INDEPENDENT AUDITOR'S REPORT

To the Employee Benefits Oversight Committee
O'Connor Hospital Defined Contribution Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We were engaged to perform an audit of the financial statements of the O'Connor Hospital Defined Contribution Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2021, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the 2021 Financial Statements

We do not express an opinion on the accompanying 2021 financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the 2021 Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

(Continued)

Basis for Disclaimer of Opinion on the 2021 Financial Statements, Continued

Further, as described in note 2(a) to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion on the 2021 Financial Statements section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules.

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

The Plan has excluded from the 2020 financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded from the 2020 financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the 2020 financial statements.

In our report dated October 15, 2021, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements.

O'CONNOR HOSPITAL DEFINED CONTRIBUTION PLAN

Notes to Financial Statements

December 31, 2021 and 2020

(1) Description of Plan

The following description of the O'Connor Hospital Defined Contribution Plan (Plan) provides only general information. Participants should refer to the Plan document for more complete information.

(a) General

The Plan is an employer-sponsored defined contribution plan established under Internal Revenue Code (IRC) Section 403(b) designed to provide retirement benefits to eligible employees of O'Connor Hospital (Hospital). The Plan was established in 1998 and is administered by the Employee Benefits Oversight Committee of the Hospital, which consists of certain officers and employees of the Hospital, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Eligibility

All eligible employees of the Hospital are able to make elective deferrals (amounts deducted directly from their salary and contributed to the Plan) beginning on their date of hire. Eligibility to receive Hospital nonelective contributions under the Plan are allowed on the first day of the month after completing two years of service.

(c) Contributions

Contributions to the Plan consist of employer contributions and participant pre-tax contributions, which are subject to certain statutory limits. The IRC limits pre-tax contributions. The limit for participants under age 50 was \$19,500 during 2021 and 2020. Participants age 50 or older may make additional deferrals, subject to a limit of \$6,500 during 2021 and 2020.

Employer contributions to the Plan are based on employees' years of service with the Hospital and are determined as follows:

<u>Years of service</u>	<u>Employer contribution as a percentage of employee compensation</u>
2 - 5 years	4% of compensation
6 - 10 years	5% of compensation
11 - 15 years	6% of compensation
16 years+	7% of compensation

O'CONNOR HOSPITAL DEFINED CONTRIBUTION PLAN

Notes to Financial Statements

(1) Description of Plan, Continued

(c) Contributions, Continued

Total aggregate employee and employer contributions to the Plan are limited to \$58,000 and \$57,000 during 2021 and 2020, respectively, or 100% of compensation, as defined in the Plan document.

(d) Participant Accounts

Contributions made by the participants and the employer are reported to the Plan's record keeper and are allocated to the respective participant's account. Each participant's account is credited with the participant's contributions, the employer's contribution, and the monthly allocation of investment earnings. Investment earnings allocations are based on participant account balances.

Participants select the investments in which their contributions will be allocated by the Plan's record keeper. If a participant does not direct the contributions, they are invested in a target date retirement fund where the allocation strategy is consistent with the participant's anticipated date of retirement.

(e) Vesting

Participants are vested immediately in employee and employer contributions, and actual earnings on the contributions.

(f) Payment of Benefits and Withdrawals

Upon termination of service (retirement, death or disability), participants may elect to leave their account balance in the Plan or receive a distribution. The following options are available to those electing a distribution: 1) a lump-sum; 2) deferral of the receipt of distribution until age 70; and 3) rollover of a lump-sum distribution into an IRA if done so within 60 days of the distribution.

Participants may not withdraw any of their pretax contributions or any of Hospital's contributions while actively employed or prior to attaining age 59½, except in the event of serious financial hardship and subject to penalties, as defined in the Plan document.

O'CONNOR HOSPITAL DEFINED CONTRIBUTION PLAN

Notes to Financial Statements

(1) Description of Plan, Continued

(g) Notes Receivable from Participants

Participants may borrow against their own accounts. No more than two loans may be outstanding at one time. In no event may a participant's total outstanding loan balance exceed the lesser of one-half of the participant's account balance or \$50,000 (reduced by the highest outstanding loan balance in the previous 12 months).

