INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Prime Technological Services, LLC 401(k) Plan
Suwanee, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Prime Technological Services, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Prime Technological Services, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Principal Life Insurance Company as of December 31, 2021 and for the period from October 19, 2021 to December 31, 2021, and John Hancock Life Insurance Company as of December 31, 2020 and for the period from January 1, 2021 to October 18, 2021, stating that the certified investments information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Prime Technological Services, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Prime Technological Services, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Prime Technological Services, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Prime Technological Services, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held as of year ended December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PRIME TECHNOLOGICAL SERVICES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN

The following description of Prime Technological Services, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan and adoption agreements for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Prime Technological Services, LLC (the “Company”), who have completed three (3) months of service and are 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan allows employees to make elective deferral contributions and provides for employer matching of a percentage of such elective contributions.

Administration

The Company controls and manages the operation and administration of the Plan. John Hancock Life Insurance Company served as the trustee and record keeper of the plan prior to October 19, 2021. Principal Trust Company serves as the trustee and Principal Life Insurance Company is record keeper for the Plan as of October 19, 2021.

Contributions

Each year, participants may contribute up to 100% of compensation, as defined in the Plan, in the form of elective deferrals subject to limitations defined in the Internal Revenue Code.

The Company makes matching contribution's equal to the sum of 100% of the amount of the participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the amount of the participation elective deferrals that exceed 3% of the participant's compensation but do not exceed 50% of the participant's compensation.

The Company may also make discretionary nonelective profit sharing contributions. Such contributions shall be allocated in the same ratio as each participant's compensation bears to the total compensation of all participants for that Plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company's contribution and Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on the account balances or participant earnings, as defined. Forfeited balances of terminated participant's nonvested accounts are used first to pay Plan expenses. Remaining forfeitures are added to Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately 100% vested in their elective deferral contributions, rollover contributions and Company matching contributions. Vesting of Company nonelective contributions are based on the following events:

- On or after the date the participant reaches normal retirement age (65 years).
- On or after the date the participant reaches early retirement age, as defined by the Plan.
- On the date the participant becomes totally disabled, as defined by the Plan.
- On the date of the participant's death.

Before the dates described above, the following schedule determines participant vesting percentage:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	20 %
2	40 %
3	60 %
4	80 %
5	100 %

Investment Options

All Plan investments are participant-directed. Participants can choose among multiple investment funds and can direct investments among the funds in multiples of 1%. The investment alternatives differ in the level of potential investment earnings and risk. Participants may change their investment direction and existing investment mix at any time.

Participants Loans

Participants may borrow from the Plan an amount limited to the lesser of \$50,000 or 50% of their vested account balance. Loan balances are secured by the balance in the Participant's account, and are considered collectible at the time of separation. The minimum loan is \$1,000. A limit of one (1) loan may be outstanding at one time. Loans bear interest at an agreed-upon percentage based on prevailing market rates. The interest rates at December 31, 2021, ranged from 4.25% to 7.50%. Principal and interest are credited to the participant's account as the loan is repaid.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Distribution of Benefits to Participants

Benefits may be paid upon death, disability, termination or retirement to the participant or their beneficiaries, in lump-sum amounts or annuity payments. Upon certain circumstances, hardship withdrawals are allowed from the Plan. Upon termination of employment with the Sponsor, participants are entitled to a distribution of the vested portion of their account. Participants, age fifty-nine and one half (59 ½) or older, may withdraw all or any part of the vested balance at any time without penalty.

Unallocated Assets

As of December 31, 2021, there were no unallocated assets held in separate accounts.

Forfeited Accounts

The nonvested balance in a participant's account is forfeited when the participant ceases to be an employee and receives a distribution of the entire vested portion of their account. The nonvested portion is first used to reduce administrative expenses of the Plan, to offset Company contributions, and any excess is allocated to the remaining participants. As of December 31, 2021 and 2020 forfeited non vested accounts totaled \$0 for both years. Forfeitures applied for the plan year ended December 31, 2021, were \$0.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time, which occurred effective January 1, 2022 with the Plan's merger (Note 7), and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to the affected participants' accounts shall become 100% vested and shall not be subject to forfeiture.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Significant accounting policies of the Plan are as follows:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

PRIME TECHNOLOGICAL SERVICES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments

Investments of the Plan are reported at fair value, except fully benefit-responsive investment contracts (See Note 3), which is reported at contract value and approximates fair value. Fair value is the amount that the Plan could reasonably expect to receive for the investments in a current sale between a willing buyer and a willing seller. Fair value is measured by the market price if there is an active market for the investment (See Note 3).

