Independent Auditor's Report

To the Plan Administrator
American Tire Distributors, Inc. Retirement Plan
Huntersville, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements

We have performed an audit of the financial statements of the American Tire Distributors, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2020, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements("2020 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2020 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2020, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2020 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report,

- the amounts and disclosures in the accompanying 2020 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and

- the certified investment information in the accompanying 2020 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion on the 2020 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2020 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2020 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2020 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the 2020 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the 2020 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2020 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – 2020 Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2020 and the supplemental schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2020 are presented for purposes of additional analysis and are not a required part of the 2020 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2020 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified

investment information, has been subjected to auditing procedures applied in the audit of the 2020 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2020 financial statements or to the 2020 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Report on the 2019 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of December 31, 2019. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Our audit report, dated October 14, 2020 indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2019 financial statements, and (b) the form and content of the information included in the 2019 financial statements other than that derived from the information certified by the qualified institution were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of Plan

The following description of the American Tire Distributors, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by American Tire Distributors, Inc., and related employers, as follows: California Tire Company; The Speed Merchants, Inc.; ILCO Logistics Corporation; T.O. Haas Tire Co.; T.O. Haas Holding Co.; Target Tire, Inc.; Texas Market Tire; Wholesale Tire Distributors, Inc.; Wholesale Tire Distributors of Idaho, Inc.; Wholesale Tire Distributors of Wyoming, Inc.; Silver State Tire Company, Inc.; and Samaritan Tire. These companies are collectively referred to as "the Employer." The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code ("IRC") which includes a qualified deferred arrangement as described in Section 401(k) of the IRC for the benefit of the employees of the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective June 15, 2020, the Plan changed its record-keeper and trustee from Fidelity Management Trust Company ("Fidelity") to John Hancock Trust Company ("John Hancock"). Total investments of $172,035,109 and total notes receivable from participants of $6,139,466 were transferred effective June 15, 2020. Effective June 15, 2020 the Plan was restated to adopt the new record-keeper's prototype plan document. No material modifications were made to the terms under the Plan.

Eligibility

An employee is eligible for participation in the Plan upon completion of three months of service and attainment of age 18. Employees who are leased or covered under a collective bargaining agreement are excluded from participating. Plan entry occurs on the first day of the month immediately following satisfaction of eligibility requirements.

Contributions

The amount of contributions for any Plan year will be equal to the sum of the following:

a) Participants may contribute up to 100 percent of their eligible compensation in the form of pre-tax or Roth contributions. Participants are automatically enrolled at 4 percent deferral contribution upon attainment of the eligibility requirements, unless the Plan Administrator receives signed written documentation from the participant before this date to do otherwise. Automatic enrollment deferral contributions are increased by 1 percent each year subsequent to enrollment up to 10 percent. As of June 15, 2020, participants are auto increased up to 15 percent.

   Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

b) The Employer may contribute a discretionary matching contribution as a percent of eligible compensation deferred by participants. An employee is eligible to receive discretionary matching contributions upon completion of three months of service. During January through April 2020, the Employer contributed 50 percent of the first 6 percent of eligible compensation contributed by participants. For the remaining portion of 2020, the Employer made no discretionary matching contributions.

c) A profit sharing contribution may also be made at the discretion of the Board of Directors of American Tire Distributors, Inc. Participants must have performed one year of service (defined as 1,000 hours of service during the Plan year) and be employed on the last day of the plan year, except in the event of death, disability or retirement during the year, to be eligible for the profit sharing contribution. No profit sharing contribution was made for 2020.

d) The Plan also allows in Plan Roth rollover conversions.

Contributions are subject to certain regulatory limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer contributions, and an allocation of plan earnings and fees thereon. Allocations are based upon participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Contributions may be invested in several investment options, as directed by the participant. The Plan currently offers a group annuity contract, common/collective trusts, and mutual funds as investment options.

Vesting

Effective January 3, 2017, participants are immediately vested in their contributions, plus all Employer contributions, plus actual earnings thereon.

Different vesting schedules may apply to certain participants as described in the Plan document due to prior plan provisions.

Notes Receivable from Participants

Participants may borrow from a minimum of $1,000 up to a maximum of 50 percent of the participant's vested account balance, not to exceed $50,000. Each participant is permitted to have a maximum of one loan outstanding at any time. The maximum term of repayment for loans, other than those utilized to purchase a primary residence, is five years. The loans are secured by the balance in the participant's vested account and bear interest at prime plus one percent. Principal and interest are paid ratably through payroll deductions. Participant loan interest rates ranged from 4.25 percent to 9.00 percent during 2020.