Participants who borrowed against their accounts repay principal and interest through arrangements coordinated directly with the record keeper. Participants are also allowed to repay principal and interest through payroll deductions. The Hospital remits information regarding withholdings and payments to the Plan's record keeper upon receipt. Interest is charged on loans at an annual rate equivalent to the prime rate as published on the last business day of the month proceeding the month in which the loan application is submitted and approved plus 2%. The rate charged may not exceed the maximum rate allowed by state law. All general loans must be repaid in full by the fifth anniversary date of the loan. Home purchase loans may be repaid over an extended term not to exceed 15 years.

During the repayment period of a loan, the Plan's record keeper reallocates the repayment amounts among the investment funds in the same proportion as current investment allocations.

(h) Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Hospital. Expenses that are paid by the Hospital are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Fees paid by the Plan for the investment management services are netted against investment returns.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting and Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

Prior to January 1, 2009, the Plan was historically viewed as an amalgamation of individual annuity contracts and custodial accounts and the Plan administrator and its service providers did not maintain financial information at a Plan level. Because historical records were not maintained or are not available at a Plan level prior to January 1, 2009, the Plan may have excluded from the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts, and related activity, issued to current and former employees prior to January 1, 2009. In recognition of these record keeping matters, the Department of Labor (DOL) released Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans* (FAB 2009-02), to address situations where a plan's management is not able to obtain historical records. The DOL has indicated that they will not reject Form 5500 where contracts are excluded as long as certain conditions in FAB 2009-02 were met. Further, FAB 2009-02 suggests that plan administrators make good faith efforts to include known contracts. While the Plan administrator has, in good faith, included all known contracts, because of certain incomplete records, there is uncertainty that all contracts in existence prior to January 1, 2009 have been included. However, the Plan administrator believes that excluded annuity contracts or custodial accounts, if any, would meet the conditions of FAB 2009-02. As discussed in note 3, the Plan has received certified statements of completeness and accuracy from the Plan's service providers for years subsequent to 2009, including as of and for the years ended December 31, 2021 and 2020.

(b) Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

O'CONNOR HOSPITAL DEFINED CONTRIBUTION PLAN

Notes to Financial Statements

(2) Summary of Significant Accounting Policies, Continued

(c) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

(e) Payment of Benefits

Benefits are recorded when paid.

(f) Subsequent Events

The Plan has evaluated subsequent events through November 9, 2022, the date the financial statements were available to be issued.

O'CONNOR HOSPITAL DEFINED CONTRIBUTION PLAN

Notes to Financial Statements

(3) Certified Investment Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary schedule, including investments held at December 31, 2021 and 2020, and net appreciation in fair value of investments, and dividends and interest from investments for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Mid Atlantic Trust Company and Teachers Insurance and Annuity Association of America (TIAA) (the custodians of the Plan).

(4) Tax Exempt Status

The Plan has been established using a volume submitter plan designed and maintained by the Plan's third-party administrator. The Internal Revenue Service (IRS) has determined and informed the volume submitter sponsor by a letter dated March 31, 2017, that the volume submitter plan is designed in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2018.

(5) Plan Termination

The Hospital intends to continue the Plan indefinitely; however, the Plan is voluntary on the part of the Hospital, and the Hospital reserves the right to modify or terminate the Plan at any time. In the event of Plan termination, participants will remain 100% vested in their account balances.

(6) Related-Party and Party-in-Interest Transactions

Certain Plan investments are shares or units of investment funds managed by Mid Atlantic Trust Company and TIAA, the custodians, as defined by the Plan. In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts. These transactions qualify as party-in-interest transactions under ERISA.

O'CONNOR HOSPITAL DEFINED CONTRIBUTION PLAN

Notes to Financial Statements

(7) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

(8) Fair Value Measurements, Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: The mutual funds invest principally in equity securities, fixed income instruments, and short-term instruments in accordance with each fund's investment objectives. Mutual funds are registered mutual funds whose fair values are based on quoted prices.

Exchange-traded funds: The exchange-traded funds invest principally in equity securities and fixed income instruments in accordance with each fund's investment objectives. Exchange-traded funds are registered exchange-traded funds whose fair values are based on quoted prices.

CREF Accounts: These are registered investment company accounts that invest principally in equity securities, fixed income instruments and short term investments in accordance with each portfolio's investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources that may employ various pricing methods to value the investments including matrix pricing.

TIAA Real Estate Account: TIAA real estate generally invests in real estate properties and real estate related investments. The account's value is principally derived from the market value of the underlying real estate holdings or other real estate related investments. Underlying real estate holdings are valued principally using external appraisals. Underlying securities are generally priced using values obtained from independent pricing sources.