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes both realized gains and losses on dispositions of investments and unrealized gains and losses reflecting adjustments to fair value.

Estimates

The preparation of financial statements in conformity with the accrual basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Plan invests in various mutual funds comprised of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Operating Expenses

For the year ended December 31, 2021, audit fees, legal fees, and personnel administrative costs in maintaining the Plan were paid by the Plan Sponsor at the discretion of the Administrator. Investment management fees are paid by the Plan Sponsor.

PRIME TECHNOLOGICAL SERVICES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS

The Plan's investments are held by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company as trustee. All information on Plan investment assets and related investment income transactions has been prepared and certified as both complete and accurate by Principal Trust Company and John Hancock Insurance Company as trustee during plan years 2021, 2020, respectively. Investments are reported at fair value (except for fully benefit-responsive investments contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the evaluation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

PRIME TECHNOLOGICAL SERVICES, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2021 and 2020

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts: Valued at the NAV of units held by the Plan at the measurement date as reported by the fund managers. The units are a function of the underlying investments which are traded on an active market. The NAV for each collective investment trust (“CIT”) is based on the value of the underlying assets owned by the funds, minus its liabilities, and then divided by the number of shares outstanding.

Pooled Separate Accounts: Valued at the NAV of shares held by the Plan at year end, which is based upon the quoted market prices of the underlying investments.

Guaranteed Interest Accounts: Valued at fair value, John Hancock publishes the rates on which they pay interest for the specific terms. Although the rates may change from time to time, monthly or annualized rates are available. The fair value is determined by comparing the rates in effect each day to the rates on which the actual interest is determined and adjust the book value based on the difference in those rates. Although there is no secondary market for these accounts to which fair values can be compared with the rates being applied to both new deposits and the calculation of fair value, this constitutes an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the level, within the fair value hierarchy of the Plan’s assets at fair value as of December 31, 2021:

Assets at Fair Value as of December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

NOTE 3 - INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth the level, within the fair value hierarchy of the Plan's assets at fair value as of December 31, 2020:

Assets at Fair Value as of December 31, 2020				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

	<u>\$ 5,109,638</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,109,638</u>

Fully Benefit-Responsive Investment Contracts:

The Plan holds a portfolio of traditional investment contracts through the Principal Fixed Income Guaranteed Option. These contracts are guaranteed general-account backed group annuity contracts that have been issued by Principal Life Insurance Company to Principal Trust Company, as a custodian. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The following represents the disaggregation of contract value between types of investment contracts held by the Plan. These investments have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to amounts presented in the Statements of Net Assets Available for Benefits.

	<u>2021</u>	<u>2020</u>
Traditional investment contracts	\$ <u>178,797</u>	\$ <u>-</u>

Traditional investment contracts held by the Plan are guaranteed investment contracts. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting is after the deduction of 0% for fees for administrative and recordkeeping services provided to the Plan. The credit rating as of December 31, 2021 was 1.10% and 1.65%, respectively.

December 31, 2021 and 2020

NOTE 4 - PARTIES-IN-INTEREST

The Plan invests in pooled separate accounts, collective investment trusts and guaranteed investment accounts managed by John Hancock and its affiliates prior to October 19, 2021 and Principal after October 19, 2021. Both John Hancock and Principal act as trustees for the respective investments as defined by the Plan. Transactions in such investments qualify as parties-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.

NOTE 5 - TAX STATUS

The Plan obtained its latest determination letter on November 30, 2020, in which Internal Revenue Service (IRS) made a favorable determination of the Plan and stated that the Plan, as then designed, is in compliance with the applicable requirements of the *Internal Revenue Code*. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The plan administrator believes it is no longer subject to income tax examination for years prior to 2018.