Payment of Benefits

Participants may receive benefits upon termination of service, retirement (age 59½), death, or disability. A participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or equal annual installments over a period of not more than the participant's assumed life expectancy. For participants who have account balances of less than $1,000 as of the date of termination of service, the Employer may automatically distribute the participant's account with a lump-sum payment. Alternatively, for balances between $1,000 and $5,000, the Employer may automatically rollover the participant's account to a qualified retirement account.

Participants may receive in-service withdrawals in the form of hardship distributions from the participant's deferral contribution account only, subject to a $500 minimum. Participants may also receive in-service withdrawals upon attainment of age 59½ from their vested account balance.

Cares Act

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed into law. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management has evaluated the relief provisions available to Plan participants under the CARES Act and the Plan has adopted the following provisions:

- Special coronavirus distributions up to $100,000
- Extend the period for loan repayments, if applicable, up to one year
- Increase of the available loan amount to the lesser of $100,000 or 100% for the participant's vested account balance

Forfeitures

Forfeited nonvested amounts are first used to pay for plan administrative expenses and then used to reduce Employer contributions. At December 31, 2020 and 2019, forfeited nonvested accounts totaled $7,646 and $28,878, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value with the exception of fully benefit responsive investment contracts. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisor and Fidelity Management Trust Company. See Note 4 for a discussion of fair value measurements.

The Plan's fully benefit responsive investment contract (Note 5) is valued at contract value. Contract value equals the accumulated cash contributions, interest credited to the contract, less disbursements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivables from participants are participant loans measured at the unpaid principal balance plus unpaid accrued interest. The Plan considers a loan as in default if any repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which a loan is initially considered past due. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. During 2020, approximately $405,000 was recorded as deemed distributions.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Administrative Expenses

Administrative fees paid by the Plan consist of audit, investment, loan and other account maintenance fees. Investment management fees are recorded net of appreciation/depreciation in the fair value of investments in the statement of changes in net assets available for benefits. Administrative fees associated with participant-requested services are charged directly to the participant's account. During the year ended December 31, 2020, the Plan received credits from Fidelity Management Trust Company and John Hancock Trust Company, the trustees, of approximately $215,000 which was used to pay administrative expenses. Revenue credits are presented net of expenses in the statement of changes in net assets available for benefits. All other expenses of the Plan are paid by the Employer and excluded from the financial statements.

Payment of Benefits

Benefits are recorded when paid.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2020 excess contributions to the applicable participants in September 2022. Given that the corrective distribution to the participants was not made within 12 months of the Plan's year end, the Employer also made a qualified nonelective contribution (QNEC) in order to remedy the failure under EPCRS totaling $237,822 in September 2022.

New Accounting Pronouncement

The Financial Accounting Standard Board ("FASB") issued Accounting Standard Update ("ASU") No. 2018-13, *Fair Value Measurements Topic (820), Disclosure Framework- Changes to the Disclosure Requirements for Fair Value Measurements*, in August 2018. ASU No. 2018-13 eliminates certain disclosures including the disclosure related to transfers between level 1 and 2 investments, the valuation policies for level 3 measurements, and for nonpublic entities, the change in the level 3 investment unrealized gains and losses included in earnings. ASU No. 2018-13 also amends certain disclosures including disclosing purchases, sales, and transfers for level 3 investments instead of the level 3 roll forward. ASU No. 2018-13 is effective for periods beginning after December 15, 2019. Early adoption is permitted. The Plan adopted ASU No. 2081-13 as of January 1, 2020. As a result, the disclosure on the policy for timing of transfers between levels and the amounts and reasons for transfer between level 1 and level 2 of the fair value hierarchy were removed.

3. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Trust Company, a qualified institution, as of December 31, 2020 and for the period of June 15, 2020 to December 31, 2020, and by Fidelity Management Trust Company, a qualified institution, as of December 31, 2019 and for the period of January 1, 2020 to June 14, 2020, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2020 and 2019;
- Investment income, net and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2020; and
- Investment information included in the supplemental schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2020, as shown on the ERISA-required supplemental schedule.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and ERISA- required supplemental schedule.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

There have been no changes in the valuation methodologies used at December 31, 2020 and 2019. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds: Mutual funds represent investments with various investment managers. The mutual funds are valued at the daily closing net asset value as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trusts: Common/collective trusts ("CCTs") represent investments with various investment managers. Units held in CCTs are valued at the net asset value ("NAV"). The NAV, as provided by the trustee, is used as a practical expedient to estimated fair value. The NAV is based on the fair value of the underlying investments held by the fund, that are traded in an active market, less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The CCTs are direct filing entities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents the unfunded commitments, redemption frequencies, and redemption notice periods as of December 31, 2020 and 2019 for those assets, summarized by category, whose fair value is estimated using the NAV per share or its equivalent:

	Fair Value at December 31, 2020	Fair Value at December 31, 2019	Unfunded Commitment	Redemption Frequency	Notice Period	Other Restrictions
Equity	$ 16,765,761	$ 15,802,455	$ -	Daily	None	None
Fixed income	2,162,715	1,631,102	-	Daily	None	None
Total	**$ 18,928,476**	$ 17,433,557	$ -			

The following tables set forth by level within the fair value hierarchy the Plan's investment assets measured at fair value:

	Assets at Fair Value at December 31, 2020				
	Measured at Net Asset Value	*Level 1*	*Level 2*	*Level 3*	*Total*

Total	$ 17,433,557	$ 177,959,784	$ -	$ -	$ 195,393,341

5. Group Annuity Contract

In October 2012, the Plan entered into a group annuity contract ("GAC") with New York Life Insurance Company ("NYLIC"). NYLIC guarantees the principal and accumulated interest on the GAC, which is supported by the assets in a pooled separate account, specifically NYLIC's Pooled Separate Account No. 25. The GAC is designed to be a stable value investment contract that trades at a static net asset value of $1. The GAC accrues interest daily based on interest rates that are determined quarterly. The GAC is reported at contract value. Participants may trade daily at contract value. Contract value equals contributions and credited interest less withdrawals from the GAC. Participants are subject to a 90 day limitation on transfers to competing funds. The Plan may be subject to a 12 month advance notice and market value adjustment in the case of termination of the contract. As of December 31, 2020, there are no intentions to terminate the GAC. The GAC is considered fully benefit responsive as defined by ASC 962, *Plan Accounting- Defined Contribution Pension Plans*. During 2020, the net crediting interest of the GAC was 1.88 percent after expense charge of .45 percent.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

7. Tax Status

The Internal Revenue Service ("IRS") has determined and informed Fidelity in an opinion letter dated March 14, 2014 that the Plan prototype and related trust are designed in accordance with applicable section of the IRC. Effective June 15, 2020, the Plan adopted a prototype plan document of John Hancock. The IRS has determined and informed John Hancock in an opinion letter dated June 30, 2020, that the pre-approved plan prototype and related trust are designed in accordance with applicable sections of the IRC. The Plan administrator believes the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and accordingly was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related Party and Party-In-Interest Transactions

Certain plan investments consist of shares of mutual funds managed by Fidelity Management Trust Company, the trustee. Administrative fees are paid by the Plan to Fidelity Management Trust Company. Fees paid by the Plan for the investment management are included in net appreciation/depreciation in fair value of the investments. The Plan also paid for audit fees and investment advisory fees during 2020. These transactions qualify as exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions.

During 2020, Plan management identified certain instances of delinquent participant contributions totaling $5,574. The Plan is in the process of correcting these nonexempt party-in-interest transactions.

9. Risks and Uncertainties

The Plan invests in various investments including mutual funds, common/collective trusts and a group annuity contract. Investments, in general, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. As of December 31, 2020 and 2019, no one investment comprised more than 10 percent of net assets available for benefits.

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus originating in Wuhan, China (the "COVID-19 outbreak") and the risks to international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-10 outbreak as a pandemic, based on the rapid increase in exposure globally.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. This pandemic has adversely affected global economic activity and contributed to volatility in financial markets. Because the values of the Plan's individual investments have and will fluctuate in response to changing market conditions, the amount of losses that will be recognized in subsequent periods, if any, and related impact on the plan's liquidity cannot be determined at this time.

10. Subsequent Events

The Plan has evaluated subsequent events from the date of the statement of net assets available for benefits through November 17, 2022, the date the financial statements were available to be issued. During this period, no material subsequent events were identified, except for:

As of January 1, 2021, the discretionary Employer match was reinstated at 50 percent of the first 6 percent of participants' eligible compensation.