TIAA Traditional Annuity Non-Fully Benefit-Responsive: The TIAA Traditional Annuity RA is a non-fully benefit-responsive investment contract. Observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. Liquidity restrictions apply to TIAA Traditional Annuity RA contracts that could impact the value realized upon exiting the contract. See note 9 for further discussion regarding the Traditional Annuity RA contracts.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

O'CONNOR HOSPITAL DEFINED CONTRIBUTION PLAN

Notes to Financial Statements

(8) Fair Value Measurements, Continued

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following table sets forth a summary of certain changes in the fair value of the Plan's level 3 assets for the years ended December 31:

		TIAA Traditional Annuity Non-Fully Benefit- Responsive	
		<u>2021</u>	<u>2020</u>
Issuances	\$	(15,570)	(16,289)
Transfers in *		42,519	2,393
Transfers out *		(42,519)	(2,393)

* Transfers in and out are due to participants redirecting their investments.

The valuation technique and significant unobservable inputs related to the Plan's investment in assets categorized as Level 3 in the fair value hierarchy at December 31, 2021 and 2020 include the use of a discounted cash flow model which applies a discount rate based on TIAA-CREF's expected crediting rate. The crediting rate for the non-fully benefit-responsive RA contracts was 3.58% and 3.00% as of December 31, 2021 and 2020, respectively.

(9) TIAA Traditional Annuity

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. Each contract is fully and unconditionally guaranteed by TIAA. The Traditional Annuity is offered through a variety of contract types, including Retirement Annuity (RA). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement.

O'CONNOR HOSPITAL DEFINED CONTRIBUTION PLAN

Notes to Financial Statements

(9) TIAA Traditional Annuity, Continued

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a specified minimum rate of interest, are guaranteed by TIAA-CREF's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA-CREF's Board of Trustees. Additional interest, when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities, and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. For accumulating RA contracts, the crediting interest rate ranged from 3.00% to 3.80% during the year ended December 31, 2021 as compared to a range from 3.00% to 3.50% during the year ended December 31, 2020.

The RA contract does not allow lump-sum cash withdrawals and transfers. All other withdrawals and transfers from RA contracts must be spread over 10 annual installments (five annual installments for withdrawals after termination of employment). Accordingly, the RA contracts are not fully benefit-responsive contracts, and are reported at fair value (see note 8).

November 9, 2022

To the Employee Benefits Oversight Committee
O'Connor Hospital Defined Contribution Plan:

We have audited the financial statements of the O'Connor Hospital Defined Contribution Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2021 and have issued our report thereon dated November 9, 2022. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Mid Atlantic Trust Company and Teachers Insurance and Annuity Association of America, the custodians, which are banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. The Plan has excluded from the financial statements certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. Because of the significance and uncertainty surrounding the excluded annuity contracts and custodial accounts, we are unable to, and have not, expressed an opinion on the financial statements and supplemental schedule as a whole. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated June 9, 2022. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Significant Audit Matters, Continued

Qualitative Aspects of Accounting Practices, Continued

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was management's estimate of the fair value of investments.

We did not perform auditing procedures on the fair value estimate in accordance with the scope of an ERISA Section 103(a)(3)(C) audit more fully described in the first paragraph of this letter.

The financial statement disclosures are neutral, consistent and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

The completion of our audit was delayed because the Plan valuation report and true-up employer contribution calculations from the Plan's recordkeeper were re-issued several times during the audit with the final information not being received until after the Plan's filing deadline.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no corrected or uncorrected misstatements detected as part of the audit.

Significant Audit Matters, Continued

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable finding:

Timely remittance of employee deferrals: During 2021, management identified instances where remitted amounts withheld from employees' paychecks to the Plan were not in accordance with the Plan Sponsor's policy and were considered untimely pursuant to Department of Labor regulations and related interpretations. This resulted in lost earnings in individual participants' accounts. Management expects to correct this issue outside of the Department of Labor's Voluntary Fiduciary Correction Program during 2022.

Late submission of Form 5500: For employee benefit plans with a December 31, 2021 year end, the regulatory deadline for filing the Form 5500 was October 17, 2022 (including extension). The Plan did not meet the filing deadline which may result in penalties if enforced by the Internal Revenue Service and Department of Labor.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated November 9, 2022.

Employee Benefits Oversight Committee

Significant Audit Matters, Continued

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Very truly yours,
