INDEPENDENT AUDITOR'S REPORT

To the Investment Committee
CyrusOne 401(k) Savings Plan
Dallas, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of CyrusOne 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 CyrusOne 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2021, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- the amounts and disclosures in the 2021 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2021 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of CyrusOne 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CyrusOne 401(k) Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2021 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CyrusOne 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CyrusOne 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - 2021 Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2021, and of assets (held at end of year) as of December 31, 2021 (collectively, "supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of CyrusOne 401(k) Savings Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated September 30, 2021, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF PLAN

The following description of CyrusOne 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan's prototype plan document and related adoption agreement for a comprehensive description of the Plan's provisions.

General

The Plan was established effective May 1, 2001, and is a defined contribution plan covering substantially all employees of Cyrus Networks, LLC d/b/a CyrusOne (the "Company", "Plan Sponsor" or "Employer"). The Plan was amended and restated effective August 1, 2017. The Plan is designed to comply with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and the Internal Revenue Code (IRC). The Plan was adopted to enable eligible employees to defer compensation and share in Employer contributions in order to save and invest those funds for retirement. The Plan is administered by an investment committee and a plan administrator, all appointed by the Company.

Principal Trust Company (the "Trustee") is responsible for asset custody and executing investment transactions. An affiliate of the Trustee maintains participants' accounts.

Effective March 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security Cares (CARES) Act, related to participant loans and distributions. The Company has until December 31, 2025 to amend the Plan for changes allowed by the CARES Act. The Plan has not been formally amended to adopt these provisions as of December 31, 2021.

Eligibility

All employees of the Company who have completed thirty consecutive days of service and attained the age of 18 are eligible to participate in the Plan. Eligible employees are automatically enrolled in the Plan, at a 3% deferral rate, unless they make an alternative salary deferral election. Automatic deferrals commence on the first day of the month on or after the participant obtains eligibility.

Contributions

Participants may contribute up to 75% of their annual compensation as defined in the Plan, but are limited to the maximum dollar amount allowable under the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to IRC limits. Participants may also contribute rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make a matching contribution equal to a percentage of the participants' salary deferrals as determined by the Company. The Company matched 100% of the first 3% and 50% of the next 2% of participants' deferred compensation for the 2021 Plan year.

1. DESCRIPTION OF PLAN (continued)

Participant accounts

Each participant's account is credited with the participant's contributions and any Company matching contributions. Investment earnings or losses applied to or deducted from a participant's account are based on the units held by the participant in the applicable fund(s) or another method as prescribed by the plan document. Participants may direct their account balances into any of the investment options offered by the Plan.

Vesting

All participant and Employer contributions and earnings thereon are immediately vested.

Notes receivable from participants

Notes receivable from participants may be made to participants at their request subject to certain statutory and Plan limitations on principal and repayment provisions. Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the prevailing market which is currently determined by Plan management to be the prime rate plus 1%. Participant loans must be repaid within five years unless the loan is used for the purchase of a principal residence, in which case the repayment period may be extended up to a maximum of fifteen years. The interest rate on notes receivable from participants range from 4.25% to 6.50%.

Payment of benefits

The benefit to which a participant is entitled is the benefit that can be provided from the participant's account balance. Upon death, disability, or retirement, a participant is entitled to receive a single lump-sum payment from the Plan. Upon termination of employment, participants with account balances of \$1,000 or less receive a lump sum payment. If the participant's account balance is greater than \$1,000 and less than or equal to \$5,000 and no distribution election is made by the participant, the Plan will automatically roll over the account balance to an individual retirement rollover account for the benefit of the participant. If a participant's account balance exceeds \$5,000, they may elect to receive a lump-sum distribution for all or a portion of the account balance, stay in the Plan, or roll over to another qualified retirement plan.

Upon demonstration of immediate and heavy financial need, as defined in the plan document, hardship withdrawals are allowed only from the participant's salary deferrals contributed to the Plan.

