INDEPENDENT AUDITORS' REPORT

To the Trustees of
Acute Home Healthcare, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed audits of the accompanying financial statements of Acute Home Healthcare, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of February 4, 2022, and the related statement of changes in net assets available for benefits for the period then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Acute Home Healthcare, Inc. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the period ended February 4, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section—

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Acute Home Healthcare, Inc. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Acute Home Healthcare, Inc. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes

our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Acute Home Healthcare, Inc. Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Acute Home Healthcare, Inc. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Acute Home Healthcare, Inc. Retirement Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution.

Our report dated October 7, 2022, indicated that –

- the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America
- the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Our report also indicated that the form and content of the 2021 supplemental schedules, other than the information in the 2021 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter

As further discussed in Note 1 to the financial statements, in February of 2022, the plan's trustees approved the merger of Acute Home Healthcare, Inc. Retirement Plan into Principal EASE 401(k) Plan. On February 4, 2022, transferal of plan assets totaling \$35,129 was finalized.

1. **DESCRIPTION OF PLAN:** The following description of the Acute Home Healthcare Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan that was established on January 1, 2020 to provide benefits to eligible employees. The Plan covers substantially all employees of Acute Home Healthcare Inc. and any participating affiliates (the Company) except for employees who are either non-resident aliens, leased employees, or whose employment is governed by a collective bargaining agreement to which retirement benefits were the subject of good faith bargaining. To be eligible, an employee must be 21 years of age. The plan administrator is responsible for the oversight of the Plan. The plan trustee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the plan administrator.

Contributions

Each year, participants may contribute up to 100% of pre-tax or after-tax annual compensation, as defined in the plan document. Participants who have obtained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The employer may decide each plan year whether to make a discretionary matching contribution equal to a uniform percentage or dollar amount of the employees' elective deferrals on behalf of active participants. The employer may also decide each plan year whether to make discretionary profit sharing contributions on behalf of active participants. During the period ended February 4, 2022, the Company made no matching or profit sharing contributions to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with their share of the Company's contributions as well as allocations of plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in all of their contributions and earnings thereon. Vesting in the Company's contributions are based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts an amount ranging from a minimum of \$1,000 up to a maximum of the lesser of one-half of the vested account balance or \$50,000. Participants are permitted to have one outstanding loan from the Plan at any time. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Notes to Financial Statements
February 4, 2022 and December 31, 2021

**DESCRIPTION OF PLAN
(continued):**

Payment of Benefits

On termination of service due to death, disability, retirement or any other reason, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. Participants may receive an in-service withdrawal of their vested account balance upon reaching 59½ years of age. Hardship withdrawals are permitted under the Plan.

Plan Merger

In February of 2022, as permitted by the plan document, the Plan's trustees made the decision to merge the Plan with Principal EASE 401(k) Plan. Transfer of assets was finalized on February 4, 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees, and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Expenses

Certain expenses incurred maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through November 10, 2022, the date which the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of observable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled Separate Accounts (PSAs): Certain PSAs offered are held and administered by Voya Retirement Insurance and Annuity Company (Voya). Pooled separate accounts invest directly in designated mutual funds or, in some cases, collective investment trusts. The separate account owns and holds the underlying mutual fund or collective trust shares which are valued daily at their net asset values (NAV). Plans and participants hold "units of participation" in the separate account. The "accumulation unit value" (AUV) is the value of each unit in the separate account and the separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts (typically, the beginning AUV is \$10.00) and is then determined daily based on the net asset value of the shares of the underlying fund, the fund's dividends and Contract's separate account charges.

ACUTE HOME HEALTHCARE, INC. RETIREMENT PLAN

Notes to Financial Statements
February 4, 2022 and December 31, 2021

FAIR VALUE MEASUREMENTS (continued):

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

<u>Assets at Fair Value as of December 31, 2021</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Pooled separate accounts	\$ -	\$ 35,291	\$ 35,291
Investments, at fair value	\$ -	\$ 35,291	\$ 35,291

Transfers Between Levels: For the period ended February 4, 2022, and for the year ended December 31, 2021, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT:

The Plan holds a guaranteed investment contract (Fixed Account) with Voya Retirement Insurance and Annuity Company (Voya) that meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The Fixed Account is credited with declared rates of interest and are subject to a minimum interest rate described in the Contract. The credit rate is communicated to the Plan and credited daily. Amounts allocated to the Fixed Account are held in the Voya's general account, which supports insurance and annuity obligations. Voya's general account is managed on an aggregate basis and supports their financial commitments. No portion or ownership of assets of the general account is attributable to a particular plan.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Amendments to the Plan documents, including complete or partial Plan termination or merger with another Plan
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

ACUTE HOME HEALTHCARE, INC. RETIREMENT PLAN

Notes to Financial Statements
February 4, 2022 and December 31, 2021

**FULLY BENEFIT-
RESPONSIVE
INVESTMENT
CONTRACT
(continued):**

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

**5. RELATED PARTY
TRANSACTIONS
AND PARTY IN
INTEREST
TRANSACTIONS:**

Certain plan investments are managed by Voya Retirement Insurance and Annuity Company (Voya). Voya is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, the third-party administrator fees are also party-in-interest transactions. These party in interest transactions are deemed "exempt" from Prohibited Transaction Rules as defined by Department of Labor regulations.

**6. INFORMATION
CERTIFIED BY
THE PLAN'S
TRUSTEE:**

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Voya Retirement Insurance and Annuity Company, except for comparing such information certified by the trustee with information included in the Plan's financial statements:

As of	February 4, 2022	December 31, 2021
Investments, at fair value	\$ -	\$ 35,291
Investments, at contract value	-	230
For the Period Ended February 4,	2022	
Net depreciation in the fair value of investments		\$ 2,073

7. TAX STATUS:

The Plan is structured and follows a volume submitter plan, which has received an advisory letter from the Internal Revenue Service dated June 30, 2020 indicating that the plan document was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and, therefore, believe that the Plan is qualified and related trust is tax exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the relevant taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

ACUTE HOME HEALTHCARE, INC. RETIREMENT PLAN

Notes to Financial Statements
February 4, 2022 and December 31, 2021

**8. RISKS AND
UNCERTAINTIES:**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
