardized profit-sharing plan developed by ADP, LLC, which obtained a favorable IRS opinion letter on October 6, 2020, in which the IRS stated that the form of the underlying volume submitter plan was acceptable under provisions of the Internal Revenue Code ("Code") and that any employer adopting this form of the plan will be considered to have a plan qualified under the Code. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Subsequent Events

The Plan has evaluated subsequent events through November 11, 2022, which is the date the financial statements were available to be issued. There have been no subsequent events requiring adjustment to the financial statements or disclosures.

Effective July 1, 2022, the Plan was restated for regulatory compliance purposes and adopted a pre-approved plan document of Automatic Data Processing, LLC, which received an opinion letter from the IRS dated October 6, 2020, stating that the restated pre-approved plan document was in compliance with applicable requirements of the IRC.