December 31, 2021 and 2020

1. DESCRIPTION OF PLAN (continued)

Administrative expenses

Administrative expenses cover the routine expenses for services of lawyers, accountants, third party administrators, and other advisors. The Plan allows for certain expenses related to the Plan be paid directly by the Employer, but permits certain expenses incurred to administer the Plan to be paid from Plan assets.

Certain fees paid to the Trustee for investment management services are incorporated into the expense ratios of the Plan's individual funds and paid directly from fund earnings, thus impacting Plan earnings.

Investment options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and a guaranteed interest account as investment options for participants.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and present the net assets available for benefits and changes in those net assets.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Accordingly, actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the Plan's financial statements and participants' account balances.

CyrusOne 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment valuation and income recognition

Plan assets are invested in mutual funds and a guaranteed interest account (GIA). Mutual funds are stated at fair value and the GIA is stated at contract value, as certified by the Trustee. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Contributions and receivables

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date.

Employer matching contributions, if any, are recorded in the year they are earned and to coincide with the year which the Employer records the contribution to the general ledger.

The Plan records receivables, if any, for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Contributions representing participant rollovers from other qualified defined benefit or defined contribution plans are recorded when received.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2021.

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative expenses

Administrative expenses by the Plan are recorded when incurred.

Subsequent events

The plan administrator has evaluated subsequent events through October 17, 2022, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

CyrusOne 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

3. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be a qualified institution by the plan administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and 2020;
- Investment income and interest income on notes receivable from participants as shown on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2021;
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2021.

Accordingly, as requested by the plan administrator, the Plan's auditor performed no procedures on the certified information other than to agree the certified information to the related information included in the financial statements and schedule of assets (held at end of year).

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The fair value hierarchy levels of inputs that may be used to measure fair value are as follows:

- *Level 1* - Quoted prices in active markets for identical assets or liabilities.
- *Level 2* - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- *Level 3* - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

CyrusOne 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

4. FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Mutual funds: Valued at the daily closing price as reported on the open market. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's investment in the GIA is carried at contract value (Note 5). Such investments are not disclosed within the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, by type, as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 43,566,813</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 43,566,813</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value, by type, as of December 31, 2020:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
Mutual funds	<u>\$ 36,666,903</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 36,666,903</u>

5. CONTRACT WITH INSURANCE COMPANY

The Plan's investment in the GIA is a fully benefit responsive investment contract issued under an agreement with an affiliate of the Trustee, Principal Mutual Life Insurance Company ("Principal"). Participant contributions into the GIA are held with the general assets of Principal and the Plan is paid an agreed upon interest rate and charged fees within the GIA.

The GIA is valued, as reported by Principal, at contract value. Contract value consists of contributions and interest less distributions and contract expenses.

CyrusOne 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

5. CONTRACT WITH INSURANCE COMPANY (continued)

Certain events might limit the ability of the Plan to transact at contract value with Principal. Such events include the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, early withdrawal from the guaranteed interest account, and premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with Principal and that also would limit the ability of the Plan to transact at contract value with the participants. The crediting interest rate of the GIA for the year ended December 31, 2021 was 1.55%.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. TAX STATUS

The Plan operates under a prototype plan sponsored by Principal. Principal received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2021, which states that the prototype document satisfies the applicable provisions of the IRC and is available for use by employers for their employees. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to a related party under financial accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management did not identify any related parties to the Plan that were not also considered to be parties-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, and an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

Some fees and expenses of the Plan relating to legal, accounting, and other administrative services are paid by the Company. The Plan is not required to repay expenses paid by the Company on its behalf.

The Trustee retains as compensation for services provided to the Plan, any interest (or "float") on amounts earned, while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

CyrusOne 401(k) Savings Plan
Notes to Financial Statements
December 31, 2021 and 2020

8. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS (continued)

Certain fund level fees incurred by the funds in which the Plan invests for such services as investment management and shareholder services are paid through fund level revenue sharing arrangements. These fees reduce fund earnings, thereby impacting Plan revenue applied to participants' accounts.
